Very Easy

To buy in our Men's Clothing Department now. Wait a few days, and it will not be so convenient. The workmen who are decorating the interior of the store will be there then. Because of this we want to sell as many Suits and Pants as possible—all of them, if we can—right away. We've cut the prices in a way that we think will bring buyers.

- Men's \$18 and \$20 Suits..... \$11.75
Men's \$10, \$11 and \$15 Suits..... 6.85
Men's \$3 and \$3.50 Pants..... 1.97
Men's \$5, \$6 and \$7 Pants..... 3.85

Is There

Any attraction—any argument—in good goods, well made, well cut and well trimmed, with a guaranty for fit and wear?

PENCHANT FOR GIRLS

Another Case in Which Theodore Durrant is Implicated.

SAN FRANCISCO, Aug. 3.—The prosecutors of Theodore Durrant are mistaken if they think that attorneys for the defense have abandoned Charles H. Clarke as a witness. On the contrary, the interrogatories to be put to Clarke have been forwarded to Boston, and if Eugene Deupree is sincere in what he says he expects Clarke to stick to his original statement that he saw Blanche Lamont with a man other than Durrant on a Powell-street car on April 3. The story printed yesterday that a woman visiting Durrant's house on the night Minnie Williams was murdered heard Durrant burning something that smelled like burning cloth is repudiated by both the prosecution and the defense. Deputy Attorney Burns says he never heard of the woman.

CHICAGO, Aug. 3.—After several days of retreat, F. A. McGowan, the ex-mayor and once millionaire rubber manufacturer of Trenton, N. J., turned up to-day at the Auditorium Hotel and registered his name in heavy lines. When spoken to regarding his apparent hiding, he said that he was attending strictly to his own business and considered it strange that other people would not do the same thing. "I will return this afternoon on the New York Limited (which he did). I am an applicant for the governorship of New Jersey. New Jersey is going Republican without a doubt. I have been a newspaper man and am contented to simply contradict everything in the Chicago morning papers which charge that I went away to get out of paying my debts."

RATHER HARD TASK

Hawaiians Will Try to Break American Sugar Trust.

SAN FRANCISCO, Aug. 3.—The Hawaiian sugar planters have undertaken to form a sugar trust to break down the American Sugar Trust and establish a free market for sugar. Nearly \$1,000,000 is said to have been subscribed by leading and influential planters. The planters do not think that they are getting the benefit of the high prices charged for sugar, and they hope to be independent of the Eastern and local sugar kings.

CANCER CAN BE CURED.

Dr. A. Myron Mason Claims the Disease Can Be Cured Without Knife.

Special to the Indianapolis Journal. NEW YORK, Aug. 3.—The Monetary Trust is now recognized as a new force in Wall street. The New York World this morning says: "It has opened a new mine for speculation and opened the eyes of old-time brokers as well." There is no doubt the corporation has developed favorable methods for investors, has made a large amount of money for its customers, and therefore developed much belligerent criticism among professional bear operators. Francis D. Carley, the president, has addressed a letter to the New York Stock Exchange committee requesting that they shall appoint independent accountants to examine the books and methods of the trust and make such report public. Mr. Carley states that such report will astonish the public in reference to past transactions and establish beyond question the conservatism and soundness of the methods of the trust.

WHEELING, W. Va., Aug. 3.—A Baltimore & Ohio train brought the mangled body of James Settle, a sixteen-year-old boy, who had been killed by the train at Point Mills. The boy spent last night with a party of friends in the woods and got but little sleep. When he came home this morning he drove the cows to pasture, accompanied by a big shepherd dog. He was drowsy and on the way back sat down on the track to rest. The dog lying beside him let the man go unopposed rather than injure their daughter's character. Durrant's attorneys say the story is false.

DEATH OF A DOG HERO.

MASSACRE IN CHINA

ANOTHER ASSAULT ON AMERICAN AND ENGLISH MISSIONARIES.

Cablegram from Shanghai Reports Five Women Teachers, One from This Country, Killed.

VERIFIED AT WASHINGTON

OUTRAGE TOOK PLACE AT KIUKIANG UP THE YANG-TSE-KIANG.

Both Methodist and Baptist American Mission Schools Located in That Region.

SHANGHAI, Aug. 3.—Advice from Foochow is that a telegram received there on the 3d says that a fearful massacre of Christians has occurred at Kiukiang. Five foreign ladies were among the murdered.

WASHINGTON, Aug. 3.—The State Department has received a cablegram from United States Consul Jernigan, at Shanghai, stating that one American female missionary was wounded and four British female missionaries killed at the mission of Kiukiang. No further details are given in the dispatch, and the place described is believed to be in the province of Hupe, far up on the banks of the Yang-tse-Kiang, beyond the reach of men-of-war, and about 400 miles north of Peng-Tu, where the last missionary riots occurred. The State Department will take steps in the matter at once.

Under instructions from the State Department United States Minister Denby is now engaged in investigating the damages sustained by the American missions at Kiukiang, China, during the riot there. The Chinese government has already given assurances that it will pay a suitable indemnity, and has taken steps to ascertain for itself through a commission the extent of the losses sustained by the foreigners.

INTERNATIONAL CONTEST.

Yale, Oxford and Cambridge Oarsmen Will Get Together.

NEW YORK, Aug. 3.—The international contest between the athletics of Yale and Oxford and Cambridge, if arrangements can be made as successfully as in the case of last year's meeting, will take place next year. The Yale oarsmen are anxious for a test of strength and skill with the Oxford or Cambridge crew. In boating matters it is to be expected that the advisory committee, to take action, the advisory committee, but at the London Rowing Club he obtained a very clear idea of how the old "varisty" oarsmen regarded such a meeting. That they regarded it favorably is shown by the fact that after the race at New London, last June a cablegram was received by a Yale man from English authorities men saying that they thought a match could be arranged for this summer or fall. The answer was sent back that it was too late to consider such a match. Now things are different. The British press, the president of the Yale navy, has been asked to call a meeting of the rowing authorities to take action, the advisory committee, which has not held a regular meeting since 1888, will not be called upon, but on our side of the water will be among the number of those who will pass upon the matter. The men who will doubtless be invited to take part in the contest are Robert J. Cook, George A. Ade, ex-captain Ives, Jack Harvell and Perry Ballou, all of whom are in the Yale crew. The class of 1888 it was learned that the meeting would take place as soon as possible.

Cornell Crew Arrives.

NEW YORK, Aug. 3.—The Cornell University boat crew arrived to-day by the American line steamer St. Louis from Southampton. The crew generally feel that they were not treated any too well on the other side, and express considerable dissatisfaction with what they term "the usual criticism of the British press." Captain Freeman said: "We were well treated by the college representatives and the general public on the other side, but were unmercifully criticised by the newspapers. All sorts of comment were made on our style of rowing and the training of our crew."

Gould's Niagara Crippled.

COWES, Isle of Wight, Aug. 3.—Howard Gould's twenty-rater Niagara arrived here from Queenstown after having lost her top-mast in a gale.

BROKE HER RECORD.

The St. Louis Makes the Western Run in 6d. 37h. 20m.

NEW YORK, Aug. 3.—The American line steamer St. Louis, Captain Randell, from Southampton, arrived at Sandy Hook bar at 2:30 this morning, having made the run from the Needles in six days seventeen hours and twenty minutes. The best previous record of the St. Louis was made on her last trip and was six days eighteen hours and forty-seven minutes. She has therefore on her present trip reduced her record by one hour and twenty-seven minutes. The daily runs were 418, 473, 473, 481, 467 and 521 knots to the high-speed total distance covered, 3,948 knots, at an average speed of 18.89 knots per hour. The record was made on the last of her previous voyage from Southampton was 19.17 knots, but she covered a distance of 3,212 knots. Had she made the same speed average on this trip her time would have been six days fifteen hours.

WILL CAPTAIN THE ST. PAUL.

PHILADELPHIA, Aug. 3.—Captain Jamison, one of the present commanders in the American line fleet, has been selected to command the new steamer, St. Paul, when she goes into service, between New York and Southampton, in October.

MOVEMENTS OF STEAMERS.

LIVERPOOL, Aug. 3.—Arrived: Lake Superior, from Montreal.

NEW YORK, Aug. 3.—Arrived: Umbria, from Liverpool; St. Louis, from Southampton.

CHALLENGES INVESTIGATION.

The Monetary Trust is Anxious That the Public Shall Know Its Methods.

Special to the Indianapolis Journal. NEW YORK, Aug. 3.—The Monetary Trust is now recognized as a new force in Wall street. The New York World this morning says: "It has opened a new mine for speculation and opened the eyes of old-time brokers as well." There is no doubt the corporation has developed favorable methods for investors, has made a large amount of money for its customers, and therefore developed much belligerent criticism among professional bear operators. Francis D. Carley, the president, has addressed a letter to the New York Stock Exchange committee requesting that they shall appoint independent accountants to examine the books and methods of the trust and make such report public. Mr. Carley states that such report will astonish the public in reference to past transactions and establish beyond question the conservatism and soundness of the methods of the trust.

AN ENEMY ATTEMPTS TO KILL GENERAL AGENT MORELAND AT DETROIT.

DETROIT, Mich., Aug. 3.—W. H. Moreland, general agent for the Great Northern railroad and the Northern Steamship Company and a city water commissioner, narrowly escaped injury by an infernal machine, this evening. A box which contained a bottle of explosive material and a pistol so arranged as to ignite the explosive when the cover was opened, was left at Moreland's residence on Cass avenue, by an ex-priestman. Moreland suspected a practical joke, and did not open the box, but a young man named John Schackerby took the box to the yard and attempted to open it. The pistol was instantly discharged, and Schackerby was severely burned about the face. No further damage was done. Mr. Moreland cannot account for the motive for sending him such a present.

TO DEEPEN OHIO'S CHANNEL.

CINCINNATI, O., Aug. 3.—Within the past fortnight a joint committee of Pittsburg and Cincinnati Chambers of Commerce conferred with Colonel Stickney, engineer of the U. S. Army, in regard to improving navigation in the Ohio. To-day the

special committee then appointed finished the report it will make next Tuesday to the Chamber of Commerce.

The report submitted by that Colonel Stickney says the Ohio river can be made to flow six feet of water the year round from Pittsburg to Cairo, by practicable improvements. The committee recommends a move upon Congress to appropriate money for the improvements, and to that end suggests calling a meeting here in October of all Congressmen of States bordering on the Ohio.

LAWLER AND STAFF.

The Commander-in-Chief at the Sons of Veterans' Outing.

CINCINNATI, Aug. 3.—Gen. Thomas G. Lawler, commander-in-chief of the G. A. R., and members of his staff, arrived from Chicago at 7:30 a. m., and were escorted from the depot to the Grand Hotel by the Sons of Veterans. Later General Lawler and Gen. W. E. Bundy, commander-in-chief of the Sons of Veterans, left for Hamilton to attend the outing of the Sons of Veterans at Woodside Park to-day.

General Lawler will be in Cleveland instead of to Louisville.

The exercises of the day ended to-night at Old Colony Temple, where Captain Monfort introduced Commander Lawler, who delivered an address. Among others who spoke were Commander Bundy, of the Sons of Veterans; Colonel Cochran, of Fort Thomas; and Mayor Caldwell. Commander Lawler will go from here to Cleveland instead of to Louisville.

TALK WITH HARRISON

SAYS REPUBLICANS WILL BE IN POWER FOR GOOD NEXT TIME.

Regarding the Presidency, He Said Simply: "Thank You, but I Don't Believe I Am the Man."

WATERTOWN, N. Y., Aug. 3.—Ex-President Harrison was interviewed at Old Forge by a representative of the Standard. He declined to discuss politics further than to say:

"You will see that when the Republican party comes into power again it will be a long time in power. That era will begin when the people are heard from again. The Republicans have learned a lesson and they will attend the caucus hereafter. More earnest, hard work will be performed and, consequently, success is practically assured."

When the reporter suggested that Gen. Harrison might be the nominee for the presidency the ex-President said: "Thank you, but I don't believe I am the man."

General Harrison has declined another invitation to leave his camp to make a speech. Messrs. Fulton and Monk, of Watertown, representing the New York State Grange, called at the camp to invite General Harrison to go to Clifton on Aug. 20, when the Grange holds its annual session there. General Harrison declined the invitation on the ground that he had thus far refused all invitations to go outside his camp to speak. The committee did not tell the General he would be expected to make a speech, but he eventually thought he would be called on to do so if he went to Clifton.

Democratic Bimetallists.

MEMPHIS, Tenn., Aug. 3.—Senator Harris, on being asked concerning the conference of bimetallists to be held in Washington, Aug. 14, said that letters had been received from representatives of about twenty-five States announcing their purpose to attend the conference. It would undoubtedly, he said, be a representative conference of Democrats, and its action would be the first step toward thorough, complete, systematic organization of Democratic bimetallists. He said he had a view to influencing party action. Silver Democrats in every State in the Union, he said, should be organized in fair representation from their respective States
