

The New York Store

Established 1853.

Wall Paper

Here is June, and we find our stock of Wall Paper altogether too large, so here goes at the price that will move them sure enough.

5c, 6c and 7c Papers for 4c. 8c, 9c and 10c Papers for 5c. 12 1/2c and 15c Papers for 8c. 15c and 20c Papers for 10c.

Our line of 15c, 20c and 25c Papers would tempt even you. All these Papers are new and desirable goods—we simply must move them.

A special artist connected with this department, who will suggest the latest treatment for any room.

Pettis Dry Goods Co

TO-DAY'S FORECAST.

Generally Fair Weather—Probably Warmer Near Chicago. WASHINGTON, June 5.—For Indiana and Illinois—Generally fair; probably warmer in the vicinity of Chicago; north winds, becoming variable.

Local Observations.

Table with columns: Time, Bar, Ther., R. H., Wind, Weather, Fro. It shows weather data for Indianapolis, Ind., June 5, 1894.

CITY NEWS NOTES.

The Sanitary Association will meet tomorrow afternoon, at 3 o'clock, at the Propyleum.

The Ladies' Social Circle of the First Baptist Church will hold its annual meeting for the election of officers this afternoon at 2:30 o'clock.

Yesterday afternoon Mrs. H. S. Fricke, who is a delegate to the Grand Lodge of Pythian Sisters, dropped her pocketbook containing \$155 and a railroad pass to the city of St. Louis.

The Irving M. E. Church choir gave a concert last night at the church and among those who were present were Miss Alice Fleming Evans, Mrs. J. E. Hollett, Mr. Newell Rogers, Mrs. Andrew Smith, Mr. Rudolph Koster, Miss Jones, Mr. Edward Nell and Dr. Barnhill.

The Boys' Home, which was started in this city several years ago, but allowed to die a natural death for the want of funds to meet the necessary expenses, has recently been reorganized under the name of the "Boys' Club Association."

Dr. William Stuard, a well-known veterinary surgeon, was declared of unsound mind yesterday and sent to the Central Hospital for the Insane.

Urbah E. Edin, of No. 117 North Mississippi street, and Michael Sullivan, living at No. 152 Meek street, were both declared insane and committed to the hospital for treatment.

Hattie Battle, of No. 115 Kaffee street, West Indianapolis, was found to be badly demented. She thinks she is to be the victim of poison.

There will be a change of bill at the Park Theater to-day, "Forgiveness" being replaced by "Rip Van Winkle," which will be continued throughout the week.

The Marion Club will give a home-warming and concert to-night. The new orchestra of twenty pieces will render a programme, consisting of the latest pieces. It is desired that all good Republicans be present at the concert.

Broad Ripple's Incorporation. The preliminary step toward incorporating the town of Broad Ripple was taken by the commissioners yesterday morning.

LOST A CLOSE GAME

MINNEAPOLIS SHIFTS PITCHERS AND WINS OUT BY A RUN.

Cross Effective and His Support Good, but Indianapolis Fails to Reach—Results in Other Cities.

The Indianapolis team came back from Milwaukee yesterday and ran against another snag from the Northwest. The Minneapolis club is a very different organization from that which played here during the exhibition season.

Henry had a great catch in the second, when he picked Visner's terrific drive at most of the clubhouse. Leidy and Dalrymple were also on hand with some superior work in this line, while Burns, the felder Minneapolis just secured from Detroit, spoiled a beautiful hit from Gray's bat in the sixth by a wonderful running catch.

In the third inning Wilson's single, a stolen base and Visner's safe hit gave Minneapolis another run. With this lead to overcome, Indianapolis started in and made two runs in the fourth on bases on balls to Leidy, Henry, Dalrymple and Murphy.

Yesterday afternoon Mrs. H. S. Fricke, who is a delegate to the Grand Lodge of Pythian Sisters, dropped her pocketbook containing \$155 and a railroad pass to the city of St. Louis.

The Irving M. E. Church choir gave a concert last night at the church and among those who were present were Miss Alice Fleming Evans, Mrs. J. E. Hollett, Mr. Newell Rogers, Mrs. Andrew Smith, Mr. Rudolph Koster, Miss Jones, Mr. Edward Nell and Dr. Barnhill.

NATIONAL LEAGUE.

Brooklyn Wins a Ten-Inning Game from Louisville.

BROOKLYN, June 5.—Brooklyn won in the tenth inning on Daly's base on balls, a foul ball and a double by O'Rourke and Treadway's two-bagger. Attendance, 1,744. Score:

Score by innings for Brooklyn vs Louisville. Columns: Inning, B, R, E, T, O, A, E.

Brooklyn 0 3 0 1 0 0 0 0 0 1-5. Louisville 0 0 0 0 0 0 0 0 0 0-0.

Washington, June 5.—A series of hits off Mercer, assisted by errors by Joyce and Radford, secured to-day's contest. Attendance, 300. Score:

Score by innings for Washington vs New Castle. Columns: Inning, B, R, E, T, O, A, E.

Washington 0 0 0 0 0 0 0 0 0 0-0. New Castle 1 0 0 0 0 0 0 0 0 1-1.

Minneapolis Twice More. The Minneapolis and Indianapolis clubs will play two more games in the present series to-day and to-morrow.

Washington, June 5.—Both teams played poorly, but the New Yorks managed a hit Chamberlain's curve at the right time.

London, June 5.—Dr. George Danford P. Thomas, the coroner for the central district of the County of London, held an inquest to-day in St. Pancras upon the remains of George Burton, the itinerant musician, who was killed on May 30 in Acton street, Grays Inn road, by Gen. John Hewston, of California, who thrust the point of his umbrella into the servant's eye.

General Hewston was called to the witness stand. He said that he was by occupation an analytical chemist, and that he had been in charge of the National Guard of California for fourteen years.

St. Louis, 7 Philadelphia, 3. PHILADELPHIA, June 5.—The Browns again defeated the home team to-day. The cause was Weyhing's wildness and the inability of Philadelphia to hit Hawley.

HEWSTON TO BE TRIED

THE CALIFORNIAN HELD AT LONDON FOR MANSLAUGHTER.

Verdict of the Coroner's Jury—The General's Account of His Encounter with the Street Musician.

London, June 5.—Dr. George Danford P. Thomas, the coroner for the central district of the County of London, held an inquest to-day in St. Pancras upon the remains of George Burton, the itinerant musician, who was killed on May 30 in Acton street, Grays Inn road, by Gen. John Hewston, of California, who thrust the point of his umbrella into the servant's eye.

General Hewston was called to the witness stand. He said that he was by occupation an analytical chemist, and that he had been in charge of the National Guard of California for fourteen years.

PROF. FRITZ AT THE GRAND HOTEL.

had been South in the hope of restoring the latter's health, and a few months ago returned home, where she has been since a hopeless invalid. Last week she expressed the desire to go to Cresson and was taken there. The funeral will take place at noon to-day at Crown Hill. The burial will be private. Until Miss Butler's illness she was one of the best of the society young people. She was beautiful in person and character, and had very large circles of friends. She was a granddaughter of Dr. A. C. Remey.

A Thief's Daylight Job. Yesterday noon a roughly-dressed man appeared for aid at No. 357 North Illinois street. It was refused and he went to the rear door of the next house north occupied by Mrs. Tousey. There was no one home and a few moments afterwards the hired girl working in the kitchen of No. 357 heard some one breaking the fastening on the doors leading into the cellar. The girl thought it was one of the family and gave the matter no further attention.

Minister Zeballos's Visit. The Argentine Republic's Representative Spends a Day in This City. A distinguished citizen of the Argentine Republic arrived in the city yesterday and registered at the Denison, signing his name as Estanislao S. Zeballos. The next name on the register was that of his son, differing only in the middle letter. The former is the envoy extraordinary and minister plenipotentiary of the Argentine Republic to the United States. He was for several years Secretary of State of that country, and was instrumental in the ratification of the reciprocity treaty with the United States. He has been in his diplomatic position since last August. He talks English with grammatical accuracy, but somewhat brokenly. His purpose in visiting Indianapolis and other Western cities is to inform himself concerning the resources and industries of the United States, with a view to the making of closer commercial relations. In pursuit of this purpose, he yesterday visited the United States encaustic works and other factories, and was very much interested in their products. He also visited the monument, inspecting the basement, which, he said, reminded him of the Catacombs of Rome. He is taking of the monument and said that there is nothing in Europe that surpasses it in an artistic point of view. He purchased a small bronze die containing a bas relief to send to the Historical Museum in his capital city, Buenos Ayres.

North Pennsylvania's Grievances. The residents of North Pennsylvania street are making much complaint of the street railway management. They claim that the cars from North street to Washington are run at an entirely too high rate of speed. The cars are of the old-fashioned view over the city from the summit. He was extravagant in his expressions of admiration for the beauty and grandeur of the monument and said that there is nothing in Europe that surpasses it in an artistic point of view. He purchased a small bronze die containing a bas relief to send to the Historical Museum in his capital city, Buenos Ayres.

The High School Annual. The High School Annual, just out, is issued by the members of the senior classes of High Schools 1 and 2, and is a very creditable publication. It is published in the interest of the schools, and contains a great deal of interesting material. The work done in the various departments and a variety of literary contributions, showing the standing of students in their favorite sports. The illustrations, which are good, are the work of pupils.

Yesterday's Incorporations. The Crystal Window Glass Company, of Summitville, Madison county, was incorporated yesterday, with a capital stock of \$25,000, and John Calloway, D. J. Smith and Robert Early as directors. The Fort Wayne Electric Corporation, capital stock \$50,000, was also incorporated. The directors are: Ronald T. McDonald, Charles C. Miller, M. C. Gross, Sidney C. Lumbard and Charles S. Knight. The company will make electrical machinery and supplies.

High School Exhibit. The manual training and art departments of the high schools will have an exhibit in the hall of High School No. 1, Wednesday and Thursday afternoons, June 13 and 14. Displays will also be made of the work done in the chemical and physics laboratories. The exhibit will be open to the public.

Went Fishing on Memorial Day. To the Editor of the Indianapolis Journal: I have been a reader of your excellent paper for many years. Its loyalty to the flag is unquestioned. As a State educator it cannot be excelled. The people are ready to applaud right and censure wrong. It is high time to make a national holiday of Memorial Day. The people are ready to applaud right and censure wrong. It is high time to make a national holiday of Memorial Day.

What Gas Lights Cost the City. Gas lighting cost the city \$860.50 for the month of April. Of this amount only about \$385 is for street lighting, the others being distributed as follows among the various city institutions: Police station, \$137.25; river bridge, \$21.75; Tomlinson Hall, \$123.33; City Hospital, \$152.63. The new system of keeping these accounts which charges all of these items to the various institutions, and reduces the amount charged to public light about \$700 a year. Heretofore no attention has been paid to the matter of street lighting, which were not lighted at the proper time. It is proposed now to acquire the patronage of the city to all rights in their respective beats and report the fire they are not lighted when they should be.

Will Improve the Propyleum. The board of directors of the Propyleum has decided to make some important improvements in that building during the summer months while there is little going on. The room in the basement, which is often used for a dressing room, will be made more attractive, so that it will be ready for the entertainments to be held there, and it is probable that a freight elevator will be put in, as it has been found that the labor connected with the removal of chairs, platforms and other articles from one floor to another is too much to be done by hand, as it has been ever since the building was erected.

Miss Death of Miss Butler. Miss Lillian Butler, daughter of Mr. and Mrs. T. H. Butler, and one of the best known and popular young women of this city, who has been very ill for a number of months, died Monday evening at Cresson, Pa. Mrs. Butler and her daughter

ALL ALONE, both in the way it acts, and in the way it's sold. It is Dr. Pierce's Golden Medical Discovery. A long procession of diseases start from a torpid liver and impure blood. Take it, as you ought, when you feel the first symptoms (nausea, loss of appetite, dullness, depression). As an appetizing, restorative tonic, to repel disease, and build up strength, there is nothing else it rivals to equal it. It cures every organ into healthful action, purifies the blood, braces up the whole system, and restores health and vigor.

PIERCE'S GUARANTEE. Mrs. Susan Gobert, of Two Democra, writes: "I have taken three bottles of your 'Golden Medical Discovery' and feel quite well and strong now, so that I am able to do my work without the least fatigue."

Pierce's Guar. Cure.
