ATTITUDE OF THE POPULISTS.

The Leaders Will Probably Insist on Independent Electoral Tickets.

TERRE HAUTE, Ind., Aug. 4.—M. C. Rankin, treasurer of the Populist national committee, and a member of the executive committee, with which the final arrangement of the electoral ticket has been left, says the result of the election in Indiana will have an important bearing in the proposed fusion with the Democrats.

Mr. Rankin says in regard to the stories of an agreement at the convention in Indiana that there is no truth in them. It was a resolution that if the Democrats did not accept Watson by Aug. 5 the executive committee would make a speech in support of the Populist ticket.

Well-Known Lumber Company at Columbus, O., Forced to an Assignment for \$200,000.

CHICAGO, Aug. 4.—The failure of the Moore brothers, announced this morning, showing the collapse of the Diamond Match Company, with \$11,000,000 capital, and the New York Biscuit Company, with \$9,000,000 more, was the greatest sensation since the panic of 1893.

The action of closing the exchange was commended on all sides. It was admitted if an attempt had been made to carry on trading under present circumstances a panic would surely have followed.

There was not a whisper in the street yesterday that any trouble was impending. The market for the Diamond Match and Biscuit stocks was as quiet as a brook.

HISTORY OF THE DEAL.

\$11,000,000 in Diamond Match and \$9,000,000 in Biscuit Company, was \$11,000,000, Aug. 4.—William H. and J. H. Moore, the members of the firm of William H. and J. H. Moore and Percell, made their first move as promoters in putting on the market the stock of the Frazier Axle Grease Company.

The real business situation of the Diamond Match Company is not affected by the failure of the Moores; the foreign negotiations are still pending.

There was not a whisper in the street yesterday that any trouble was impending. The market for the Diamond Match and Biscuit stocks was as quiet as a brook.

MR. MOORE INTERVIEWED.

"Where do you find the greatest trouble, in the Diamond Match or the New York Biscuit?" Mr. Moore was asked.

"Oh, it worked both ways, due, of course, to the stringency of money. But you see that I do not think there will be any panic of stock. The Stock Exchange being closed, there will be time for conservative action to preserve values and that will eventually come out all right. We are a long way from being financially dead and will soon be on our feet again."
