BIG GAIN AT CLEVELAND

New York Republican Ticket Elected by 35,000 Plurality.

Judge Maynard Slaughtered Throughout the State and Beaten by 39,700 Votes.

PENNSYLVANIA OVER 130,000

An Old-Time Republican Majority Given by the Keystone State.

Judge Gary Successful at Chicago - Latest from Iowa, Virginia, Kansas and Other States.

PHILADELPHIA'S MAJORITY

Philadelphia's Majority. PHILADELPHIA, Nov. 8. - The Republicans had everything their own way in this city, and carried their ticket by a big vote, the county candidates being elected by pluralities averaging 52,000.

RESULT AT CHICAGO

Gary and other Republicans Elected by Good Pluralities. CHICAGO, Nov. 8. - The revision, to-day, of the election returns shows that the Republicans elected their entire judicial ticket, with the possible exception of Kraft, with Judge Gary in the lead. Kraft was identified, to some extent, in the socialist movement. The Republicans showed general gains throughout the city and county over the presidential vote of last year and, in addition, Gary, who presided at the Haymarket Anarchists' trial, and who was opposed by Governor Altgeld's influence, received many Democratic votes, putting him considerably ahead of his ticket. In the fight for county commissions the result is somewhat in doubt, and it may require the official count to decide which party is in the lead. It is apparent, however, that the Board of Commissioners will be a mixed one, as men on both tickets seem to have been elected. Gary's plurality is estimated at 8,000, although enthusiastic Republicans place it as high as 15,000, with the remainder of the Republican ticket probably from 2,000 to 4,000 behind Gary's lead.

COLORADO RETURNS

Democrats Almost Wiped Out - Woman Suffrage Carried. DENVER, Col., Nov. 8. - Yesterday's election in Colorado was for county officials only, and a comparison with last year's State election, when the Populists defeated the Republicans, the party then in power, is rather unsatisfactory. Besides this, the Republicans' Democratic and Populists were this year split into many different combinations, there being eleven tickets in this county, the other counties also having numerous combinations. Up to the time of the State and presidential election of 1892 the Republicans maintained an average majority of 13,000 over the Democrats. At that time the Populists carried the State by 15,000 plurality. The Democrats fell far behind, because of Cleveland's known antagonism to the party, and polled but 9,900 votes. They have not recovered any followers since, but, instead, have been steadily losing ground, and the Democratic party, relieved of all combinations, received not over five hundred votes in the State yesterday. The Republicans this year carried Arapahoe county, which includes this city, by from 1,000 to 2,500, notwithstanding there was considerable scattering done. They also carried by proportional pluralities, the following counties: Lincoln, Pueblo, Cheyenne, Gilpin, Washington, Conejos, Phillips, Lake, El Paso, Jefferson, Huerfano and a number of less important counties. The Populists carried Boulder, Clear Creek, Kit Carson, Park, Delta, Dolores, Summit, Fremont, Montrose, Mesa, San Juan, Garfield and Chaffee by pluralities. In last year's election the Democrats and Republicans fused in Hinsdale and elected most of their ticket. In Ouray there was only one ticket (Populist) in the field. In Morgan county the offices are divided between the Populists and Republicans, and the same is true in Rio Grande. San Miguel elected an independent People's party ticket over the straight Populist ticket. Arcuate elected most of their ticket. Woman suffrage has been carried in the State by about three thousand majority.

HAMILTON COUNTY'S VOTE

CINCINNATI, Nov. 8. - Following is the complete official vote of Hamilton county on Governor: Total vote cast, 74,840; McKinley, Rep., 42,290; Neal, Dem., 31,590; Macklin, Prohib., 431; Braeken, Pop., 729. McKinley's plurality, 10,699; McKinley's majority, 3,740.

REPUBLICAN GAIN IN 11,934

CLEVELAND, O., Nov. 8. - Complete returns from this (Cuyahoga) county show that McKinley received 2,629 more votes than were cast for Harrison last fall, while Neal received 3,235 less than Cleveland got in 1892. This makes a Republican gain of 11,934. McKinley's plurality in the county is 9,028. The Populists cast 2,459, a gain of 1,433.

ELWOOD'S OFFERING TO MCKINLEY

Special to the Indianapolis Journal. ELWOOD, Ind., Nov. 8. - The Republicans of this city send as an offering to Governor McKinley a mammoth tin horn twelve feet long and bearing the following inscription: "Blessed is he who blows his own horn." This horn is made from American tin plate manufactured here, and is the offering of Elwood Republicans to the acknowledged champion of protection. The horn was made by a Republican tinner, who donated his work, and was sent by express.

BEATEN 89,700 VOTES

Judge Maynard Ran Nearly 45,000 Behind His Ticket. NEW YORK, Nov. 8. - Latest returns from all parts of the State show the Republican victory is fully as great as the most enthusiastic of the party's leaders have claimed. Bartlett's majority for Judge of the Court of Appeals, over Maynard, is, in round figures, 89,700. General Palmer's majority for Secretary of State is 45,000. Of the sixty counties Maynard secures a majority in only seven, namely, Albany, Chemung, Greene, New York, Rensselaer, Schoharie and Seneca. He carried New York by about 32,000, Bartlett's largest majorities are in Kings, 20,000; Erie, (President Cleveland's old home), 11,500; Monroe, 8,000, and Chautauque, 6,000. The smallest majority is in Schenectady, 253. Meyer, the Democratic candidate for Secretary of State, carries twelve counties, five more than Maynard. The counties which he carries, and which go against Maynard, are: Queens (Meyer's home), Richmond, Rockland, Schenectady and Westchester. Meyer's majority in New York county is more than double that of Maynard, namely, 64,975. In Kings his vote is 9,000 more than Maynard's. The total majorities for Judge of the Court of Appeals and Secretary of State are as follows: Bartlett, 135,000; Maynard, 45,800; Palmer, 109,000; Meyer, 74,000.

DEMOCRATS HAVE 20,000 RE-PUBLICAN GAINS REPORTED

BALTIMORE, Nov. 8. - The Democrats have carried this State by 20,000 plurality. They also elect sixty-eight of the ninety-one members of the House of Delegates, and twenty out of twenty-six Senators. The Republicans gained heavily in western and southern Maryland. In this city the Democrats elected eighteen of twenty-two first branch councilmen, and eight of ten in the second branch. Mayor Latrobe, Dem., ran behind his ticket.

MARYLAND'S VOTE

DEMOCRATS WILL HAVE 105 MEMBERS IN THE KENTUCKY LEGISLATURE. LOUISVILLE, Nov. 8. - There is no way of making a comparison of the vote in

vention there will be 105 Republicans to 70 Democrats. Erie county repudiated leader Sheehan by a plurality of 5,500.

This afternoon, Governor Flower, upon being interviewed, said: "The Senate is Republican by four majority and the State is lost. The Republicans have carried the Assembly. I don't care to talk of the matter."

130,000 MAJORITY

Pennsylvania Still the Banner Republican State. PHILADELPHIA, Nov. 8. - At midnight, with full returns from almost every county in the State, it looks as though the Republican majority on the State ticket would not be less than 130,000. The official vote in almost every instance far exceeded the estimates of the most sanguine Republicans.

Allegheny county, for instance, has been down on the Republican column for 20,000 majority. It gives over 27,000; Armstrong, which was estimated at 1,700, gives 2,000; Beaver, estimated at 1,500, gives 1,723; Blair, estimated at 2,300, gives 3,106; Delaware, estimated at 3,300, gives 3,800; Westmoreland, estimated at 800, gives 2,500; Huntingdon, estimated at 1,300, gives 1,200; Mercer, estimated at 500, gives 2,013. Center county, which had been conceded to the Democrats by 700, only gave them 11 majority. As the probable majority in the State, as computed from the previous estimates, was 108,218, the large increase in official majorities leaves but little doubt that it will ultimately reach 130,000 or more.

The city is in a blaze of enthusiasm, the streets are full of paraders with brass bands, drum corps and campaign uniforms, who are cheering themselves hoarse with delight.

PHILADELPHIA'S MAJORITY

Philadelphia's Majority. PHILADELPHIA, Nov. 8. - The Republicans had everything their own way in this city, and carried their ticket by a big vote, the county candidates being elected by pluralities averaging 52,000.

REPUBLICAN GAINS IN SALT LAKE, OGDEN AND ELSEWHERE

SALT LAKE CITY, U. T., Nov. 8. - Election returns from all over the Territory indicate a secure majority for the Republicans on the average. This city elects two Liberals and one Democrat to the legislative council. The Democrats probably have five of that body and the Republicans five. The Liberals elect six members of the lower house in this city. The indications are that the other eighteen will be pretty evenly divided between the Republicans and Democrats. In this city a coalition of Republicans and Democrats elect the municipal ticket, except treasurer and ten of the Council. The Liberals elect five. Ogden was carried by the Republicans on both the municipal and legislative tickets.

CLAIMS OF KANSAS

Both Republicans and Populists Say They Have Made Gains. TOPEKA, Kan., Nov. 8. - As only county officers and district judges were elected in Kansas this year it will be impossible for several days to make comparisons showing party gains and losses. The returns indicate that the Populists have lost ground, but they claim that when the rural districts are heard from the figures will show that they have at least held their own. The Republicans have probably elected seven judges, the Populists five and the Democrats one. The Republicans claim to have secured most of the offices in at least seventy-five of the 105 counties in the State, and to have elected nine of the thirteen judges.

Frank L. Brown, secretary of the Kansas Republican League, says from a careful examination of the reports received at his office he is convinced the Republicans have carried eighty counties and made a relative gain over last year. He thinks the Populists will show a gain over 1891, on account of the demoralized condition of the Democratic party. Chairman Brudenial, of the People's party State committee, claims his party will show heavy relative gains over 1891.

NEW JERSEY

The Race-Track Gamblers Routed Throughout the State. NEW YORK, Nov. 8. - Latest returns from the New Jersey election only serve to increase the majority of the anti-race-track men and emphasize the defeat of the ring which has so long dominated the State. Nine Democratic State Senators held over and so do four Republicans. The new State Senate stands: Republicans, 11; Democrats, 10. In the State Assembly the Republicans or anti-race-track men have 39 and the Democrats 21. There is a clear working majority against the winter race tracks in both branches of the Legislature. The most signal victory for the reform party is the election of Col. John J. Toffey as sheriff of Hudson county by a majority so great that the race-track candidate, Edward R. Stanton, seems not to have been in the fight at all.

IOWA'S LANDSLIDE

Republicans Claim a Plurality of 40,000 for Governor. DES MOINES, Ia., Nov. 8. - Jackson's friends, late this afternoon, claim his majority to be 40,000. It is the most stupendous Republican landslide in the history of the State. General Weaver explains it by saying the result is a rebuke to the administration of Cleveland for abandoning its promise to reform the tariff. Then Weaver says the Democrats of the Northwest have always been pledged to silver, and the administration completed the annihilation of the white metal, hence the rebuke. Another thing Weaver lays Botes' defeat to the straddle on silver. The Legislature will be overwhelmingly Republican. Republicans are now claiming seventy Representatives out of one hundred.

The complete returns from Black Hawk county, Governor Botes's home county, give Jackson 3,114, Botes 2,332. A net Republican gain of 568 over the vote of 1891.

NEBRASKA IN DOUBT

OMAHA, Neb., Nov. 8. - The result in Nebraska is still in doubt. Returns are still very meager. Douglas county gives Harrison, for Supreme Judge, about 4,000 plurality over Holcomb, Pop. The Republicans claim at least 6,000 plurality in the county, and the falling off here will probably defeat Harrison. Slaughter, of the Republican State central committee, still claims Harrison's election by a very small plurality.

ALL REPUBLICANS ELECTED

ST. PAUL, Minn., Nov. 8. - Complete figures, or anything approaching them, are not obtainable yet from South Dakota, but enough is known to assure the Republicans of victory all along the line. The new Supreme Court judges are Republicans.

GREENHALL'S PLURALITY

BOSTON, Nov. 8. - Returns received today indicate that Greenhall's plurality will be 32,353.

WABASH COLLEGE'S GOOD FORTUNE

Special to the Indianapolis Journal. CRAWFORDSVILLE, Ind., Nov. 8. - Wabash College has secured the title to 640 acres of land in Iroquois county, Illinois, that had been left to the college by the will of Jacob Harmon. After his death the will was contested by a nephew, who claimed that his uncle had given him the land before his death. The college won in the United States Circuit Court and also in the United States Circuit Court of Appeals. The land is valuable, and the College income will be handsomely increased thereby.

TRAIN ROLLS DOWN AN EMBANKMENT

Special to the Indianapolis Journal. BRAZIL, Ind., Nov. 8. - A wreck occurred on the Chicago & Indiana Coal road this morning, near Coal Bluff, several miles north of here. A switch engine drawing ten cars of coal jumped the track and rolled down an embankment with the engine and the engine and several of the cars were badly wrecked. The employees escaped by jumping.

ONE-SIDED ELECTION

DEMOCRATS WILL HAVE 105 MEMBERS IN THE KENTUCKY LEGISLATURE. LOUISVILLE, Nov. 8. - There is no way of making a comparison of the vote in

Kentucky this year with that of preceding elections, as no State officer was voted for. The Democrats have gained probably ten legislators, but this is partly due to the redistricting of the State by the last Legislature. It is certain that the aggregate vote of the counties will be much smaller than the election two years ago. In some counties the votes cast Tuesday were not more than one-half the usual number. This loss comes mainly from the Democratic side. The Populists have been practically wiped out. The Democrats will have at least 105 members of the Legislature out of a total of 128.

DETRIT'S GOOD WORK

Whole Republican Municipal Ticket Elected - A Democratic Congressman. DETROIT, Nov. 8. - Complete returns from yesterday's election show that the entire Republican municipal ticket has been successful. Pingree is elected Mayor for the third time by a plurality of 5,700, and the remainder of the ticket is carried by pluralities ranging from 1,000 to 4,500. The Democrats made a net gain of three in the board of Aldermen, but the Republicans will still have a large majority.

Levi T. Griffin, Dem., is elected to fill the vacancy caused by the death of Congressman Chipman, of the First district, by a plurality of 1,700.

HOW DEMOCRATS AT WASHINGTON ACCOUNT FOR THE LANDSLIDE

Effort to Belittle the Republican Victory by Ignoring the Real Causes That Brought It About.

GOVERNOR MCKINLEY TALKS

He Attributes His Success to His Protection Speeches.

AND THE FREE-TRADE UTTERANCES OF HIS OPPONENT - VIEWS OF EX-GOVERNOR CAMPBELL - PRESS COMMENT.

WASHINGTON, Nov. 8. - No expressions of opinion on the elections of yesterday were to be had from members of the administration to-day. The President stayed out at Woodley, presumably to work on his message. His intention is to spend several days of each week in the country engaged in this work. Secretary Herbert was at the department but a short time this morning, and Secretary Gresham declined to express an opinion on the results of yesterday's voting. Attorney-general Olney was asked for an expression, but he also declined to say anything on the subject. It would have been the same, he explained, had the result been different. The Attorney-general left Washington this afternoon for New York to be absent for a day or two.

The prominent Democratic leaders at the Capitol are peculiarly reluctant to assign any particular cause for the Republican landslide and Democratic defeat. Chairman Sayers, of the appropriations committee, seemed cheerful despite the discouraging news that kept piling in with later dispatches, and said, with a laugh: "The principal reason seems to be that we did not get enough votes. There may have been some other particular and incidental reasons, but they all merged into this in the grand result. We did not get enough votes, and that is all there is to say about it. The committee on appropriations did not cause it, anyhow. We can prove an alibi."

Chairman Wilson, of the ways and means committee, seemed anxious to get the very latest news from the several States. He said: "I am mighty glad it came now instead of later in the administration. The election in Virginia shows that the Populist uprising has not gathered any headway. As soon as Democratic measures can be taken to restore prosperity to the country, everything will be all right again."

Ex-Senator Mahone, of Virginia, said that he regarded the result as an acknowledgment on the part of the people that they had made a mistake in putting Mr. Cleveland in the White House.

Ex-Representative Cable, of Illinois, said: "As to the general causes the business depression is perhaps the most potent. The public seems to blame these conditions upon the party in power. I hold that the administration and the Democratic party are not responsible for this. The business conditions grew out of pernicacious legislation enacted by the Republican party. It was the Democracy's legacy and not its acts."

HE FORGETS PENSION SUSPENSIONS. Judge Lochren, Commissioner of Pensions, in speaking on the results of the elections, said: "It is the natural result of the hard times. The unthinking people have charged the financial troubles to the policy in power."

First Assistant Postmaster General Frank Jones said: "The Democratic party will toe the scratch next time. Blows of this character cannot phase it. A knockdown with the Democracy only acts as a tonic. The result is due to local causes. The result in Ohio is the one of most importance. It brings McKinley once more in popular view as a political success and raises his prospects as a chunk of presidential timber."

Representative Burroughs, of Michigan, said that the general result of yesterday's elections indicated that the laboring people of the country were undoubtedly opposed to free trade as advocated by the Democratic party. In Ohio, he said, the issue was squarely on the tariff, and the enormous victory showed how strong public sentiment was on that subject.

Representative McMillin, of Tennessee, was one of those Democrats who had not expected an overwhelming victory for his party yesterday. He said that he was as well posted on the subject looked for victory in Ohio, Massachusetts and Iowa. "The result, he believes, was not due to tariff agitation, for no one knew what the changes in the tariff would be."

Hon. William R. Morrison, of the Interstate-commerce Commission, said that in the forty-five years he had been voting the Democratic ticket such reverses had happened to him, and he was not to be discouraged by such a result as yesterday. "Next year will be a Democratic year," said Mr. Morrison.

The chief surprise of the Democrats here arises, not from the fact that they were defeated, but that the defeat was so general in all doubtful States and the Republican majority so overwhelming. A grain of comfort is accorded them in the defeat of the Populists in Virginia and the election of O'Ferrall to the governorship, but the blows have been so crushing in the States of New York, Massachusetts, New Jersey, Ohio and Iowa that even the success in Virginia is hardly paraded as a triumph. Expressions from nearly all the prominent Democratic leaders at the Capitol, as indicated in these dispatches several days ago, showed that the Democrats were prepared for defeat in those States where the free coinage element is strong and the disappointment over the passage of the repeal bill is intense, but it was hardly expected that in the "iron mountain" States of New York, Massachusetts, New Jersey, Ohio and Iowa that even the success in Virginia is hardly paraded as a triumph. IN IOWA AND OHIO. In the State of Ohio alone was the tariff question the prominent theme of discussion. McKinley and Neal so emphatically representing the declarations of their parties in this respect. But here, too, the Democrats are routed by the same inexorable Republican majority. In Iowa, the defeat of Botes is important, not that it means a Republican Governor in that State and a Republican United States Senator
