

The Key-Note of the Campaign!

Listen

This is a campaign year. It will be filled with waving banners, with gay processions, with throbbing of drums, with blare of trumpets, with the grand reverberations of mighty cannon . . . All true patriots are looking, not for glib and glittering promise, but for true worth and honest performance . . . All are looking for a substantial platform with utterances to be carried out to the letter.

Cubanola

Continues to be a candidate for popular favor. Cigars may come and cigars may go, but Cubanola's success shows THE SURVIVAL OF THE FITTEST. Cubanola points with pride to its record of 1895. In that year Cubanola furnished 8,000,000 Smokes in Indiana. Eight millions! More than any four other brands combined. This year Cubanola expects to reach the mark of Ten Millions! Cubanola places its claim to public favor on three cardinal excellences. 1—LONG HAVANA FILLER. 2—CHOICE SUMATRA WRAPPER. 3—PERFECT WORKMANSHIP.

CUBANOLA

Cubanola's Platform Is:

To fully exemplify the honest purchasing power of the nickel by giving A THOROUGHLY AGREEABLE and SATISFACTORY SMOKE

FOR FIVE CENTS!

All Dealers Who Desire to Please

Their trade and retain their patrons sell Cubanola. When a dealer refuses to supply you with Cubanola, go to live man who

JULY FOURTH RACES

DRIVING CLUB WILL HAVE AN ALL-DAY ENTERTAINMENT.

Cash Prizes May Bring Some Crack Bicyclists—Horses Arriving at the Track.

The Indianapolis Driving Club promises a great treat for the people of this city July 4. The club is preparing to give an all-day affair at the fair grounds, which will include bicycle races, pacing and trotting races and a concert of two bands.

The racing will begin early in the day and continue at intervals, with an intermission of about two hours at noon, during the rest of the day. It has not yet been decided whether cash prizes will be offered for bicycle races. If a sanction can be secured from the L. A. W. so as to insure the entry of some of the crack professional riders cash prizes sufficient in size to bring the best of them will be offered. The club does not intend that the bicycle feature shall be a side issue to the horse racing, but will make it as prominent, if suitable arrangements can be made. The attraction of an all-day picnic, with racing, will take enough people to the grounds to justify offering first-class cash prizes, and there is little doubt that they will be offered in sufficient size to make the best races ever seen in this city.

The horse feature will attract some of the best horses in the country. The Grand Circuit, of which this city has just become a member, does not open until July 11, and about 200 of the horses which will follow that circuit will be here in training up to the opening of the circuit meetings. This will give some of the best horses in the country to train on this track. It being considered one of the finest in the country for training purposes. Others are arriving daily. With this large number of horses getting in shape for the track, the picnic feature of it being one of the great attractions. The races will begin early in the morning, and will not continue the entire day. There will be several intervals, during which the two bands will furnish music for the crowd. The grove within the grounds is very beautiful at this time of the year, and affords ample shade for picnic dinners. It is expected that there will be many parties made up for the day and take their dinners on the grass. Of course there will be the usual refreshment stands where lunches can be bought.

COMPARABLE WITH WORLD'S FAIR.

Indiana Centennial Must Be Great or Nothing, Says Colonel Lilly.

The executive committee of the Indiana Centennial Commission will meet at the Statehouse next Thursday to consider the correspondence through which efforts have been made to ascertain the sentiment of people in different sections of the State regarding the proposed celebration, and to also prepare for an early meeting of the whole commission.

"Some of the published statements in regard to the work of the commission," said Colonel Lilly, the president, yesterday, "are misleading. The commission has not yet taken up the work of formulating plans for a celebration, but under the direction of the executive committee I have been in communication with a large number of citizens of the State, whose names have been furnished by the commission. It has been my aim to get an expression of views, and also suggestions as to the scope and character of the celebration, if it shall eventually be found wise to undertake it. Replies to these letters are now coming in at the rate of several hundred letters each day."

"What do these letters indicate as to the sentiment throughout the State?"

"The general tenor is enthusiastically in favor of a great celebration in 1900. In fact, less than one cent of the replies are lukewarm, and a very small number oppose it."

BOYS' BRIGADE OF AMERICA.

The Organization in This State and Its Object.

The United Boys' Brigade of America is now being organized in the Sunday schools of this and other cities. The brigade consists of local companies of twelve to forty boys each, of between the ages of twelve and twenty-one years, the only condition of membership being attendance at some local Sunday school and subscription to the following pledge: "I promise and pledge that I will not use tobacco nor intoxicating liquors in any form; that I will not use profane, vulgar nor indecent language; that I will obey faithfully all the company rules, and that I will at all times set an example of good conduct to my comrades and other boys." The company must be attached to some Christian or religious affairs, and be under military discipline.

From present indications there will be from twenty to thirty companies of boys enrolled in this city, who will be assigned to a prominent position in the Memorial day parade. Companies of the "Boys' Club" (Corner State street) will carry Captain Wallace Foster's army corps flags in the parade. The following is the organization in this State:

—First Indiana Brigade (organized in January, 1896).—

Rev. George Knox, brigadier general commanding.

General James R. Carnahan, chief of staff.

Colonel Frank R. Hale, assistant adjutant-general.

Dr. Greene V. Woolen, assistant surgeon-general.

Lieutenant Colonel Ernest Shillaber, deputy quartermaster-general.

—First Regiment of Indiana.—

Colonel E. P. Freeman, commanding.

Major Clarence Neidhamer, commanding first battalion.

Major Harry W. Milner, commanding second battalion.

Captain S. P. Dixon, regimental quartermaster.

Dr. J. J. Boaz, regimental surgeon.

Rev. J. W. Wilson, chaplain.

—Companies.—

Company C (Seventh Presbyterian Church), Captain J. K. McMillon, commanding.

THE STAMP COUNTERFEITERS.

Major Carter Helped Trap the Gang in Chicago.

Major Carter, of the United States Secret Service, returned from Chicago yesterday, where he has been for several days, assisting the officer of that district in running down a gang of stamp counterfeiters. Major Carter was called in because he was less known there than the regular officers. He laid the trap whereby the counterfeiters were caught, representing himself as a member of a large advertising agency that was in need of stamps. William Peters, of 57 North street, was the man he addressed, and Peters produced some of the stamps, asking the usual discount on genuine ones. Major Carter glanced at the stamps, saying they were off color, and stating that he would not pay a regular rate for counterfeits.

Peters then offered a very low rate, and, furthermore, explained how the stamps were made. He also said that within a few months the company expected to be furnishing stamps to all the large concerns of Chicago. Mr. Peters found himself under arrest. The officers seized a printing press, a perforating machine, a lithograph stone, and all the appliances necessary for the counterfeiting of stamps. No preparation had been made to print anything but "twos," but these could be turned out with wonderful rapidity. The officers found ten thousand stamps and learned that twelve thousand had been sold. It was the intention of the gang to run a government printing establishment of its own. The workmanship on the counterfeits is equal to that of the genuine article, and but for the slightest degree lighter coloring, they could not be detected by an expert. Three others were arrested as a result of the investigation.

Building Permits.

William Schowe, frame house, Warren street, \$70.

Charles M. Overman, frame house, 114 Minerva street, \$150.

Jacob R. Williams, addition, Third and Howard streets, \$40.

A. L. Orcutt, frame house, 129 Tacoma avenue, \$1,200.

Carter, Lee & Co., office building, Belt railroad and West Washington street, \$425.

Peter Brennan, repairs, Lexington avenue, \$100.

W. G. Mason, frame house, Keystone avenue, \$800.

THE FIRST BICYCLE CUT.

Indiana Company Starts the Ball Rolling.

The Indiana Bicycle Company yesterday posted large placards in the windows of its downtown store reading "Waverley Scorchers \$50." This is the first open break in prices this season. It has been stated that several of the stores were shading prices on the quiet, but they maintained them so far as public announcements were concerned. Inquiries at the other stores failed to find an inclination to meet the cut, at least it was not done publicly. The others seemed to take no notice of the cut.
