

LAFAYETTE SHOPS

Gen. Mang, McDoel, of the Monon, Will Sign the Papers To-Day. Last Week's Freight Record Shows a Heavy Falling Off in Tonnage Over the Preceding Week.

To-day General Manager McDoel, of the Monon, goes to Lafayette, and under instructions of President Thomas he will sign the contract for the erection of the Monon shops and other building in that city. The township in which Lafayette is situated voted \$130,000 to a local company for the purpose of aiding the Monon to build its main shops there, and the tax is now being collected. The conditions are that the Monon shall expend not less than \$300,000, one-third of which sum the township of Fairfield is to pay. The railway company, for its own protection, has stipulated that citizens of Lafayette shall guarantee the payment of \$100,000. The contract binds the citizens to arrange with one or more of the banks of this city to honor the drafts of the Monon company, during 1894, to the extent of \$63,000, and to provide for the payment of the remaining \$37,000 in 1895. The money to be expended is estimated made by the Monon company and approved by the citizens' representatives as the work progresses. Lafayette has for many years steadily endeavored to secure the location of these shops, since before a tax was levied for the purpose, and the money raised, but the city and county Council ordered the money paid back to the property owners. It now looks as if the long-dreamed-of location is at hand.

Falling Off in Freight Traffic. The train records show that 1,635 fewer loaded cars were received and forwarded at Indianapolis in the week ending March 31 than in the week preceding and the falling off in business was about equally divided between through and local traffic. The Indianapolis division of the Pennsylvania lines forwarded east last week 314 fewer loaded cars than in the week ending March 24, and with all lines the east-bound movement was much lighter than in the week preceding. The shipment of flour and cereal products, lumber and live stock were up to the average for the month of March, but the shipments of grain showed a marked decrease, which was something of a surprise, as it had been known for two weeks that the east-bound rates were to be advanced to tariff to-day, and while corn was not included in the advance, other articles were, and a heavier movement of such freights had been looked for, this showing a decline in the business of the week preceding, largely on account of the winter-like weather of four days of the week, which checked shipments of such commodities in a large measure. The fall in local traffic is but temporary. In-bound shipments of material for brick, broken stone, cement, etc., are increasing, and the large amount of impracticable roads are hauling harvesting machinery the roads are hauling is a surprise, freight agents saying that the volume compares favorably with other years. Below is given the number of cars received and forwarded at this point for the week ending March 31, and for the corresponding week of two preceding years:

Table with 3 columns: Name of Road, 1894, 1893, 1892. Rows include N. A. & C. Air-line, L. E. & W., C. H. & D. (Ind'pls div.), L. E. & W., Penn. & M. & L., Penn.-Chicago div., Penn.-Columbus, P. & E.-East div., P. & E.-West div., Big Four-Chicago, Big Four-Cincinnati div., Big Four-St. Louis div., Vandallia, Total, Empty cars, Total movement.

The Model Road of the Country. A railroad not identified with the Vandallia Railway Company on Saturday said: There is hardly a road in the United States which I have not traveled over, and I look upon the Vandallia as being the model road of the country. I always feel perfectly at home when I take passage on one of their trains. I came over the road to-day on the company's fastest train, and the coaches rolled over the track without the least jar, and in the train reached every station on time, and I have never seen any other train, and I have rode on many of them, which reached a terminal late. Not only is their track smooth, but their equipment is always clean and in good order, and their train men are without exception the most gentlemanly employees I meet on any of the roads. I can hear one of the employees speak unkindly of a superior officer or of a fellow workman. The business of their highest official, William R. McKee, seems to reach down through the whole list of employees, and the general manager, Williams, is surprising railroad men in his ability in his present position. While very precise and inclined to make every man earn the money he is to receive, he is reasonable and disposed to treat the men in a manner to command their respect. This is evident in the case of the road, and it has been reducing wages the Vandallia has made no move in that direction."

Coal Premium System. To-day, for the first time, the coal premium system among Pennsylvania employees will go into effect. By it engineers and firemen are allowed a share of the profit on all the coal saved on their runs, and other employees who handle coal are given like chances. The system was introduced at Richmond will be governed by this arrangement.

Traffle Notes. The Indianapolis & Vincennes handled at Indianapolis last week 364 cars, 28 more loaded cars than in the corresponding week of 1893. The Lake Erie & Western handled at Indianapolis, last week, 536 loaded cars and of this number 89 were forwarded, being the largest outward movement of loaded cars in many months. The Pennsylvania lines, last week, in their loaded car movement, dropped considerably below the number received and forwarded at Indianapolis in the week ending March 24, handling 313 fewer loaded cars, and 364 less than in the corresponding week.

The Vandallia handled at this point, last week, 37 more loaded cars than in the corresponding week of 1893, but fell 123 loaded cars below the number received and forwarded at Indianapolis in the week ending March 24. The empty car movement is not as large as for some time past. Last week but 36 empty cars were sent over the Vandallia, 197 over the Peoria & Eastern, 281 over the Chicago division of the Big Four and 42 over the St. Louis division. The Cincinnati, Hamilton & Dayton is still somewhat off its business, handling at Indianapolis last week 364 cars, a number but 78 were loaded. However, within a short time the C. H. & D. exhibit will be more favorable, as its new facilities can but increase its traffic to Southern and Southern points.

The Big Four lines, including the Peoria & Eastern, last week handled at Indianapolis 6,728 loaded cars, a decrease of 100 cars over the week ending March 24, in which the movement was the largest in some months, but going back to 1892 the corresponding week was 2,336 fewer loaded cars than in the corresponding week, 1892.

Personal, Local and General Notes. The Nickel-plate to-day closes all its outside ticket offices except at Buffalo and Chicago as an economic measure. Hunter Bassett, the Panhandle engineer who died last Thursday, was buried on Saturday at Bethel Cemetery, at Sodom, O. Those well acquainted with the location and possibilities of the Evansville & Indianapolis express the opinion that within a few years it will be a property that the Evansville & Terre Haute will

NEWS IN SUNDAY'S JOURNAL.

Resume of Events Chronicled in the Issue of April 1. The St. Paul Evening News has gone into the hands of a receiver. The town of Borden, Ind., burned, causing a loss of \$100,000. The woman's movement in Germany is reported to be making rapid progress. Zella Nicolaus has accepted an offer to go to the position of "Princess of Tribzonde."

Confirmation of the reports of a native uprising in Samoa has been received at the State Department. A park commissioner, a councilman and two other men were indicted yesterday at Louisville, Ky., for corruption. Carmil, Ill., where he was county treasurer, has been arrested in Denver.

Secretary Gresham has submitted to the cabinet an order to issue a draft of a bill to regulate sealing in Bering sea. Reuben Koib, the Alabama politician, has written a letter to Governor Jones in which he practically calls for Governor a thief and a liar.

The Russian authorities have refused to honor the Argentine claims of the Cienega, of Fort Warren, Mass., on the ground that it is a Jew. Seasonal charges of attempted bribery have been laid against Cornelius, of Fort Wayne (Ind.) Electric Lighting and Power Company.

The O'Neil contest, but devoted most of the day to eulogizing the late Representative O'Neil, of Pennsylvania. A bill for the relief of the O'Neil family has been introduced in the House of Representatives. The bill is for the relief of the O'Neil family, and is for the relief of the O'Neil family.

As a result of the veto of the seigniorage bill, a movement has been started for the relief of the O'Neil family, and is for the relief of the O'Neil family. The bill is for the relief of the O'Neil family, and is for the relief of the O'Neil family.

Natural Gas Horror. ALEXANDRIA, Ind., April 1.—A morning shortly before midnight the business portion of Alexandria was struck by a natural gas explosion under the Whiteside block that raised the building as if by an earthquake. The explosion was caused by a gas leak from a well in the neighborhood of the Whiteside block, and is for the relief of the O'Neil family.

At 1 o'clock the fire had been subdued and the building was being repaired. The explosion was caused by a gas leak from a well in the neighborhood of the Whiteside block, and is for the relief of the O'Neil family.

For a New Democratic Party. WASHINGTON, March 31.—President Cleveland's veto of the Bland bill has resulted in the formation of a new political party, based on the demand for free coinage of silver.

A Curious Experience. A railroad not identified with the Vandallia Railway Company on Saturday said: There is hardly a road in the United States which I have not traveled over, and I look upon the Vandallia as being the model road of the country.

Bean Culture. Beans can be grown throughout a wide region of our country, and might well be used to a great extent in the place of wheat as a staple crop. They will pay for the money to the acre, and as we do not at present grow as many as are needed for our own consumption, there should be no such danger of sending them below a profitable price by overproduction.

The Denver Muddle. DENVER, Col., March 31.—The attorneys for Mullin and Barnes, the new fire and police commissioners, to-night filed with the Supreme Court a petition asking for a writ of habeas corpus for Mullin and Barnes, who were arrested yesterday against Judge Glynn, restraining him from taking any action in the case.

Mysterious Assault. SEYMOUR, Ind., March 31.—To-night at 7:30 o'clock, several boys in passing along a street in Seymour, discovered the body of Charles Royster, a farmer, lying in a fence corner. The body was found in a fence corner, and is for the relief of the O'Neil family.

Strikers Rioting. EAST LIVERPOOL, O., March 31.—This city was practically in the hands of a violent mob of striking potters all evening, Saturday night, and city police were

practically powerless to preserve order.

Thousands of drunken and infuriated men were scouring the streets, attacking men who had gone to work. The riot started with an assault on N. T. Ashbaugh, chief baker at Knowles, Taylor & Knowles. James Rinehart and his wife were surrounded by a crowd of a thousand people to protect them. W. F. Gray and his wife were driven into a hotel and a friend and his wife were attacked on Sixth street by the mob and the friend fainting, while the husband followed to the hospital.

A man named Cook was violently beaten by Mayor Morley, in trying to quell the riot, was hit in the back with a brick. He is not seriously injured. An effort was made to hold a meeting of striking potters in the opera house, but the lawless element preferred to parade the streets and destroy those who are willing or have gone to work.

Here's a State of Things. EDINBURG, Ind., March 31.—The election for postmaster at Edinburg took place to-day, and Democrats whose postoffice address is here were permitted to vote. In this rule parts of four counties were comprised in the district—Johnson, Shelby, Bartholomew and Brown. Frank M. Cushing was declared elected by a plurality over seven other candidates. Trouble, however, already brewed as to the validity of the election, but that of Holman, and Democrats who do not recommend a man for postmaster who is not in his district. But to ensure the validity of the vote, the vote of the Democratic patrons of the Edinburg postoffice and a man from Holman's district carried off the plan.

Breakbridge's Friends. CINCINNATI, O., March 31.—Many of Colonel Breckinridge's constituents are here to-night, awaiting the Congressmen's arrival in the morning from Washington. There is to be a conference at the Burnett House over his chances for re-nomination. While a host of his friends are here, they say the progress of the trial has been such that they do not think they can overcome them in the district. They will stick to Breckinridge as long as the Colonel says he will, but no matter what may be developed by those who, they say, are persecuting Breckinridge more than they are prosecuting him.

Brown Defeated in Scott. SCOTTSBURG, Ind., March 31.—The Democratic primary election at Scottsburg to-day resulted in a victory for the Democracy of the county over Jason Brown. This gives Scottsburg county to the Democracy. Brown, who was defeated at Scottsburg, has 21 delegates from Floyd county, 12 from Washington, and 2 from Scottsburg, giving him fifty out of a necessary 64 to nominate. Brown is a native of Clark county, and in Jackson, his own county, with 29 in Jennings and Jefferson to bear from. Half of these are pretty sure for Stock-aker.

Oil in Wabash County. WABASH, Ind., March 31.—The first oil strike in Wabash county is reported to-day from Liberty township, where the oil well sunk by the Butler Oil Company of Pittsburg, which has leased much land in the vicinity, came in last night. All visitors are kept off the premises by the men in charge, but it is stated that the oil is flowing in small quantities. This company will sink other wells at once.

Gazette Sold for \$4,250. LEICESTER, Ky., March 31.—At the sale of fine horses on the stock farm of Col. John B. Wathen, to-day, the following were the best prices obtained: 1,000 lbs. of mutton by Marmion Chief, \$1,250; Navaridine, by Norway, \$1,250; Allen, by Norway, \$1,250. Forty-five head of stock at good prices.

"Kid" Reel Challenged. ANDERSON, Ind., March 31.—"Kid" Reel, of this city, champion feather-weight of Ohio and Indian, has been challenged for a fight with early in the morning by a fighter from Michigan, named Jack Reel. The fight will take place within a month for a side bet of \$500 and the gate receipts.

Suicide of a College President. DOUGLASSVILLE, Ga., March 31.—President J. H. Caldwell, of the University of Georgia, committed suicide to-day, shooting himself through the heart. No cause is given for the deed, but it is thought that the explosion is thought to have resulted from a gas leak from a well in the neighborhood of the Whiteside block, and is for the relief of the O'Neil family.

Pool Rooms Lose \$10,000. CINCINNATI, O., March 31.—The pool rooms in Covington lost \$10,000 on Florida in the last race at New Orleans. The loss was backed at any odds by men supposed to be agents for McCafferty.

Shot His Mother-in-Law. UPPER SANDUSKY, O., March 31.—Mrs. Lena Rock was shot three times to-day by her son-in-law, William G. Gentry, of the shooting was the result of an old family feud.

The Steamer Ems Overdue. NEW YORK, April 1.—Up to 3 o'clock to-day the steamer Ems, of the Sorrento line, had not arrived from Antwerp.

REAL-ESTATE TRANSFERS. Twenty Transfers Saturday, with a total consideration of \$23,826. Instruments filed for record in the recorder's office of Marion county, Indiana, for the twenty-four hours ending at 5 p. m. March 31, 1894, as furnished by Theo. Stein, abstractor of titles, Hartford Block, No. 38 East Market street.

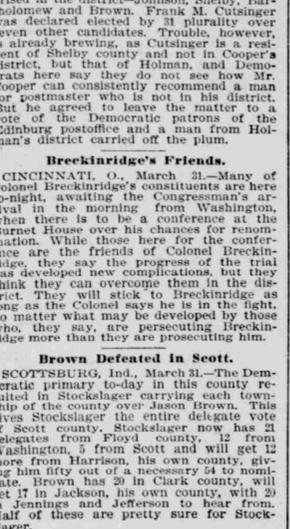

Table of real-estate transfers with columns for names, addresses, and amounts. Includes entries for E. E. Fletcher's subdivision, Hattie W. Bushnell to John Brennan, Elizabeth Decker to Edward H. Decker, etc.

THE COURT RECORD. Superior Court. Room 1—James M. Winters, Judge. Michael B. Leavitt vs. Hortense Rhea; contract judgment on verdict for defendant. Room 2—J. W. Harper, Judge. Louise Heimbach vs. Joseph Heimbach; divorce. Application denied. Room 3—J. W. Harper, Judge. Nellie H. Buchanan vs. Albert E. Buchanan; divorce. Judgment for plaintiff. Room 4—J. W. Harper, Judge. Thomas W. Gibson vs. Martha Jane Gibson; divorce. Judgment for plaintiff. Room 5—J. W. Harper, Judge. Albert South vs. Henry Seyfried; sprinkling assessment. Cause dismissed and costs paid. Room 6—J. W. Harper, Judge. Albert South vs. Fannie Lemontree; sprinkling assessment. Cause dismissed. Costs paid. Room 7—J. W. Harper, Judge. John South vs. Belle L. Daugherty; sprinkling assessment. Cause dismissed. Costs paid. Room 8—J. W. Harper, Judge. Daniel Foley vs. Margaret Helms; sewer assessment. Cause dismissed. Costs paid. Room 9—J. W. Harper, Judge. John South vs. Jennie M. Mason; sewer assessment. Cause dismissed. Costs paid.
