

THE LAKEWOOD SUIT.

SEE IT The Fashionable Suit of the East.

We have it in Serges, Scotch Mixtures and Wale Cloth. Examination of this will repay you.

THE RUSSIAN BLOUSE SUITS.

These we have in fancy cloth, and also fur edge, in wine, blue green and changeable serges.

All our suits are "tailor-made"—fit and finish perfect, of course. Novelties in Cloaks and Wraps. A larger display than ever. All one-piece garments. No duplicates. Your early attention to this will be to your advantage, as the garments are going fast.

L. S. AYRES & CO.

BEATS A MUSEUM.

Americans of the fair sex are inveterate "shop viewers," says London Fame, and pass away a good deal of their time in that agreeable occupation, evidently to the chagrin of a proprietor of a certain "cruel" shop in Wardour street, who has placed a large card in his window bearing this inhospitable legend:

NOTICE TO AMERICANS.

This is not a public museum. We want to give a notice to Americans and to all people, that though our store is not a museum it beats a museum clear out of sight; is much more beautiful and interesting, and we extend a hearty invitation to everybody to come see it—and all of it. The latch string is out. You will not be imperturbed to buy, and you are cordially welcome.

EASTMAN, SCHLEICHER

ART GLASS, & LEE CARPETS, DRAPERIES, WALL-PAPER. The Largest House in the State.

CHANGE OF TIME

Fairview and the Fair Grounds

Electric trains will run to Fairview from Union Station via College-avenue and Illinois-street lines, last cars leaving Union Station at 6:05 p. m. and 6:20 p. m.; and Fairview at 6:49 p. m. and 7:05 p. m. On Sunday electric trains will run over both routes to the Park. Trains to the FAIR GROUND, via College avenue, will leave Union Station at 6:20 and 11:35 a. m., and 6:35 p. m. Returning, leave the Fair Grounds at 6:50 a. m., and 12:28 a. m., and 5:28 p. m.

LIVE-STOCK COMMISSION.

Successor to Dr. Knowles—What Its Annual Report Contains. The State Sanitary and Live-stock Commission was in session yesterday in the agricultural room of the State-house, with Adams Earl, president, Mortimer Levering, of Lafayette, Samuel Bowman, of South Bend and George Hall, of Rushville, all present. The chief business was the election of a successor to Dr. M. E. Knowles, secretary, who resigned to go to Montana in the service of Marcus Daily. There were twenty-one applicants for the position. The successful contestant is Dr. C. M. Stall, of South Bend. He is a graduate of the Chicago Veterinary College. He won on the strength of the recommendations of the prominent men of the State of both parties.

The members of the board agreed upon their annual report to the Governor, to be by him transmitted to the Legislature. It shows thirty-five horses, two dogs, two horses and fifteen dogs had to be killed, all without expense to the State. At Purdue University two sheep, three dogs and three dogs were killed by a mad dog and had to be killed. In speaking of the latter instance, last night, Mr. Levering said: "A sheep suffering from hydrophobia will only lick and paw the earth, but hydrophobia is dangerous. A yearling boar was bitten, and the Purdue teachers in the Agricultural School thought they would see how long he would live. But before night they became alarmed that he would break out of his pen and do serious mischief, so they shot him. His squeals, could be heard a long distance, and he believed and shake his head as if it were a rattle. The foam would fly twenty feet. It was a frightful sight."

The total expense of the commission for the year was \$5,100, a decrease from the previous year of \$1,300. This is the minimum practicable, and much less than is paid in other States. Illinois pays \$100,000 for her live-stock commission. The board took no action in reference to the recent outbreak of Texas fever in West Indiana. It is said that the State has quarantined threatened to sue the commission, but concluded otherwise when informed of the heavy penalty for shipping Texas cattle into the State at all from May to November. The resignation of Dr. Knowles was given to accept a position with the Mercantile Agency of Helena, Mont., a noted horseman. His salary is \$5,500 per year, and a house to live in. His contract lasts for five years. It is a much better position financially than the one resigned.

PURSUED BY A STORM OF BULLETS.

North Indianapolis People Have an Exciting Chase After a Burglar.

About 8:45 last night another bold attempt was made to rob the North Indiana depot of the Big Four road. Robert Middleton, the night agent at the station, had stepped over to his home, a short distance away, after a bucket of water, and when he returned he saw a man leaving the depot platform. His suspicions were aroused and he stepped inside the building after his revolver, which had been in a desk drawer. He found the drawer open, the revolver gone and the papers in the desk strewn about in the greatest disorder as if the desk had been hurriedly searched. He ran out of the depot and called to the stranger whom he had met to halt. Instead of doing so, the stranger ran down the track. Middleton pursued him about one block and then gave up the chase and returned. He went to Hitzberger's saloon at the corner of the canal and Melan street explained the situation and borrowed a revolver. Going back down the railroad, he met the bold thief walking leisurely up the track past the depot. Middleton was taken by surprise, and did not suspect him of being the thief on account of his apparent unconcern about passing the depot. He spoke to the man, however, and said he would like to speak to him, whereupon the man drew his revolver and replied: "What the hell do you want to speak to me for?" Before Middleton was aware of what was coming the man turned and shot him in the back. As he passed Hitzberger's saloon some half dozen persons, all with revolvers, joined in the chase and the man disappeared after the man didn't stop. Middleton says he could identify the man who shot him, and he has offered a reward of \$100 to see him again and identify the man who had been loading around the suburb during the day trying to pawn some cheap jewelry.

COLUMBIAN DEMONSTRATION.

Details of the Celebration as Arranged by the Sub-Committees.

The executive committee of the Columbian demonstration yesterday met to hear reports of chairmen of sub-committees. Mr. Scott presided in the absence in New York of Chairman Brash. Gen. Carnahan, of the parade committee, reported that a number of organizations had agreed to participate, and mentioned that all the divisions of Uniformed Rank, K. of P., cautions of Patriarchs Militant, I. O. O. F., the retail clerks and others will be in line. Those organizations which contemplated going to Chicago have cancelled the engagement. General Carnahan was given power to select in selecting the line of parade, it will, however, be confined to the asphalted streets. He was also authorized to extend to organizations of other Indiana cities an invitation to be present as guests of the city.

Mr. Frazier reported that rates—one fare for the round trip—have been promised by the Pennsylvania, Big Four and L. D. & W. roads. Other roads, it was said, will do as well. A communication was received from Wallace Foster, regarding a proposed float in which twenty little girls and a dog would, symbolizing "One country, one language and one flag." The idea was regarded with favor, and it was decided that Secretary Smith should ascertain the expense.

Mr. Landers reported that Professor Rippe had promised an address of twenty-five minutes in length. The finance committee reported a plan for selling tickets to the Tomlinson Hall concert which involved the services of the school children. The executive committee thought it inexpedient, and will have the tickets put on sale in some prominent place.

General Wallace and Ben-Hur. Gen. Lew Wallace was one of the spectators last night at the Ben-Hur performance at English's. He expressed himself as highly pleased with the pantomime representation. The audience last night was a very large and fashionable one. The Light Artillery members attended in uniform, and conspicuously displayed a horse-shoe, emblematic of their good wishes for the success of the entertainment. The Governor's Guard and Colonel McKee and staff were present in full military dress.

Great Physicians Disagree.

The new well now in progress under the State-house yesterday reached a depth of sixty feet. Having passed through an apparently impervious stratum of dark clay eleven feet in thickness, engineer Cain thought the water ought to be pure. He

therefore submitted samples to Dr. Metcalf, secretary of the State Board of Health, for a test. It was found to be as objectionable as the water in the well already condemned. Mr. Cain, however, was not satisfied, and applied Monday's test himself to both waters. He says both showed the test favorably, and now he is wondering why the State Board of Health required a new well to be drilled.

COMMERCIAL CLUB DIRECTORS.

Meeting Mostly Occupied with Chrysanthemum-Show Railroad Rates. The directors of the Commercial Club yesterday approved the report of the committee on membership, which recommended the admission of five new members. A balance of \$2,850 was reported in the treasury. A communication was received from the managers of the chrysanthemum show asking the assistance of the club in securing a one-fare-for-the-round-trip rate at the annual chrysanthemum exhibit next month. The letter further suggested that the wholesale and leading retail merchants are not showing the interest in the affair that its importance deserves. It was pointed out that the public interest in the show has shown a yearly increase, and is every year attracting a larger crowd into the city. The discussion brought out that the committee on city interests succeeded last year in making arrangements for a rate, but did not receive it, owing to a blunder of the secretary of the Central Traffic Association, who named the wrong date in his notices. The letter and a request were again referred to the committee on city interests. The directors then adjourned.

THEY HAD PLENTY LIKE HIM.

Sample of the "War Veterans" of the Democrats Mustered at Shelbyville. On the day of the Shelbyville barbecue the Journal called attention to a scheme to swell the number in line as Democratic ex-Union veterans. The day developed many confirmations of the charge that men who had never heard a cannon's sound were to be rigged up in Grand Army blouses, etc., and were to march with the few Democratic veterans who really saw service, and did good work in the great war to save the nation. In speaking of this subject with a Journal reporter, G. E. Newsum, commander of Post No. 235, G. A. R., Department of Indiana, said:

"Gaston Peeters, of Decatur township, Marion county, was in line at Shelbyville as an old soldier, wearing a blue blouse. He was only was not in the service during the late war, but on the contrary was allied with the butternuts and sympathizers with the lost cause. He trained with the Knights of the Golden Circle. I consider him a disgrace to any cause, and especially so to the G. A. R. No member of my post went to Shelbyville on the 28th and I deem it proper to so state publicly."

Before the Cadi. Judge Bushirk felt impelled to decide against the constitutionality of the known thief ordinance, but also felt impelled to "soak" Al Kerr, whose attorney sprang the constitutional question. He was fined \$100 and costs and sentenced to thirty days in the work-house on the charge of loitering, which was preferred against him at the same time he was slated as a known thief. He was also fined \$50 for contempt of court. W. H. McNeal and Abe McPeak, arrested with Kerr, were discharged. Emmett Wilson, a loiterer, was also fined \$100 and costs and went to the work-house in default of payment.

George Elliott was before the Cadi charged with assault and battery upon his wife. The Cadi imposed a fine of \$100 and imprisonment in the work-house for 150 days and then condoned the offense by releasing Elliott on the commitment.

Brotherhood of Blacksmiths. The International Brotherhood of Blacksmiths was in session all day yesterday in the assembly-room at English's Hotel. Strictly routine business, which is secret, was considered at the meeting. In the evening the delegates came together in the assembly-room and passed a good portion of the evening in social conversation and singing favorite songs. The session to-day will begin at 8 o'clock in the same place.

Marrow Wanted Bond. An effort was made late yesterday afternoon to secure a bond for the release of S. L. Marrow, the attorney held on a charge of criminal assault, but the bond was not perfected, and Marrow was not released. It is probable that a suitable bond will be presented to-day.

Thanks. To those dealers who are advertising Dunlap Hats, but we wish to say that the genuine Dunlap Hat is found only at Seaton's Hat Store, 27 N. Penn. street.

Natural Gas Fixtures. We have the best assortment Brass and Wrought Steel Fixtures, Radiators, Gas Logs, etc. in the city. Also, the best of Heating, Ranges, Kettles, Roger Cutlery, Builders' Hardware. Agent for, and dynamite and best-shot sporting powder. Call and see us at our place.
