"Like Magic,"

The effect produced by Ayer's Cherry Pectoral. Colds, Coughs, Croup, and Sore Throat are, in most cases, immediately relieved by the use of this wonderful remedy.

It strengthens the vocal organs, allays irritation, and prevents the inroads of Consumption; in every stage of that dread disease, Ayer's Cherry Pectoral relieves coughing and induces refreshing rest.

"I have used Ayer's Cherry Pectoral in my family for thirty years and have always found it the best remedy for croup, to which complaint my children have been subject."—Capt. U. Carley, Brooklyn, N. Y.

"From an experience of over thirty years in the sale of proprietary medicines, I feel justified in recommending Ayer's Cherry Pectoral. One of the best recommendations of the Pectoral is the enduring quality of its popularity, it being more salable now than it was twenty-five years ago, when its great success was considered marvelous."

"My little sister, four years of age, was so ill from a bronchitis that we had almost given up hope of her recovery. Our family physician, a skillful man and of large experience, pronounced it useless to give her any more medicine. It was then that I had done all it was possible to do, and we must prepare for the worst. As a last resort, we determined to try Ayer's Cherry Pectoral, and, to our great joy, with the most happy results. After taking a few doses she seemed to breathe easier, and, within a week, was out of danger. We continued giving the Pectoral until satisfied she was entirely well. This has given me unbounded faith in the preparation, and I recommend it confidently to my customers."—C. O. Lepper, Druggist, Fort Wayne, Ind.
