LONDON, April 7.—A most affecting scene took place to-day in the Queen's Bench division, in the retirement of Judge Stephens, who was occupied by the fact, as announced yesterday, that the Hon. James Fitzjames Stephens, the justice of the Queen's Bench whose health is said to have become seriously impaired as a result of the worry and annoyance he was compelled to endure during and after the trial of the celebrated Maybrick poisoning case, had determined, by the advice of his friends, to definitely retire from the bench to-day.

Intended to Shoot his Sovereign While He Was Reviewing His Troops—Death of Col. Di Quarnaga—Parnell's Marriage.

PLOT AGAINST THE CZAR. Arrest of a Nihilist Who Was Prepared to Shoot Russia's Ruler.

LONDON, April 8.—The Telegraph's correspondent at St. Petersburg says: "An attempt was made on the Czar's life on Monday, but the attempt was cleverly frustrated. It was a Russian holiday and according to custom the Czar and Czarina went to review the imperial guards at their quarters opposite the palace of the Grand Duke Nicholas. Invitations to the ceremony had been sent to an extremely select and limited number of persons. A man with a sallow complexion and of a southern type was among those admitted by the tickets. He took a place five paces distant from the place where the Czar was to stand. As the man continued to wear his overcoat he was requested to remove it, but declined on the ground that he was afraid of draughts. His refusal to remove his coat excited suspicion, and he was again requested to take it off. This time he consented, and immediately arrested and taken to prison, when a revolver and a globe, supposed to contain poison were found in his pockets. His only statement is that he declares that the globe simply contains medicine. The police assert to have known of a plot connected with Gungersberg's connections, as they were watching for an assassin."

AS FORECAST BY THE RETURNS JUST RECEIVED

is so close that the official count will probably be necessary to determine the result in many counties. The general feeling up to this evening has been that the Republicans elected their Supreme Court justices, and the Democrats elected their candidates, and they still claim election by upwards of 5,000 majority. The Democrats, on the other hand, claim the election by a count as close that they are not warranted in conceding the State, and assert that the later returns are running more in their favor.

OHIO TOWNS. CINCINNATI, O., April 7.—Specials from various points in Ohio give the following election results: At Newark the honors were about evenly divided between the Democrats and Republicans. At Middletown, while a Republican Mayor was elected, the Democrats had all the rest of the ticket. At Findlay the Republicans obtained the regular officer, but a Democratic majority was elected for Council, the whistly question being at issue. At Kenton and Upper Sandusky the Democrats gained everything. Ironport Republican, except Council. At Hamilton, the Democrats were elected. Bucyrus, Democratic; Galion, Republican Mayor, rest Democratic; Lima, Democratic; Wapakoneta, H. Leopold, rest Democratic; others Democratic; Oxford, Democratic; Marion, Republican Mayor, rest Democratic; and Findlay, Democratic.

At Newark the Republicans gained but very little, but the Democratic ring was broken. Mansfield, while electing all the Democrats to city office, has a Republican majority in the Council—the first in four years.

PARTY LINES NOT DRAWN IN WISCONSIN. MILWAUKEE, Wis., April 7.—The election in this State, to-day, was for Justice of the Supreme Court. Political lines were not drawn. S. U. Penny was nominated by a convention of lawyers, and E. H. Ellis's candidacy was backed by Democratic politicians, but he was not formally nominated. Both candidates were Democrats. The vote was light, but dispatched from all parts of the State. At Pewaukee election, carried Milwaukee county by over 3,000. A judge of the Superior Court was elected in the Democratic ticket, by a small majority. At Newkirk the Republicans gained but very little, but the Democratic ring was broken. Madison, while electing all the Democrats to city office, has a Republican majority in the Council—the first in four years.

REPUBLICANS WIN AT MATTOON. SPECIAL TO THE INDIANAPOLIS JOURNAL. MATTOON, Ill., April 7.—The vote in Mattoon township indicates the election of the entire Republican ticket by majorities averaging 150.

BALLOTING IN KANSAS. Women Take Great Interest in the Election—Citizens' Alliance Movement. KANSAS CITY, Mo., April 7.—Elections were held in Kansas to-day in all cities of the first and second classes. Although without general political significance, the results of the election are regarded with considerable interest, as the Citizens' Alliance has tickets in the field and is fighting all the old parties. The Citizens' Alliance is really a branch of the Farmers' Alliance. It is organized on the same basis and has the same objects in view. It is composed of that element in the cities which would join the Farmers' Alliance but for the fact that the constitution of the latter organization will admit none but farmers. This element has been organized in the cities mostly since the Farmers' Alliance landed last fall, and this election is its first opportunity of showing its strength. Much interest is manifested in the result on this account.

THE OTHER ELEMENT in the election which has attracted the most interest is that of the women, under the laws of Kansas, are allowed equal suffrage with men in municipal elections. It has been predicted that the novelty of the thing would disappear, and with it women's interest in municipal politics. This prediction has not been fulfilled. On the contrary, the interest of women in politics and their activity at the polls have increased with each election. The registration in the city of Topeka, for example, exceeded any former registration. In Kansas City, Kan., the increase in registration was about 100 per cent. At Topeka the registration lists were augmented by about 400 names. At Wichita the increase was about 300; at Leavenworth, 250; and at Atchison, 200. At Kansas City, Kan., the increase was registered at Leavenworth, 2,745; at Topeka, 2,740; at Wichita, 2,300; and at Atchison about 1,800.

IN KANSAS CITY, Kan., all the candidates provided carriages to take the women to the polls. About two-thirds of the female vote was cast there. The women confined their interest in the election to voting, and in only a few cases did any of them resort to practical activity at the polls. This activity was confined to a few citizens' alliance and female leaders. The number of negroes that voted in Kansas City, Kan., was notable. They marched to the polls with much noise, and some of the white sisters, and exercised their right of suffrage with a satisfaction peculiar to their race. Disappointed in the result, the cities of Kansas indicate that the vote of the women, compared to the registration, was proportionate to the number of males. The women had their tickets prepared at home or at places of meeting, and their presence at the polls was only long enough to permit them to cast their votes. Only a few females appeared on any of the tickets, and the few were up for election for officers higher than membership on the ballot board.

ST. JOHNS, N. F., April 7.—The publication of the draft of the convention between this colony and the United States arranged by Mr. Bond, together with the correspondence, has completely turned public sentiment against the proposal, which is quite worthless to the colony. The Herald criticized the correspondence so sharply that the government used its majority to censure Mr. Morine, the alleged author of the articles. Mr. Morine challenged Mr. Bond to a public discussion, but the latter refused to accept the challenge. The public indignation because of the second debate and censure is intense. The government first intended to prevent Morine from being a delegate, but that the public feeling made them retreat, and Mr. Morine went with the delegates last night. The public are laughing at the Assembly which has elected Mr. Bond as a delegate to the next, on a mission of vital importance. named Quinn, who had his bundle snatched

DEMOCRATS DEFEATED AT SPRINGFIELD. SPRINGFIELD, Ill., April 7.—The Republicans of Springfield are jubilant over the defeat of the Democrats at the home of Senator Palmer. The city of Springfield has elected Lawrence, Republican, Mayor, over Hay, Democrat, by 200 majority. The Democrats elected the city clerk, city attorney and city treasurer, but the Republicans make a gain in aldermen. Hay, the defeated Democratic candidate for Mayor, is serving in third place.

SENATOR PALMER, at 10:30 to-night, was informed by an Associated Press reporter that Hempstead, Washburne, the Republican nominee, had probably been elected Mayor of Chicago, and he was requested to give his views on the causes which led to the Democratic defeat in this city, and its political effect on the Democracy of the State in the future. The general had just returned from the night of his week's campaigning, asked to be excused from expressing any opinion on the result to-night. He appeared to take the matter very lightly, and said that, though defeat, under the circumstances, was not entirely unexpected.
