LATER All the available troops and volunteers were called out, this evening, to battle with the rioters in the Chickpea district. The troops charged and fired upon the mob, killing eight and wounding about one hundred. Two hundred rioters were taken prisoners. The hindoo milk workers, who are well armed, continue to attack houses where for the most part the hospitals are filled with wounded natives.

RIOTING IN CHICAGO.

Wife of the Cowboy Evangelist Assaulted by Toughs During a Street Meeting.

CHICAGO, Aug. 12.—Mrs. Emma Rice, wife of the cowboy evangelist, Justin Rice, made an attempt to-night to hold services on West Madison street. The crowd which gathered did not take kindly to her preaching and the service ended in a riot, in which Mrs. Rice narrowly escaped serious injury at the hands of a mob. Showers of musketeers and rotten eggs having failed to quench the ardor of her preaching, a rush was made by the crowd upon Mrs. Rice and her adherents. She was knocked from the chair upon which she was standing, and while in a dead faint was trampled upon by the surging mob. The police arrived in time to save her from serious injury, and possibly her life. Mrs. Rice has had trouble with the roughs of Chicago on several occasions, but never before so serious as that of to-night. She had opened services on a corner near a tough grocery on Peoria street. The roughs gathered about and were ridiculing the services with hoots and yells. A soldier with a load of musketeers came up at this juncture. A rush was made for his weapon by the crowd and soon several well directed musket balls nearly broke up the meeting before it was well over. A soldier of fortune followed, but Mrs. Rice stuck to her post and finally finished her address, and asked that the collection be taken. While this was being done the roughs were making a noise, and no sooner was it finished and the money handed to the preacher than some one in the crowd shouted: "We want to see a collection." The roughs then made a rush upon the place where Mrs. Rice was standing, and she was trampled upon by the crowd. She was taken to her home on Ontario street, near Dearborn avenue, in a cab, where she was attended by the disinterested conclusion of her attempt to evangelize Peoria street, near Madison.

Health Officer Jenkins Now Has Eighteen Cholera Patients.

Bacteriological Examination Shows that All Have the True Asiatic Plague—Cholera Cabiagrams Suppressed at Naples.

THE CASES INCREASING.

Swinburne Island Last Night Showed Eighteen Cholera Patients. There are now twenty-one in the hospital. The following bulletin: "At 1 o'clock of day, Guiseppe Adamo, aged forty-five, was transferred to the Swinburne island hospital. The census of the hospital, to-night, shows: Cholera patients, fourteen; convalescing one; suspects, three; total, eighteen. All the patients in the hospital are improving, and I think all will recover with the exception of three cases, Francisco Caiola, Paolo Mariano, Genio Corias. The bacteriological examinations have, in all cases, confirmed the diagnosis of cholera. The following cable, mailed to Paris and sent from there, was received to-night from my representative in Naples: "Cholera cables for New York frequently conducted by Italian governments. There are eighteen cases and seven deaths to-day. New life in surrounding provinces. "At midnight Frank Mola, aged twenty-seven, and Mariano Riberati, aged twenty-three, died of cholera at the Swinburne island hospital. Their remains were incinerated this morning. Before noon to-day the following suspects were removed to Swinburne island for observation and treatment: Francesco Cervoni, aged thirty-four; Francesco Giola, aged thirty-four; Paolo Mariani, aged twenty-seven; Aniello Gato, aged thirty; Gioacchino Bandino, aged thirty; Leonardo Darraco, aged eleven; Tricco Dodolo, aged sixteen. "The general Wyman has been notified that the steam disinfecting plant at New York is in order for use, and that all the baggage of the Massalia was subjected to its destroying rays yesterday before being landed. Barrels are also in readiness to transport passengers from any detained ship to Camp Low, at Sandy Hook, in case it be necessary to open it for the reception of persons exposed to infectious diseases en route to the United States.

The Plague in Europe.

ROME, Aug. 12.—The official cholera report for Naples says that seven new cases and eight deaths have been recorded in the twenty-four hours ending at noon to-day. An outbreak of cholera is reported in the province of Campobasso, south of the province of Naples. "BRUNSWICK, Aug. 12.—Fourteen new cases of cholera and six deaths were reported in Brablow to-day. In 1900 twenty-four new cases and eleven deaths were reported in Brablow to-day.

LONDON, Aug. 12.—Another death from cholera was certified to at Grimby on Friday.

HAS THE BLACK DEATH.

Assistant Surgeon Branham Down with Yellow Fever in Georgia. WASHINGTON, Aug. 12.—The startling news comes by telegraph from Brunswick, Ga., to Surgeon-general Wyman, of the Marine Hospital service, that yellow fever has appeared in that city and that its first victim is the man who was sent there to guard against the scourge. All information concerning the matter known to Dr. Wyman is contained in the following telegrams received by him to-night from Brunswick: "Surgeon Branham, detailed to enforce quarantine regulations at this port, is very ill in the city. He has yellow fever. Please advise me. I am posted a little on these domestic matters. "After Theodore Thomas, What? Chicago Journal. "By letting Theodore Thomas resign the managers of the exposition have yielded to the demands of a man who has no right to make the heavy expense of his department the excuse for venting the spite of a Chicago music firm against him. In doing so they have done a wrong which is the best expression of the ethical art of music because it did not pay. Mr. Thomas warned them at the start that the money he would receive would not be paid, but they would not be satisfied with anything below the high ideals of the more material arts of the fair.

For Theodore Thomas and his well-known perfect orchestra what do they propose to substitute? Brass bands and "Tara-tara" bands, which are the lowest of the low, or less like the draperies of to-day. Skirts have varied in width, but there have always been skirts; sleeves have been enormous, but they have always been sleeves; some sort of draperies over the arms. Bodies have been tight or loose, but there have always been bodies.

On the other hand, fashions have changed in marked degree from time to time. Caesar's wife, for instance, would not feel so hopelessly out of place in a modern drawing room as he would himself. Queen Elizabeth would have much more in common with her sisters of 1823 than her doublet and cloaked knight, and the women of the present day would be half so ridiculous in a company of nineteenth-century damsels as her trusty John Alden among nineteenth-century youths.

Why Be Married. "I thought you said that Yellow was a marrying man!" "But he was married the other day."

"Well, you see he has a passion for buying up bargains when he sees them advertised in the newspapers, and I almost broke his heart to see so many great bargains in women's apparel for which he had no use, being a bachelor. But it suddenly occurred to him that he could use himself of these cheap sales if he had a wife, so he went off and got married."

Too Much for Him. Washington Star. "And do you mean to say," exclaimed Farmer Boggs, as he gazed at the trolley which had just been used for traveling purposes? "Yes."

"Human beings go that way!" "Good-bye."

"Where are you going?" "Back home, I'm getting' used to the fact that he can't be used if I'm ready to be used by telegraph."

The World's Championship in Bicycle Riding Again Falls to "Zim."

Nancy Hanks Falls to Reduce Her Record, Making the Mile in 2:05 1/4—Other Trotting Events, Races and Ball Games.

ZIMMERMAN STILL CHAMPION. He Wins the International Mile Cycling Race by a Foot.

CHICAGO, Aug. 12.—Laurence S. Meintges, the South African wheelman, surprised the cyclists in the closing race of the big L. A. W. meet to-day. With seven others he started for the world's championship at one hundred kilometers, and but two of the eight finished. The others dropped out during the early miles, being unable to hold the pace set for them by the cracks who were admitted as pacemakers. Besides capturing the long-distance international honors, the African broke all American records for twenty-six to sixty miles, and the world's record for fifty miles. The latter was held by Jules Du Bois, of France. Meintges covered the ground to-day in 2:10:45. Hyslop, of Canada, and Lyman, Linnemann, F. Paol, Con Baker and Clark started also, but Meintges beat them nearly four miles. The mile in the international events for the Saltonstall trophy was: America, 2; South Africa, 5. The trophy goes to the L. A. W.

The afternoon sport was witnessed by fully 8,000, who enjoyed the events. J. P. Bliss, the little Chicagoan, distinguished himself by winning the mile handicap from the fifty-yard mark in 2:13:15 through a brilliant spurt at the finish. He also won the mile invitation, pushing Tyler down the stretch at an extraordinarily fast pace. A hundred yards from the finish Tyler lost his saddle and Bliss won, but gave first place to the Easterner, Zimmerman qualified for the open mile, and was started in the quarter-mile open and the mile international, which he won with ease, thereby securing the title of the world champion. Zimmerman was twenty-two feet behind Bliss, Kinsley, as the world champion, and was twenty-five feet behind Zimmerman and Johnson moved up together and the former won the quarter-mile open by his muscles. Githen won the two-thirds-mile handicap from the fifty-five-yard mark in 1:26:15 and Tyler took the open at the same distance in 1:24:35.

One Mile Handicap. Final—J. P. Bliss, Chicago (50 yards) first, Time, 2:13:15. H. A. Githen, Chicago, (80 yards) second, 2:14:30. W. A. Rhodes, Chicago, (100 yards) third, 2:15:45. C. W. Taylor, Buffalo, (60 yards) fifth, H. D. Tyler, Chicago, (40 yards) sixth, A. L. Lundstedt, Chicago, (40 yards) seventh, C. T. Nelson, Chicago, (60 yards) eighth, E. A. Nelson (60 yards) not placed.

Quarter-mile Handicap. Final—A. Zimmerman, New York, first, Time, 35:25. G. F. Taylor, Waltham, second; G. L. Gary, Boston, and P. Grosh, Passaic, third; A. T. Krohn, New York, fourth.

Two-thirds Mile Handicap. Final—H. A. Githen, Chicago, (sixty-five yards), first, Time, 1:26:15. C. Baker, Columbus, (fifty-five yards) second; T. Bryson, New York, (100 yards) third; W. L. Swendeman, Helena, Mont., fourth.

One Mile International Championship. Final—J. P. Bliss, Chicago, first, Time, 2:13:15. H. A. Githen, Chicago, second; W. A. Rhodes, Chicago, third; W. A. Rhodes, Chicago, fourth; W. A. Rhodes, Chicago, fifth; W. A. Rhodes, Chicago, sixth; W. A. Rhodes, Chicago, seventh; W. A. Rhodes, Chicago, eighth.

St. Louis Bicycle Races. The Indianapolis Journal. "Today's cash prize league races were poorly attended. The sport was very good but the arrangements were poor. Kleger and Derritz kicked over the decision of the judges and announced that they would leave the league.

First Race—One mile novice; purse, \$55. W. F. Hennam, Elgin, Ill., won; Jack Spring, Omaha, Neb., second, Time, 2:58.

Second Race—One mile, scratch; purse, \$50. H. Wheeler, New York, won; A. B. Rich, New York, second; C. E. Clug, Jersey City, third; C. W. Price, Milwaukee, fourth, Time, 2:28.

Our half-mile handicap; purse, \$100. Henry Kenosky (40 yards), Milwaukee, first; C. W. Price (25 yards), Milwaukee, second; F. Steinel (50 yards), Milwaukee, third; W. W. Ashinger, New York (65 yards), fourth, Time, 1:12.

Fourth Race—Three mile handicap; purse, \$100. H. C. Wheeler (scratch) first; H. C. Wheeler (70 yards), second; C. W. Ashinger (300 yards), third; J. S. Starbuck (70 yards), fourth, Time, 8:00:35.

NANCY COULDN'T MAKE IT. The Queen of the Turf Falls to Lower Her Record at Mystic Park. BOSTON, Mass., Aug. 12.—This was a day of sandwich racing at Mystic, but the chief competitor, and the one most successful, was time. The star attraction was Nancy Hanks, who, it was promised, would easily surpass her record of 2:04, and though there were few of the many thousands present who had hope of such contingency they went to see the queen's first appearance here on the turf. A special race for \$500 was on the card, and after a heat had been disposed of, the chestnut horse Sea King was sent an exhibition mile, doing the quarter in 37, half in 1:14, three-quarters in 1:50 and the circuit in 2:25. Nancy Hanks was given a warming-up mile with a running mate, and Hood McCreary was sent another exhibition in 2:25. The judges, in judging Nancy Hanks and her famous handler, Budd Doble, to the spectators, announced that the two were the most promising figures in the turf world. She was started out from the distance stand, and as Doble came down, nodded for the word. Past the stand she went, feet as a bird, and there were many "O's" as the watch announced 32 1/4 at the quarter, and the runner tugging at her heels. She improved in her speed the next two quarters in 1:35, and in the third the three-quarters in 1:55. Inside the distance she seemed to slacken so that Doble put on the lash, and it was 2:04 1/4 when she went past the wire. The driver and horse were loudly cheered. Summaries of special races: Special trot; purse, \$500.

Races at Monmouth. MONMOUTH PARK, N. J., Aug. 12.—There was a good card to-day, but the sport was interfered with to some extent by a heavy shower. After Banquet's withdrawal from the first race the talent plunged on Vestibule. He was never in the hunt, however, and finished a bad last. The third race resulted in a royal duel between St. Leonards and Charlton. Tural, after battling for a furlong, landed the favorite a winner by a scant head. Sabine was third, give lengths back. The August stakes came fourth. The storm prevented the race from being

HAS THE BLACK DEATH. Assistant Surgeon Branham Down with Yellow Fever in Georgia.

WASHINGTON, Aug. 12.—The startling news comes by telegraph from Brunswick, Ga., to Surgeon-general Wyman, of the Marine Hospital service, that yellow fever has appeared in that city and that its first victim is the man who was sent there to guard against the scourge. All information concerning the matter known to Dr. Wyman is contained in the following telegrams received by him to-night from Brunswick: "Surgeon Branham, detailed to enforce quarantine regulations at this port, is very ill in the city. He has yellow fever. Please advise me. I am posted a little on these domestic matters. "After Theodore Thomas, What? Chicago Journal. "By letting Theodore Thomas resign the managers of the exposition have yielded to the demands of a man who has no right to make the heavy expense of his department the excuse for venting the spite of a Chicago music firm against him. In doing so they have done a wrong which is the best expression of the ethical art of music because it did not pay. Mr. Thomas warned them at the start that the money he would receive would not be paid, but they would not be satisfied with anything below the high ideals of the more material arts of the fair.

For Theodore Thomas and his well-known perfect orchestra what do they propose to substitute? Brass bands and "Tara-tara" bands, which are the lowest of the low, or less like the draperies of to-day. Skirts have varied in width, but there have always been skirts; sleeves have been enormous, but they have always been sleeves; some sort of draperies over the arms. Bodies have been tight or loose, but there have always been bodies.

On the other hand, fashions have changed in marked degree from time to time. Caesar's wife, for instance, would not feel so hopelessly out of place in a modern drawing room as he would himself. Queen Elizabeth would have much more in common with her sisters of 1823 than her doublet and cloaked knight, and the women of the present day would be half so ridiculous in a company of nineteenth-century damsels as her trusty John Alden among nineteenth-century youths.

Why Be Married. "I thought you said that Yellow was a marrying man!" "But he was married the other day."

"Well, you see he has a passion for buying up bargains when he sees them advertised in the newspapers, and I almost broke his heart to see so many great bargains in women's apparel for which he had no use, being a bachelor. But it suddenly occurred to him that he could use himself of these cheap sales if he had a wife, so he went off and got married."

Too Much for Him. Washington Star. "And do you mean to say," exclaimed Farmer Boggs, as he gazed at the trolley which had just been used for traveling purposes? "Yes."

"Human beings go that way!" "Good-bye."

"Where are you going?" "Back home, I'm getting' used to the fact that he can't be used if I'm ready to be used by telegraph."

TELEGRAPHIC BRIEVITIES. General Weiser, commander of the G. A. R. left Sacramento, Cal., Friday night for Boston.

The Boston assessors estimate that Boston's population to-day is about 560,000. The census returns of 1890 gave the city a population of only 446,567.
