EXPECT A BIG CROWD IT IS THOUGHT MANY DEMOCRATS WILL GO TO KANSAS CITY.

The Plans for Going Over the Official Route—Big Ward Meeting—Political Notes. Chairman Martin and Secretary Hawkins are daily receiving many letters asking for information with regard to tickets and hotel accommodations at the national Democratic convention. This indicates that Indiana will be well represented at Kansas City July 4. It is thought that between 700 and 800 Indiana Democrats will attend the convention in Kansas City. A letter received at the Democratic state headquarters yesterday from G. V. Menzies, of Mount Vernon, states that the First district will send at least seventy-five people and that arrangements have been made to run a special train to the convention. This train will probably be in charge of Mayor Menzies, who is a delegate at large. The "official train" carrying the state committee, candidates on the state ticket and other prominent workers will leave this city at 3:30 p. m. Monday, July 2, going by the Vandalla to St. Louis and thence by the Missouri Pacific to Kansas City, arriving at 7:35 Tuesday morning. A band will probably be taken on this train. Another train in charge of Flavius J. Van Vorhis, chairman of the state Republicans, will leave the Union Depot a few minutes after the "official train," going by way of the Big Four to St. Louis and from there to Kansas City by the Washab. The delegates will leave as to arrive in Kansas City the morning of the day the "official train" starts from here, as they will have a meeting there to organize. They probably decide then who they will support for the vice presidency.

BIG WARD MEETING. Republicans of the Fifteenth Ward Have a Love Feast. The Republicans of the Fifteenth ward held a most enthusiastic meeting last night at 804 South Meridian street. The crowd began to assemble early, and by 8 o'clock it looked like every Republican in the ward, and more, were present. Quite a number of the state Republican committee ticket were present, and each of them was given a hearty and enthusiastic welcome. Speeches were made by Judge Daniel C. Brown, Fred C. Koenig, George Pearson, Mendenhall and Harry Hubbard. After the speeches cigars and refreshments were served, and the meeting adjourned with three hearty cheers for the success of the Republican ticket.

CHAIRMAN MARTIN HERE. Democratic State Committee to Meet After the Convention. Chairman Parks M. Martin, of the Democratic state committee, returned from Spencer yesterday morning. Mr. Martin said that the state committee would hold a meeting after the convention at Kansas City, at which time the plans of the campaign would be discussed to the members of the committee have all decided to go to Kansas City, but has entirely recovered his former health.

The Board of Regents of the state soldiers' and sailors' monument yesterday filed with the Governor the following report for the quarter ending July 15, 1900: "Since the filing of the last report the figures representing the infantry and cavalry soldiers of the war of the rebellion have been placed in position on the monument. The soldier representing the artillery branch of the service of the war of the rebellion is completed, placed on the monument during the coming month of July. The apparatus for ventilating the crypt of the monument has been completed and is in operation. The Board of Regents is informed that all the bronze work contracted for with Mr. Bruno Schmitz, Berlin, Germany, will be shipped to this city in the month of August, and entirely completed and put in working order in October, 1900.

STATE FAIR FEATURES. Sending Out the Official Premium List and Programme. Charles Downing, secretary of the State Board of Agriculture, was busy yesterday sending out the official premium list and programme for the state fair to be held Sept. 17 to 22. According to the programme the fair will be formally opened on Tuesday, which will be "old soldiers and children's day." All old soldiers and children under fifteen years of age will be admitted free of charge. There will be races and an all-day concert in the grand stands. On Wednesday the different varieties of horses will be displayed and there will be a combined display of sheep, swine, cattle and hogs. There will also be concerts and races. Light harness horses, roadsters, heavy carriage teams, saddle horses and other kinds of horses will be shown on Thursday. The races will begin at 1 o'clock in the afternoon. WILL MAKE NO CHANGES. Gen. McGinnis's Commission Will Arrive in a Few Days. It is expected that Gen. George F. McGinnis's commission as postmaster of Indianapolis will arrive in this city by Friday or Saturday of this week. The new fiscal year begins July 1, and it is thought the new postmaster will have taken charge by that time. Before authority to take charge of the new office will be sent to him General McGinnis will have to first prepare and send to Washington a \$15,000 bond. General McGinnis will not go into the office a total stranger, as he had charge of a district during the administration of the late President Garfield and President Arthur, and many of the employees who were there then are there now. General McGinnis said that he did not expect to make any changes about the office as long as the present force can carry on the work.

MRS. BEVERIDGE DEAD WIFE OF THE SENATOR PASSED AWAY AT DANVILLE, N. Y.

She Was Born in This City and Was Well Known for Charitable Work—The Funeral. Mrs. Albert J. Beveridge, wife of Senator Beveridge, died at 2:30 o'clock yesterday morning after a lingering illness at a sanatorium in Danville, N. Y. The immediate cause of her death was attributed to collapse of the heart, but she had long been ill with tuberculosis of the bowels. Mrs. Beveridge's illness dates to her return to this country from the Philippines, where she had accompanied her husband. Everything possible has been done for her and though she rallied many times, yet each rally was followed by a relapse, raising her weaker than before. While at Asheville, N. C., last winter, where she was accompanied by her sister, Miss Mary Langsdale, she was visited by Dr. Pomeroy, a noted specialist of Buffalo, N. Y. After an examination he said there was no hope for Mrs. Beveridge's recovery and as the climate at that time in Asheville was not desirable he advised that she be removed to the Danville sanatorium. After her removal she was placed under the care of the best physicians, but it was of no avail. Many eminent physicians have diagnosed her case and some have disputed the diagnosis of Dr. Pomeroy, maintaining that Mrs. Beveridge was not afflicted with tuberculosis, but they could do nothing for her.

THE DAY OF THE CIRCUS RINGLING BROS.' BIG TENTS PITCHED ACROSS THE RIVER.

A Parade This Morning and Performance This Afternoon and Evening—The Features. Circus day is here. The dead walls of the town and the live columns of the newspapers have kept it in mind for several weeks. The sun has rolled around in the sky to a place that makes its visit welcome, the trees are in bloom as if they felt a pleasurable pride in the occasion and small boys are radiant beyond comparison. Last summer was a dry and dreary affair for the youngster of the family, to say nothing of his more erect and seriously inclined brother, because there was no Ringling circus. Just now the circus is an institution of amazing scope. It comprehends about everything under the sun that comes under the label of odd, strange and sensational. It no longer represents a canvas shelter for one or two who are of prehistoric origin, but a big show in its modern development is so big that its features must be expressed in numerals when it comes to printer's ink. Take the Ringling Brothers' show, for instance. It takes sixty-five cars to transport its equipment from place to place. It carries one hundred dens of wild animals. It also has a herd of twenty-five elephants, which is the biggest in captivity. One thousand people are employed, of whom three hundred are performers. While the old-time show had but one or two towers, the Ringling show presents four. These figures make a short way of telling a long story when it comes to circus values.

INTERESTED IN CHARITY. Mrs. Beveridge was a member of the Meridian-street M. E. Church and was greatly interested in charity. She was a member of the Katherine Home board, an active worker in the Boys' Club and a member of the Free Kindergarten Society. She was ever sweet and cheerful during all of her illness and her great suffering. She was devoted to family ties. She was passionately interested in the achievements of her distinguished husband and was ever mindful of his interests. Her husband, father and a brother were with her when she died. The senator was in this city when he learned of the change in her recovery, but two days later was called to New York, where he has been since.

JUDGE IRELAND EXCUSED. He Will Not Have to Appear Before the Supreme Court. The hearing of William W. Ireland and William Reister, the two attorneys from Evansville, who were cited before Supreme Court for contempt, was yesterday postponed until June 26. Frank B. Posey entered an appearance for both of the defendants and filed a number of affidavits which asserted that the honesty and integrity of the two men had never before been questioned. Judge Ireland filed his affidavit, stating that he had nothing to do with the case in which the alleged contempt of court was committed. He says he took no part in the preparation of the transcript that is alleged to have been altered, and did not look at it from the time the appeal was taken until after the relation was issued against him. He says his partner told him that the record of the case was altered and he was examined to see whether it was or not. He says that in thirty-five years' practice he has never had any unpleasantness with the courts.

IN CAMP AT FAIRVIEW. The Indianapolis High School Cadets are now in camp at Fairview, where they will be for one week. Tents were pitched yesterday, consisting of twelve ordinary tents, a headquarters tent and a hospital tent. Dress parade will be held every afternoon at 3 o'clock, and to-morrow there will be a skirmish drill. Glee and mandolin clubs and a quartet will furnish music for entertainment.

Running on a Schedule. One passenger car was placed in service on the Indianapolis & Greenfield electric line yesterday which will run on schedule time, making the round trip in two and one-half hours. Cars will run hourly to-day on account of the circus. The fare for the round trip from Indianapolis to Greenfield is \$1.00.

Mr. Wishard Goes to Washington. Albert W. Wishard, United States district attorney, has gone to Washington to confer with Secretary of the Treasury Gage with regard to the condemnation proceedings which are being rapidly pushed against holders are willing to accept the award made by the commissioners, and every body concerned, including the federal officers, are anxious to have the deal closed. Mr. Wishard's trip is merely to facilitate matters, as a contract by mail would require a much longer time.

THE INDIANA ASSOCIATION NOW MEETING IN THIS CITY. An Enjoyable Time at the German House in the Evening—The Day Sessions.

The Indiana State Dental Association closed the first day of its forty-second annual meeting with a social session in the evening at the German House last night. There were about 150 members present and it was a time of meeting for old classmates who separated after receiving their diplomas and chose locations in different parts of the State. No programme or formally restrained the dentists from enjoying the evening as they sat in groups, smoking and talking of college days, teeth extracting and practices that have been built up by close application to business.

THE INDIANA ASSOCIATION NOW MEETING IN THIS CITY. An Enjoyable Time at the German House in the Evening—The Day Sessions. The social was preceded by a session at the Indiana Dental College, in which Dr. O. A. Thompson, of this city, read a paper on "The Specialist and the Fifth Part of Nerves." He was followed in discussion by Dr. George E. Hunt and Dr. George Kahlo, both of this city. The subject, treating of the close relationship that exists between the dentist and physician, and how closely their professions are allied. Yesterday afternoon was taken up with committee reports and papers. The committee on necrology reported three deaths within the past year—Dr. W. S. Rave, of this city; Dr. Manlove, of Logansport, and Dr. De Vilbiss, of Decatur.

QUIGLEY HAS \$250. And Will Hold It Until the Board Passes Upon the Matter. Superintendent Quigley yesterday took charge of the \$250 which was given to Capt. Kinney by Cornelius Jackson to be divided among the detectives until the question of their right to accept it had been decided by the Board of Safety. The agreement was that Jackson should have one-half of the reward, and after receiving it he tendered one-half to Captain Kinney for division. The question arose upon a discussion of the provisions of the pension law, which provide that "all moneys, fees and rewards of every nature and description which may be paid or given to any member thereof shall be turned into the police pension fund. The master will be taken up by the board at its first meeting.

BACK TO SUNDAY SHAVES THE BOSS BARBERS MAY FORM AN ASSOCIATION.

Shops Canvassed to See How Many Favor Opening on Sunday—The Result. The Sunday closing of barber shops recently inaugurated by the journeymen barbers is the first step toward organizing a union among the journeymen, and has started a movement among the boss barbers to form an association. The union has not progressed far enough to tell what the demand will be, but the boss barbers are already trying to get back to the custom of opening their shops on Sunday morning. One of the boss barbers made a canvass of the downtown shops yesterday to ascertain the number who are favorable to opening on Sunday morning, and out of twenty only one was opposed to the practice. He is Robert Hosea, in the Stevenson building. Those who are favorable to keeping open shops are: West Market street, one; George Knox, Bates House, eight; William Miller, Grand Hotel, eight; J. H. Building permits were issued yesterday to the William P. Jungclauss Company for the improvement of Mozart Hall, which has been under way for some time and is now nearing completion, and for the erection of a three-story flat building at 227 North Illinois street. The Mozart Hall improvement is being made by the Home Brewing Company, the owner, and consists in an entire remodeling of the place in order to make a first-class hall of it. The ground floor will be used for a barroom, and the second floor is being prepared for use as a clubroom. The galleries are being changed from the end to the sides. The hall when completed will cost in improvements about \$25,000 and will be one of the best in the city. D. A. Bolen & Son, architects, have the supervision of the work. The building is to be erected by James E. Roberts. The plans, made by Vonnegut & Bohn, call for an expenditure of about \$30,000 for the building, which will be of three stories in height and modern in every appointment. There will be fifty rooms exclusive of the basement, and the building will be completed by Oct. 15.
