GRAFF'S HIGH SCORES

MADE 225, 202 AND 215 AT MARION ALLEYS LAST NIGHT.

Ray and McGrew Also Made Big Scores, Which Helped Ramblers to Win-The Individual Scores.

Table with columns: Clubs, Won, Lost, Pct. Lists scores for Ramblers, Tish-i-mingoes, Prospects, Electric, and Melrose.

The Ramblers and the Tish-i-mingoes bowled six good games at the Marion alleys last night, the Tish-i-mingoes winning four after brilliant bowling by several members of the team. Lee Graff worked hard for the Ramblers, piling up scores of 225, 202 and 215. Moehlman's poor score in the second game lost the game for the Ramblers' first division. Ray and McGrew helped materially to make a score of 953 for the second division of the Tish-i-mingoes by rolling 215 and 251, respectively.

The Deweys and Prospects split even. The other games were interesting. The individual scores were as follows:

OLD ELI IS SHOCKED

AMHERST HOLDS THE BLUE DOWN TO ONE TOUCHDOWN.

Bowdoin Works Well Over Into Harvard's Territory at One Stage, but the Crimson Wins.

PENNSYLVANIA IN HARD LINES

BARELY ABLE TO SCORE AGAINST FRANKLIN AND MARSHALL.

Princeton Defeats Villa Nova by a Big Score-End Running by Cornell-Other Games.

College Game Results.

Yale, 6; Amherst, 0. Harvard, 12; Bowdoin, 0. University of Pennsylvania, 6; Franklin and Marshall, 0. Gettysburg, 10; Carleton Indians, 5. Princeton, 35; Villa Nova, 0. Cornell, 50; Rochester University, 0. Columbia, 27; Rutgers, 0.

NEW HAVEN, Conn., Oct. 2.-Amherst football eleven treated the Yale team to a surprise this afternoon in holding the Elis down to a single touchdown in a game of twelve and ten-minute halves.

The Massachusetts men presented a line which, while not as heavy as Yale's, showed up strongly on the defense, and put up a remarkably aggressive offensive game for the first of the season. Captain Morse, at tackle, was a tower of strength, and easily handled Goss, his opponent. For Yale, Glass, at guard, and Hogan, the freshman tackle, continued the good work begun in the game with Trinity, but the rest of the team was a distinct disappointment to the coaches. In the center and at both ends, after Captain Gould retired, there was a marked weakness, and the backs lacked in a great measure the snap that was expected of them.

Yale scored her touchdown in the first half by a series of short plunges through the line.

HARVARD'S RAGGED BACK

Gives the Line Plenty to Do to Defeat Bowdoin.

CAMBRIDGE, Mass., Oct. 2.-The Harvard football team defeated Bowdoin today in two twelve-minute halves by the score of 12 to 0, the same as last year. The Harvard back field is composed of substitutes and only the excellence of the line saved the day. Bowdoin's back was better than Harvard's. The first touchdown was made by fine plunging for thirty-five yards after Graydon had run back with a kick for fifty yards. After the second kick off Bowdoin secured the ball on a forward pass and gained steadily for twenty-five yards through Harvard's line before being forced to kick.

PENNSYLVANIA'S WEAK TEAM.

PHILADELPHIA, Oct. 2.-The University of Pennsylvania football eleven had difficulty today in defeating the Franklin and Marshall team on Franklin Field, winning by the narrow margin of six points to none. Pennsylvania's greatest fault was her slowness in getting off her plays. The visiting team was about as heavy as the home eleven and was able to withstand the rather weak onslaughts of the Pennsylvanians. Pennsylvania made the only touchdown, in the first half. The ball was secured on a fumble on the twelve-yard line.

Professional Football Schedule.

CHICAGO, Oct. 2.-The National Association Football League met here today and adopted by-laws and a constitution. The season will open on Sunday, Oct. 13. The Cappells were substituted for the Detroit.

Princeton's Easy Victory.

PRINCETON, N. J., Oct. 2.-The university football team defeated the Villa Nova eleven here today in the first game of the season by a score of 35 to 0, two touchdowns being made in the first half and four in the second. The game was characterized by Princeton's fumbling of the ball and lack of team work by Villa Nova.

NEW YORK, Oct. 2.-The Columbia football eleven today easily won from Rutgers by a score of 27 to 0, at New Brunswick, N. J.

CRICKET AT NEW YORK.

LOCALS MAKE 143 RUNS, THE ENGLISHMEN NOT FINISHING.

NEW YORK, Oct. 2.-Bosquet's team of twelve English cricketers began a two days' match against twelve New York players on the grounds of the Knickerbocker Athletic Club, Bergen Point, N. J., today.

The weather was fine and cool and Tyler, the Knickerbocker Athletic Club professional, prepared a splendid wicket, which pleased both teams. New York made a total score of 143 runs.

The Englishmen went in for their first inning late in the afternoon, but the batsmen were drawn at 5 o'clock had 86 runs to their credit, for the loss of five wickets.

Wind Interferes with Shooting.

DETROIT, Oct. 2.-A strong wind blowing almost a gale interfered with the success of the Parker shoot at the Kusch House grounds today. The only event of importance was the team tournament handicap, and the Cline team, composed of Caleb, of Flint, Mich., and Lang, of Findlay, O., won, each man scoring twenty-three, making a total of forty-six targets out of fifty. The Hobo team, composed of Wood, of Detroit, and Scott, of Grass Lake, Mich., won second money, but one point behind the winner.

TO RACE EVERY DAY

COLUMBIA AND SHAMROCK ON A NEW AGREEMENT.

Fickleness of the Weather Induces a Decision for Daily Contests, Starting Sunday.

GOOD PROSPECTS FOR TO-DAY

WIND STRONG LAST NIGHT AND CONTINUANCE FORECASTED.

All in Readiness Aboard the Big Racers-No Changes in Shamrock's Water Line.

NEW YORK, Oct. 2.-Yachting enthusiasts and the general public to-night are expecting a most exciting race to-morrow between the cup defender Columbia and the challenger Shamrock II. They base their high hopes on the strong wind blowing to-night, and which the local weather prophets assert is likely to keep up for twenty-four hours or more. The Washington Weather Bureau adds to the expectations which it is hoped will be realized by holding out a promise of a strong breeze off Sandy Hook. The bureau says: "Fresh northwest winds and fair weather for to-morrow. The winds ought to hold good throughout the day."

The contest between the two yachts to-morrow will be over a thirty-mile triangular course, the same as that attempted on Tuesday. It is the intention of the committee to-night to sail the first leg to windward, which will make the other two a broad reach and a close reach, provided the wind does not shift.

At Sandy Hook to-night everything is ready for to-morrow's race, and if the weather predictions prove true the yachts will have plenty of wind-perhaps more than they want. At 9:20 to-night the wind shifted suddenly in a squall from south to northwest, and began to blow hard from that quarter. At 10 o'clock its velocity was thirty-six miles an hour.

While it was a quiet day with the yachts lying at their moorings inside Sandy Hook bay, the officials of the New York Yacht Club and Royal Ulster Yacht Club had a busy time of it in complying with the request of Sir Thomas Lipton, who, by the assent of Mr. E. D. Morgan, of Columbia, that in future the races should be held on consecutive days, not commencing Sunday. In addition there came the request from Mr. George L. Watson, designer of Shamrock II, for a remeasurement, because of his intention to take out ballast before to-morrow's race.

The first proposition an agreement was finally reached between the challenge committees of the two clubs for a race every day, but on the second Mr. Watson, after further considering the matter, decided to let it drop, and the yacht will sail to-morrow with exactly the same amount of ballast which has been carried in previous races.

This will not prevent Mr. Watson taking out ballast at any time he may wish, which, of course, the club is willing to have done at any time. If, however, after to-morrow's race Mr. Watson decides to take out ballast it is probable that there will be no race on Friday, as under the new arrangement either yacht is at liberty to decline to race on the next day.

The proposition for a race on consecutive days came from Sir Thomas Lipton and as Mr. E. D. Morgan at once agreed two representatives of the Royal Ulster Yacht Club went to the New York Yacht Club this forenoon and had a conference with Commodore Ledyard. At that time there was no other member of the challenge committee present, but telephone messages were sent around and the meeting adjourned to Commodore Ledyard's office in Wall street. Here the Lipton representatives met Secretary Oddie, of the club, as well as former Commodore E. M. Brown, and the matter was thoroughly discussed. The agreement of two years ago was gone over and a similar one finally drawn and signed late in the afternoon.

In the case of the agreement of two years ago, the managers of the yachts waited until nearly half a dozen attempts had been made to sail the race between Columbia and the old Shamrock, before steps were taken to have the yachts race every day. Under the rules it was necessary for the challenge committee of the two clubs to make this agreement, neither Sir Thomas Lipton nor Mr. E. D. Morgan being parties to it, although it was made at the suggestion of the former.

The decision to have the yachts race every day was received with good grace at the Yacht Club to-night, although the plan conflicted not a little with the arrangements of the members for witnessing future races.

Trains in Collision. Louisville, Ky., Oct. 2.-A wreck in which the engineer of one of the trains was killed and several passengers injured occurred in a collision of Louisville & Nashville passenger trains at Hubbard Springs, Ky., last night. Passenger train No. 36 had a time order against passenger train No. 35 at Hubbard Springs, dated for 3:35 o'clock, and one minute of difference caused the smash-up just north of Hubbard Springs, the collision being between train No. 35 and the second section of No. 36. Both trains were derailed and Engineer M. J. Seitz, said to be from Middleboro, was crushed to death in the wreckage. E. Rowe, a Pullman porter, was slightly injured; and the following passengers were hurt and injured in various ways: Aaron McKinley, Carl Scoring of Louisville, Mrs. Plummer, John Hall, W. J. Standford. The engines of both trains and the cars were badly smashed, impeding traffic for some time. The injuries to the passengers, though severe in some cases, are reported not dangerous.
