

Headed to the eastward for about five minutes, when the propeller was fired from Commodore Morgan's flag ship May. The Valkyrie came around about this time and stood to the eastward until she found a position under the Vigilant's lee quarter. Both boats then headed to the line. The Valkyrie was very well to leeward, knowing that they had ample time to reach the line before the starting gun should be fired. Out even with the Vigilant, the Vigilant came close on to the May's side before the signal to start was given. The American boat kept just a bit in order to prevent her own impetus. She succeeded in doing this, and it was only forty seconds after the starting gun was fired that she got over the line, which was drawn between the May and the Sandy Hook light ship.

LOWER WAGES ASKED

Glass Men at Marion Say the Outlook Is Very Dark for Them.

Oscar Darnall's Victim Dying - Bold Hebrew Swindler at Lebanon - Baptist Ministers Adjourn.

Special to the Indianapolis Journal. MARION, Ind., Oct. 5.-R. Hezany, of the Hartford City glass works, which employs over five hundred operatives, speaking about the attitude of the glass makers on the tariff question, says: "I have not heard a manufacturer say that he was in favor of reducing the duty on glass. On the contrary, I hear many express themselves as being strongly opposed to any tinkering with the duty on glass. When would the price of glass go if the duty should be lessened? It would be so low that we could not afford to manufacture it, or, if we did, it would have to be with wages a great deal lower than we have ever had for, or would ask for now. The outlook for the glass industry is of the darkest at present, and anything that tends to make it more uncertain will certainly be of great harm. We meet here today as Indiana manufacturers, feeling that we could not stand even the scale granted by the manufacturers. We must have lower wages."

Labor Trouble Brewing at Muncie. Special to the Indianapolis Journal. MUNCIE, Ind., Oct. 5.-The Indiana iron works, at Muncie, will be nonunionized. The mill employees nearly six hundred men. The men claim that if the mill be nonunionized and they be forced out of their places serious trouble will result. The grounds recently were enclosed in a high iron fence, and on top of that an electric current was run. The first report that a trainload of colored laborers are coming. Six big iron industries in Muncie are idle, and it is believed that what one does the others will do.

DARNALL-MAJORS TRAGEDY. Little Hope that the Girl Will Survive. Verdict of the Coroner.

Special to the Indianapolis Journal. CRAWFORDSVILLE, Oct. 6.-Word was received from Jamestown this afternoon that Miss Major, who had been shot by her lover, had recovered sufficiently to tell her parents all the particulars of the case. The ball is lodged in the base of her tongue, and prevents her swallowing. There is but little hope of her recovery. A lynching was only prevented by the suicide of the young man who committed the deed. The Journal's Danville correspondent reports that Coroner C. W. Willis, who investigated the suicide of Oscar Darnall, at Jamestown, has made return of his verdict, which is that the deceased came to his death by his own hand. In an interview in which he thinks Darnall had become unbalanced mentally from excessive smoking. The stories of handkerchiefs being found on which chloroform had been used are untrue.

A Large Enterprise. Marion Chronicle.

By far the most important and extensive manufacturing plant in Grant county, and probably the one last known-is the tin-plate works at Gas City. The buildings already cover several acres of ground, and are of the most substantial character, and the beginning is only made. There will be twenty mills in all-each independent of the others-requiring a capital of \$1,200,000. Fifty-two acres of ground are reserved for workshops and 2,100 workmen, most of them skilled, will be employed. It is a stupendous industrial enterprise, owned and operated by a company from Watertown, N. Y. The plant is equipped to manufacture tin from crude material. All the castings for frames and foundations are manufactured on the ground. In the first few days of the single casting was turned out that weighed sixteen tons. The great engines and heavy machinery rest upon foundations of concrete, which reach down to the ground a score of feet. At present only iron sheets are tinned, but within a short time the sheet iron will be manufactured on the ground.

A Jew Swindler at Lebanon. Special to the Indianapolis Journal.

LEBANON, Ind., Oct. 5.-A venerable-looking old Hebrew, with silvery hair, having only one good eye, arrived in town recently and registered at the Perkins Hotel as L. Purcell, Plainfield, N. J. His business was to purchase several carloads of cows for his dairy up East. He formed the acquaintance of I. T. Davis, a liverman, and an extensive shipper of horses to the Newark, N. J. market. To him the Jew stated his business, described to perfection, and then he had the horse. Davis had sent East a year ago, saying he had purchased them of the commission man. Davis furnished a rig and man to take the horse to the market. He received hundreds of cows, making in some instances small cash advances. The other night he found himself without funds and asked a loan of \$100. Davis gave him the money, and now the Hebrew is gone and Davis offers \$20 for information leading to his capture. He left nothing at the hotel but his hat and an empty grip. The farmers, mud-begrimed, drove their cows in as per agreement, but after learning the truth, drove them back again.

Terre Haute Police Nab a Forger. Special to the Indianapolis Journal.

TERRE HAUTE, Ind., Oct. 5.-The Terre Haute officers have arrested a man, who gave the name of Robert Jones, for attempting to pass a forged check on a clothing house. The check was for \$130, and was on the American Exchange National Bank of Chicago, signed by the Holbrook Lumber Company. Checks and notes of face value of \$5,000 were found on the prisoner. Three on the Chicago bank are marked with the bank stamp "accepted." One of these was mailed to Inspector John Shea, at Chicago, by a day telegram. The American Exchange National Bank pronounces check a forgery. Acceptance stamp bears no resemblance to the genuine of the bank. From documents found on the prisoner, it is thought his right name is B. F. Piestel.

Important Decision on Delinquent-Taxes. Special to the Indianapolis Journal.

LAFAYETTE, Ind., Oct. 5.-In the Superior Court this morning, Judge Everett made a decision that was of great importance to this county, and one that will be read with interest over the State. The question involved was whether a person holding a county warrant or order and owing the county taxes, he could, by mandamus, compel the treasurer to pay him the full amount of his order. The judge decided that the treasurer was authorized to deduct the amount of delinquent taxes from the holder of a warrant. The law would do a great wrong, he said, to permit a man to draw money from a fund which was already depleted by reason of his individual failure to pay the sum of taxes due from him.

Died with His Boots On. Special to the Indianapolis Journal.

VINCENNES, Ind., Oct. 4.-Thomas Boyer was run over by an O. & M. switch engine, this evening and instantly killed. Boyer was sitting on the end of a tie, and was probably asleep. He had been drinking. The deceased was a desperate character, who shot down in cold blood a stranger in this city about fifteen years ago. He was sentenced to the penitentiary for life for the crime, but two years ago he was pardoned. He came from a respectable French family.

Three New Small Coxes. Special to the Indianapolis Journal.

MUNCIE, Ind., Oct. 5.-Three new cases of smallpox were reported to-day. Another hospital will be opened to-morrow and more Sisters of Charity from Chicago will arrive here Monday to assist in the nursing.

ing. The new cases are all on the South Side. There was much rejoicing here to-day when it was learned that Governor Matthews had defeated the bill to amend the constitution. There is still much feeling against the unpopular citizens who tried to persuade the Governor to take no action in the matter, and a slight stir is being made to make public their names.

Woodhill-Donnell Nuptials. Special to the Indianapolis Journal.

GREENSBURG, Ind., Oct. 5.-The society event of the season here was the wedding of William Woodhill, of the firm of Woodhill & Myers, and Miss Libbie Donnell, daughter of Seth Donnell, last evening, at the residence of the bride's father, Rev. Harry Rice, of Kingston, officiating. The bride is prominent in musical circles. After the ceremony Mr. and Mrs. Woodhill left for a Southern trip.

Nice Law Point Declared. Special to the Indianapolis Journal.

PORTLAND, Ind., Oct. 5.-Cassius White was acquitted yesterday of the charge of larceny. Three years ago White purchased a drove of cattle from Adeline Lupton, worth \$1,000, giving a property note which provided that the cattle should remain the property of Lupton until paid for. White ever had cattle for, or would ask for now. The court held that it was not larceny.

Fatal Mishap at Delphi. Special to the Indianapolis Journal.

DELPHI, Ind., Oct. 5.-Three weeks ago Henry Bierman, one of the workmen employed on the abutment of the bridge now in process of construction across the Wabash, fell and sustained painful injuries. He went to work again yesterday and last evening fell from the abutment. His injuries are now probably fatal.

Gypsy Murderer Indicted. Special to the Indianapolis Journal.

LEBANON, Ind., Oct. 5.-The grand jury indictment against Dudley Hedge, a gypsy, for manslaughter, was returned to-day. In a quarrel recently Hedge struck Daniel Gaddis, of Whitesport, a blow on the head with a neck yoke, from the effects of which he died. Hedge has been lodged in jail.

Baptist Ministers Adjourn. Special to the Indianapolis Journal.

COLUMBUS, Ind., Oct. 5.-The fifty-sixth annual meeting of the Baptist ministers of the State closed four days' meetings here to-day. At the morning session Prof. S. H. Hoffman gave a report of the prohibition work of the society accomplished during the year. Professor Stimpert, of the Indiana Wesleyan University, of the society, made an earnest appeal for recruits. Rev. Pavy submitted a report on the work of the Public School Society. Rev. Dwight, of Spencer, submitted the annual report of the Home Missionary Society. The report of the Home Missionary Society was read by Rev. P. O. Duncan, Mrs. Jeffries, of Indianapolis, then came forward and presented a report on the work of the Home Missionary Society. Mrs. Jeffries of Indianapolis spoke of the work among colored people. The report of the Home Missionary Society was read by Rev. P. O. Duncan, Mrs. Jeffries, of Indianapolis, then came forward and presented a report on the work of the Home Missionary Society.

Indiana Notes. Township Trustee Voland, at Elwood, paid out \$100 to the poor of that city during September.

The Muncie Wheel Company was notified yesterday that it had been awarded first prize at the world's fair.

John Barton, farmer near Rigdon, Madison county, believes he has struck silver in a gravel pit on his place.

The twenty-fourth annual State convention of the Young Men's Christian Association of Indiana, will be held at Marion, Nov. 2 to 5.

B. Price, a Marion clothier, made an assignment yesterday, the first failure in that town since the beginning of the business depression.

The Carroll county fair, to have been held this week at Camden, is declared off. There were not enough entries to justify opening the gates.

The remains of Peter Lenon, who died at Toledo, N. Y., were buried here yesterday for burial, the funeral being in the presence of the Cherokee Tribe, I. O. R. M., Noblesville, of which he was a member.

RIOT AND BLOODSHED. (Continued from First Page.)

has charge of the deputies for the Big Four, is a constable in Justice of the Peace Hall at Rosalia, Province of Smolensk, who burned last night. The fire was discovered shortly after 10 o'clock by a noncommissioned officer. Before all the men could be aroused the flames had spread through the room, and in a few minutes a hundred men ran out in their night clothes. Of sixty who were driven to the roof and obliged to jump for their lives, only a few were killed or injured so severely that they will die. Twenty men and five noncommissioned officers were overcome in the halls or rooms of the barracks, and were taken to a hospital. Many other soldiers are missing, but it has been impossible as yet to learn whether their bodies are in the ruins or they are buried in injured and are being cared for by friends in the town. The fire is believed to have been set by a member of the regiment, as it spread more rapidly than any fire that is possible under ordinary circumstances.

ROW IN A CHURCH CONGRESS. The Erratic "Father Ignatius" Creates an Uproar.

LONDON, Oct. 5.-The Rev. Joseph Leyscey-Lyne, who is called "Father Ignatius," precipitated a great row in the church congress in Birmingham to-day. The trouble was started when the Rev. Charles Gore arose to speak. Father Ignatius, who was dressed in the garb of a monk, jumped to his feet and protested against the conference hearing Mr. Gore, as he was a false teacher. A lively scene ensued, and the indignation of the delegates against Father Ignatius's remark. It was some time before Father Ignatius could be induced to allow Mr. Gore to proceed, and when Mr. Gore was discussing the subject of science and faith, there were renewed scenes of confusion, many members making strenuous efforts to be heard. The Bishop of Worcester finally obtained the floor, and said that the meeting could not listen to the attacks of one churchman upon another. At this Father Ignatius became greatly excited and declared that the Bishop had uttered a falsehood. Then there was another uproar, and many of those present demanded that Father Ignatius be silenced.

GENERAL WEATHER BULLETIN. Forecast for To-day.

WASHINGTON, Oct. 5.-For Indiana and Illinois-Showers; cooler; brisk and high southerly, shifting to westerly winds. For Ohio-Fair, followed by showers; warmer during the day; cooler Friday night; southerly winds, increasing in force.

Local Weather Report. INDIANAPOLIS, Oct. 5.

Time, Bar., Ther., W. H. Wind, Weather, Prec. 7 A.M. 30.00 52 75 S.E. Clear, 0.00 7 P.M. 29.84 63 59 S.E. Clear, 0.00 Maximum temperature, 72; minimum temperature, 49. The following is a comparative statement of the temperature and precipitation for Oct. 5, 1893:

Temp. Prec. Normal..... 58 0.10 Actual..... 63 0.00 Departure from normal..... +5 -0.10 Excess or deficiency since Oct. 1..... +12 -1.81 Excess or deficiency since Oct. 1..... +12 -1.81

"Plus." C. F. R. WAPPENHANS, Local Forecast Official, United States Weather Bureau.

Obituary. BALTIMORE, Oct. 5.-James Black Groome, ex-United States Senator and ex-Governor of Maryland, died last night of Bright's disease. Mr. Groome was born in 1828, admitted to the bar in 1852, served as Governor from 1857 to 1860, and was elected to the United States Senate in 1879. He served till 1885.

DEWITT, Tex., Oct. 5.-Hon. S. A. Robinson died last night of Bright's disease. He was chief of the United States Secret Service Department during the war, a delegate to the first convention that nominated Lincoln for President and twice Mayor of Kankakee, Ill.

World's Fair Admissions. CHICAGO, Oct. 5.-Paid admissions to the fair to-day were 179,905.

BISMARCK'S ILLNESS

Renewal of Rumors that the Prince Is in a Serious Condition.

One Report Says He Has Suffered a Stroke of Paralysis, While Another Says He Is Better.

BERLIN, Oct. 5.-Dr. Schweninger, Prince Bismarck's physician, is in this city arranging for a special train through to convey Prince Bismarck from Kissingen to Friedrichsruhe on Saturday.

The Lande Zeitung says that Prince Bismarck is slowly but steadily sinking, and that it is improbable that he will ever leave Kissingen alive.

The Vossische Zeitung abstains from publishing the worst news about Prince Bismarck, simply expressing the hope that his iron constitution will enable him to overcome the renewed illness.

The Berlin Tageblatt demands that official bulletins be published regarding Prince Bismarck's illness. It calls to task those responsible for the silence of the Nation's interest in Bismarck's condition.

A dispatch received from Kissingen this evening says that Prince Bismarck is decidedly better.

The London Telegraph's Berlin correspondent says that Prince Bismarck has suffered a stroke of paralysis.

ANNEXATION OR NOTHING. The Hawaiian Government Does Not Want a Compromise.

HONOLULU, Sept. 26, by steamer to San Francisco, Oct. 4.-Among the events happening recently were a grand ball given by citizens of Honolulu to officers of the cruiser Boston and the surrender of eleven lepers on the island of Kauai.

News which people here expected from the United States regarding annexation has not arrived, and there is a feeling of disappointment. From private interviews with members of the Hawaiian government it is clear that a determination has been reached in the Cabinet council to insist upon the original terms of the proclamation of last January, which demanded, without compromise, annexation to the United States. Minister W. O. Smith and J. A. King have advised this is the final conclusion of the government.

Eleven lepers, two of whom were doctors from Kalaia valley, surrendered to a native party on the island of Kauai, on Sept. 21. They were found asleep in a hut in a secluded valley in Kauai, near the place where the leper murderer, Koolan, is still held by the government, and were sent lepers to Molokai in a few days. These are virtually the last of the lepers at large in Hawaii.

The cruiser Boston sailed to-day for San Francisco. She was accompanied to sea by a pilot tug. Several members of the government and a large number of citizens were on board. The Hawaiian band played American airs. The cruiser Philadelphia is now here.

Blount's Recommendations. WASHINGTON, Oct. 5.-"The nature of Mr. Blount's recommendations regarding the annexation question," says a morning paper, "is to the effect that no action should be taken by the United States to annex the island or establish a protectorate over it, without the consent of the natives. The report recommends that all questions involved in annexation and establishment of a protectorate should be submitted to all interested parties, and that upon their decision rests the future policy of the United States respecting the Hawaiian islands. If Mr. Blount's recommendations are adopted, it practically means that the Queen will be restored to power, as she is said to be popular among the natives, each of whom is to be equal to that of a foreigner, and it will mean, further, the complete ascendancy of Mr. Claus Spreckels, the sugar king."

MANY SOLDIERS KILLED. Some by Jumping and Others by Suffocation in a Burning Barracks.

LONDON, Oct. 5.-A dispatch from St. Petersburg says: The infantry barracks at Rosalia, Province of Smolensk, were burned last night. The fire was discovered shortly after 10 o'clock by a noncommissioned officer. Before all the men could be aroused the flames had spread through the room, and in a few minutes a hundred men ran out in their night clothes. Of sixty who were driven to the roof and obliged to jump for their lives, only a few were killed or injured so severely that they will die. Twenty men and five noncommissioned officers were overcome in the halls or rooms of the barracks, and were taken to a hospital. Many other soldiers are missing, but it has been impossible as yet to learn whether their bodies are in the ruins or they are buried in injured and are being cared for by friends in the town. The fire is believed to have been set by a member of the regiment, as it spread more rapidly than any fire that is possible under ordinary circumstances.

CITY NEWS NOTES. Marriage licenses were issued yesterday to James M. Love and Olivia Ray, John Brethaupt and Emma Fogel, Edward Thrift and Josie Rainey, John F. Craig and Jennette A. Corbett, Alexander Newhouse and Myrtle L. Huntley.

Richard Colter, who was reported to be fatally ill with paralysis of the brain, has passed the crisis, and his physicians now say that he will recover if the attack is not repeated. He is still very low, but a steady improvement has begun.

Articles of incorporation filed with the Secretary of State yesterday were as follows: Central Cycle Manufacturing Company, Indianapolis, capital stock, \$10,000; Rookingham Mica and Mining Company, of Allen county, capital stock, \$15,000.

Warrants were yesterday drawn on the State treasury for the sum of \$1,784.10, to amount goes to the Reform School for Girls for September maintenance. The Central Hospital for the insane drew for maintenance, \$23,092.21; for clothing, \$1,053.37; for repairs, \$1,403.38.

New Kitchen Garden. The new kindergarten and kitchen garden building, on Margaret street, is completed, and the ladies are very anxious to begin the work in all the departments. This they cannot do for want of furniture. Following is a list of the articles needed for the kitchen garden: One bedstead, mattress, springs, quilt, sheets, pillow cases, small washstand, bureau, a set of cooking utensils for the kitchen, knives, forks, spoons, a dozen napkins, two small extension tables, two tables for parlor, a few chairs, two coats for the creche, with bedding. Clothing is also very much needed. Any person having such articles to donate may send them or a postal card to Mrs. J. H. Baldwin, No. 355 North Pennsylvania street, or to Mrs. John B. Elam, 300 Park avenue.

League of the Sacred Heart. The Apostleship of Prayer, or League of the Sacred Heart, will hold a very interesting meeting this evening. The distinguished Jesuit Father Van der Eerden will deliver the sermon. The Catholics of the other parishes are invited to attend.

On a Mysterious Mission. Chief Deitz, of the Cincinnati police department, was in Indianapolis yesterday on a quiet piece of business which he ungratefully kept from the department here. The Cincinnati chief did not even do our own superintendent the courtesy of calling, but instead carefully excluded himself from those who knew him and dined at a restaurant. His business here is unknown, but it is said to have been of an important nature.

Women's Sanitary Society. The regular monthly public meeting of the Women's Sanitary Society was held yesterday afternoon at the Propyleum. There was a small attendance and a very brief session. The members have decided to continue some branches of their work during the winter, and to that end will appoint a committee to serve in the several departments. Some of the subjects for the committee are: "Doctors and Tobacco," "Spitting in Public Places," "Street Sweepings," "Littering from Edifices into the Street."

SPURNED WITH SCORN

Carpenters' Council Denounces a Sullivan Campaign Trick.

Organized Labor Called Upon to Rebuke the Vile Attempt of Gruelle, Loebenberg and Others.

The Carpenters' District Council, last night, put an effective quietus upon a scheme by which the Democratic committee has been endeavoring to gain favor with organized labor. Several well-known labor agitators have been employed by the Democratic committee to call meetings of laboring men and address them, on behalf of Democracy, as a committee from the forces of organized labor. The Carpenters' District Council is a strictly nonpartisan organization, composed of members of all the political parties, and, as an organization, favors no candidate. It objects to having three or four men in the employ of one party speak as the representatives from organized labor without authority from organized labor to do so. It most strenuously objects to the effort to drag organized labor into the political mire.

The following resolutions, adopted by the District Council, are self-explanatory: Whereas, It has come to our knowledge that certain parties, viz., T. M. Gruelle, A. E. Loebenberg, John F. White, Steve Boye and Mr. Loebenberg, have been endeavoring to secure various portions of the city, and representing themselves to be a labor committee; and whereas, these gentlemen are trying to use their influence to induce organized labor to believe that they have the sanction of organized labor to hold the foregoing meetings; and whereas, these meetings are held in the interest of partisan politics; therefore, Be it resolved, That we, the officers and members of the Marion County Carpenters' District Council, do hereby condemn the action of the aforesaid T. M. Gruelle, A. E. Loebenberg, John F. White, Steve Boye and Mr. Loebenberg, in trying to bring partisan politics into the ranks of organized labor; and Be it further resolved, That their action in calling said meetings are unauthorized by any central body in the city of Indianapolis; and Be it further resolved, That we called upon organized labor of this city, regardless of party, to hold the meetings, and the gentlemen aforesaid gentlemen in their vile attempt to use the name of organized labor in the advancement of any political party.

This document bears the seal of the Carpenters' District Council, and is indorsed on the back as follows: The Council of the Marion County Carpenters' District Council, Indianapolis, Oct. 5, 1893.—The within resolution was unanimously adopted by the aforesaid council, and their regular meeting this evening. HARRY ROBERTS, Secretary.

GRAND TO-NIGHT

AMUSEMENTS. GRAND TO-NIGHT. And Saturday matinee and evening. MR. ROLAND REED. In an entirely new characterization in the comedy, "Lend Me Your Wife."
