CONTAGIOUS DISEASE CAR MAYOR BOOKWALTER SUGGESTS THAT ONE BE USED.

Street-Railway Officials Consider the Matter a Joke—Municipal Affairs.

Mayor Bookwalter and City Sanitarian Buchter were in charge yesterday investigating the smallpox detention hospital of that city.

When the interurban franchises were up for discussion the mayor proposed to Mr. McGowan that the line on which the pesthouse would be located should permit the city to run over its lines a contagious disease car to be owned and equipped by the city.

Examination of Franchise. President Gavin, of the Commercial Club, has appointed John W. Kern, chairman, John E. Scott and R. O. Hawkins a committee to examine the franchise of the Indianapolis Traction and Terminal Company and compare it with the franchise of the Indianapolis Street-Railway Company.

Marott Will Keep His Lot. George J. Marott says the city did not retain the car tax in its old form, and this being the case he does not feel that he is bound to give his North Meridian street lot, which he declared was worth \$2,000, to the Technical School as he had offered.

Chairman Fanning's Call. Seventh District Congressional Convention to Be Held on Sept. 6. Before leaving for Salt Lake City last night to attend the meeting of the Grand Lodge of Elks Chairman Fanning, of the Seventh district Democratic committee, issued the call for the congressional convention, to be held in Indianapolis, Sept. 6. The call is as follows: "Notice is hereby given that the Democratic congressional convention for the Seventh congressional district of the State of Indiana will be held at 2 o'clock p. m. on Saturday, the 6th day of September, 1902, at Masonic Hall, in the city of Indianapolis, Ind., for the purpose of nominating a candidate of the Democratic party for Congress for said district.

Several Real-Estate Sales. Charles F. Robbins yesterday sold his property at the corner of Northwestern avenue and Eighteenth street to Josephine Bell for \$2,000.

Allowance to County Officers. The County Commissioners have allowed County Auditor Smith, County Treasurer Koehne and County Assessor Eaton \$50 each as members of the County Board of Review.

ARSENAL PROPOSALS FIVE TRACTS OF LAND OFFERED TO THE BOARD OF OFFICERS. Latter Will Personally Inspect the Land and Report to Secretary of War Department.

VALUE OF ARSENAL PROPERTY OPINION OF CITIZENS WILL BE SECURED AT OPEN SESSION. Committee Interested in Technical School Will Make Proposition for the Reservation.

Two propositions in writing with plats, etc., and three verbal propositions were made yesterday by real-estate men and owners of land near Indianapolis to the board of army officers in the city to inspect the sites for the proposed army post and the board will spend to-day and to-morrow on a personal tour of inspection.

The first proposition was submitted by S. M. Dyer, of the firm of Dyer & Rasmussen. He furnished a plat of the ground he offered, and this was later sketched on a map of Marion county which the board has before it.

Howard Waddell made a proposition in writing for a tract of about 2,000 acres, or part of it, located southwest of the city near Valley Mills. The board will inspect this site this morning, accompanied by M. W. Mansfield, of the Pennsylvania road.

North Wright and W. V. Rooker, of this city, were before the board with a verbal proposition which they will submit later in writing. They offer 1,500 to 2,000 acres in the northern part of Marion county west of Castleton and north of Brook Ripple. The land lies between the Lake Erie & Western Railroad and the Monon.

It would be an easy matter to purchase 100 acres of the land, the rest being owned by citizens of the county. He said the land is about ninety feet above the level of Indianapolis and there are many natural springs in the section. The Big Four Railroad is within a few yards of the north boundary of the land.

"We hope to complete our investigation of the sites offered to us for an army post by Thursday evening," said Colonel McCaskey last evening. "We desire to forward our reports with the writing of propositions, specifications, plats, etc., to Washington as soon as possible so that the secretary of the War Department can take action upon them at his earliest convenience. The government is in need of quarters and shelter for the troops in the army and the post is needed badly. We believe the department will take immediate action on our reports."

"It matters but little if the land is ten, fifteen or even within a twenty-five mile radius of Indianapolis, provided it is located near a railroad and is desirable land. We will know more about the character of the land when we have offered after we make our inspections, but as we act merely as an advisory board, our action will not be binding on the War Department."

"It doesn't make much difference if the land is divided by a railroad or a river. There are no condemnation proceedings we can take to close country roads if it is desired to do so, and if a road crosses the land, subways can be built under the road."

FOR THE TECHNICAL INSTITUTE. Yesterday morning the board met Frank Gavin and Dr. George E. Hart, president and secretary of the Commercial Club; John J. Appel, president of the Board of Trade; Hilton U. Brown, representing the newspapers of the city, and G. W. Brown, who has charge of raising the funds for the proposed Technical Institute, and discussed the conditions of the sale of the Arsenal property.

Colonel McCaskey stated that the terms of all government sales by the War Department are cash. He said he supposed the secretary of war would demand cash in the transaction in the event of the sale.

AN OPEN SESSION. Colonel McCaskey said an open meeting of the board will be held to-morrow evening in the Century Club rooms in the Denison Hotel at which the board will hear citizens who are acquainted with the value of real estate in Indianapolis and especially that of the Arsenal property. The board will also receive the names of Indianapolis men who could be chosen to act as appraisers in appraising the Arsenal property and these names will be forwarded to Washington with the board's report. The board arranged with G. W. Brown to submit a proposition of the Technical Institute to the board on Monday morning at 10 o'clock. Colonel McCaskey said that such a proposition would be referred to the board to give the value of the property. The committee present yesterday will also suggest names of those who would be competent to sit on the board of appraisers for the Arsenal property.

Charles F. Robbins yesterday sold his property at the corner of Northwestern avenue and Eighteenth street to Josephine Bell for \$2,000.

Elizabeth Haines has purchased a property at the corner of Oriental and Polk streets of Agit Salm for \$3,000.

Hiram Miller yesterday sold a farm in Washington township to John Harcourt for \$14,000.

John Moore has purchased a property at the corner of Pennsylvania street and Ellet avenue of John Small for \$3,000.

Have you seen Mrs. Austin's last new dress?

THE FEES ARE ILLEGAL THEY WILL HAVE TO BE REFUNDED WHERE PAID. NEW INCORPORATIONS. Company with \$300,000 Capital to Make Cotton Goods at Evansville.

THE WASHINGTON PROSPECTING COMPANY, which will drill oil and gas wells in Daviess county, and pipe gas to the city of Washington, was incorporated, yesterday, with a capital of \$100,000. Its directors are Austin F. Cabel, Harvey T. Trueblood, Graham Sanford, Will F. Hyatt, John E. Woolley, Frank Denver and Samuel C. Eckridge.

THE LINCOLN COTTON MILL COMPANY, which will manufacture cotton goods at Evansville, was incorporated with capital of \$300,000. Its directors are Stephen A. Jenks, James J. Hooker, Charles E. Brown, Asa B. Morgan and Stanley H. Hooker.

THE BEAVER OIL COMPANY, of Marion, was incorporated with \$250,000 capital and August E. Schrant, J. E. Seifried, A. R. Cody and I. M. Sprague as directors.

THE CRABS-REYNOLDS-BELL GRAIN COMPANY, of Lafayette, was incorporated with \$250,000 capital. The directors are Robert Bell, Andrew C. Reynolds, Benjamin F. Crabs, Charles Murdock and Edmond Grant Hall.

MISSING PEOPLE REPORTED TO THE POLICE DEPARTMENT. W. H. Liger Has Found Work in a Brownstown Mill—Anxiety About Children.

The police department was kept busy yesterday recording missing people. The first case reported was by Mrs. A. L. Desmond, who came to the station accompanied by a girl, Mrs. Desmond said her son, W. H. Liger, twenty-two years old, had been missing from home since Saturday. Mrs. Desmond said the girl and Liger were engaged to marry, but the wedding had been postponed on account of Liger getting out of employment. The woman and the girl seemed worried over his disappearance.

Sergeant Bray said he thought probably that Liger had gone to some other city to get work and would notify his friends soon. This proved to be the case, as last night word was received at police headquarters from Mrs. Desmond, who said she had received a letter from her son at Brownstown, Ind. He was working in the Brownstown paper mill.

Another missing person is the eleven-year-old son of Mr. and Mrs. C. M. Carr, 120 North Rural street. The boy has been missing since Monday morning.

Harry Riddle, a sixteen-year-old boy, who lived in an old building on the west bank of the canal, near Ohio street, was reported missing by his mother yesterday. She said the boy had been missing since June. She said he had been previously arrested on the charge of loitering and she was afraid to report him.

The relative of Jacob Rucker, formerly janitor of the Zion Evangelical Church on West Ohio street, reported his missing yesterday. He left his home at 203 Sanders street Monday morning about 11 o'clock and has not been heard from since.

Word was received last night from the people residing at 1426 Union street that they had in their possession a little girl about four years old, wearing a pink dress, black stockings, red shoes and has light hair. The child will not talk and her name cannot be learned. No word had been received by the police of a missing child.

TAXATION CONTESTS. State Board Hears Appeals from Richmond, Lafayette and Columbus.

The Richmond Gas Company, the Lafayette Gas Company and the Indiana Natural Gas and Illuminating Gas company had representatives before the State Board of Tax Commissioners yesterday asking the assessments of county boards of review be reduced. The objection was to the assessment of pumping stations. The Richmond station offered to us for an army post company is not operating its pumping station in connection with the review against its pumping gas out of the county.

A controversy from Columbus was set before the board. A. W. Dean, assessor of Bartholomew county, appeared from the assessment of the First National Bank, of Columbus, which is assessed at 90 cents on every dollar of its stock. Dean argued that the bank should be assessed on its surplus and profits besides. Dean also objected to the county board making a deduction of \$120,000 from the property of W. J. May, one of the members of the board.

LOCAL COUNCIL'S REPORT. Fault Found with the Management of the Women's Prison.

A committee from the Local Council of Women, composed of Mrs. Mary A. Moody, Mrs. J. S. Tarkenton and Mrs. W. H. Hart, has urged the Commercial Club to co-operate with the council in procuring reforms at the Women's Prison and Industrial School for Girls. The committee reports that the cells and punitive rooms should be abandoned in the basement building of the prison. The committee also reported that the cells and punitive rooms should be abandoned in the basement building of the prison.

Trying Out-of-Door Cure. Frank Calvin, the twenty-year-old stepson of Mr. and Mrs. John Wallace, 1029 West Third-street, is camping out in his back yard to cure himself of consumption. Young Calvin's course of treatment is due to the advice of Dr. Sommers, of North Indianapolis. He takes mild exercise each day. Rare meat, eggs, milk and other easily digestible food have been prescribed for him. The boy retires each night at 9:30 o'clock and rises in the morning between 5 and 6 o'clock. Young Calvin said the first night out of doors irritated his throat, but now that is all gone and he feels much better.

Third Quarterly Pension Payment. At the office of the pension agent in Indianapolis the payment of claims for the third quarter of this year began yesterday. The Indianapolis pensioners received their checks yesterday. This morning the work of sending checks to pensioners in the State will begin. Last year more than \$10,000,000 was disbursed in pensions in Indiana.

Secretary Shaw Writes. L. M. Shaw, secretary of the Treasury Department, writes to the Republican State committee in response to an invitation to deliver speeches in the Indiana campaign, that he cannot do so here, as he is in the hands of the congressional committee. It is his wish, however, that he be assigned to a speech in this State.

Peat Beds in Starke County. J. J. Wheat, of Chicago, called at the Statehouse yesterday with a box of peat. He wished to see Geologist Blatchley, but Mr. Blatchley is out of the city. Wheat held her for a day. These peat beds contain an average depth of forty-three feet in Starke county and that it can be used as a fuel in competition with coal.

An Italian Marquis III. NEW YORK, Aug. 5.—While crossing the Atlantic on the Kaiser Wilhelm der Grosse, the Marquis de Rudini, son of a former premier of Italy, was taken ill of appendicitis. The marquis, who is 60 years of age, was accompanied by Dr. Rowell Park, passengers, in consultation. When nearing this port a wireless message was sent from the vessel and an ambulance was at the dock to convey the patient to a private hospital. The physicians say he is not in a serious condition and an operation may be avoided. The marquis is a special commissioner to the St. Louis exposition and is here in connection with his duties.

Officers Elected by Postal Clerks. NEW YORK, Aug. 5.—The eighth annual convention of the second division National Association of Railway Postal Clerks was held here today. These officers were elected: President, Fred S. Dietz; Harrisburg, Pa.; vice president, George W. Harrison, Washington, D. C.; secretary and treasurer, C. C. Rief, Philadelphia, Pa.; delegate-at-large, H. B. Ostendorf, Middletown, N. Y.; delegates, W. W. Bishop, Solon, O.

For some time past the girl employees of the tile works have been losing articles of clothing and other valuables. A watch was put on the cloakroom and May Ray and Clara Perry, two girls who work in the establishment, were accused of the robbery. They were arrested yesterday afternoon by Detectives Holtz and Wallace and charged with petit larceny.

Girls Accused of Theft. For some time past the girl employees of the tile works have been losing articles of clothing and other valuables. A watch was put on the cloakroom and May Ray and Clara Perry, two girls who work in the establishment, were accused of the robbery. They were arrested yesterday afternoon by Detectives Holtz and Wallace and charged with petit larceny.

Not a Fatal Wound. AN AUTOPSY HELD ON THE BODY OF THOMAS LEMON. Deputy Coroner Brayton Reports that Lemon's Wounds Were Apparently Not Real Cause of Death.

The mysterious death of Thomas Lemon, the Millersville farm hand who was found Sunday morning in an unconscious condition and died shortly before Monday midnight, was cleared up somewhat yesterday afternoon in the arrest of William Maynard, who says he was seriously cut by Lemon. Robert Underwood, who was also in the fight with Lemon, was arrested Monday afternoon. Yesterday morning when it was learned that Lemon was dead Maynard was placed under arrest and brought to this city and placed in jail. He tells a different story of the fight from that told by young Ellis. Both men have been charged with murder.

Dr. Bowers, of Millersville, and Deputy Coroner Brayton, held an autopsy yesterday on the body of Lemon. They examined the brain and the interior of the skull and found no wounds that would in themselves have caused death. It was said that Lemon had been addicted to strong drink, and it was thought that after he had been assaulted and remained in a cornfield all night suffering from the shock of the fight he became paralyzed, which brought on death. There had been no hemorrhages, and the doctors said there was no sign of a fatal wound.

When Maynard was arrested yesterday he said he met Lemon Saturday night after the fight and he had been in the road in Millersville. The two walked a short distance when Lemon hit Maynard. The two were involved in a fight in the road in front of Mrs. Caldwell's house, about three hundred feet from the roadside. In the fight Maynard cut him on the forehead with a knife. He returned shortly afterward and said, "I've had my fill of it." He did not say what the relative of the two men stated to be their place of employment.

Carl Roloff, proprietor of the saloon, said yesterday that he did not see Lemon around his place Saturday night after 6 o'clock, when he and several other men had an argument. Lemon left the saloon at 6 o'clock, and he saw the man who was in the road in front of the attaches of the roadside until he was found in the cornfield Sunday morning. He had been in the road in front of the attaches of the roadside until he was found in the cornfield Sunday morning.

W. E. Hawley, Millie, Pa., and F. B. Keller, Albany, N. Y.; alternates, Capt. C. F. Stanley, Elmhurst, N. Y.; Herbert A. Oxford, Pa., and T. G. Murphy, Wilmington, Del.

"Gold Brick" Swindler Pardoned. RALEIGH, N. C., Aug. 5.—Governor Aycock has pardoned A. Daley, of Chicago, Ill., who was convicted of swindling by means of a "gold brick" at Greensboro, N. C., and sentenced to seven years in the penitentiary. The Governor pardoned Daley, as he says, "upon recommendation of numerous citizens of Chicago and Milwaukee, who certify that they have known him for many years and that he has always borne a good character until the present offense. His pardon is recommended by Senator Mason, of Illinois, and by many of the city officers of Chicago."

DR. LIPES CURES KIDNEY AND BLADDER DISEASES. A New and Wonderfully Successful Method of Treating All Urinary Troubles. CALL AND RECEIVE A FREE TRIAL TREATMENT.

No unusual fear of pain from Bright's disease, diabetes, gravel or stone in the bladder, if he or she will promptly go to the doctor for attention. He has mastered kidney and bladder diseases at thoroughly as a good engineer has mastered his engine. You have only to call or write him, to convince yourself of this fact.

Bright's Disease Can Be Cured. If you have Bright's disease it is because your kidneys are decaying and have become so sprung that the waste matter of the system cannot pass through them. It makes no difference how the disease is acquired, it will in time reach your heart and cause death. Consultation and trial treatment are free.

Diabetic Promptly Cured. You can tell if you have diabetes by the excessive amount of sugar in your urine. Let the doctor make an analysis of your urine and tell you from just how far the disease has progressed since in your system. He will tell you what you must do to remove this excess of sugar and put your kidneys again in a healthy condition. It is not as difficult as you think. To have an analysis of your urine made and to consult the doctor, all costs nothing and you will have the satisfaction of knowing exactly your physical condition. Attend to it today.

Gravel and Stone in the Bladder Cured Without Operation. Before his discovery of certain medicinal disintegrant agents, the medical profession found it necessary to perform a surgical operation to remove gravel or stone in the bladder. In other words, this unnatural accumulation of crystals from the kidneys had to be cut out with the knife. In other words, science has discovered means whereby pleasant medicines are administered, that dissolve the gravel or stone and cause it to pass naturally. Don't waste your time with quack medicines. Kidney and bladder troubles are the most serious of all ailments. You will save time, money and

serious for that. Secure at once the services of an expert in this line. You will save time, money and

FREE TREATMENT TO ALL. To prove that he can cure you, the doctor will prepare a special trial package to cover your case. Call at his office and let him examine you free of charge and you will receive as promised the trial treatment. If you live out of town and are unable to call in person, write the doctor a description of your case and he will extend to you the same privilege of sending you a specially prepared free treatment. Special attention given to all chronic diseases.
