

CHICAGO WORSTED AGAIN

Slugging Match in Which the New York Ball Club Came Out Victorious.

Cincinnati Wins a Game—Horses Entered for the Suburban To-day—Close of the New York Jockey Club Meeting—Other Races.

NEW YORK, June 15.—To-day's game was a regular slugging match in which Hutchinson, Keefe and Welch were batted all over the field. Honan was struck and retired in the third, Anson going behind the bat. Three thousand nine hundred and twenty persons were present. Score: New York, 13; Cincinnati, 10. Errors—Cincinnati, 3; New York, 1. Hits—New York, 13; Cincinnati, 16. Errors—New York, 2; Cincinnati, 3. Batteries—Keefe, Welch and Buckley; Hutchinson, Honan and Anson.

At Brooklyn—Brooklyn, 2; Cincinnati, 0. Errors—Brooklyn, 9; Cincinnati, 15. Hits—Brooklyn, 9; Cincinnati, 15. Errors—Brooklyn, 9; Cincinnati, 15. Batteries—Terry and Kinslow; Mallone and Harrington.

At Boston—Boston, 3; Cincinnati, 1. Errors—Boston, 3; Cincinnati, 1. Batteries—Nichols and Gansel; King and Field.

At Philadelphia—Philadelphia, 1; Cincinnati, 0. Errors—Philadelphia, 1; Cincinnati, 0. Batteries—Smith, Gleason and Clements; Gruber and Zimmer.

American Association. At Washington—Washington, 1; Cincinnati, 0. Errors—Washington, 1; Cincinnati, 0. Batteries—Miller and McGuire; O'Brien and Murphy.

At Baltimore—Baltimore, 0; Cincinnati, 0. Errors—Baltimore, 0; Cincinnati, 0. Batteries—McManis and Robinson; Weyhing and Cross. Rain stopped the game.

They Had to Play Ball to Win. Special to the Indianapolis Journal.

FRANKLIN, Ind., June 15.—Perhaps the most exciting game of ball ever played in Franklin, was played this afternoon between the Louisville American Association club and the Eccles, of this city. Sizing up the two clubs it would seem that they were quite evenly matched, but not so. The home club put up a good game and the professionals had to play ball to win. Score: Louisville, 9; Cincinnati, 1. Errors—Louisville, 0; Cincinnati, 1. Hits—Louisville, 9; Cincinnati, 1. Errors—Louisville, 0; Cincinnati, 1. Batteries—Leone and Calkins; Lemons and Klose.

Closing Events at Morris Park. NEW YORK, June 15.—The spring meeting at Morris Park was brought to a close today before one of the smallest crowds of the season. The weather was intensely hot. The card was a miserably poor one, and again the majority of race-goers were saving their money and energies for the Suburban to-morrow. The feature of the card, if it could be called such, was the Haychester stakes, for three-year-olds, at one mile. It was robbed of all interest, however, as the L'Intinguante completely outclassed all the other starters and also galloped in the easiest possible kind of a winner.

First Race—For three-year-olds and upward; sweepstakes; seven furlongs. India Rubber won by a neck from Walcott, who was eight lengths before Flavia. Time, 1:28.

Second Race—For three-year-olds and upward; sweepstakes; one mile and a furlong. Raccind won easily by two lengths from Missive. Time, 1:57.

Third Race—Baychester stakes; for three-year-olds; sweepstakes of \$50 each, with \$250 added; one mile. Trinity shot to the front in the first furlong and set a hot pace. Coming around the turn Trinity still held the lead, followed by Tom Brown. Common Sense and L'Intinguante in order. These positions were held until the last quarter, where L'Intinguante came to the front and won under a pull, two lengths from India Rubber, who was very fast at the finish, and beat Trinity for the place. Time, 1:44.

Fourth Race—For two-year-olds; sweepstakes; six furlongs. Dr. Wilcox won by a point from second, Arnold third. Time, 1:14.

Fifth Race—For three-year-olds and upward; sweepstakes of \$50 each, with \$250 added; one mile. Kingstone won by a length from Sarpius, who was three lengths before Funster, Jr. Time, 1:43.

Sixth Race—Purse, \$1,500; heats of six furlongs. Cynosure won both heats, the first in 1:12 1/2, with Riot second and Lynn third. The second heat was run in the same time; Lynn was second and Blue Jeans third.

Racing at St. Louis. ST. LOUIS, June 15.—The Bankers' and Brokers' stakes was the feature of the day, the race falling to the fast three-year-old filly Ethel Gray. The attendance was four thousand.

First Race—Purse, \$500; for three-year-olds and upward; one mile and fifty yards. Komp won by five lengths from John Erin, who beat Silver King a half length for the place. Time, 1:47 1/2.

Second Race—Purse, \$500; for two-year-olds; five furlongs. Minnie L. won by five lengths; Frank Kinney second, Orville third. Time, 1:03 1/2.

Third Race—Bankers' and Brokers' stakes; for three-year-olds that have not won a race worth \$1,500 this year one mile. Ethel Gray took the lead in the stretch and won by a length from Faithful, who beat Rocks a head for the place. Time, 1:24.

Fourth Race—Purse, \$500; for maiden three-year-olds and upward; one mile and seventy yards. Joseph D. won by five lengths; McQuinn second, Annie May and Florence Slaughter finished heads apart. Time, 1:50 1/2.

Fifth Race—Mechanics' purse of \$500; handicap for three-year-olds and upward; one mile and fifty yards. Shilbottel won by two lengths; Glockner beat Guido five lengths for the place. Time, 1:35 1/2.

Sixth Race—Purse, \$500; one mile and fifty yards. Michael won by a length from Whitney, who beat Halgown three lengths for the place. Time, 1:45 1/2.

Seventh Race—Purse, \$500; for maiden two-year-olds; five furlongs. Carisbad won by a length from Invoacoon, who beat Content half a length for the place. Time, 1:35 1/2.

Eighth Race—Purse, \$500; for maiden three-year-olds; one mile and seventy yards. Top Gallant won by a length from Duke of Sonora, which was two lengths before Jasper. Time, 1:51 1/2.

Entries for To-day's Suburban. NEW YORK, June 15.—To-morrow the spring meeting of the Coney Island Jockey Club will begin, and from present indications it promises to surpass all of its predecessors. With the opening day comes the eighth running of the Suburban handicap, a race which has for some time past been the main topic among horsemen. Those who are announced as possible starters appear to be so evenly matched that the result is no easy matter to foretell. A conspicuous feature of the great race to-morrow will be the absence of Salvator, who last year beat every thing before him. This also should add much uncertainty to the race, for while his victories last year, especially in the Suburban, were gained by close margins, they were decisive enough. Tenny's defeat in the Metropolitan handicap at Morris Park by Tristan, has lost the away-back some of his friends, but yet his number is almost legion, which means that to-morrow he will be a red-hot favorite. Tea-tray, Riley, Major Domo and Tourna-mek, however, will be supported, and in the opinion of the talent the race will be confined to them. The entries and weights are as follows:

The Suburban handicap sweepstakes of \$100 each, half forfeit, and only \$25 to be paid by Feb. 20, the association to add the amount necessary to make the race \$125,000; the second to receive \$3,500, and the third \$1,500 of the money, added weights to be announced Feb. 1. Winner to be published the result of a race of \$1,000, four pounds extra; of two of \$1,000, or of one of \$2,000, eight pounds extra;

of three of \$1,000, two of \$2,000, or of one of \$5,000, twelve pounds extra. In the case of horses that weigh 115 pounds or over, these penalties shall apply to the extent of one-half and in the case of those handicapped at 122 pounds or over, to the extent of one-quarter only, and in the case of those handicapped at 126 pounds or over they shall not apply at all. Secretary's entries: 125, Teatray, 115; Domo, 115; Casius and Diable, 125; Dariole and Loantoka, 116; Fitzsimons, 118; Dariole, 107; English Lady, 111; Domo, 107; Isaac Lewis and Gidley, 35; Rice, 90.

Chicago Race Results. CHICAGO, June 15.—To-day's races resulted as follows: First Race—Seven furlongs. Dolikhens won; Prince second, Sis Ole third. Time, 1:30 1/2.

Second Race—Six furlongs. Nightman won; Foreigner second, Kenyon third. Time, 1:16.

Third Race—Six furlongs. Tom Karl won; Mollie second, Kenyon third. Time, 1:16.

Fourth Race—Nine furlongs. Racine won; Fayette second, Jake Saunders third. Time, 1:56 1/2.

Fifth Race—Six furlongs. McGinty won; Bert Johnson second, Chrispino third. Time, 1:17.

Twelve stakes, \$14,000 added, to close July 1, 1891, will be run during the two weeks of the summer meeting, commencing Monday, July 30. Nominations to be addressed to Harry Kahl, secretary of the Chicago Racing Association.

Sharpshooters Divide \$10,000. ST. LOUIS, June 15.—The seventh annual tournament of the Western Sharpshooters' League of North America closed with a picnic at Creve Coeur lake. After the distribution of \$10,000 in prizes the well-attended hold the next schutzenfest in Omaha in 1893.

VACATION DRAWING NEAR. Freshmen and Sophomores at Wabash College Battle for Honors in Oratory. Special to the Indianapolis Journal.

CRAWFORDSVILLE, Ind., June 16.—The annual exhibition of the freshmen and sophomore classes of Wabash College was held this evening at Center Church. The following was the program in full: Freshmen—"France and the Huguenots," G. T. Moore, of Indianapolis; "The Unconquered Nation," Frank Crawford, of Danville; "The Building Idea of America," H. Mount, of Hammond; "John Brown," J. G. Coulter, of Crawfordsville.

Sophomores—"Abraham Lincoln," L. C. Rose, of LaPorte; "The Puritan and the Cavalier," J. C. Van Stry, of Thornton; "Napoleon at Austerlitz," G. T. Moore, of Indianapolis; "Cervantes," W. W. Wilson, of Crawfordsville.

The judges were Dr. Thomas, of Santa Fe, N. M.; Rev. Little, of Danville, Tex., and Prof. M. Butler, of Gray's Mills. The freshmen winners were Coulter first and Moore second; sophomore winners were Rose first and Wilson second. College orchestras furnished music.

The senior class this evening gave a hop at Company I Armory. At the close of the exhibition it was announced that the first junior essay prize was awarded to Albert C. Abbott, of Nobleville, and the second prize to Hugh T. Gray, of Rising Sun. These essays did not exceed 1,050 words each, the limit required.

Capt. T. M. Karasawa, of Tokio, Japan, has offered to the class of 1892 two prizes of \$25 and \$15 for the highest scores in Latin of the senior year, together with general excellence in the work of sophomore year. These prizes will be given next year to the two students whose daily work has been of the highest merit, and who shall prepare the best commentary upon selected portions of Lactantius's De Cerum Natura, with an exposition of the Epiconaric philosophy.

This year the prize winners are Palmer Graham and Tauro Hatton, who were tied for the first place and divided the money.

Prof. J. L. Campbell has the reputation of breaking his right arm this morning, which will seriously interfere with the discharge of his duties as secretary of the board of trustees at their meeting to-morrow. Professor Campbell was standing on the cellar steps taking out a window to let in the air, and in stepping down miscellaneously at the distance to the distance of immediately after the accident Dr. Ristine was summoned, and pronounced the small bones of the right arm broken just above the wrist.

The following are among those who have arrived to attend commencement: J. M. Butler, of Gray's Mills, of Indianapolis; Rev. H. S. Little, of Danville, Tex.; O. S. Hoffman, of Chicago; C. H. McCarter, of St. Louis; L. P. Cain, of Danville, Ill.; Rev. S. L. McIntosh, of W. M. W. Wishard, of Ogden, U. T.; Harry Coburn, of Indianapolis; Judge Braxton, of Princeton; Mrs. Frank Chase, of Lafayette; Charles Best, of Danby, W. Va.; H. B. Greemp, Ill.; H. B. Saylor, of Huntington; T. R. Paxton, of Princeton; Rev. Charles Hutchinson, of New Albany.

New Professors for the University. Special to the Indianapolis Journal.

BLOOMINGTON, Ind., June 16.—The board of trustees of Indiana University have been in session all day, and announce the following elections to the various vacancies that have been made since the last meeting of the board: Robert J. Aley, of Vincennes University, to the chair of applied mathematics. He is a graduate of Indiana University, and for two years has been teacher of mathematics in Vincennes University. T. E. Fellows, to the chair of European history. He is a native of Wisconsin and a graduate of Lawrence University in 1879.

He is now principal of the High-school at Aurora, Ill. Vernon F. Martin, to the chair of geology. He is a native of Nova Scotia, a graduate of Acadia College, and is now an instructor in geology at Cornell. Carl H. Eigenmann, to the chair of zoology. He is a graduate of Indiana University and has also spent two years in Harvard. He taught here two years and has been at San Francisco since the past two years. Benjamin W. Snow to be the new professor in physics. Professor Snow is a native of Illinois, graduated at Cornell, where he was instructor in physics for a time, and is now at the University of Berlin studying under Helmholtz. H. E. Benton is to be the secretary of the Board of Trustees. He is now teacher in botany at Wabash College. Edwin H. Griggs has been elected to the chair of general literature, charge upon his return from Harvard, where he goes to study for one year. This is a new department in the university.

Half a Million Damage by the Red-River Flood. ARKANSAS CITY, Kan., June 15.—A gentleman who has just arrived here from Great county, in the extreme south-west part of Indian Territory, says Red river and its north fork have been out of their banks for over a week, completely hamstringing the people in and out of all communication with the outside world. A cloud-burst inundated the little town of Frazer, ruining every merchant's stock of goods, and compelling the people to flee for their lives. Two persons were drowned in the town and three in the country. Along Turkey creek and Salt Fork a dozen or more houses were washed away. A Mr. Phillips and daughter-in-law floated a mile on a portion of their house and were finally washed ashore. Mrs. Phillips and a little daughter grasped the limb of a tree and hung there until morning, when they were rescued with a raft. Hundreds of people are living out of doors in high land. The damage done in that county alone will exceed \$500,000.

Decision of Interest to Benevolent Societies. CINCINNATI, O., June 15.—The Circuit Court yesterday reversed the judgment of the Common Pleas Court in a case involving the right of a benevolent organization to manage its own affairs. Mr. Strone, a policy-holder in the organization known as the Ancient Order of United Workmen, sued to restrain the Grand Lodge of Ohio from making Hamilton county a separate district from the rest of the State for assessment purposes on the ground that the death rate was much larger in Hamilton county. The Common Pleas granted the restraining order, but the Circuit Court reverses the judgment, and says members of such societies must abide by the regulations regularly adopted by their governing bodies.

Sam Small Not Expelled from the Ministry. PHILADELPHIA, June 15.—With reference to the report telegraphed from here on Friday, Rev. Sam Small says the Colorado Conference is misrepresented and himself damaged by the incorrect statement that he had denounced or expelled his minister on Methodist ministry. He says he would need to be first tried and convicted before

such action could be taken. Having resigned the presidency of Utah University and his accounts therewith having been cleared satisfactorily he asked Dr. Hill, his ecclesiastical superior, to be reported to the Colorado Conference and there discontinued from further connection. The question was purely a legal one, and no sense penal or condemnatory. No charge was ever preferred and none is pending in the church courts against Mr. Small. He will, he says, continue his labors as a heretofore.

Wielders of the Club and Stiletto. CAYUTA, N. Y., June 15.—A riot occurred at that place last night, caused by love and whisky, which resulted in one man being killed and many injured. Francesco Koffel was shot dead by Luigi Votto, who escaped to the woods himself cut with a stiletto. One Italian was wounded in the knee, and a number were cut and clubbed in a serious manner.

Newark, N. J., June 15.—A general fight in which the knut and pistol were freely used took place yesterday afternoon, at a place where an Italian christening was being held. Among the guests were John Lafonte and Vincenzo. The fight was between Lafonte and Vincenzo, who were quarreling, when John interfered and for his pains received a stab-wound in the abdomen, in which he fell into the water. Lafonte and Vincenzo then shot Lafonte three times, Lafonte at the time being on the run.

Battle with a Bear. WILLIAMSPORT, Pa., June 15.—A desperate battle took place on Kettle creek a few days ago. A man named Hurd and his dog fought a bear, which was the owner of the buckleye crop when they came across a bear and her three cubs. The bear at once assumed the offensive, and made for the man, who was just in time to get away. The bear ran and ran through the woods. As he neared the spot he gave a loud cry, which Hurd faintly answered. Callahan was just in time when he came upon them. The bear had Hurd in deadly embrace, with every stitch of clothing torn from his body. Callahan then fired a shot into the bear's back, and the bear expired in a few minutes. The old bear and the cubs were subsequently carried into camp.

Iowa Coal Fields Giving Out. FORT DODGE, Ia., June 15.—The fuel question in northern Iowa is becoming a grave one. In addition to the big strikes, which are already made a ready-made menace, it is now stated that the extensive coal fields in this section are rapidly giving out. It is being realized that the coal here is not a collection of pockets. The mines at Carbon Junction, Holliday, and Coalville have already been abandoned and the villages that surrounded them are deserted.

Short \$8,000 in Her Accounts. NASHVILLE, Tenn., June 15.—For the first time in history Nashville has a full-fledged female defaulter. For the past eight years Mrs. S. A. Alexander has been secretary of the Nashville Telephone and Electric Company. It was learned to-day that she was about \$8,000 short in her accounts, and the officials of the company admit that she has never accounted for the money. The matter has been demanded, they refuse to discuss the matter. Experts are going over her books.

A Woman Gives \$100,000 to a University. NEW ORLEANS, June 15.—The medical department of Tulane University has been made the recipient of a donation from Mrs. Richardson, wife of the eminent physician and dean of the college, Dr. B. T. Richardson, of \$100,000. The entire donation is intended to be used in erecting a new college.

Item for Tin-Plate Lairs. SAN FRANCISCO, June 15.—The first shipment of block tin, consisting of seven thousand tons, was received at San Bernardino county, California, has been received here.

BOARD OF PUBLIC SAFETY. At the meeting of the Board of Public Safety, yesterday morning, Superintendent Colbert reported he had investigated the charges of Chris Harmoning against patrolman Manning, and found them unsupported. They were therefore dismissed. Police powers were conferred on L. P. Grady, for the Big Four yards, and revoked in the case of Charles J. Brader, who has resigned from the Merchant police force. The board referred a letter from the E. C. Atkins Building Inspector, Fitcher, was refused, however, to act till the insurance from the recent fire at the company's place is settled. A notification concerning street-cleaning contracts was received from the Board of Public Works, with the request that the police be instructed to enforce the laws relating to the street. A resolution was adopted giving the members of the fire department ten days' leave of absence with pay each day, to be taken, however, on a second alarm of fire, all absentees in the city on leave will be considered on duty for that fire. The granting of a similar term of vacation to the police will be considered at the next meeting.

A bill from the Eureka Hosiery Company for \$490 on account of hose and harness oil, Alaska, Ill. Vernon F. Martin, to the chair of geology. He is a native of Nova Scotia, a graduate of Acadia College, and is now an instructor in geology at Cornell. Carl H. Eigenmann, to the chair of zoology. He is a graduate of Indiana University and has also spent two years in Harvard. He taught here two years and has been at San Francisco since the past two years. Benjamin W. Snow to be the new professor in physics. Professor Snow is a native of Illinois, graduated at Cornell, where he was instructor in physics for a time, and is now at the University of Berlin studying under Helmholtz. H. E. Benton is to be the secretary of the Board of Trustees. He is now teacher in botany at Wabash College. Edwin H. Griggs has been elected to the chair of general literature, charge upon his return from Harvard, where he goes to study for one year. This is a new department in the university.

THE PISTOL AND OPIUM. A Well-to-do Farmer at Mount Jackson Commits Suicide. Harry Carpenter, forty-five years of age, a well-to-do farmer, committed suicide yesterday afternoon at his home in Mount Jackson. He was found in the barn by his wife at 10 o'clock last evening with a bullet-hole in his head, and the revolver still in his hand. Dr. Davis, of Belmont, was summoned, but said the man had been dead for several hours. The deceased was a well-to-do farmer, and had a large property. Carpenter was a candidate for the office of trustee of Wayne township last year. He had a wife and two children, and his dog, a black and white pointer, was very happy. His friends had detected no sign of dementia or any other indication that would suggest a purpose of self-destruction. He carried a pistol to his city at midnight, and will hold an inquest to-day.

Death from Laudanum. Chalmers Brown, vice-president of the Railway Officials' and Conductors' Accident Association, went to Muncie yesterday, called there by the death of H. C. Mellorup, of Keokuk, who had been traveling on the Chicago and North Western. He retired late that night, after saying he had taken two ounces of laudanum to induce sleep. Friday afternoon a doctor was called, and he was found to be suffering from a deadly dose of opium. All attempts to relieve him failed, and he died Sunday night. Mr. Brown, assisted by the Knights of P. M., shipped the body from Muncie to Keokuk, where the deceased resided, and where he leaves a widow and two children.

Caught in the Act. Pat Welch was arrested by detectives Daugherty and Boylan on the circus grounds yesterday afternoon and slated for attempting to pick a pocket, and for vagrancy. He was detected in the act, and when arrested gave very vague, refusing to give his name or address. He later said his home is in Philadelphia.

Probably a New Site for the Jail. The County Commissioners are to have a meeting with the Board of State Architects to inspect designs for the new jail, which are to be received this week. A deal has been closed between Commissioner Enrich and owners of the property for the north-east quarter of the square bounded by Alabama, Washington, Delaware and Maryland streets. It is said the corner is wanted for a jail site. When questioned by a Journal reporter, the County Attorney Spencer would not deny the purpose of the purchase, but Mr. Enrich represented to the owners that his property so could build a carriage-factory on it. The consideration paid, it is said, was \$40,000.

Shot His Rival in the Thigh. Harry Hare and James Bowers quarreled yesterday noon, when Hare shot Bowers in the thigh. They are employed at the Indiana bicycle-works, on Liberty street, where the shooting occurred. The trouble grew out of attentions paid by Bowers to a young woman, also an employe in the same factory. Hare has been very violent to her, but she preferred Bowers, and therefore the discarded suitor told the young woman's father that he intended to kill his rival. Bowers's wound is not very serious.

Exchange of Engines. In the fire department yesterday engines Nos. 4 and 10 were exchanged, and chemical No. 3 was exchanged for chemical No. 4. Hare has been very violent to her, but she preferred Bowers, and therefore the discarded suitor told the young woman's father that he intended to kill his rival. Bowers's wound is not very serious.

Stables Burned. The stable of H. B. McCune, No. 27 College avenue, was destroyed by fire last evening. The loss was \$150. The stable belonged to Mrs. Coffin, No. 156 Ash street, was also damaged.

THE "GEM" CITY. Its Attractions—Frankfort a Proprietary and Growing County-seat—The Clover-Leaf Park Addition. This is the "gem" of the natural-gas circuit of cities. With a population of 7,500, four trunk railroads and twenty-two passenger trains daily, it is one of the most desirable residence and business cities in Indiana. Much interest is centered in the sale of lots in the beautiful Clover-leaf addition, set for Thursday next, June 18. This event is being watched with interest by persons who wish to make a sure and prompt-paying investment, as all the surrounding points toward that result. Frankfort has no boom, nor does she want one. She has enjoyed a steady, substantial, advancing growth. The Chicago Herald gave Frankfort full credit, in a recent article, for its go-ahead spirit and enterprise, and christened it the Gem City. This has been accepted by her citizens, and they propose to make it so, as the situation and surroundings justify it. Aside from Frankfort's commercial business, many of its factories in wood and iron and other industrial plants, she is situated in the midst of one of the finest and best agricultural regions in the State, and has a ready market for a radius of over thirty miles. It has the best and purest of water, supplied by flowing wells in every part of the city. A magnificent court-house, economically built at a cost of \$300,000. Elegant churches for all denominations. Schools and school buildings not surpassed in the State, thoroughly equipped with all the modern appliances. Natural gas in abundance for light, heat and power. Artificial gas for illuminating purposes. An electric-light plant, wide and well-improved streets. Numerous artificial lakes. Three banks with \$600,000 capital. The principal machine shops of the Clover-leaf railway system, employing more than five hundred men, are permanently located there and are now nearly ready for occupancy. Select well-located lots, with water and buy it at your own price, as 150 lots will be offered at public auction on that date. Terms of sale are so reasonable that all are able to purchase and pay for a home. One-fourth cash and the balance in fifteen equal monthly payments, without interest. A discount of 5 per cent. will be allowed for cash on the day of the sale, if the purchaser so desires. No better opportunity was ever offered. The value of these lots will increase 50 per cent. in less than a year from the date of the sale. A drive or walk over this superb addition will convince all of the truthfulness of these statements. The streets are already graded. Shade trees planted and growing. The principal avenues of the city opened and extend through the entire addition. This addition is platted on the nearest vacant lot in the central part of the city, and only one-quarter of a mile from the manufacturing center at the crossing of our four trunk-line railroads, and well along are the streets, and the houses that have been purchased. All purchasers will be furnished with a correct abstract of title, showing a perfect title to each lot. Address: H. H. Hines, W. H. Hines, John G. Clark, committee Frankfort Improvement Company, Frankfort, Ind.

The Yellowstone Park Line. The Northern Pacific Wonderland embraces a list of attractions simply unequalled. The twin cities of St. Paul and Minneapolis at the head of navigation on the Mississippi, Duluth, Ashland and the Superior at the head of Lake Superior; to the westward the Lake Park region of Minnesota, the Red River Valley wheat fields, Valley of the Yellowstone, Yellowstone National Park, Bozeman and the Gallatin Valley, and the Snake River and the Bitter Root Valley, Clark's Fork of the Columbia, Lakes Pend d'Oreille and Coeur d'Alene, the Cottonwood Falls, Paget Sound, the Columbia River, Portland and the Willamette Valley, Gray's Harbor and City of Victoria, and Vancouver's Island, Alaska on the north and California on the south.

The Northern Pacific runs two daily express trains with dining car and growler. Fullman service between St. Paul and Tacoma and Portland, via Helena and Butte, with through tourist and vestibule. Fullman service from and to Chicago via the Wisconsin Central, and first-class through sleeping-car service in connection with the Chicago, Milwaukee & St. Paul railway.

Yellowstone Park, on the east leaving St. Louis in the forenoon and Chicago in the afternoon will make close connections with the morning train out of St. Paul at 9 a. m. following day; leaving Chicago at night, connection will be made with train No. 1, leaving St. Paul at 4:15 the next afternoon.

Yellowstone Park, on the east leaving St. Louis in the forenoon and Chicago in the afternoon will make close connections with the morning train out of St. Paul at 9 a. m. following day; leaving Chicago at night, connection will be made with train No. 1, leaving St. Paul at 4:15 the next afternoon.

Write to above address for the latest and best map yet published of Alaska—just out.

Resort teeth, and lips that glow the while, Give light and color to a smile; And, infinitely more than this, Give color to a kiss. But both must suffer from the want Of the life-giving Sigmoid.

Artificial Teeth Without a Plate Or Bridge-work. A. J. Morris, 36 1/2 E. Washington St., opposite New York Store, Indianapolis.

For all mankind. Prices below all others for strictly reliable goods.

MODEL

We have them to sell and you need them now, that is

REFRIGERATORS AND ICE CHESTS

And to make them sell quickly will offer some very low prices this week; don't miss the opportunity if you are wanting a good article.

LAWN AND PORCH GOODS

Prices cut down to actual cost. Now is the time to buy these goods.

BABY CARRIAGES

While we have been selling more than usual, our stock is still large, and prices have been cut fully 25 per cent. It will pay any one wanting a Carriage to call and see us.

Bedroom and Dining-room Furniture.

We have had an unusual trade the past ten days, and can only account for it by our special low prices.

Carpets, Straw Mattings, Lace Curtains and Portieres.

Our prices are marked down fully 33 1-3 per cent., and on some special patterns as much as 40 per cent. reduction.

MESSENGER'S

101 EAST WASHINGTON STREET. 13, 15, 17 SOUTH DELAWARE ST. OPEN MONDAY AND SATURDAYS UNTIL 9 P. M.

HAZELTON PIANO

Is a marvel of sweetness and power, of grace, beauty and brilliancy. Every note is clear as a bell. Every chord is perfect harmony. Every part is evenly balanced. The action is light, firm, elastic and responsive. The scale is scientifically correct and musically perfect. The workmanship is the highest skill can make them, and the materials are the best.
