NEW YORK, Dec. 11 .- The usual yearworld was the feature in to-day's stock market, to the exclusion of almost every other consideration. The darkening prospects of the money outlook were more per-Boxes, \$5 a Year and Up ceptible in New York than in other markets and this was partly due to the fact that New York was called upon for the relief of other money markets. Deposits at the subtreasury were made for transfer to Chicago of \$650,000 and to New Orleans of \$150,-000. This depletion of nearly \$2,000,000 in cash was offset by a payment from the subtreasury of \$1,549,141 in redemption of United States bonds. But this was not sufficient to prevent a late flurry in the call money market again, when belated borrowers sought to cover their needs, which ran | Clearings, \$4,016,839; balances, \$574,949. the rate up to 10 per cent. The subtreasury already had taken from the market over \$4,000,000 before to-day's operations, including deposits for transfer to the interior. It was reported to-day that Chicago had loaned some money on call on the Stock Exchange, but this operation presumably involves the drawing upon a New York correspondents, and is therefore an unsettling influence in the local money market. # HEAVY SELLING PRESSURE

CAUSES WIDE LOSSES IN ALL THE LEADING CEREALS.

Bears in Full Control of the Market, Which Closes Weak-Provisions Also a Little Down.

CHICAGO, Dec. 11 .- Universal selling in grains to-day placed the control of markets in the hands of the bears and practically routed the big bull campaign that has terrorized shorts for the past week. A faint effort was made at times to support prices, but the losses of to-day with those of yesterday aggregated too much and everything felt the disastrous depression. May wheat closed 1%c lower, May corn ic down and May oats ic lower. Provisions closed 24c to 25c lower.

Liquidation and short sening enough to

press prices down 24c tells the day's story in wheat. Support was lacking so far as country buying was concerned, and even | March, \$5.80. a large number of the country holders who helped prices upwards last week were now unloading. Commission houses took advantage of a fair advance from yesterday's York exchange par. Clearings, \$9,323,413; prices at the opening and deluged the pit with selling orders. Cables were the only bull influence and these were but a small factor. May opened 1/2%c up to a shade lower at 82%c to 81c and at once started on the downward way. Several bearish conditions were present to help the slump. Reccipts were liberal, both Northwestern and primary; clearances were small and the cash demand was only moderate. There was a rapid run of fluctuations, but by noon prices had touched 79%c, almost 4c loss since Monday. At such declines shorts covered well for profits and at the close May 9@10%c reacted slightly but closed very weak, 1%c lower, at 80%@80%c. Local receipts were 115 cars, none of contract grade; Minneapolis and Duluth re-

ported 690 cars, a total of 805 cars, against | 798 last week and 545 a year ago. Primary receipts were 884,000 bu, compared with wheat and flour were 368,000 bu. less in corn was less heavy th wheat, but the tendency favored the bear houses, aided by the weakness in wheat, sent prices downward. Considerable liquidation brought slumps to 67c several times, but at last May crossed this line and shot down to 663sc, a decline of 3c since Monday. The close was weak, ic lower than yesterday, at 66%c. Receipts were 123 cars. Oats shared in the general weakness. There was no snap to the early trading and busines was small. Outside selling was

responsible for the decline and shorts gave the market most of its support. May opened steady, but at once slumped and sold down to 44%c, almost 3c under Monday's top price. The close was weak, ic lower, at 451%c. Receipts were 126 cars. Provisions were weak, but not so much so as grain. The natural tendency was toward higher prices, but the grain influence could not be fought off. January pork closed 25c lower at \$16.55; lard 21/2c down at \$9.85 and ribs 71/2c lower at \$8.45. # THE LIVE STOCK MARKETS

CATTLE FAIRLY ACTIVE, SELLING AT ABOUT PREVIOUS PRICES.

Hogs Dull and Ten to Fifteen Cents Lower-Sheep Weaker-Condition of Markets Elsewhere.

UNION STOCKYARDS, INDIANAPOLIS, Dec. 11.-Cattle-Receipts, 1,400; shipments, 300. The marketing of cattle for three days shows a decrease of 300 compared with the same time last week, and the receipts today were about 300 larger than a week ago. The general cattle market is in an unsatisfactory condition, with prices in a lower position under the influence of rather excessive supplies. The presence of a better class of stock than recent representations is responsible for occasional sales at prices that appear to be at least steady and perhaps strong, but, quality being considered, values are probably no more satisfactory than they would have been for the same kinds earlier in the season. There is a very | steers, \$5.85@7; fair to good, \$4.65@5.75; stockers indifferent demand for light butcher steers and common to medium females, and the steers, \$3.40@4.75; Texas cows, \$2.50@3.75; native light, \$5.80 cows, \$2.75@5; heifers, \$3.50@5.70; bulls, \$2.40@ | \$6.10@6.30. greatest weakness has developed in those lines. Compared with yesterday, strictly top cattle sold at about steady prices today, and at the start rather promptly, but light, \$5.50@6.50; pigs, \$4.50@5.50 there was an easier tendency in the general market toward the close of trade and all cattle below prime moved slowly at rather lower prices, and the position, generally considered, fully 15c lower than last Friday. The extreme price for steers was practically \$6.50, paid for fancy yearling Angus cattle, and less desirable yearlings sold as high as \$5.75. But steers averaging 1,234 to 1,450
