BAER'S PENSION SYSTEM.
How Aged Employees of the Reading Road Will be Cared For.
PHILADELPHIA, Jan. 2.—President Baer, of the Philadelphia & Reading Railway Company, today issued the following statement: "By virtue of the authority conferred upon me by the board of directors, I hereby declare that the pension system of the Philadelphia & Reading Railway Company recently approved by the board, becomes operative on the first day of January, 1903."

Pensions are divided into three classes. The first includes those who have attained the age of seventy years. They are to be retired if they have been continuously in the service for the period of thirty years; second, all employees who have been continuously thirty or more years in the service and who have become incapacitated may be retired and pensioned, and, third, any faithful employee of the company, irrespective of his age, who has been injured by an accident or disease, and who shall have received injuries in the performance of his duty which totally incapacitate him for his regular occupation, or who shall through sickness become so incapacitated, shall be awarded such a sum of money as may be determined by the board of directors.

For each year of service 1 per cent. of the average monthly pay for ten years next preceding retirement shall be paid, provided that the annual disbursement, including the pensions paid to employees of the associated companies, shall not exceed \$5,000. Should the aggregate pension allowance exceed this amount, in the absence of action by the board of directors increasing the yearly amount usable for pensions, a new rate shall be established proportionately reducing all allowances. In computing service time shall be reckoned from the date since which the person has been continuously in the service to the date when retired. Leave of absence, suspension, dismissal, followed by a reinstatement within one year, or leaving a job on account of reduction in force, is not to be considered as a break in the continuity of service. Persons who leave the service thereby relinquish all claims to the benefits of pension allowances. The retirement of employees is to be made on such a length of time as the president shall determine.

Brothers and Cousins Kill Each Other.
SANTIAGO, Cuba, Jan. 2.—Seven Italian peddlers became involved in a drunken brawl here last night and fought desperately with knives and revolvers. Two of the men were killed instantly, two died today in the hospital, the fifth was fatally and the sixth man severely wounded. The seventh man, who was a brother of the fifth, was not hurt. Thirty revolver shots were fired in two minutes. The men concerned were brothers and cousins.

Says He Desires to Enthroned the Present Sultan's Brother—Reports of Situation Conflicting.
LONDON, Jan. 2.—Cabling from Tangier the correspondent of the Times says that private letters received there are conflicting as to the Sultan's brother, Mulai Mohammed, who has arrived at Fez, and that he died at Mequinez. The only certain news, the correspondent continues, is that the Jews have been confined in a separate quarter of Fez on account of the fanaticism of the natives.

AN AWFUL POSSIBILITY
KENTUCKY "KUNNELS" MAY BE FORCED TO DRINK WATER.
Supply of Whisky is Alarmingly Short and What Remains May Be "Cornered."
LOUISVILLE, Ky., Jan. 2.—The Courier-Journal to-morrow will say: "Only 4,000,000 gallons of the whisky made in 1896, 1898 and 1897 remain in bond, and the whisky dealers are alarmed. About 7,000,000 gallons of six, seven and eight-year-old whisky is used annually, and the dealers say there will not be a gallon in bond by July 1. Heretofore there has always been much more than was consumed, and a famine is a problem that was never before considered. The leading dealers claim the condition may result in the whisky made in 1896, 1898 and 1897 being cornered and the prices doubled. In this event the blenders, who use most of the six, seven and eight-year-old whisky, will be compelled to use goods made later."

PEACE DOVE IS WINGED
MAY BE HITCH IN SETTLEMENT BETWEEN BIG LEAGUES.
Anderson Defeated at Home.
ANDERSON, Ind., Jan. 2.—Richmond sent Anderson to fourth position to-night in a fast game, a score of 9 to 1. The regular men of the team, Richmond's work was glit-edged and her team work all that could be demanded of any winning team. Anderson was outplayed by Richmond in the first period, two in the second and three in the last. Anderson scored one in the second.

WASHINGTON'S HIGH SCORE
ROLLED 1,073 IN THE SECOND GAME WITH NORTH SIDES.
Buddenbaum Led with 243—Individual Records Above Average—Many 900 Scores Made.
The Washingtons and North Sides played one of the most exciting games in the I. B. L. this season, the games being notable on account of the high scores. The Washingtons won the first division, the North Sides played especially the second division. In the second game the first division of the Washingtons rolled 1,073, the highest score of the season. Buddenbaum led, with 213, and there were two other scores above 200. The other two totals were above 300. The Kow-Bas took four from the Turners, several high individual scores being made. The Crescents took four from the Capital Citys.

WILL GO TO THE HAGUE.
Gen. Castro's Alternative Proposition Was Not Acceptable.
WASHINGTON, Jan. 2.—The condition which President Castro attached to his response to the allies' arbitration proposition was unexpectedly insisted upon by the Hague tribunal. The latter, after a long session, accepted the principle of arbitration, but that the case be tried by one of the American republics. As President Roosevelt already had declined to act in the capacity of arbitrator and as some of the reasons which inspired him in his declaration would apply with equal force to the chief executive of any other American state than the United States, he was obliged to withhold any indorsement of this proposition of President Castro. Therefore it may be dismissed from the field of possibilities, and unless Castro is unexpectedly insistent upon his original proposition of reference to the Hague tribunal will carry.

CLEVER PUGILIST PREPARING FOR SEVERAL BIG FIGHTS.
Has Forfeited Up for Match with Munroe—He is Now in Good Condition—Payne Will Train Him.
Kid McCoy arrived in Indianapolis last evening from French Lick Springs where he has been for several days drinking the water at that place and doing some light training. McCoy will probably stay here two or three weeks and may open training quarters in this city to get into condition for several fights he expects to arrange for the next few months. McCoy looks in better condition now than at any time during the past year. He got on the scales at the Grand Hotel last evening and weighed 173 with his clothes on. He would strip now at about 168, which shows that he is in good condition.

WITHDRAWALS OF TEA
Large Quantities Taken from Bonded Warehouses Yesterday.
NEW YORK, Jan. 2.—The Journal of Commerce to-morrow will say: "For months past enormous quantities of tea have been accumulating in bonded warehouses, being held until Jan. 1, when the repeal of the war tax of 10 cents a pound took effect. Yesterday (Friday) was the first business day after the tax came off, and it was an eventful day, since it marked the beginning of the withdrawals of these teas from the bonded warehouses and dealers all over the country have become greatly depleted. Probably never before has so much tea been withdrawn from the country. Some idea of the amount of tea that will be sent out all over the country may be had from the fact that on Nov. 31, according to the official returns, there were 6,361,266 pounds of tea remaining in the bonded warehouses of New York. This amount probably was increased during the month of December."

Thousands of Sick Ones
Every Week Write for My Book
And to each one I send an order—good at any drug store—for a month's bottles of Scotch's Restorative. I let the sick one test it for a month at my risk. If it succeeds, the cost is \$5.50. If it fails, I pay the drug-gist myself. And the sick one's mere word decides it.

You see this offer everywhere—the time. Don't you realize that I must be curing the sick ones, else the offer would run me? I care not for prejudice nor doubts, for they are quickly removed when a patient meets me or writes me. All I ask is that you who need help—your whose health is at stake—will let me convince you. When a physician—after a lifetime of experience—has such faith in himself, you are wronging yourself not to learn what he knows.

I have perfected a treatment which strengthens the inside nerves. It is my discovery, and the sum of my whole life's work. When any vital organ is weak, my Restorative brings back the nerve power that operates it—the only power that can make the organ do its duty. With any other treatment we can only doctor the organ, and the best results are but temporary. My way restores the power that Nature gave the organ at the start. There are but few of these chronic diseases which can ever be cured in any other way. I cannot always cure. Some of these troubles result from incurable causes, like cancer. But in the past 12 years I have furnished my Restorative on trial to over half a million sick ones, and 39 out of each 40 have paid for it gladly, because they were cured.

There are 39 chances in 40 that I can cure you, and I will pay for the medicine you take if I fail. Simply state which book is wanted and address Dr. Shoop, Box 790, Racine, Wis. Mild cases, not chronic, are often cured by one or two bottles. Dr. Shoop's Restorative is sold by all druggists.

THE EVERYBODY who owns a piano is often heard to express the wish that he or she could play like the skilled pianist.
