### GOT UNDER THE MARKET

FINANCIAL POWERS FELT THAT IT NEEDED SUPPORT.

This Was Withdrawn as Soon as the Necessity Was Passed-Result Was a Dull but Changeable Session.

NEW YORK, June 26 .- The sentiment reflected by the changes in stock prices underwent an astonishing number of mutations to-day, considering the small volume of the trading and the narrowness of the interest in the market. The market was palpably soft notwithstanding these occaapprehension caused by yesterday's banking disturbance in spite of the clearing up of many wild rumors that were circulated yesterday by the explicit statements put out over night. It was doubtless owing to this feeling of uneasiness that strong supporting orders were put in the market at the opening to guard against any violent disturbance of prices. The advances which were caused in that way orders by the element which professed to expect further trouble. The persistence of the support and the news that the bank which was affected yesterday had met today's debit balance at the clearing house quieted the slight tendency to feverishness in the market. Afterwards the trading took on the tone of the recent market and consideration returned to the situation of the money market. The fact that the Clearing House Association had considered it unnecessary to accord assistance to the bank in trouble yesterday was regarded in itself reassuring, as indicating a belief that the bank's affairs offered no threat to the general situation, and that the trouble was localized. With the development of this sentiment the support of the market seemed to be less, as though it were not deemed necessary. When the money rate stiffened to above 6 per cent. and increased offerings came on the market prices yielded easily. This period of greatest weakness in the market was also that of the greatest activity. The flurry in money rates was exactly such as has been anticipated for two weeks past, and which is a usual incident of the last week in June on account of the large accumulations necessary to provide for dividend and interest disbursements. Very possibly yesterday's disturbance to credit, slight hough it was, had its effect in the shift-

ing of loans which occurred to-day and which precipitated the sprinkle of liquidation owing to the difficulty of securing new accommodation. The decline in prices was most pronounced in St. Paul, Union Pa-Manhattan and some of the less prominent stocks which have been under manipulation recently for an advance. St Paul fell an extreme 2% under last night. by a very general but desultory recovery. Not a few of the most important stocks were lifted well above last night's level, level. The closing was very duli but firm. The reaction in sterling exchange in response to the rise in the money rate and the favorable progress in the Stock Ex-change settlements in London and also

change well away from the gold export The bond market was dull, but prices yielded to selling in sympathy with stocks. Total sales at par value were \$2,995,000. United States refunding twos advanced 1/4 per cent. on the last call. The governors of the Stock Exchange have voted not to close the exchange on Following are the day's share sales and

MINOR FRACTIONS ADDED TO WHEAT, CORN AND OATS PRICES.

Markets Not Very Active, Export Demand Being Fair-Provisions Lower in All Departments.

CHICAGO, June 26 .- Higher cables and good export demand were mainly responsito-day, September closing firm with a gain of %@1/2c. September corn closed 1/3c higher; oats were 1/40 higher, while provisions closed 5@10c lower.

Wheat opened quiet and a shade higher on cables. The trading was nearly all on The latter part of the day was taken up | local account. The early strength was not of long continuance, the break coming while the larger number rallied to that western connections began selling as hedges against purchases of the new crop. Longs also unloaded freely. The strength later in the day was due to a good export demand and covering by shorts. Septemure in Leipsic carried the price of ex- ber opened 4@%c higher at 66%c, but dropped to 66%c soon after the opening. Toward the close the market rallied on active buying by shorts, at one time the price being 66%@67c. The close was firm and %@ 1/2c higher at 66%c. Seaboard reported 21 loads taken for export. Clearances of wheat and flour were equal to 514,461 bu. Primary receipts were 409,000 bu, against 432,000 last week and 427,000 a year ago. Minneapolis and Duluth reported 153 cars, compared with 262 a week ago and 344 last

year. Local receipts were 29 cars, one The opening in corn was firm on higher selling on orders for outside account. In sympathy with wheat, and on covering by the session, and the close was firm. September sold between 44% and 45c, closing 16c higher at 44% @45c. Clearances were 129,523 bu, with 20 loads reported taken for export. Primary receipts were 384,214 bu,

against 359,000 last week and 1,068,000 a year ago. Local receipts were 155 cars, with 13 cars of contract grade. There was a fair trade in oats, and the opening was steady and a shade higher than yesterday's close. Commission houses sold freely on the advance, and a reaction set in. Toward the close the market became firmer in sympathy with wheat, and the close was firm and 1/601/4c higher for September, the latter month closing at 26%@27c, after selling between 26%c and 27c. Clearances were 27,706 bu, and local re-

ceipts were 88 cars. Provisions were dull and there was an almost complete absence of buying orders. The opening was lower on large receipts of hogs, and on commission houses selling the prices weakened slightly, but reacted on strength in grains, closing weak. September pork ranged between \$14.821/2 and

and \$8.77%. Closing ranged between \$8.121/2@8.15 and \$8.15@8.171/2. closing 5c lower at \$8.15. Estimated receipts for to-morrow: Wheat, 45 cars; corn, 150; oats, 105; hogs, 30,000 Leading futures ranged as follows:

Wool.

BOSTON, June 26 .- The American Wool and Cotton Reporter will say to-morrow of the wool trade: The market continues to improve slowly out surely. Prices cannot as yet be quoted actually higher, except in one or two isolated instances where unique depression had previously existed, but they are firm held, except, possibly, on the lower grades, and even on the latter it is easier to get asking prices than it was a couple of weeks ago. There is a better feeling all around, and the wool merchants are talking more en ouragingly and hopefully. In the goods market there is a substantial improvement. In connection with the London sales, which open next Tuesday, it may be stated that about 200 bales of fine Australian have been shipped from Boston to London recently to be offered at the sales, presumably because the holders believe that they can dispose of it at better terms there than here. In the interior high prices continue to be paid for the new wools, and during the past week or ten days quite liberal purchases have been made in the Territories and in Oregon by East ern parties. Some of the new wools bought in eastern Oregon will cost fully 45c clean. The sales for the week in Boston amounted to 3,100,-000 lbs domestic and 275,000 lbs foreign, making a total of 3,375,000 lbs, against a total of 1,902,000 bs for the previous week and a total of 952,000 bs for the corresponding week last year. against 67,683,160 lbs for the corresponding time last year. The receipts of wool in Boston this week amount to 21,015 bales, against 19,962 bales last week and 14,938 bales last year. Total receipts since Jan. 1 have been 228,022 baler do mestic and 76,843 bales of foreign, against 142,852 orresponding period of 1900. This is an increase of 85,170 bales domestic and a decrease of 24,084 ending June 24 are as follows: Tuesday, June . 1,496,060 lbs; Wednesday, June 19, 255,790 lbs; Thursday, June 20, 882,885 lbs; Fridar, June 21, 453,320 lbs; Saturday, June 22, 552,280 lbs; Monday, June 24, 958,985 lbs; total, 4,599,330 lbs. Hogs Weak and Five to Seven and a Half Cents Lower-Sheep Steady-Condition of Other Markets.

UNION STOCKYARDS, INDIANAPOLIS, June 26 .- Cattle-Receipts, 900; shipments, 200. The receipts of cattle to-day were fair, but not liberal for a Wednesday market. The different grades were not as well represented as usual at this time in the week, and there was quite a scarcity of strictly choice cattle in their class. Buyers were rather backward to-day, and asked some concessions in prices for practically all kinds. Salesmen were, of course, reluctant in accepting lower prices, and at the start there was not much change in fair to choice mixed, \$3.60@4; Western sheep, fact, all strictly top cattle sold at steady prices all day, and the best exporters were considered strong. After the first round sold on a lower basis, the decline generally being considered 10c. A few cattle averaging around 1,200 lbs sold at \$5.60, and full loads averaging a little less than 1,200 lbs sold as high as \$5.50. There were no heifers reported above \$4.85, and other sales ranged price for cows was practically \$4.25, and canners to good cows sold at \$1.75@4, a large proportion of the supply selling between \$3.50 and \$3.90. Good to choice cows and calves .. 40.00@50.00 Common to medium cows and Hogs-Receipts, 5,000; shipments, 2,000. The marketing of hogs so far this week shows a decrease of over 2,500 compared with the same time last week. The receipts to-day were fully 2,000 smaller than a week ago and about the same as a year ago. In harmony with a depressed feeling everywhere the markets opened with buyers bidding lower, and packers especially were indifferent. A few sales at the start indicated a decline of about 21/20 compared with yesterday, but there were not many transactions at such figures, and when a trading basis was established it was generally fully 5c lower than yesterday. In extreme cases a few sales were considered 71/2c lower, which made the range 21/2071/2c below yesterday. Shippers had a liberal supply of orders, and at the decline the trading was active and a clearance was made. Sales ranged from \$5.90 66.1714, and the bulk of the supply sold at \$5.95@6.05, against \$6@6.10 yesterday. Quo

The receipts of sheep and lambs for three days show an increase of nearly 1,000 over the same time last week. The receipts to-day were unusually large, showing an increase of 1,300 over a week ago and fully 1,000 over a year ago. The arrivals included some very good kinds in their class, but a large number were not fat enough for butchers, and not a few were only ordinary stockers. With the liberal receipts buyers were naturally inclined to want to fill their orders at lower prices, but salesmen held firm for steady prices for the strictly good kinds, and subsequent sales were for the most part on that basis. Common to medium stock, however, suffered a decline of about 25c generally, and the more ordinary class moved slowly. Spring lambs sold from \$4@5.25, very decent yearlings and mixed lots at \$3.50 and stockers to good

old sheep were reported at \$2@3.25. LEAVE LOCAL MILLERS IN AN UN-PLEASANT SITUATION.

Heavy Arrivals of Small Fruits and Vegetables - New California Oranges on the Market.

A trip through the various markets yesterday failed to develop many points of special interest. There was a good deal of moving rapidly and an advance of \$1 a box prise, says one of the commission merchants. Valencia oranges have begun to arrive from California, but the demand for oranges, on account of the abundance of smaller fruits, is rather limited. Receipts of raspberries and blackberries are represented, but there were fewer high in quality. Cherries and strawberries are class horses than a week ago, and the so abundant as to be rather a drug on the Western Express. same as at the initial sale of the week, and are of inferior quality. New Irish potabut generally it was the fault of the and dried fruits trade is quiet. There are a few new peaches on the market, but they erybody is watching the situation with inthe feature. Choice butter is firm at our best quotations. Cheese is in fair request at unchanged prices. Eggs are weak at the break in the market of Tuesday. Quietness continues to prevail in the poultry situation. Spring chickens are coming in more freely and of better size, with prices practically the same. The iron and hardware market, much to the surprise of the leading houses, continues active, with prices ruling steady. Dealers who had expected an advance are rather surprised over the the first of the year, when advances seemed imminent. The flour market is flat, owing to the unsteady tone in prices of wheat. The provision market is active in a domestic way, with exports heavier than at the corresponding period last year, but by no means being at the maximum volume. The American Sugar Refining Company, at New York, yesterday advanced the prices of all

grades of refined sugar 5 cents a hundred Dullness hardly covered the condition of the local grain market. The oldest of the grain dealers do not remember a June when the receipts of the various cereals were as light. The break in prices of wheat has practically shut off receipts, but the strange feature of the situation is that the deliveries of corn are so light when the prices are so high and the outlook for a good corn crop this fall is steadily improving. Track bids yesterday, as reported by the secretary of the Board of Trade, ruled as follows: Wheat-No. 2 red, 65c, track; No. 2 red, 65c

Kaiser to Bave an American Yacht NEW YORK, June 26 .- The Tribune says: "It has been definitely settled that the German Kaiser will have a new yacht built in this country. A firm in this city has received an order through the German embassy in Washington to design a yacht somewhat on the lines of the Induna, the American yacht now owned by the Emperor. The new vessel will measure about 120 feet on the water line, which is ten feet longer than the Induna. Other dimensions have not yet been decided upon, and the
