RAID BY DESPERADOES

OUTLAWS TERRORIZE THE PEOPLE OF AN OKLAHOMA TOWN. Ride into the Sac and Fox Agency and Afterwards Hang One Man and Shoot Two.

GUTHRIE, O. T., Feb. 5.—Fall particulars received to-day from Lincoln county show that the outlaws who terrorized the Sac and Fox agency, near Stroud, depredations at the town of Stroud, fifteen miles northeast of Chandler, a few hours before. The reports brought in yesterday by deputy marshals to the effect that General Thomas, agent at the Sac and Fox agency has been shot and that three men had been killed, were incorrect and arose from the sensational occurrence at Stroud. The robbers rode into the agency, but there was no shooting.

Particulars of the affair received at the United States marshal's office show that a bitter feud has long existed between the Griffiths and the Lurten family, near Stroud. The Griffiths are tough characters and have figured in several raids. The feud grew out of a dispute over a farm near Stroud. Three weeks ago, while two of the Griffith boys were plowing on the disputed ground, they were shot at from a distance. They suspected Henry Lurten and caused his arrest and incarceration. Lurten gave bond and was released. On Monday the Griffith gang, composed of six members, galloped in and terrorized the citizens. They ordered everybody inside the house and school closed and locked, declaring that a bloody battle would shortly take place. For two days Stroud was in a state of siege and the Griffiths rode hurriedly away to Sac and Fox. Deputy Jim Purber, Henry Lurten, Everett Lurten and Charles Moore were entering Stroud on Monday morning. The Griffith gang, eight in number. Twenty shots were fired, but no one was killed. Four of the Griffiths were shot and one was killed. The Griffiths released Lurten, telling him to get away. Lurten and Moore shot and killed the Griffiths before they had left Chandler to intercept the Griffiths.

MME. DU VILLARD DIVORCED.

Decree Granted the American Wife of a French Marquis. SIOUX FALLS, S. D., Feb. 5.—A decree of divorce has been filed here in favor of Julia De La Tour Du Villard, of New York, from M. Bruce Ernest Gabriel Raymond Odde Marquis De La Tour Du Villard, of Paris. The marriage occurred in New York city, May 23, 1882. Ten days later the couple sailed for Paris. The testimony of the plaintiff and her mother, Mrs. Amelia W. Chapin, of New York, shows that the marquis, though worth \$75,000 at the time of his marriage, and though the bride's mother settled \$30,000 on him, refused to pay his own bills. Mme. Villard complains that she had to settle over a hundred bills of her husband, and finally had to pawn her jewels in order to appease the landlord. Mrs. Chapin says she paid bills of Villard up to September, 1886, when Mme. Villard left France and came to South Dakota for relief. She left last night for a trip to Cuba and the Bermuda islands.

Stone Masons Mangled.

FRANKFORT, Ky., Feb. 5.—Joe Richie and John Thomas, stonemasons, were terribly mangled by a premature dynamite explosion near town this morning. One is dead and the other is dying.

HE WILL SUCCEED SAMUEL E. MORSS AS SUCCESSOR GENERAL.

Public Library 4498. President-Elect McKinley Notified Last Night that the Indianapolis had Accepted the Place.

HANNA AT CANTON AGAIN

BELLAMY STORER, COMING MINISTER TO ITALY, ALSO A VISITOR. Announcement Made by Judge Joseph McKenna that He Has Accepted a Cabinet Portfolio.

Chairman John K. Gowdy, of the Republican state committee, returned yesterday from a trip to Canton, O., where he went to confer with President-elect McKinley with reference to federal patronage for Indiana.

Mr. Gowdy was seen at his room in the Denison hotel, where he is staying, concerning the result of his trip to Canton, Ohio.

Major McKinnley, who is very appreciative of the services rendered by the Indiana Republicans in the late campaign, and who was assured that the state will be fairly treated and liberally provided for in the distribution of patronage.

When asked what place would be given him by the administration, Mr. Gowdy said: "Mr. McKinley tendered me an important mission, or the Paris consularship. After the denials of Secretary Sherman and the latter, and so notified Major McKinley this evening."

Captain Gowdy will succeed Samuel E. Morss, owner of the Indianapolis Sentinel, who has been consul general to Paris during Mr. Cleveland's term of office. This position is considered the second best in the consulate in the service. In point of emolument London is somewhat ahead of it, but Paris is said to be not very far behind.

John K. Gowdy, who will succeed Mr. Morss in the Paris consulate, was born on a farm near Arlington, in Rush county, Ind., in August, 1842. When he was six years of age his parents moved to Jasper county, Indiana, where he continued to live until 1862, when he enlisted in Company L, Fifth Indiana Cavalry, in which he served three years. He received his education in the common schools. After his return from the war he attended school for one year in Rush county and afterward taught a country school in Newton county six months. He was married Jan. 24, 1867, to Miss Eve Gordon, of Rush county. His family consists of his wife and one daughter, Miss Fannie Gowdy. Mr. Gowdy's father died when he was fourteen years of age, leaving him to care for and support his widowed mother.

In 1878 he moved to Rushville, his present home. In October, 1879, he was elected sheriff of Rush county and served two terms. In 1882 he was elected auditor of Rush county, also holding that office for two terms. He served as chairman of the Rush county Republican committee from 1879 to 1889. On Jan. 10, 1891, he was elected chairman of the Republican state committee to fill out the unexpired term of L. T. Michener. He was re-elected as chairman of the State committee in '92, '94 and '96.

Mr. Morss's nomination was confirmed by the Senate March 30, 1892. His term will expire March 30, this year.

HANNA AT CANTON.

The National Chairman Confers with the President-Elect Again. CANTON, O., Feb. 5.—The national chairman, M. A. Hanna, who came here this afternoon, spent about three hours in the city, the greater part of which was in consultation with Major McKinley. "I am not talking now," he said, "because I have nothing to say and there is no use insisting on it. I have not had time to get to Canton and elsewhere about the subject of the conference being in connection with his acceptance of the postmaster generalship. It is not believed that such was the object of the trip. The gossip predicting that Mr. Hanna will not enter the Senate as the successor of Senator Sherman because Governor Bushong is not appointing him is not generally believed here and the majority of Ohioans who come here. One of the day's visitors arrived from the East this afternoon, and while he declined to give his name or talk of his mission, it is supposed that he was John T. Sears, of New York. The report also came that Mr. Hanna arrived at the city on Monday night. The report also showed that the executive committee of the Pennsylvania "Sound-money league" have elected a cabinet of members to function in the organization. It was determined at the meeting to call a conference of two delegates from each of the states, to be held in New York, at the Chamber of Commerce, on Feb. 24, for the purpose of organizing the movement. Mr. Sears, of Marshall Field, of Chicago, is proposed for the presidency.

MOODY SIXTY YEARS OLD.

The Evangelist Presented with \$50,000 to Erect a Chapel. BOSTON, Mass., Feb. 5.—Dwight L. Moody, the famous evangelist, is observing his six-tenth birthday and hundreds of his converts in many places, not to mention his Boston friends, united to make the occasion a memorable one. Friends of the distinguished preacher have collected \$50,000 for his use in erecting a chapel for the Mount Vernon School for Boys, of which Moody was the founder, and new chapel building, to be known as the "Moody Chapel." This idea originated with Rev. E. Meyer, of London, who has been chiefly instrumental in raising the money. The Mount Vernon School for Boys is situated on the west bank of the Connecticut river, and is one of the best of its kind in the North. It is a boarding school, and at present has about seven hundred students. The school is nonsectarian.

FRATERNAL INSURANCE.

Decision That Will Affect the Assessment Plan of Many Societies. CHATTANOOGA, Tenn., Feb. 5.—A decision handed down by Judge C. D. Clark, of the United States District Court, in the case of Gertrude H. Whitehead vs. the Improved Order Heptastrophs, materially affects all fraternal insurance orders in America. In overruling defendant's motion for a new trial in a suit for recovery on a benefit certificate, payment of which was denied for the reason that assessments necessary to the good standing of the deceased member had not been paid as required by the supreme court of the order, the court held that fraternal life insurance companies could not be held to the same legal footing as ordinary life companies, and that a local financial officer of a lodge could waive requirements of the supreme court. The opinion is sweeping and will attract attention at all supreme court meetings.

ALP TOPIC IN THE DISCUSSION IN MY INTERVIEW WITH THE PRESIDENT-ELECT.

This telegram and this statement puts at rest all doubts as to California's representation in the cabinet. It was pretty well known that Judge McKenna had been given a place. Those who read between the lines of the dispatches from Canton were convinced that the question was whether McKenna was to represent the West in the cabinet, but what position he would be given, either as secretary or as minister, was not stated. The latter place until after the inauguration, and might not go to Washington until in the spring.

CONGRESSMAN SHERMAN'S ROOM.

WASHINGTON, Feb. 5.—The New York Republican organization, with the acquiescence of Mr. Platt, has gone out after a Cabinet portfolio and has advanced the name of Representative Sherman for the office of postmaster general. A practically united delegation in Congress backing him up and Governor Black from Albany, is controlling the state machine in his behalf. Sherman, of Albany, N. Y., Florida, has not gone on record openly as favoring the move, but his friends, from him, want him to go in ahead and making a play for the place. Strong corporate interests are backing him in this movement. Independent of New York Republicans. TWO PARADOXES SOUGHT.

FRIENDS OF FRANCIS A. COFFIN AND J. B. WILSON AT WORK. Great Pressure Brought on President Cleveland to Act Favorably in Both Cases.

CARNEGIE WILLING TO SELL

WANTS ARBITRATORS TO APPRAISE HIS ARMOR PLATE PLANT. The Business Has Caused Much Worry and He Would Gladly Dispose of It to the Government.

Special to the Indianapolis Journal.

WASHINGTON, Feb. 5.—On account of the extraordinary pressure being brought for the pardon of Francis A. Coffin, convicted of helping to wreck the Indianapolis National Bank, the attorney general, with the President's assent, has made an exception to the previously unbroken rule requiring the signatures of either the trial judge or prosecuting attorney before pardon. The pardon is to go to the executive for his consideration. This remarkable concession was obtained through the influence of ex-Attorney General Miller, and as an act of courtesy on the part of the head of the Department of Justice to a predecessor.

The Coffin papers bear the names and the endorsement of many men of the very highest standing in Indianapolis and Illinois, where the prisoner was best known, as well as in the East, and it is an open secret that the President is deeply impressed by the showing. He has not yet formally taken the pardon of Secretary Fryer, but expects he will do so in a very few days.

The negotiations for the pardon of Coffin have been and are being carried over the head of Controller Eckels, who was particularly active in the prosecution. This is known at the White House, but the sneering remark has heard there that his participation was not considered indispensable. "Unfortunately," said a White House official, "the Constitution does not vest the pardoning power in the controller of the currency. It even neglects to mention that officer." From this it may be inferred that the advice of Mr. Eckels will not be asked for. Just the same the latter holds strong views with regard to the Coffin case and will endeavor to dissuade the President's mind of the impression that the prisoner was merely guilty of overborrowing. The Coffin case promises to be one of the most interesting in the pardon record of President Cleveland's second term.

John W. Kern, accompanied by ex-internal Revenue Commissioner Miller, will call on President Cleveland to-morrow in the interest of James E. Wilson, of Indianapolis. Mr. Kern has been delayed several days by the completion of the record in the case, a necessary preliminary in the presentation of a pardon petition to the President. Attorney General Harmon will have the papers at the White House by the time Mr. Kern and the President's hunting and shooting companion, Mr. Miller, gets there, and there will be no delay in the case. Wants Arbitrators to Fix a Price for the Big Armor Plate Plant.

WASHINGTON, Feb. 5.—The testimony taken before the Senate committee on naval affairs in regard to cost of armor plate was made public today. The report shows that the Carnegie armor plant, which is owned by Carnegie Steel Company, submitted a written proposition agreeing to leave some of the differences between the company and the United States to arbitration and that General Superintendent Schwab went even further than that, and offered to have the latter set a price for the armor plate. Mr. Schwab's statement of the position of the company on the
