Berlin Workmen Assaulted Without Warrant by Police.

Meeting That Had Been Sanctioned Dispersed Under Peculiar and Suspicious Circumstances.

(Copyright, 1934, by the Associated Press.) BERLIN, Jan. 20.—A comparatively insignificant riot near Friedrichshagen, on Thursday morning, has been magnified, owing to the brutality of the police; into an important event which probably has brought up in the Reichstag and led to a very bitter debate. The Socialists and even the better class of workmen are greatly excited at the apparently cruel manner in which a meeting at 1 1/2 p.m. was dispersed by the police who, moreover, are accused of perjury in the case said to have been employed in order to convert what was originally a legal into an illegal meeting. According to the law, people intending to hold a public meeting must notify the police of such intention at least twenty-four hours and the police are to be notified of the assembly of the persons called together. If this is carried out, and the police conclude to allow the meeting to be held, the organizer of the meeting receives a written acknowledgment of this fact from the police. This acknowledgment or receipt must be shown to the police officer detailed to watch the meeting, otherwise the meeting is not allowed to be held.

In the present case Rodrian, an Architect metal worker, sent the proper notification to the police, saying that a meeting of unemployed workmen was to be held at the place indicated, and received in return the official notification that the police had decided that the meeting was to be held. But, while en route to the meeting, Rodrian was arrested by a policeman, with the receipt in his pocket, and taken to the police department before he could communicate with his friends. As a result, the receipt could not be shown to the police officer detailed to watch the proceedings at the meeting, and the meeting was dispersed. It is said, but to order the meeting to be held, on the ground that it was illegal, no receipt of the police was shown to be held had been presented to him.

BERLIN SOCIETY GOSSIP.

Doings of the Emperor and Empress

BERLIN, Jan. 20.—The Berlin social season has been especially gay this year owing to its shortness. Every evening has seen two or three social festivities. The Japanese Prince, Komatsu, has been the society lion during the past week. Emperor Wilhelm has devoted the evening to a cross of the Red Eagle and entertained him with dinner at the palace tonight.

RIO DE JANEIRO, Jan. 20.—President Peixoto, of Brazil, through his Minister of Foreign Affairs, authorized the Associated Press to make the following announcement of the condition of affairs at Rio de Janeiro and concerning the prospects of the revolution:

"The revolt seems to be drawing to a close. The rebels here number less than 800 men, and only the Aquidauana is able to pass the forts at the entrance of the bay. There is no possibility of the rebels capturing Rio de Janeiro or Niteroy, as every hill is fortified. The regular troops are still in their barracks, the situation not having been such as to call on them for their services. All the fighting has been done by the National Guards, who have displayed great bravery. Almost daily they are called on to fight their heavy guns and the rebel ships have been the lower portion of the city with their flagging and retreating people in the streets with wailing and wailing and with no possible gain.

The Dynamite Gun Useless.

NEW YORK, Jan. 20.—The steamer New York, which arrived today from Southampton, has on board thirteen of the American crew of the Niteroy and one corporal, Lieutenant Conway and eighteen others were left behind at Southampton and will probably come by the Enns of the North German-Lloyd line next week. The seamen were willing to talk of their experiences on the trip to Pernambuco. Besides Captain Baker and Lieutenant Conway, they say, there was no officer on the cruiser who commanded the expedition. Chief Officer Hill was incompetent and too fond of whisky. The crew were expected to be landed unless after two or three dummy projectiles had been fired by the dynamite gun. The dynamite gun was of the type used in the pressure connections were of daily occurrence, and in one instance it was necessary to shift the coal in the bunkers to get a leak in the pipes. The crew was obliged to live in cramped and filthy quarters on shore. There was trouble about wages, the crew stating that they had received \$25 advance money before leaving New York and nothing since.

CATHOLIC AFFAIRS.

Bishop Spalding Discusses Satolli and Other Matters.

ROME, Jan. 20.—A representative of the press has had interviews with Bishop Spalding, of Peoria, Ill., who recently arrived here, and who has had an interview with the Pope. Speaking in regard to the reports again circulated in the newspapers of Rome that Mr. Satolli would shortly be called from the United States, Bishop Spalding repeated that he had heard absolutely nothing either at the Vatican or elsewhere to give the slightest color to these reports. "That Mr. Satolli will not be recalled from the United States," continued the Bishop, "is certain, as is also his elevation to the cardinalate long ago. It is well known that the Pope has expressed his sympathy with the manner in which Mr. Satolli has directed himself of the mission entrusted to him, and I have no reason to suppose that his Holiness has any desire to recall him."

Explorer Wissmann Badly Treated.

BERLIN, Jan. 20.—According to the latest news received here, Baron Wissmann has been badly treated by the anti-slavery committee and has determined to surrender the commission of the East Africa expedition to the service entirely. It appears that when, after months of fatigue and labor in the interior of Africa, Wissmann returned to the coast, he was informed that the anti-slavery committee refused to pay the expenses of the expedition. He was told that the committee was so small that it could not afford to pay the expenses of the expedition. As Large as Water of Indiana Need Clothes

Will Have First Call for Supplying Their Wants.

It takes a lot of nerve and pluck for a store, no matter how large, to institute such a sale as we are now holding. Business was in a somnambulist condition—sleepy, drowsy—so to speak. This is a condition of affairs which every successful firm should constantly seek to avert. We knew that there was plenty of money left in the country, and the question was how to place a large amount of it on the right side of our balance sheet. No ordinary means could accomplish this result, so we did something extraordinary. We determined to lose money in order to make it. People need clothes at all times. We are making them buy now, and of us. WE ARE SELLING EVERY MAN'S, YOUTH'S AND BOY'S SUIT AND OVERCOAT in our house for

LESS THAN MANUFACTURERS' COST

By doing this we are drawing immense trade and rapidly closing out our winter stock. That's how we figure we are making money. We intend to push this thing for all there is in it. We are going to continue to sell clothing at a loss so long as it draws the crowds.

—READ FOR YOURSELF WHAT WE ARE DOING—

- Men's Suits. All \$10 and some \$12 Suits.....\$7.39 Some \$15 and most \$12 Suits.....\$8.39 Many \$20 and \$18 and most \$15 Suits.....\$10.39 All \$22 and most \$20 Suits.....\$12.98 Any Suit above that price, \$30, \$28 and \$25, including finest Clay Prince Albert Coats and Vests.....\$14.98 Any Corkscrew Prince Albert Coat and Vest, worth \$22, \$20, \$18 and \$15.....\$9.75 50 per cent.
- Men's Pants. Any Pants in stock, \$10, \$9, \$8 and \$6.....\$4.98 Any Pants worth \$4.....\$2.98 Any Pants worth \$3.....\$2.19 Many Pants worth \$2.50.....\$1.90 Many Pants worth \$2.....\$1.39 All Overcoats and Ulsters reduced from 25 to 50 per cent.

The closing out sale in our Shoe Department has been remarkably successful. If we keep up the rate of business we are doing now, our Shoe Department will soon be a thing of the past. It takes a long time to clean out a big shoe stock, and we still have sizes on hand to fit nearly everybody, and we are offering all our fine

In our Furnishing Department we allow a 20 per cent. discount on all winter underwear.

If you have read the above prices, the solution of the problem of how we are doing such an immense business while others are at a standstill will be apparent to you. All our prices are marked in plain figures, both the original and the selling price being plainly visible. Our dealings with you are all open and above board. We never indulge in the petty tricks which characterize many houses to this day, and which should be a relic of past ages. This is what has made such a success of

GENERAL GRANT AT SHILOH.

A Woman Refutes the Slanderous Charge that He Was Intoxicated.

Rev. E. E. Hoess in Northwestern Christian Advocate.

It will not be news to the intelligent readers of the Northwestern to say that the enemies of General Grant have charged him with being intoxicated during the great battle of Shiloh, and for some days before that terrific event. Fortunately for his memory, it is possible to refute the ill-considered and unbecomingly untrue charge.

Chivalry did not die out with the crusades; and among the men and officers who faced each other on a thousand fields from Manassas to Appomattox, there were as true and lofty knights as ever took a vow or drew a lance.

Linoleum for Kitchen Walls.

New York Commercial Advertiser.

An authority on such matters recommends that quality of linoleum to be used as a dado for the walls in a kitchen. It should be glued close to the wall, and may be finished at the top with a plain molding. It may then be oiled or varnished, or left in its natural condition, as preferred. It is in every way to be preferred to a dado of wood, which is liable to crack and have worms in which worms may lodge. The dado of linoleum is as easily washed as a dado of tiling and is even more durable, while it is good cheaper. The natural wood color in which this material comes is a dark, rich, mahogany color for a wall painted a pale blue. Linoleum is nothing more than the blown pulp of a tree, which is made into a very pretty dado for a wall painted a pale blue.
