WORK THAT WILL BE TAKEN IN The Haymakers Initiate a Class Num-THE COMING YEAR.

A Statement of Proposed Improvements Prepared for City Engineer Nelson.

A SEWER SYSTEM AND INTERCEP-TOR FOR THAT DISTRICT.

Pleasant Run District Will Also Be Cared for-List of Streets That Will Be Paved.

provements which the Board of Public Works has in view for the year 1902 has been prepared for the information and inspection of the new city engineer, James B. Nelson. It includes a number of street and sewer improvements more extensive than have been considered for years. Mr. | LOGANSPORT RESTRAINING ORDER Nelson is furnished an advance list of the details of the action of the board in order that he may familiarize himself during the course of the next few months with the topography of the site of each improve- In the Meantime Certain Conditions | which work becomes a pleasure. ment and be prepared to suggest all modifications and changes in the proposed improvements which may suggest themselves. The statement is practically complete with the exception of a few details and will be placed in Mr. Nelson's hands within a few

Probably the item in the statement of the greatest importance is the one which deals with the new sewerage system which will probably be built for the benefit of West Indianapolis. Although that section of the city possesses a great number of the manufacturing institutions of the city and is thickly settled, it has had in the past practicaly no facilities for distributing its sewage in comparison with other sections of Indianapolis. Many factories possess private sewers which are for their exclusive benefit, but West Indianapolis as a whole has been a sufferer from lack of a system which will include an intercepting sewer to carry the filth and waste to the general dumping spot, White river, from a vast chain of local sewers. Former Boards of Works have considered the question without determining upon the improvement, and citizens of that section of the city have petitioned without avail. The present board will take up the improvement immediately, it is said, if the city engineer finds the straining order is pending. The court also cal Association met recently at the home plan feasible, and will push the work of construction to an early conclusion. It is now estimated in the engineer's office that any more track or occupy any other streets at the next regular meeting of the assothe interceptor will be at least two miles | as long as the restraining order exists. long and will be built in Kentucky avenue and Harding street. No estimates have as yet been made as to the cost of the improvement and none will be furnished until the matter is considered in detail by the city engineer and the board. It was stated yesterday that when the new system is

any section of the city. PLEASANT RUN DISTRICT. Another big sewer sysem which is under consideration by the board and which will furnish the engineer almost as much field for activity as the West Indianapolis system, is the system which will be built, according to present calculations, during the coming year in the Pleasant run district, as it is known in the engineer's office. It will furnish a drain for a large part of In-Indianapolis north of Garfield Park from the river east to the city limits. The interceptor to be built will be smaller than the ness will hardly be inferior.

eastern part of the city, a section which and \$1,968 in cash. has long needed, it is stated, better sewerage facilities than are now afforded. The Nowland-avenue sewer, now in the hands of the contractor, is included in the state-Brightwood will not be overlooked in the general scheme of sewer improvements. The board has in contemplation a built in either Bell or Thirteenth street. board, it is stated, will grant. Secures Ten Thousand Shares Obispo Oil Co.'s Stock

OUR GREAT OFFER On the 7th day of June, 1901, the OBISPO OIL COMPANY of California was duly incorporated. At that time the

property of the Company consisted of a lease on 500 acres of land in San Louis Obispo County. What has the OBISPO to-day? Over 12,000 acres of land, situated in Kern County, Fresno-San Benito and San Louis Obispo Districts. What are we doing? A well on our Sunset property, Section 2-11-24, called the "SPOUTER" Section, is almost completed.

Upon payment of \$1.00 we will give you an option on any sized block of stock from 25 to 10,000 shares at present price. No further pa ment to be made until we have a petroleum oil well of at least 100 barrels daily capacity. The dollar payment is simply to make the contract binding on both part es. This offer is for immediate acceptance, and we reserve the right to refuse contracts received at this office after well is completed. We do not need any money until after our first well is completed and then we must have it to build the necessary

tanks, ripe lines, buildings, etc. This is the reason for this tenprecedented offer. Grasp this opportunity and secure OBISPO stock at a low price. After oil is struck, up, and away up, goes the price. If you have made money on other investments we offer you a chance to increase your earnings; if you have lost, here is the opportunity to get even with no risk, no chance of loss.

and mail same AT ONCE to this office together with \$1.00 and the stock will be reserved for you, to be issued as per contract. If you wish to first investigate we will be pleased to furnish best of references and full particulars, Address 119 La Salle St., Chicago, Ill. OBISPO OIL COMPANY, C. F. ALDERSON, Secretary.

If you want any stock, sign contract blank for the amount of stock you wish at the cash price quoted berein, cut out

OBISPO OIL COMPANY

J. B. McKinney & Son, 916 Stevenson Big., Indianapolis, Ind.

CONTRACT NO..... TO THE SECRETARY: I hereby authorize you to subscribe my name on the subscription books of the OBISPO OIL COMPANY for Shares of its Capital Stock at per share. I herewith enclose \$1.00 and agree to pay the balance, for said stock at the rate above specified, immediately upon completion by the

OBISPO OIL COMPANY of a petroleum oil well of a daily capacity of not less than 100 barrels. If, for any reason said well is not completed on or before January 1st. 1902, the payment made herein is to be returned to me on demand, and this agreement to be null and void, otherwise to be in full force and effect.
