

TOO FAST FOR THE TOLEDOES

Although the Visitors Were Easily Defeated the Game Was One of Interest.

Whitney Pitches in Good Form and the Hoosiers Keep Up a Record So Well Begun—American Association Games.

Manager Charles Morton has organized a good ball club to represent Toledo in the International Association, and with an average share of luck it ought to be well up among the leaders at the close of the season.

The Hoosiers were blanked in the first inning, the side being retired in quick order, but the visitors managed to put two men around the bases.

The fourth and fifth yielded blanks for both sides, but the Hoosiers found the ball again in the sixth, and by timely hitting added three runs to their score.

THE SCHOOL TEXT-BOOK LAW

It is Analyzed by the Board That is to Carry Its Provisions Into Effect.

Several Clauses Sentences Discovers, but the Opinion Prevailed That Experience, After All, Would Be the Best Test Applicable.

The State Board of Education met at the Capitol yesterday afternoon, all the members being present except President Smart, of Purdue, and Superintendent Layne, of Evansville, who telegraphed that they would be in on later trains.

Before considering further the school-book law, Superintendent Jones, of this city, called attention to the case of Orlando E. Arbuckle, a former school superintendent of the county, and later superintendent of schools at Acton, who had pleaded guilty to the crime of counterfeiting at a recent session of the United States District Court.

The school-book law, which was printed in full in the Journal of March 1, was then taken up and read section by section. With reference to the case of Arbuckle, it was stated that Auditor Carr's estimate of the cost of printing a half-column advertisement in the Journal for one year, and as Arbuckle contemplated by the bill would be about \$250, each, or \$1,750 for the whole, and as this was more than the sum set apart for advertising purposes, some curbing of space would be necessary.

In considering the books contemplated by the bill a good many obscurities were noted. For instance, with reference to arithmetic, the book by H. B. Swain, published by the American Book Co., was mentioned.

A PRESIDENTIAL INAUGURATION.

The Recent Ceremonies at the Capitol Repeated at New Bethel Baptist Church.

President Harrison, by representation, had the honor of being reinaugurated last night at the New Bethel Baptist Church, on Beeson street, by the colored brethren and sisters in some of the most interesting and successful ceremonies of the kind ever witnessed in this city.

A few minutes after 10 o'clock, the inaugural march was begun, Chief Justice Fuller, representing the United States, in the lead. He was followed by the members of the State Normal School, a good many of the publishers had done that already.

There was a good deal of talk about the pseudo Chief Justice Fuller, in a few words that he had the honor of introducing to his vast audience the twenty-third President of the United States, a man who really needed no introduction because his name was universally known in the services he has rendered his country.

A TALK WITH MISS ANTHONY.

She Tells About the Progress Women Are Making in Securing the Right of Suffrage.

Miss Susan B. Anthony is in the city, a guest of Mrs. May Wright Sewall. Miss Anthony has just returned from Kansas, and her conversation with the reporter yesterday was, of course, upon the theme of woman suffrage.

An Insurance Company's Report.

At the thirty-fifth annual meeting of the German Mutual Insurance Association of Indiana, last night, the president's report showed cash assets, \$124,608.07.

Warner's Cabin Log Cabin. The Best. Largest Bottle. THE STORY OF A YEAR.

PHOTOGRAPH FROM LIFE TAKEN ONE YEAR AGO.

PHOTOGRAPH FROM LIFE AS SHE NOW APPEARS.

Look on this picture and then on that. The above faces are exact reproductions of photographs taken from life of Mrs. Morton D. Harlan, who resides at No. 55 West 23rd Street, New York City.

Nothing is so pathetic as that decree which condemns a man to a hostile attitude toward a really without a shadow of personal injury to avenge or personal pride to maintain.

There's one thing about this German mission that forces itself upon the attention. The Senate has adjourned, but Mr. Halstead hasn't. He is still in session.

How do you know that you will be able to get a choice quarter section in Oklahoma? asked the tenderfoot of the boomer.

Stranger, replied the latter, "I've been out for a mark half the day, but if you don't think that I'm going to get a nice farm you can go over and look at that mark for yourself."

An Indiana man espied a fox and gave chase on foot. At the end of a half-mile he caught the fox by the tail, and then, where the man belongs, and then you will not doubt the story.

There are just about enough strikes on now to make the year's average look sad. If the families of the strikers could be polled, they would probably vote the other way.

For eight years I was afflicted with constipation, which at last became so bad that the doctors could do no more for me. Then I began to take Ayer's Pills, and soon the bowels recovered their natural and regular action, so that now I am in

health.—Mrs. C. E. Clark, Tewksbury, Massachusetts.
