ELATION AMONG ATHLETES OF THE SOUTH SIDE SCHOOL.

Prof. Emmerich Explains the Situation to the Students-Interest at Once Stimulated.

The male students of the M. T. H. S. especially those inverested in athletics, assembled yesterday morning in the auditorium on a call from Professor Emmerich, so that the students could be further advised and enlightened on the "D" rule, which has played havoc among the athletes. Since the rule went into effect, about two months ago, a great many of the boys have been scheming to get around it, but Mr. Emmerich has refused to move from his first announcement. The new rule has Florist W. W. Coles, of this city, and John | disrupted the ranks of the field athletes and also the baseball team. The latter or- bers. ganization has lost a great number of its prominent men on account of the enforcement of this rule, it is said. When the students assembled yesterday morning the forming him of the marriage and asking following letter, from Mr. Emmerich was

> "Boys who are now members of athletic teams, or who will be as soon as such teams are fully organized, must keep their work at school above the passing mark; i. e., they must have at least a 'C plus' in four subjects on their advance report cards. "Those so removed may, however, be restored by the principal at any time when they show an earnest effort and marked improvement in their school work.

"The 'D' rule is applicable only to the four subjects required to be taken by every student every half year. If a boy carries That the energies and abilities of the five subjects and has the number of credits women members of any city church are or records which are necessary for his too much "frittered away" through church | class standing, and if he receives a 'D' in suppers, church dinners, and what are any one of the five subjects (prescribed subjects excepted), does not debar him

Professor Emmerich, by way of illustration of the rule, said that if a student in a passing mark in four subjects on the advance report card the fifth subject would pleted the course, but has not yet received his diploma and carries at least three subjects with fifteen periods of work per week at school, is eligible to a team The rule, as explained by Mr. Emmerich, will prove more encouraging to the students who have aspirations in the athletic line, it is said. There are a number of boys at the school who were taking five subjects last year and in the extra subject received a "D." When they saw their reports they gave up hope of belonging to any of the athletic bodies and have since given little attention to practicing with any of the teams as it is said they were certain they would not be allowed to get on the teams under Mr. Emmerich's ruling. Under the ruling as given out yesterday the students that took extra subjects last term and who failed in them will now begin active work for the teams they desire to join. It is said the baseball team, which suffered most under the rule, will now recover some of its best men and will this year again present a strong front. The track team was shattered by the old rule, but there

were nearly 100 candidates for places on the It is said now that each student will cooperate with Mr. Emmerich in trying to keep the standard of intellectuality of the school as high as possible while the students participate in athletics. After the students had listened to Professor Emmerich's modification of the new 'D" rule they discussed what action the athletic bodies from Shortridge High School will take in regard to the letter sent them some time ago. The letter sent asked the faculty of the school to debar the students who received "D" marks at the February term from participating in any athletic events during the next term. As yet no answer has been received from the North Side school, it was said yesterday, and the M. T. H. S. athletes say they think it is not fair that the teachers of Shortridge school should fail to classify the students

the same as is done in the South Side The letter, when received at the Shortcommittee of the athletic association, which framed a set of rules and then gave them to the faculty, but as yet the rules the South Side school for approval.

MASONRY IN INDIANAPOLIS.

Capt. W. E. English's Book Issued by the Bowen-Merrill Company.

"The History of Masonry in Indianapolis." by William E. English, has come from the press of the Bowen-Merrill Company. The book, handsomely bound and containing the photographs of many score members of the Masonic order living and dead, is the fruit of several years' research and labor by the author. Its dedication is "To My Masonic Brothers of Indianapolis.' Captain English includes in his interesting work the history of all the Indianapolis lodges and Masonic bodies and short biographies of the more famous of their mem-Ancient craft Masonry was first estab-

lished in this city March 27, 1822, when Center Lodge, No. 23, came into legal Masonic existence, with Harvey Gregg as worshipful master, Milo R. Davis as senior warden. John T. Osborne as junior warden and Samuel Henderson as secretary. Fourteen Captain English points out, only 562 Masons in the entire State. In the history of Center Lodge are some of the most interesting pages of the book. Captain English tells of the "dark days" of Masonry, when the socalled "Morgan disappearance" created in this country a strong anti-Masonic feeling and members of the order over all the country either abandoned their meetings or else met in secret at rare intervals in private houses and out-of-the-way places. Center Lodge weathered the storm and in 1835 had reorganied and regularly convened. Center Lodge once received a visit from the Hungarian patriot, Louis Kossuth, who witnessed as a brother cratfsman the conferring of degrees. Marion Lodge, No. 35, which the author

next speaks of, was organized Oct. 22, 1846. It contained originally eight members. Capital City Lodge, No. 312, was organized May 26, 1864, with twelve original members. Ancient Landmarks Lodge, No. 319, received a dispensation on the same day in the same year. The next to be organized was Mystic Tie Lodge, No. 398, which came into existence Sept. 26, 1868, with seventeen members. charter members, came into existence April 25, 1874. Pentalpha, No. 564, was born Oct. 1881. May 22, 1888, Logan Lodge was chartered by the Grand Chapter; it had at that time forty-three members. Veritas was organized Feb. 20, 1896. Concordia Lodge and Teutonia Lodge had their charters arrested in 1865 and 1871, respectively. Captain English reviews carefully the events connected with the history of the Indianapolis Masonic Relief Board: the Indianapolis Masonic Burial Ground Association; the Indianapolis Chapter, Royal Arch Masons; the Keystone Chapter, Royal Arch Masons; the Indianapolis Council, Royal and Select Masters; the Raper Commandery, Knights Templar; Ancient and Accept-Scottish Rite, Valley of Indianapolis; Adoniram Grand Lodge of Perfection, A. MERGER CASE HEARING

PETER POWER'S SUIT AGAINST THE JAMES J. HILL COMPANIES.

Testimony of J. S. Kennedy, a Banker, Who Purchased Large Blocks of Railway Securitles.

NEW YORK, March 19.-There was hearing in this city to-day before Richard ridge school, was referred to an executive A. Mabey, special examiner in the suit of Peter Power against the Northern Pacific Railroad Company. The object of the suit have not been made public or referred to is to overthrow the transfer to the Northern Securities Company of the control of the Northern Pacific.

> witness to-day. He was questioned by W. A. Lancaster, of Minneapolis, counsel for Power. Mr. Kennedy said he went to Europe in the spring of 1901, and when he James, George F. Baker, himself and other friends of James J. Hill owned a majority cific. The witness understood that much of the stock was held by J. Pierpont Morgan & Co. The witness did not know before he went to Europe that E. H. Harriman sought to acquire a majority of Northern Pacific common. He learned from J. P. Morgan about May 5 or 6 that some interests in New York were making large purchases of Northern Pacific and later he for Mr. Harriman. In the following August Mr. Kennedy says he acquired 10,000 shares

> Mr. Kennedy said he was told in August that J. P. Morgan & Co. would like to dispose of some of their holdings, so he agreed to take 10,000 shares. In reply to a question he said he had not heard that between May 1 and May 9 J. P. Morgan had purchased from \$16,000,000 to \$18,000,000 of the stock. Mr. Kennedy said the Northern Securities Company had been thought of for many years before it was formed. It was true, he said, that Mr. Hill and his assistants had no difficulty in electing directors of the Great Northern Railroad. Originally the plan was to turn over to the Securities Company only the Great Northern shares held by the controlling interest, but later this was modified so as to allow all stockholders to convert their shares into Northern Security stock. "In the autumn of 1901 did not those gen-

> tlemen have a majority of both the Northern Pacific and the Great Northern stocks?" Mr. Kennedy was asked. "I did not know about the stock of the Great Northern. I did know they held a majority of the Northern Pacific stock, at least I was so informed. Mr. Kennedy said the object of the North-

ARRESTS FOR CONSPIRACY

MANY PERSONS ALLEGED TO HAVE BEEN IMPRISONED IN HAITL

Others Have Sought Refuge in the Foreign Consulates-An Election Pending in the Republic.

PORT-AU-PRINCE, Haiti, March 19 .-Many citizens charged with conspiring against the government were arrested and imprisoned to-day and a number of others sought refuge in the various consulates. Among the citizens imprisoned are Judge Bourjolly, of the Supreme Court, and Gen. Destouche. M. Senque, a candidate for the presidency, was refused asylum in the French legation. The agitation is spreading in the republic. The minister of public works, M. Leconte, has left Port-au-Prince

for Jacmel with a detachment of troops, WASHINGTON, March 19 .- "A presidential election is pending in Haiti," said Mr. Leger, the diplomatic representative of that island to the United States, to-night, "and I think the arrests and agitation reported in to-day's dispatches from Port-au-Prince are the outcome of the campaign which members made up the lodge, and there were, is being carried on by the candidates for that office. There are five or six candidates for the presidential office, the election to which is to be held in April, anti quite naturally there is a lively interest manifested in the result. My mail advices bring matters up to the 10th inst., and they show that as a whole the country is in a quiet condition. The people want peace, for they realize there is nothing to be gained by an uprising."

to Be Returned to the Emperor. SAN FRANCISCO, March 19 .- Ten jade

tablets, on which, almost two hundred years ago, the cunning hand of a Chinese workman engraved, by order of his imperial master, an acknowledgment of the wisdom, power and goodness of Shun Che, the founder of the Tartar dynasty in China, are locked in the safe of the customs appraiser, J. T. Dare, awaiting authority from Washington to return them to the Emperor of China or his representative, The stones are one foot in length, six inches wide and nearly an inch thick. Through holes drilled across their width, cords are passed to hold them together, and when taken by the customs inspector from a private soldier returning from service in China they were wrapped in elaborately embroidered yellow silk. It is believed they were taken as loot from the imperial apartments in the Forbidden City. Recognizing their value to the Chinese ruler as a descendant of the Emperor whose deeds they commemorate, customs officials here notified the secretary of the treasury, and they await notification as to the arrangements he may have made with the Department of State for the return of the tab-

SUNNY WOMEN.

Who has not known the woman whose disposition is described by that one word "sunny?" There's always a laugh lurking on her lips. Her cheeks are ever ready to dimple in smiles. Her household influence is as brightening and stimulating as the sunshine. Nothing can be crueler than to have this sunshine blotted out by disease. But this is a common cruelty. The young wife who was the sunshine of the home becomes its shadow. Every young wife should know the value of Dr. Pierce's Favorite Prescription in the protection and preservation of the health. It promotes regularity, dries the drains which enfeeble body and mind, and cures inflammation, ulceration and female weakness. It nourishes the nervous system and gives to the body the balance and buoyancy of perfect health. It is a strictly temperance medicine.

"I can say that your medicine cured me," writes Mrs. Maud Pearce, of Stoutsville, Fairfield Co., Ohio. "I had suffered about twelve years from female weakness and I had almost given up, thinking there was no cure for me. Then I heard about Dr. Pierce's medicine and thought I would try it, and can say that seven bottles of your 'Favorite Prescription' made me well. I am now able to do my own housework. I took about twelve bottles in all of Dr. Pierce's medicines. Took some of the 'Golden Medical Discovery,' 'Favorite Prescription' and some of

the 'Pleasant Pellets.' " Dr. Pierce's Pellets cure constipation.

PROMPTNESS IN USING

Paine's Celery Compound

Means Quick Restoration to Health.

If in the spring time people acted with more promptness, decision and wisdom, suffering and misery would be vastly re-

To put off the work of regulating and strengthening the nerves, purifying the blood, and regulating digestion, at this time

of the year is a very serious mistake, Run down, weak, nervous and diseased men and women cannot with safety refuse to use Paine's Celery Compound, the greatest of vitalizers and health builders. The onward and triumphant march of the great medicine in this country and other civilized lands should be positive proof that it is the right medicine for all who look for

strength, robustness, energy, and permanent health. It is of the greatest importance that every sick person should get just what they ask for from their druggist or dealer. Paine's Celery Compound, so celebrated for its curative virtues, has many vile imitations. If you are offered a substitute or imitation by any dealer, leave his store and go to some honest merchant who will give you what you ask for. Examine wrapper and bottle and see that the name PAINE'S

is on each; no other is genuine.
