CHRISTMAS TALK

It would be a tremendous feat of writing to attempt a description of our HOLIDAY GOODS, which would do justice to the stock. Every day the crowd increases in size, and every day new goods are added to all the departments to fill the gaps made by the rush of trade. The little ones come in with mamma or papa, and spend happy moments in and around the Toy Department in the basement. Here are groups of all the devices which cunning brains can invent for the children. Mechanical Toys, the movements of which send the children into raptures of joy, and even bring smiles to older faces, queer dolls, jumping-jacks, performing bears, and the hundreds of other automata. The children know nothing of prices, their sole desire is to possess the wonderful designs. You, on the contrary, are planning to spend a certain sum for Christmas presents, and are counting the dollars carefully. For your benefit, therefore, we have taken the utmost pains to select the VERY BEST VALUES and mark them at the VERY LOWEST FIGURES. We cordially invite you all to come and look; that look will prove that our goods are without an equal in the State. To those in other cities and towns we would say, take advantage of the low rates offered by the railroads, and visit the store. It is the largest, finest and best-stocked store in Indiana. We give you a small list of some of our HOLIDAY GOODS:

 Dressed Dolls are much the same make of dolls as those quoted above, save that their garments range from calico to the finest silk, and the prices run from 23 cents for a bisque head, jointed doll, with dress, to \$13.50 for a wonderful creation of the French artificer, with bisque face, jointed body and soft, natural hair.
