RIO DE JANEIRO PANIC-STRIKEN.

Uprising of Prisoners Which, However, Was Suppressed. Rio de Janeiro, Jan. 20.—After a season of comparative tranquillity, this city has again become violently disturbed and the citizens thrown into a state of excitement...

THE POPE IS WELL AS ANYBODY.

Rome, Jan. 20.—Inquiries made to-day of a person intimate with the Pope dated the information that his Holiness is in good health. Yesterday's report of the illness of the Pope originated outside of the Vatican and is regarded as unfounded.

BEWARE OF NAILS IN SHOES.

William E. Rockefeller Suffering from Blood Poisoning Produced by a Simple Cause.

New York, Jan. 20.—William E. Rockefeller, president of the Standard Oil Company, and his wife are both ill with blood poisoning at their home at No. 650 Fifth avenue. Mr. Rockefeller is seriously ill, and although his physicians say that he will recover, they admit that he is not out of danger.

FRENCHMEN FIGHT FOR HONOR.

M. Delpech Gets a Real Scratch on the Arm in a Duel with Castelin. Paris, Jan. 20.—One of the outcomes of the disgraceful scene in the Chamber of Deputies yesterday was a duel that was fought to-day between M. Delpech, a Republican member, and M. Castelin, a Boulangist. During the heated discussion yesterday these two members became involved in a quarrel which resulted in a duel.

THEY WERE INTOXICATED.

Responsibility for the St. Louis Accident Placed on the Occupants of the Sleigh. St. Louis, Jan. 20.—Eight members of the Clover-leaf Fishing Club were killed, four mortally injured and eight less seriously hurt in the accident last night at the Sarah-street crossing of the Washab railroad. The disaster was the result, some of apparently careless driving on the part of one of the men killed, while others claim the engineer of the train was to blame.

GENERAL FOREIGN NEWS.

Brief and Exciting Scene in the Italian Chamber of Deputies. Rome, Jan. 21.—An exciting scene occurred to-day during the proceedings in the Chamber of Deputies. The Marquis Di Rudini, the Prime Minister, was speaking, and in the course of his remarks he said that an Italian fleet had never been sent to maintain President Carnot of France without the compliance being returned. Signor Crispi, the former Prime Minister, interrupted the Marquis Di Rudini, declaring that during the time he held the office of Prime Minister, Italy had never suffered by any humiliations. This statement was met with a storm of applause, and amid the din could be heard the voice of Signor Crispi, who, directing his remarks to the Marquis Di Rudini, shouted, "You made excuse to France for the recent incidents in connection with the French prisoners."

ST. PETERSBURG, JAN. 20.—A Tiflis paper reports that there has been fighting at Kalas Dash, arising from a revolt by Persian priests on the tobacco question, and that reinforcements are needed from Teheran to suppress the movement. The local troops having been defeated by the insurgents. In this engagement it is said that eighty soldiers and two hundred rebels were killed, and more than one hundred wounded.

BIG FIRE OF BOMBES RECOVERED.

St. Petersburg, Jan. 20.—Some time in December last the sum of 350,000 roubles was stolen from the treasury at Vladivostok, the Russian town in eastern Siberia, on the Pacific. The authorities made a close search for the thieves and the money, and the effort was rewarded by the recovery of 250,000 roubles. The money was found concealed in petroleum tins in the house of an exile named Poliakoff.

CHILIAN MESSAGE FINISHED.

Concluded from First Page.]

know where they are. As to the order to Admiral Gierard of the fleet, it is said it is contingent upon hostilities actually breaking out; that he is to take command of the fleet in the event of war. Having left Port-France before it arrived there, this movement of Commodore Ramsay and the departure of the three Chilean cruisers has been a surprise to the public. He said it was not true that the cruisers had left Valparaiso, and that the Valparaiso, Esmeralda, and Esmeralda were still in the harbor. He said that the three Chilean cruisers had sailed from under sealed orders. He said it was not true that the cruisers had left Valparaiso, and that the Valparaiso, Esmeralda, and Esmeralda were still in the harbor.

Senator Tracy received a cable message from Commodore Evans to-day saying that the Yorktown, with the refugees on board, had sailed from Valparaiso to-night for California, and that the Navy Department is an indication that affairs are quiet in Chile at present. While Commodore Evans is in California, it is taken for granted that he would not leave Valparaiso if there was any necessity for him to do so. It is also reported that orders direct from the Navy Department.

NEW YORK NOT IN DANGER.

An Army Officer Who Says Gotham's Defenses Are Proof Against Chileans.

New York, Jan. 20.—Lieutenant-colonel Gillespie, of the engineer corps of the army, in response to the query, "Is there any occasion for anxiety as to the safety of New York city in case of war with Chile?" replied: "We have eight-inch and fifteen-inch guns and torpedoes for use in our harbor fortifications. Our guns can pierce any armor that covers the best of the Chilean war vessels. We can hit with accuracy and effective penetration at a distance of three miles. There is a mistake in the opinion of the public that our harbor defenses are altogether out of date and would be in little use in keeping an enemy at bay. The first thing that we would do in the event of war would be to strengthen the fortifications in the neighborhood of this city. The course of building done in the preparation for emergencies has been the great majority of the people dream of. The guns now in existence are large and powerful, and even greater ones are being constructed. It would not be prudent for Chile to attack us. She would be defeated in a very short time."

MR. EGAN'S LATE GUESTS.

What a Chilean Says About His Government's Action in regard to Refugees.

WASHINGTON, Jan. 20.—An Associated Press reporter had an interesting talk with a Chilean gentleman who stands high in the estimation of the Chilean government, with regard to the recent act of the Minister of Foreign Affairs in informing the Minister of State that the refugees now on the Yorktown would be liable to seizure if the vessel on which they were to leave for Europe should touch at any of the local ports of that country. According to the statements made by this gentleman the only inference to be drawn from the action of the Minister of Foreign Affairs is that the Chilean government really meant it when it declared that the distance is about 130 miles. While Major Raymond refused to talk on the defense of the harbor, it is known that during the last month extraordinary preparations have been made for the carrying out of the plans that have been prepared for a couple of years. At present the United States government has kept a large supply of torpedoes, but during the last few days a general distribution of these torpedoes to the various cities has been made. A number of these torpedoes have been received here and have been distributed to certain points along the Delaware river, the points being known only to the War Department. Besides this the government has two torpedoes "casemates" erected between Philadelphia and Wilmington, and in case of an emergency the material is at hand for erecting great numbers of other down the river. In these casemates will be stationed the electrician who will have control of the torpedoes and will be in contact with them and the other kind which will explode at the will of the electrician in the casemate. Besides this, the torpedoes are of the kind which are fired by the passing up of a vessel of a friendly nation the torpedoes can be so arranged that they will be done in case one of them is struck.

DYNAMITE SHELLS FOR THE VEESUVIUS.

New York, Jan. 20.—The United States dynamite cruiser Veesuvius will be ready for active service in forty days. The delay is occasioned in providing the vessel with projectiles and supplying a ship armor protection along the sides in the wake of the machinery and boilers. The Veesuvius is in commission and can proceed to sea any day. She has never heretofore been supplied with a full set of shells for her pneumatic guns. The work of providing the Veesuvius with projectiles is in charge of the Pneumatic Dynamite Gun Company, a branch of the United States Ordnance Department.

RIDICULED BY SCHLEY.

The Baltimore's Captain Dissects the Findings of the Inquiry into the Fate of the Vealero, Cal., Jan. 20.—Captain Schley, of the cruiser Baltimore, was shown to-day the report of the fiscal of Valparaiso, as published this morning. He said: "I am not at all surprised by this report. Such conclusions were rendered necessary to sustain the Chilean contentions in the case. Captain Schley then went over the report and discussed it in detail. He said that the report of the fiscal of Valparaiso and Johnson's testimony, on the ground that their stories did not agree perfectly the Captain said: "Those two men were not to be trusted. They were both drunk when they did directly to the shooting of Rignin by soldiers. The court had to find some plea other than that they were drunk. The fact that they appeared not to have known each other before the riot occurred. This was a surprise to me. It is a member of the Baltimore crew at this time. He was a sailor on an American vessel, wrecked at sea, and was on the Baltimore before, and enlisted on the Baltimore on week after the riot. As for the statement of the men dining together in an eating-room, I do not believe it. It is a fact that the two men could not eat at the same table without meeting each other. The fact that they were dining together at Rignin was killed by a rifle bullet fired by soldiers. Johnson was shot in the left arm and shoulder. The soldiers fired at only six feet distance. The bullet struck the right shoulder of Johnson, and striking Rignin in the neck, ranged downward, inflicting a mortal wound. Blood poured from the wound and covered Johnson's shirt. This shirt was shown to the court and it is a fact that it is stained with blood. The fiscal's statement that no one testified who fired the shots is false, as Johnson and Langen both testified that the soldiers fired the shots. It is a fact that the dispute as to the weapon

from which the bullet that killed Rignin was fired, Captain Schley said: "The day after the mobbing of Valparaiso perpetrated by a mob of Chileans, a man named Rignin, a pistol at a policeman, missed him, and killed Rignin. This theory was at once refuted by the Chilean government. It was found that the bullet had passed through the body of Rignin, and that the bullet was in the human body, passed through the vertebrae, shattering them, then through the shoulder blade, and after all this, left the body of the man who was shot with such velocity that the flesh was hard to torn at all. There is no pistol in existence that would fire such a wound as a great expense. The cost for the mere start would be \$2,000,000."

PHILADELPHIA, JAN. 20.—The most positive indication of a war with Chile that has yet developed in this country is that learned this afternoon that the International Navigation Company's steamship Ohio will be held at this port to be used as a transport for troops.

GUARDED BY POLICEMEN.

Cars Run at Pittsburgh with the Assistance of Officers—Strikers Arrived.

PITTSBURGH, Pa., Jan. 20.—With the assistance of fifty special officers of the Pittsburgh, Allegheny and Manchester Electric Street-car Company was successful to-day in operating their road, which has been tied up by the strike since last Friday. Twelve cars were run on the main branch, with two officers on each car. The strikers kept off the streets and no attempt was made to interfere with the new men. To avoid trouble the cars were taken off the line. Applications for situations are being received by the officials, and enough men have been secured to run twenty-five cars to-morrow. Charges of rioting were made this morning by the police against the strikers. Francis B. Vincent, district worthy foreman, George A. Galvin, W. B. Cochran and John J. McLaughlin were arrested to-night, but were released. Warrants are out for the others. Everything is being held in check, and nothing is looked for before the strike is over.

TELEGRAPHERS' TROUBLE ENDED.

KNOXVILLE, Tenn., Jan. 20.—The Order of Railway Telegraphers' trouble on the East Tennessee road has been settled. The railroad officials entered into a written agreement that no member of the order should be discriminated against on account of his membership. The order has left last night for Chattanooga to arrange for the national telegraphers' meeting, which will be held there in May.

THE STRIKE STILL ON.

YOKUM, Tex., Jan. 20.—A meeting of the federation was held here this evening, which resulted in the adoption of a resolution declaring that the strike of the San Antonio and Aransas Pass employes was still on, and telegrams to this effect were sent out signed by the Chairman of the Board of Federation.

CONSIDERED DE BRISSE'S TRANSFER.

New York, Jan. 20.—The directors of the United Theological Seminary, of this city, met the conference committee appointed by the General Assembly at Detroit in October last, to consider the transfer of the Seminary to this city. The object of the meeting was to determine what report the committee should make to the next General Assembly. The transfer of Professor Briggs from the chair of Hebrew to that of biblical theology, which was proposed, was discussed, and all information was referred to the press. The meeting began at 3 o'clock and lasted until 8:30. The evening session continued until 10:30. It is expected that Chairman Patton will read a paper on the subject of the Seminary at the meeting called for 10:30 to-morrow morning.

LOSSES BY FIRE.

MONTREAL, Jan. 20.—The store building occupied by Mills & McDonough, wholesale woolens; A. M. Fisher & Sons, importers of hats; and the store of William B. Wood, merchants, was burned to-night. The damage will amount to \$150,000 insurance.

CLEVELAND, JAN. 20.—A wing of the large vapor and gas stove factory of the Schneider & Treunkamp Company, at the corner of Broadway and Erie streets, was destroyed by fire this morning. Loss, \$10,000; covered by insurance.

INDIANAPOLIS, COMM. JAN. 20.—St. Thomas Roman Catholic Church was destroyed by fire this morning. Loss, \$80,000.

CONSPIRACY TO KILL JUDGE BOTKIN.

TOPKA, Kan., Jan. 20.—The suspicion that there was an organized conspiracy to kill Judge Botkin, attorney Pitzer, Sheriff Dunn and two or three others has been substantiated. In Haskell, Grant, Stevens and several counties there is a society, known as the "Knights of the Ku Klux Klan," which carry out the mandates of a so-called council of life and death on pain of losing his life. The police have been notified of the existence of this society, and the names of its members are being ascertained. Three men, residing in different portions of the State, who have given information to the Governor's inquest, have made accurate forecasts of events about to happen. Every effort will be made to bring the members of the society to justice.

NOTES INVEIGH AGAINST PROHIBITION.

DES MOINES, Ia., Jan. 20.—The inaugural address of the Governor of Iowa, made this afternoon, "I cannot avoid the conclusion that we legislate too much," was the first sentence of the Governor's inaugural address. He then proceeded to arraign the prohibitory laws of the State as having failed of their purpose, being disregarded by entire communities, otherwise law-abiding, and as making crimes of acts regarded as innocent by the best people of the civilized world. He insisted that the people in at least two gubernatorial elections had repudiated prohibition, and urged its immediate repeal as the duty of both parties. He recommended the passage of the Australian ballot law.

"JACK THE KISSER" COMES TO GRIEF.

New York, Jan. 20.—Peter Demuth, a thirty-two-year-old "Jack the Kissers," was sentenced to-day to the Kings county penitentiary for eighteen months on three charges for assault. Demuth answers the
