

Fair; colder.

### Have You Seen the Leopards?

Carl and Amanda, those cunning little codgers, the baby leopards, whose papa and mamma are to be seen every afternoon and evening this week with Mr. Carl Hagenbeck's famous collection of trained animals at English's Opera House, are now at home in a small jungle in one of The When windows. Little Carl and Amanda are having an easy time of it. Every morning at 10 o'clock, and every afternoon at 4, their trainer feeds them and lets them try to bite him, and at 11 o'clock every morning Mr. Hagenbeck's celebrated band marches up in front of their window and plays, and plays, and plays. But papa and mamma Leopard are almost working their spots off, hoping to earn enough money by starring upon the American stage to enable them to take their babies back to India, where they anticipate having a little jungle of their own, and living without work forever and amen. And papa will have nothing to do but smoke cigarettes and talk to his admiring friends and relatives that will come to see him, of his experiences in America, and mamma Leopard will take her knitting and go over to Mrs. Hippopotamus and tell her what she thinks of the dress reform movement, and Carl, and his sister Amanda, will introduce the chewing-gum fat into the jungle, and they will all sleep under the trees and on the grass, instead of behind bars and on straw, and instead of eating raw beef, they will try and catch a little heather for dinner, and everything will be lovely, as lovely as those black Chinchilla Uisters, made to sell for \$18, that we are letting go at \$10. But all this week they're at

for the new ship to be built, and I have calculated that on whichever side of the ocean the cup remained the club will always have the advantage of fully nine weeks over the challenger.

The committee to select a question which may arise in connection with the details of the race is as follows: The Prince of Wales, Marquis of Blandford, Sir Charles Hall, O. C., Sir Allan Young and Justice Bruce. To a reporter, after the meeting, Secretary Grant said: "I am greatly pleased that matters have come to such a satisfactory conclusion. But," said Mr. Grant, "I am afraid that we shall not bring the cup home. The American has always been a favorite, and a little better than we when we go over there, and I am afraid that they will do the same this time."

**National Bicycle Show.**  
CHICAGO, Jan. 7.—The national bicycle show opened at the Lake Front Armory to-day, and will continue during the week. The exhibitions, besides showing high art work, comprise a series of living pictures, depicting the joys and sorrows.

**Kept in the Family.**  
CAMBRIDGE, Mass., Jan. 7.—Charles Brewer has resigned the captaincy of the Harvard football team, and his brother Arthur has been chosen to take his place.

**MINISTER THURSTON RETURNS.**  
Says He Visited Portugal to Induce Emigration to Hawaii.

NEW YORK, Dec. 7.—Lorrin A. Thurston, Hawaiian minister to the United States, accompanied by Mrs. Thurston, was a passenger on the Cunard steamship Aurania, which arrived from Liverpool to-day. Mr. Thurston stated that his trip abroad had proved highly significant for him. He went to Portugal at the request of his government to inaugurate the importation of Portuguese labor by the Hawaiian people. When the sugar industry was flourishing in Hawaii, a great deal of foreign labor was brought in and about eleven thousand Portuguese found their way to Honolulu from 1880 to 1887. They made good laborers and the planters preferred mixed crews to those of one nationality. Then the sugar industry began to decline, and the importation of the McKinley tariff bill, the importation of laborers was stopped. About four hundred Portuguese had just left for Hawaii.

Mr. Thurston was shown President Cleveland's statement in answer to Senator Lodge's attack on Friday last, in which it was intimated that the Hawaiian people had been influenced in withdrawing United States vessels from Hawaiian waters by the committee of Hawaiian patriots, who visited Washington last fall. Mr. Thurston refused to make any comment on his part to comment on words or action of the official he had just seen. He said he is an ambassador. He said he did not know the feelings for annexation to the United States, but he said he would not throw overboard the free State banks if he can thereby save the remainder of the bill. But to abandon the State banks means to lose so many votes that the outlook becomes more doubtful than ever. Certain it is that the result of the caucus does not look very promising for the eagerly sought "vindication" of the administration's financial scheme.

### IMPORTANT INVESTIGATION.

**Effects of Machinery on Labor to be Investigated by Carroll's Bureau.**  
WASHINGTON, Jan. 7.—A general investigation on the advance of machinery in the industrial world and its effects on labor has begun by the Bureau of Labor. The object of the inquiry is to determine what modern machinery has done as compared to hand labor, and what inroads machinery has made in the field formerly occupied by hand labor. It is the first time an investigation of this kind has ever been attempted by the government, and it is expected to prove an immense undertaking, though difficult to accomplish. The Bureau of Labor has already sent out to the work provided for already in the work provided for in the time, cost and labor involved in the production of various articles, compared with the cost of hand labor. The work will require a year or more, and the whole force of twenty or twenty-five agents will be engaged in the field will be engaged on it, after a few weeks, when it will be completed.

### Brooklyn Knights May Strike.

BROOKLYN, Jan. 7.—The committee appointed by the House to investigate the road companies' presidents to make terms for the coming year, have almost completed their work and the result is anything but satisfactory to the employees of the railroads. They are to receive an increase of 25 cents per day in their pay, and other concessions from the companies, but they are to receive no increase in their wages. The committee of the employees will report back to the district assembly, on the 15th inst., and it will take action on it. It is probable that a strike will be declared, as that is the expressed feeling of the members of the committee.

### Will Withdraw from the K. of L.

PITTSBURGH, Jan. 7.—The delegates to the Columbus convention of the United Mine Workers' National Trades Assembly No. 135, Knights of Labor, will be instructed as to whether they desire to withdraw from the Knights of Labor. This instruction was conveyed by a circular issued to the delegates at Columbus last Saturday. It is probable that all the delegates will be instructed to withdraw from the Knights of Labor, in view of the shabby treatment which they received at the meeting of the General Assembly at Columbus, so far as the miners of the Pittsburgh district are concerned. They were unanimously in favor of withdrawing from the Knights of Labor.

### K. of L. Agitator Missing.

BITTE, Mont., Jan. 7.—Peter Breen, district master workman of the Knights of Labor, who went to attend the specific member to attend the Knights of Labor convention, has not been heard from since arrival in New Orleans, and his friends in Bitter are certain that he has been foul play. He has been expected to be back here in December. It is believed that he has been a violent man in debate, and belonged to the "Payroll" party. He is believed to have made fatal enemies at the convention. He has for years been prominent as a leader and organizer all over the Northwest, figuring conspicuously in many strikes and labor troubles.

### Miners to Meet Next Month.

COLUMBIAS, O., Jan. 7.—A call has been issued for the annual meeting of the United Mine Workers of America to be held in this city Feb. 12. The call contains nothing except the citation of constitutional provisions regarding the convention. A secret order has been issued to the branch of the United Mine Workers, to be held Feb. 12. The call deals with the proposed amendment of the constitution, and stands by the United Mine Workers.

### Girls Lose a Strike.

KANSAS CITY, Mo., Jan. 7.—The striking factory girls, who went out at the Corle & Son oat meal and cereal company's works, Saturday, because of a 1-cent reduction in packing oat-meal boxes, have lost their fight. A throng of women and girls applied for the striking packers' places this morning and were immediately employed at the reduced price offered to the strikers.

### Notes from Mexico.

CITY OF MEXICO, Jan. 7.—Madame Greville, the French mind-reader, arrived here to-day. She is the woman American newspaper claim to have been extradited to France for murder. She professes any knowledge of the crime and claims to not understand why she has been arrested.

## HIS BILL IS DOOMED

CARLISLE'S CURRENCY MEASURE CANNOT PASS THE HOUSE.

In the Democratic Caucus 59 Members Voted Against Indorsing It and Only 81 in Its Favor.

## COMPROMISE NOW PROBABLE

Faulkner's Proposition to be Revived and Amended.

It Will Provide for the Issue of \$500,000,000 in Bonds and Coinage of \$50,000,000 in Silver a Year.

## APPROVED BY SENATORS

Who Think It Will Please Bankers and Western Silverites

No Probability that Hill's Plan Will Be Supported—Terror of Speeches.

In Yesterday's Caucus.

Special to the Indianapolis Journal.

WASHINGTON, Jan. 7.—The vote of the Democratic caucus this afternoon on Speaker Crisp's motion that the Carlisle bill should be passed showed almost conclusively that the bill is doomed in the House. The vote was a painful surprise to Mr. Carlisle and his friends. They had expected a much better showing. The strength of the bill is shown to be among the Southern members along the coast and the Gulf, and it is evident that their support of the bill is due to its free State bank features, the very feature that makes it most objectionable to the Democrats from the East, the North and the Interior West. Mr. Carlisle is willing to make any sacrifice to jettison his struggling craft, and it is known that he is willing to throw overboard the free State banks if he can thereby save the remainder of the bill. But to abandon the State banks means to lose so many votes that the outlook becomes more doubtful than ever. Certain it is that the result of the caucus does not look very promising for the eagerly sought "vindication" of the administration's financial scheme.

## THE COMPROMISE BILL.

The two elements in the Democratic party that must be placated before a currency bill can be passed are the friends of silver and that large body of Eastern and Northern Democrats who insist that the government guarantee in the shape of a bond deposited in the treasury shall stand behind every note. In other words, the two factions in the House are represented, respectively, by the Bland bill and the Sperry bill. It is the representatives of these two distinct positions that made the caucus to-day a failure, and it is recognized that they must be brought in line before anything can be done. Hence the compromise which was the result of to-day's conference between Mr. Crisp and Senators Gorman, Gray and others undertakes to satisfy both the silver men and the bond men.

## REPRESENTATIVE LIVINGTON, OF GEORGIA, STARTED THE CAUCUS AT A LIVELY RATE BY MOVING THAT ALL WHO WERE IN ATTENDANCE SHOULD BE BOUND BY THE ACTION OF THE CAUCUS.

Resolved, That it is the sense of this caucus that the Carlisle currency bill be passed by the House. The representatives substantially as presented in the substitute which has been printed in the House and which will be offered at the proper time by the chairman of the committee on banking and currency, and that the committee on banking and currency report an order to-morrow immediately after the reading of the journal which shall provide for general debate and thereafter under the usual rules of the House should proceed at the nearest time practicable under the rules.

## AN OHIOAN'S CHARGES

SENATIONAL ALLEGATIONS AGAINST JUDGE RICKS AND OTHERS.

Memorial Presented in the National House by Tom Johnson in Behalf of S. J. Ritchie, of Akron.

## LATTERSAYS HE WAS ROBBED

CLAIMS TO HAVE LOST SIX MILLIONS BY RICKS'S DECISIONS.

And that the Judge Prostituted His Office at the Behest of Burke, Cornell and Ex-Senator Payne.

## AN INVESTIGATION ORDERED

STATEMENT FROM JUDGE RICKS DENYING ALL THE CHARGES.

Denounced as Ridiculous and Slandrous by Mr. Payne, Who Says Ritchie Owes Him a Big Sam.

WASHINGTON, Jan. 7.—Charges of a sensational character against United States District Judge Augustus Ricks, of Cleveland, Ohio, who has been retained in his behalf, these include Messrs. Hemphill, Shellbarger & Wilson and Butterworth, of Washington; Kerich & Co., of Cleveland; Judge Upson and Messrs. Green, Grant & Lieber, of Akron. The charges involve large sums of money. Mr. Ritchie claims to have suffered in decisions made by Judge Ricks affecting Canadian copper and nickel mines.

The memorial covers twelve typewritten pages and is headed "A statement of value of copper and nickel deposits in the Yukon Junction in Canada by the memorialist in 1885, which have become of world-wide fame and have supplied all the nickel for armor plates used in the United States navy of Canada, and the memorialist, in order to develop them, to organize a corporation and to build a connecting railroad, he says, he associated with himself Stevenson Burke, Henry B. Payne and Thomas W. Cornell, who were at that time believed to be honest and trustworthy men." The corporations were known as the Canadian Copper Company and Anglo-American Iron Company, with principal offices at
