

THE INDIANAPOLIS NATIONAL BANK

Designated United States Depository. Cash on Demand, 3% per annum. Savings Bank, 4% per annum. Loans, 6% per annum.

CONDITION OF THE MARKETS

Excessive Dullness in Wheat Brings About a Decline of a Cent Per Bushel.

Corn Values Go Tumbling Downward Under a General Anxiety to Sell—Oats Weak in sympathy—Hog Products Also Lower.

MONEY, STOCKS AND BONDS.

Another Good Bank Statement and its Effect on the Market—Money Growing Plentiful. NEW YORK, Dec. 27.—Money on call was easy, ranging from 5 to 5 1/2 per cent, the last loan being made at 4 per cent, closing offered at 4 per cent.

Prime mercantile paper, 7 1/2 per cent. Sterling exchange quiet and steady at \$4.79 for sixty-day bills and \$4.83 for demand. The total sales of stocks to-day were 60,388 shares, including the following: Atchison, 5,585; Delaware, Lackawanna & Western, 4,816; Lake Shore, 3,483; Louisville & Nashville, 3,200; Northern Pacific, 1,800; St. Paul, 7,338; Union Pacific, 5,600.

The situation, both in Wall street and in the mercantile community, is improving. In Wall street the crisis has long been passed and affairs have settled down to an every-day condition. To-day another excellent bank statement with an increase of over \$3,000,000 in the surplus reserve shows that money is again accumulating in New York, and, after the January disbursements have been made, money is likely to loan at very low rates. The statement also showed a large gain in gold, which is a very encouraging sign. The market, of course, still retained its holiday character, but there was a more marked disposition by the "short" sellers of the earlier portion of the week to discount a good bank statement by covering their "shorts," which itself gave the market a strong tone which lasted from the opening to the close.

The final sales were small fractional gains over last evening's figures, and while the narrowness and dullness were more pronounced, the active stocks, including St. Paul, Atchison, Union Pacific, Lake Shore, Lackawanna and Sugar, all showed considerable strength, and, with the exception of small fractions, Sugar was bought for the "long" account on rumors of some good news to be made public in the near future, and it secured a handsome gain. Union Pacific was the most singular and failed to make any material advance. The dividend on the preferred stock of this company is now toward the close, and that stock also secured a material improvement. The rest of the list, however, were almost entirely devoid of feature, and the market finally closed dull but firm at about the best prices of the day. The final changes are all in the direction of higher figures. Sugar shows a gain of 3/8 and a cent in the coal price.

Railroad bonds were comparatively active, the sales of all issues reaching \$331,000 for the two hours, and out of that amount the Atchison income bonds were sold for \$100,000. The dealings were strong, however, and most of the final changes are advances.

Government bonds were dull and steady. State bonds were entirely neglected. Closing quotations were:

Table with columns: Bond Name, Price, Change. Includes Four per cent, 121 1/2; Lake Shore, 108 1/2; Four per cent, 122 1/2; Louisville & Nashville, 107 1/2; Four and six per cent, 103 1/2; Adams Express, 103 1/2; N. J. Central, 99 1/2; American Express, 103 1/2; Northwestern, 103 1/2; Union Pacific, 103 1/2; St. Paul, 103 1/2; Union Pacific, 103 1/2; Lake Erie & West, 128; Western Union, 74 1/2; U. S. & W. pref., 50 1/2.

The weekly bank statement shows the following changes:

Table with columns: Category, Amount, Change. Includes Reserve, \$3,226,275; Loans, \$1,056,200; Deposits, \$3,333,600; Total, \$7,616,075.

The banks now in excess of the requirements of the 25 per cent rule.

NEW YORK, Dec. 27.—Bar silver, \$1.02 per ounce.

LONDON, Dec. 27.—Bar silver, 47 1/2 pence.

Business of the Clearing-Houses.

Includes Boston, \$485,524,337; Philadelphia, \$56,130,637; St. Louis, \$17,908,533; Cincinnati, \$13,066,867; New Orleans, \$13,066,867; Kansas City, \$7,479,950; Milwaukee, \$7,118,808; Buffalo, \$6,474,326; Galveston, \$6,474,326; Minneapolis, \$6,474,326; Providence, \$4,925,783; Cleveland, \$4,925,783; St. Paul, \$4,925,783; Columbus, \$4,925,783; Memphis, \$4,925,783; Richmond, \$4,925,783; Dallas, \$4,925,783; Omaha, \$4,925,783; Portland, \$4,925,783; Fort Worth, \$4,925,783; Washington, \$4,925,783; Hartford, \$4,925,783; Peoria, \$4,925,783; Portland, Me., \$4,925,783; Norfolk, \$4,925,783; Tacoma, \$4,925,783; Sioux City, \$4,925,783; Seattle, \$4,925,783; Birmingham, \$4,925,783; Grand Rapids, \$4,925,783; Los Angeles, \$4,925,783; Chattanooga, \$4,925,783; Des Moines, \$4,925,783; New Bedford, \$4,925,783; Topeka, \$4,925,783; Lexington, \$4,925,783; Montreal, \$4,925,783; Salt Lake, \$4,925,783.

Total, \$826,590,273. Decrease, 11.9. Outside New York, \$73,963,336. Increase, 1.2. Not included in totals.

TRADING AT CHICAGO.

Intense Dullness at the Opening Produces Declines All Around. CHICAGO, Dec. 27.—The wheat market opened about 1/2 higher than it closed yesterday. The first general trading price was 97 1/2c. There were two or three trades at 97 1/2c, but the great majority of the crowd were vainly endeavoring to sell at the time. There was a gradual, inanimate and dragging decline until the price struck 97 1/2c, and this point being reached, business ceased almost entirely for a couple of hours.

About 12 o'clock the intensified dullness of the proceedings was relieved for a short time by a slight increase of selling pressure, during which the price fell to 96 1/2c in a few minutes. There was nothing in the day's budget of news to encourage buying, but the inertia of business was such that selling, although invited by such items as were made public, was for the greater part of the session, held in check by the ab-

sence of orders from the outside. The movement on Minneapolis continues fairly liberal. This is largely due to the fact that railroad freights will advance on the first of January, and country elevator stocks are being pushed forward to Minneapolis in anticipation of that advance in freights. Millers outside of Minneapolis are bare of stocks. A very large line of flour has been sold for shipment to the United Kingdom during the next sixty days at full prices. So far as the situation abroad is concerned, a good export market for European account is expected in January, February and March, based on the statistical position of the trade there and the fact that a local milling demand will manifest itself for our domestic trade, south, southeast and east of us. The only piece of European intelligence that is of any value for European account is a report of Spain having increased the duty on flour from 18c to 25c. The downward impetus imparted to the market is completely nullified by its previous somewhat condition and there was a moderate degree of activity, while prices retreated before the onslaught of the petroleum until May was quoted at 96 1/2c, or about 1/2 per bushel below yesterday's closing price. There was only a slight recovery in the close, followed by a continuation of the previous weakness, and the market closed limp and weary at 96 1/2c for May and 91 1/2c for July. July was maintained at 91 1/2c, followed by a recovery of 1/2c on account of 4 1/2c under May. The corn market was moderately steady but fearfully and wonderfully dull until wheat began its rallying after which no other use for corn but as an article to be disposed of on the shortest possible notice and without any particular regard to the price was noticeable. The opening price for May was about 1/4c improvement on the prices at the close of the preceding session. The fluctuations were confined between 5 1/2c and 5 1/4c during the forenoon, but when the break started the price quickly settled until finally touched 50 1/2c. The closing price, 50 1/2c, shows a decline since Friday of about 1/2c per bushel. Oats were quiet and steady around 43 1/2c for May, until the last half hour, when Fairbridge raided the market, causing a decline to 42 1/2c. The trading was light and all on local account. The provision market started lower, apparently because there were rather more hogs than were looked for and they were bringing lower prices at the yards. There was a steady feeling during the early hours of the session, but later decided weakness was the rule and prices made an excellent descent, from which there was no subsequent recovery, weakness being the prevailing feature of the close. The pork market was a little better, but not so good as the sellers of rib. Closing prices were considerably than on Friday for all descriptions of products. Pork declined 3/8c to 12 1/2c, fat 1/2c to 10c and ribs 1/2c to 12c.

MINNEAPOLIS, Dec. 27.—The demand for good milling wheat on spot was good, and nearly all was picked up early at about 57c for Northern and 56c for Eastern. Grain did not sell well, but there was only a limited amount of such wheat, so that the tables were quite well cleaned off at the close of the day. The market was very active and was pretty well satisfied; but it is possible that with larger offerings and more activity the demand would have been largely satisfied. Receipts, 110 cars. Closing quotations: No. 1 hard, December and January, 87 1/2c; May, 86 1/2c; track, 85 1/2c; No. 2 hard, December and January, 85 1/2c; May, 84 1/2c; track, 83 1/2c; No. 2 Northern, December and January, 82c; track, 80c.

PHILADELPHIA, Dec. 27.—Wheat quiet and in buyers' favor. Flour quiet and closed largely nominal. Wheat—Western depot, \$1.04; No. 2 red, December, 98 1/2c; January, 98 1/2c; February, 97 1/2c; March, 97 1/2c; No. 2 yellow, December, 97 1/2c; January, 97 1/2c; February, 96 1/2c; March, 96 1/2c; No. 2 white, December, 96 1/2c; January, 96 1/2c; February, 95 1/2c; March, 95 1/2c; No. 2 high-mixed, in grain depot, 95c; No. 2 mixed, December, 95 1/2c; January, 95 1/2c; February, 94 1/2c; March, 94 1/2c; No. 2 white, December, 94 1/2c;
