MONEY, STOCKS AND GRAIN

Features on New York 'Change Were Rare Saturday Outside of Industrials.

Bank Statement showed a gain in surplus reserve, first time in months at Indianapolis. Business remains steady.

THE BOND MARKET.

Railroad issues quiet, transactions reaching only \$483,900. At New York, Saturday, money on call was made at 2 1/2 per cent.

The total sales of stocks were 184,504 shares, including for the week: Atchafalaya, 7,700; Chicago Gas, 18,500; Erie, 2,500; Louisville & Nashville, 2,400; Missouri Pacific, 2,800; Northern Pacific, 2,610; Northern Pacific preferred, 5,600; New England, 3,100; Reading, 16,140; St. Paul, 11,500; Western Union, 4,600.

The operations in Wall street indicate that many operators who have been successful on the short side have either covered their contracts and withdrawn from the market, or have taken the long side for a turn.

The bond market was still dull, no interest whatever attaching to the dealings. The transactions were only \$483,900 in bonds; 116,118 listed and 18,888 unlisted stocks.

Government bonds were dull and steady. St. Louis bonds were entirely neglected. Closing quotations were: Four per cent, 114 1/2; 5 1/2 per cent, 115 1/2; 6 per cent, 116 1/2; 7 per cent, 117 1/2; 8 per cent, 118 1/2; 9 per cent, 119 1/2; 10 per cent, 120 1/2.

The New York weekly bank statement of the associated banks shows a decrease in deposits, increase in loans, and a decrease in assets.
