

A DESK COMPANY RECEIVER

Horace McKay Appointed for the Emerson-Moore Concern by Judge Brown.

Assets Placed at \$50,000 with Liabilities Below This Amount—Appointment Hastened by Indianapolis National Suspension.

The firm of Miller, Winter & Elam, as attorneys for Joseph W. Laut and wife, yesterday morning filed suit in the Circuit Court for the appointment of a receiver for the Emerson-Moore Desk Company.

While the failure was probably hastened by the suspension of the Indianapolis National Bank, it is primarily due to the general stringency of the money market.

The first installment of interest on a note to the plaintiffs for \$10,000 was due on the 11th inst., but the company was able at the time to pay only \$500 of the amount.

The complaint was taken before Judge Brown and Horace McKay was appointed receiver and his bond fixed at \$30,000, which was perfected later in the day.

Controller Woolen yesterday decided to issue \$35,000 in bonds for the entertainment of the G. A. R. National Encampment in September, under an act of the last Legislature.

He does not think the city should pay for the entire entertainment, and he will wait until the subscription lists are cleared before he issues any more bonds for this purpose. He also intends to give the people of Indianapolis an opportunity to show their patriotism in this matter.

Mr. Woolen has estimated that the tax duplicates will amount to \$100,000,000, and the law authorizes a tax levy of 4 1/2 cents in two years. The money to be realized on these bonds will be subject to the order of the controller, and he will turn over all sums to the committee of seven, of which John W. Murphy is chairman.
