BERLIN, June 29 .- The arrival here of the Paris-Berlin racing motors, with Fournier the winner, was generally recognized as the greatest sporting event of the seaevidence of this, from 8 in the morning the high road from Spandau to the west end was thickly lined with people From Berlin thousands of bicyclists and automobilists and very many of the most fashionable turnouts toiled up the hill leading from Charlottenburg to the west-end suburb, about six miles from Berlin proper There, in Germany's largest trotting park, the victorious participants in the Paris-Berlin race arrived one by one before a fashionable, sport-loving crowd of ten thousand persons. Stands decorated with flags and bunting, French, German and Belgian colors intertwined, were erected at the goal where the judges, officers of the automobile clubs of France, Germany, Auswere waiting. Two fine military bands

Among the interested spectators were Duke Frederick of Mecklenberg, the Prince and Princess of Pless, nee Cornwallis West, the old Prince of Pless, head of the Prince of Thurn and Taxis, Count Von Beroldingen, with his American daughter, who last season was the reigning belle of the Berlin and Stuttgart courts, Count Von Wedel, Major Von Esebeck, the Duke of Ratibor, Commercial of Melbourne was the outsider at 7 to 1 Councilor Friedlaend, Count Von Strach- Star Bright, well handled by Turner, won witz, Captain Von der Planitz, General Von Becker, Count De Talleyrand, Baron Von Kuhlmann, the Chevaller De Stern, who came to witness the finish for the Ausauto car from Buda-Pesth direct, and Herr | in order: Ohagan, 4 to 1; Mixer, 20 to 1;

When M. De Baeker arrived in a light volturette, at about 8:40 a. m., as the first of the tourist party there was much cheering. Among the auto cars sent ahead was Baron De Zuylen's seventy-horse power vehicle, with seven seats, which excited considerable interest. Hundreds of army officials in bright uniforms enlivened the scene, as did crowds of ladies in elegant light costumes. The weather was fair but hot. A special telegraph bureau and postoffice were provided by the authorities for

the travelers and others. There was considerable amusement when Robert Katzenstein, of Frankfort-on-Main, came in with his auto car running backwards, having made thirty kilometers from Potsdam in that manner owing to his vehicle's machinery being out of order. Among the tourists who arrived from Paris was Baron De Rothschild, who traveled under the pseudonym of Dr. Pascal. From a. m. unitl nearly noon there was a tedious wait for the first arrival. Among the dispatches received from Hanover by the Automobile Club officers

was one which announced the start of only

fifty-one of the seventy-three motors

which had arrived there yesterday. The terribly dusty condition of the roads accounted, to some extent, for the delay in the arrival of the racers here. Fournier was first seen at a great distance in a thick cloud of dust, approaching the goal like a whirlwind. The enormous crowd outside and inside the park began cheering wildly and, at the same time, the bands struck up the "Marseillaise." while all the French people present waved small tri-colored flags, and, as Fournier halted before the goal an immense wreath of laurel, decorated with ribbons of the German and French colors and inscribed in German with the word "Victory" was handed to him. Then Fourier completed the circuit of the track and left his auto car, the bands playing Sousa marches. The victor was then taken hold of by a score of lusty young French and German

To the correspondent of the Associated Press Fournier said: "The weather for the last three days has been splendid. Not a drop of rain since we left Paris. The plans adopted for finding the roads were faultless and our reception everywhere was enthusiastic, more so in Germany than in France. But the roads in Germany are decidedly worse than in France. NEW YORK, June 29.—Blue Girl, running n the name and colors of John E. Madden, won the \$20,000 Great Trial stakes at Sheepshead Bay to-day. She carried top Marion weight of 126 pounds, and, with Shaw up, won, ridden out, by a length from Hyphen, while W. C. Whitney's Goldsmith finished third, a length and a half back. Robert Waddell Takes the Handicap. CHICAGO, June 29 .- The Oakwood handi-

cap at one mile and a furlong, the first of the handicap features at the Washington Park meeting, was run to-day. There was a splendid field and the weather was fine. Robert Waddell, now enjoying the distinction of being a local public idol, carried the top weight, considering his age, but was nevertheless played by almost as many people as all of the other starters put together, and when he landed a victory there was great enthusiasm. Bullman rode the colt and got off in front, Eddie Jones went after the Derby winner, but Bullman kept the rail and did not allow a rival to take it away from him, although Jones showed in front for a time on the back stretch. Approaching the far turn Bullman again drove the threeyear-old to the fore. It was a long way from home, and as the entire field, with the exception of Advance Guard, was bunched close behind, it appeared doubtful if Waddell could last. His closest atthe Derby colt hung on and came into the stretch with two lengths' lead. Then The Conqueror shot out of the bunch and came tearing after the leader, but he tired near the wire, and Robert Waddell won by half a length. Advance Guard came from far behind and finished a poor third. during the day, was close to the record. The Indianapolis team came home yesterday and took two games from the Dayton team, the first being won without much exertion by a score of 9 to 5 and the second being captured after a hard fight by a score of 5 to 2. In the first battle the Hoosiers were lucky in batting and pounded Cogswell's curves all over the lot. Dayton would not have scored so many runs had the fielding behind Suthoff been perfect. The second game was replete with brilliant playing by both teams, Bey, of the Indianapolis team, leading in the sensational work. Two of his catches in center field were marvelous and once he fell to the ground after making a desperate run, but he caught the ball. Fox, Flynn and Hickey made several pretty stops, while Wheeler played the fastest game for Day-

Fox was the star of the second game with the bat, and he found Dunham's curves at will. One of his long hits to right was good for a home run, as the ball went under the fence. On the first trip of the Dayton team to Indianapolis Cogswell's curves were bombarded all over the lot. On the last visit of the Hoosier's to Dayton he pitched magnificent ball and defeated Indianapolis. Yesterday he was given treatment similar to his first visit here. The Hoosiers batted his curves opportunely, while Suthoff kept the Old Soldiers' hits well scattered. The fielding was tendants, however, tired one by one, while a little loose behind both pitchers.
