Tricker's SHOE 10 EAST WASHINGTON STREET. BUSINESS COMPLETED.

National Live Stock Exchange Elects Officers and Adjourns. The National Live Stock Exchange convention held Friday and yesterday at the Commercial Club adjourned yesterday morning after the election of officers and the executive committee, which resulted as follows:

THE STRIKE SETTLED. Secretary Wilson, of the Mine Workers, Gave It Personal Attention. The strike in the coal mines at Linton was adjusted by Secretary Wilson, of the United Mine Workers, and the men returned to work yesterday. The strike was the outgrowth of the refusal of the company to re-employ a man who had voluntarily left their service.

Stabbed in the Back. Henry Watson and Jim Dean, both colored, fought in Cohen's barrel house on East Washington street last night over a disagreement in wages. Watson was stabbed twice in the back by Dean. Dr. Thompson, of the City Dispensary, sewed up the wounds, after which Watson was locked up.

A liberal share of your fire insurance ought to be given to the Indianapolis Fire Insurance Company, a safe, sound and successful company, organized with home capital by Indiana men, who will give your business prompt attention. Office, No. 14 East Market street.

THE GERMAN AVANTAGE SAMUEL H. WULFMANN GIVES RESULT OF HIS CANVASS. He has been making speeches in German in Spencer, Bartholomew and Benton Counties.

IS NO CAUSE FOR ALARM MOST GERMAN FAVOR MCKINLEY AND PROSPERITY.

They Are Afraid of Bryan's Silver Heresy—Local Political News and Gossip.

Samuel H. Wulfmann, of Huntingburg, who has been making speeches in German in Spencer, Bartholomew and Benton counties, under the direction of the state committee, is in the city spending Sunday. He expects to make more German speeches and will go back to Bartholomew county at the request of the party workers there. Mr. Wulfmann is greatly encouraged over the success he has had, and from the stories he relates in reference to his reception among the Germans there no doubt about the German vote in Indiana.

Mr. Wulfmann declares that he has not found a single German voter who has been a Republican who will not support the Republican ticket this year. On the contrary, he says the Republicans will gain many German votes from the ranks of the Democracy. "I have talked to a good many Germans," said Mr. Wulfmann yesterday, "and I find that those who are Republicans are still loyal. The Germans resent the charge made by the Democratic leaders that they are deserting the Republican party because of the issue of imperialism. They feel that it is a reflection on their intelligence. As a matter of fact, the Germans are not worrying about the issue of imperialism; it is the financial question that is occupying the minds of the Germans. They would be afraid to vote for Bryan, because they think he would be a dangerous man to be at the head of the government."

A FINE ORGANIZATION. Mr. Wulfmann says that Spencer county has the finest German Republican organization in the State. He says he finds that a great many of the young Germans of the State—those who belong to Democratic families—will vote for McKinley. In some instances whole families of Germans will leave the Democracy this year because of the free silver danger, and in other cases the fathers, who have perhaps voted the Democratic ticket all their lives, will remain with the party, but the sons will vote for McKinley. Mr. Wulfmann says he found one case where the father, an elderly man, said he did not care to change his politics, but remarked: "My boys will vote for the Republican candidate, and that is all right. Mr. Wulfmann, in addition to addressing large audiences of Germans, visits them in their homes and goes "heart to heart" talks with them. He believes he is in a position to speak authoritatively on the German question, and he asserts that there need be no uneasiness in Indiana about the German vote.

Hot Water People Delayed. Members of the Home Heating and Lighting Company are now said to be visiting other cities where the hot water system of heating is in use in an effort to decide which system is the best. It is now said to be doubtful whether a plant will be put in this winter. The provision of the contract and franchise with the city specifies that work shall begin within ninety days after the selection of the territory to be supplied by the system, and that the plant shall be ready for service by the first of next September. THE H. LIEBER COMPANY. 24 WEST WASHINGTON STREET. Remarkable "One Dollar" Pictures

A special offering of good pictures at a uniform price of one dollar of which many are easily worth three and four times the price asked for them. They are by far the best values ever offered, and such values as only Lieber's can offer. Our immense wholesale business and great factory facilities enable us to buy cheaper, frame cheaper and in consequence sell cheaper than any other Indiana dealer. But aside from the logical reasons for these great values, this is a specially attractive sale, as we have collected for it a tremendous line of beautiful pictures, such as have never before been offered at so low a price.

57 Choice Pictures In one lot will go in this great "one dollar" sale. They are beautiful facsimile water colors, framed in good style—gilt and burnished frames and gilt mats. The usual price is \$5.00, but we offer this limited number to first comers.

Pharaoh's Horses A splendid picture of Pharaoh's horses, framed in neat, broad, ornamented, dark wood frames, may be had in this sale at one dollar. Many fine pictures in odd pieces, worth two, three and four times the price asked for them. For our own reasons we dispose of them at a tremendous sacrifice. The reasons do not interest you, but these pictures will. It is a rare chance to ornament your home here and there at a very small cost. A thousand pictures to choose from, all at \$1.00

Shideler, last evening, as he opened the door of a room next to the postmaster's private apartment, and bade the reporter enter. The first thing that attracted attention on entering the room was the vast quantity of newspapers it contained. These were wrapped, addressed and stamped—apparently ready for mailing—and contained in eight bushel baskets, each of which was heaped to overflowing with papers.

Every package of newspapers in those baskets is held for lack of the proper amount of postage," continued Mr. Shideler. "That is just the accumulation of the interval that has elapsed since carnival week. I guess the extra large editions that were printed by the newspapers that week got the minds of the people twisted. For about the millionth time, I want to repeat that newspaper postage is one cent for every four ounces or a fraction thereof. But
