

NATION HONORS MEMORY OF SENATOR HANNA WITH IMPRESSIVE OBSEQUIES

Ceremony in the Senate Chamber Is an Imposing, Solemn State Affair.

PRESIDENT ROOSEVELT Government Officials, Congressmen, Diplomats, Army and Navy Officers Are Present.

ORATION BY DR. HALE Famous Chaplain Delivers a Notable Address—Body Now En Route to Cleveland.

Special to the Indianapolis Journal. WASHINGTON, Feb. 17.—All that is mortal of Marcus A. Hanna is on its way to the grave in beautiful Lakeview cemetery in Cleveland, O., where repose also the ashes of former President James A. Garfield. The same catafalque which was used to support the casket of President Garfield and later that of President McKinley, was recovered and used to-day for a similar purpose in connection with the Senate funeral exercises over the body of Senator Hanna.

The funeral cortege left here this evening after a state funeral ceremony in the Senate chamber, such as has been vouchsafed to few if any citizens of this Republic below the rank of President. With impressive simplicity the state services over the body of the junior United States senator from Ohio were conducted to-day, the entire ceremony being confined within an hour.

DETAILS OF EXERCISES IN SENATE CHAMBER

Notable Gathering of Distinguished Persons—Dr. Edward Everett Hale's Oration.

WASHINGTON, Feb. 17.—In the presence of the grief-stricken family, many friends whose sorrow was scarcely less pronounced as the Senate and House of Representatives, of dignitaries from all the other branches of the government, and of the chief representatives of most of the foreign powers, the funeral of the late Senator Marcus A. Hanna occurred to-day in the Senate Chamber, the scene of his most recent activities and of his entire official life.

The spectacle was imposing and quite in harmony with the public estimate of the great man's services to his country and the world. The ceremony was dignified and simple in consonance with his character. In the front rank of the eminent assemblage gathered immediately about the bier of the departed statesman sat the President. He was flanked by the members of his Cabinet, all of whom had been closely affiliated with Senator Hanna by ties of friendship and political association. Near by were the chief justices and the associate justices of the Supreme Court of the United States, garbed in their black robes of office, which fitted well into the scene of sorrow.

PROCESSION TO THE CAPITOL. Without pomp or ceremony the remains of the senator at 11:15 o'clock were conveyed from the Arlington Hotel to the Senate chamber. The pallbearers were composed of a detachment of Capitol policemen under the command of a lieutenant, and the cortege was preceded by a platoon of mounted city police.

Throughout the morning a number of friends called at the hotel and were permitted to view the remains. The room in which the dead statesman lay was so benked with floral tributes as to almost hide the casket. Upon the lapel of the senator's coat was the insignia of the Loyal Order of the Moose and the casket was in a huge American flag belonging to that organization.

Shortly after 10 o'clock the members of the family, with the exception of Mrs. Hanna, took a recess. The room in which the senator passed away has Mrs. Hanna seen the remains of the preferring to remember him as he lived.

The funeral procession was made up of the bears at the Arlington Hotel, the first of which were occupied by members of the family, and the other two by a committee representing the Gridiron Club. O. C. Prentiss Baldwin, of Thomasville, Ga., a sister of Mr. Hanna, and her husband and bishop Leonard, of Cleveland, arrived this morning and rode in the family carriage. The committee representative of the Gridiron Club was composed of the following: L. A. Crockett, John M. Carson, John S. Shriver, Francis E. Leupp, E. J. Johnson and General H. V. Boynton.

STRIKE SIGNAL CAME NEAR CAUSING A PANIC

Young Woman's Blast from Policeman's Whistle Makes 450 Clerks Quit in Big Store.

SCRAMBLE FOR THE EXITS

CHICAGO, Feb. 17.—Four hundred and fifty clerks employed in the department store of W. A. Wieboldt & Co. in Milwaukee avenue, went on strike to-day and almost caused a panic among the hundreds of customers in the store. At the signal to strike a young woman blew a policeman's whistle, and when the clerks quickly left their positions, leaving packages partly wrapped and money lying on the counters, many of the customers feared that the signal was an alarm of fire and there was a scramble for the exits.

BLOODSHED AND RIOTS AT ITALIAN CARNIVAL

Socialists Start Trouble and Troops Fire Into Crowd, Wounding 14 Rioters.

ROME, Feb. 17.—The carnival festivities have resulted in disorder and bloodshed in southern Italy and Sicily. Troops and police were obliged to intervene and a score or more persons have been wounded. Many arrests have also been made.

BIG NATURALIZATION FRAUDS IN FAR WEST

Italians Given Citizenship Papers Before Having Resided Here Necessary Time.

NEW YORK, Feb. 17.—Statements of Giovanni Morrell, an Italian miner of Butte, Mont., who was stopped by the immigration authorities here on his return from a visit to Italy, indicate, it is said, wholesale naturalization frauds in that State. He claimed that he does not know about the residence qualification and that hundreds of Italian miners in Butte, like him, had secured full citizenship papers without having resided in the United States the necessary period. He was placed under arrest for having fraudulent naturalization papers.

TRAINS STUCK IN SNOW DRIFTS IN THE WEST

Coal Famine Threatened and Many of the Public Institutions Short of Supplies.

BISMARCK, N. D., Feb. 17.—The weather has cleared after a severe blow that has drifted badly along the railroads. Through trains from the West are still stuck in the snowdrifts west of here. The Washburn road is still tied up and a fuel famine is threatened in this city if the blockade is not relieved soon. No coal has been received from the mines for a week. The State Capitol, penitentiary and other public institutions are running short of supplies.

PANIC IN A THEATER DUE TO CALCULUM LIGHT

ST. PAUL, Minn., Feb. 17.—During the performance at the Grand Opera House to-night a defective calcium light began to splutter and the audience became panic-stricken. Some 20 or more, including many women, made a rush for the exits, but the theater employes and the local firemen, who had been summoned, succeeded in calming the frightened people and all emerged from the theater in safety.

WESTERN LAND FRAUDS; FOUR PERSONS INDICTED

Wealthy Real-Estate Operator and an Attorney Accused by the Government.

ONE MAN IS ARRESTED

WASHINGTON, Feb. 17.—As a result of the investigation of the alleged wholesale public land frauds in many Western States, the grand jury of the District of Columbia to-day reported a joint indictment for conspiracy against John A. Benson, a wealthy real estate operator, of San Francisco; Frederick A. Hyde, of San Francisco; Henry C. Diamond, of California, an attorney representing Benson; and J. H. J. Burns, who has been quietly investigating alleged public land frauds in a number of Western States. Schneider was taken before the grand jury in the case against the defendants, asked that he be fixed at \$5,000, while the government insisted on a \$25,000 bond. Schneider has been a witness before the grand jury in the case against the other defendants. Benson already had been indicted here on a charge of bribery and is now believed to be in New York, while Hyde is thought to be in San Francisco.

IDENTICAL WITH RADIUM

WASHINGTON, Feb. 17.—Richard Gunther, consul general at Frankfurt, Germany, has reported to the State Department that a professor of the University of Freiburg, who has been investigating as to the existence of radium in nature, has come to the conclusion that a double-barreled shotgun and also the petroleum wells possess a heavy gas, whose radiations are similar to and probably identical with radium.

RADIUM CONVERTS RAIN WATER INTO A MEDICINE

Patients Are Being Cured of Cancer, Morphine and Other Maladies by New Process.

RESULT OF EXPERIMENTS

ANN ARBOR, Mich., Feb. 17.—The possibility of using radium to convert ordinary rain and well water into a mineral water, more highly medicinal than any known natural mineral water, has been demonstrated at the University of Michigan in a series of experiments covering the last ten weeks. In searching for a method by which radium could be applied to the interior of a cancer without any danger of the terrible cancer, or x-ray burns, it has been demonstrated that the immersion of a sealed tube in pure distilled water for twenty-four hours produces radio-active water of powerful effects. Injected into cancers this water stopped pain in ten minutes.

ICE BREAKERS AT WORK

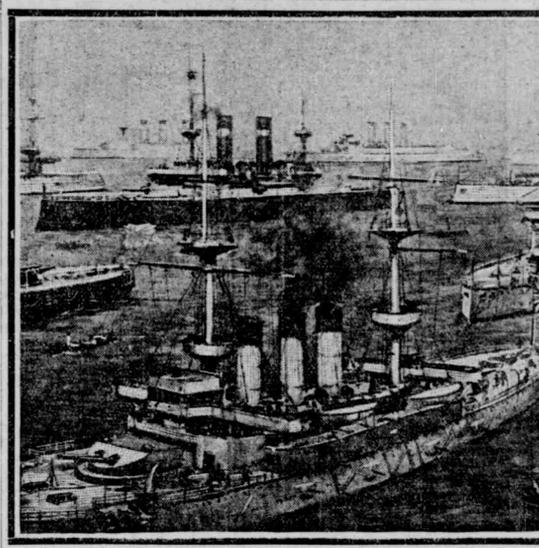

NEW YORK, Feb. 17.—Not for many years have the harbor and river been so choked with ice as they were to-day. Much of the difficulty was due to the fact that several large boats were sent up the North river to break the ice and the detached masses floated down, to the serious interference of navigation. At many of the Jersey City ferries it is necessary to keep tugs in service to clear away the ice that clogged the slips and interferes with the landing of ferry boats.

SUDDEN DEATH OF HENRY D. THOMAS IN A BUGGY

Wealthy Citizen of Marion Succumbs to Heart Disease While Driving.

SHOCK TO HIS FRIENDS

Special to the Indianapolis Journal. MARION, Ind., Feb. 17.—Henry D. Thomas, one of the wealthiest citizens of Marion, dropped dead late this afternoon while riding in a buggy east of the city. Heart disease is assigned as the cause of his death. Mr. Thomas was a well-known railway promoter. He was superintendent of the construction of the Kokomo, Marion & Western Traction Company, which is building a line between Marion and Kokomo. He was vice president of the construction company previous to the sudden death of O. V. Darby, president of the company.

Cruiser Columbia Supposed to Have Taken Drastic Action—Marines Soon Withdrawn.

SAN JUAN, P. R., Feb. 17.—A private message has been received here from Santo Domingo City, dated Feb. 17, saying that an American warship bombarded the insurgents at Pajarito, near Santo Domingo, and then landed marines. These men, however, subsequently re-embarked.

ADMIRAL WISE HAD DISCRETIONARY POWER

WASHINGTON, Feb. 17.—The landing of marines at Pajarito, near Santo Domingo, by an American warship, no doubt was authorized by the commanding officer as a result of some menace to American interests in that section of the country. The cruiser Columbia is now at or near Santo Domingo and the marines landed presumably were from that vessel. Her commanding officer is Captain J. M. Miller. The unsettled condition of affairs of Santo Domingo, however, places on Admiral Wise, with its consequent menace to American interests, has been a source of considerable concern to the administration and Admiral Wise, the senior naval officer in those waters, has been given discretionary powers to deal with the situation.

SALONICA, Macedonia, Feb. 17.—Shensi Pasha, with 2,500 Turkish troops and three guns, is reported to be besieged by 20,000 Albanians at Babajeh, between Diakova and Ipek. The Turks are said to be without food and water and have already lost 100 men. Strong reinforcements under Shensi Pasha are hurrying to the relief of Shensi Pasha.

RUSSIA WARNS BULGARIA

LONDON, Feb. 17.—A dispatch received here from Sofia says that Russia has officially notified the Bulgarian government that any encouragement given by Bulgaria for the renewal of the insurrection in Macedonia will be regarded as an act of hostility which will be promptly and forcibly resented.

RUSSIANS SAY JAPAN IS EMPLOYING BANDITS

ST. PETERSBURG, Feb. 17.—A dispatch has been received here from Major General Pflug, chief of staff to Viceroy Alexieff, saying that Yuan Sha Kai, commander-in-chief of the Chinese army and navy, has ordered 2,500 men to Tai-Chou to maintain order. Continuing, he says everything is quiet at New-Chwang and that the information that the Japanese are forming bands of chun chun (bandits) to attack the railroad is confirmed. Quiet prevails on the Yalu. Russian scouts did not find the enemy within a distance of thirty-four miles from the river.

THIRD FIGHT AT PORT ARTHUR IS REPORTED

SASEBO, Japan, Feb. 17.—The opinion of Japanese naval officers here is that a third fight has occurred off Port Arthur. Some of the Russian war vessels have been reported as leaving that place.

In the Brief Battle of Last Sunday, Which Was Cut Short by a Furious Storm.

LONDON, Feb. 18.—Japan is most successfully keeping her plans secret. Not a single item of news which could be of possible service to the enemy has been permitted to leak out. The belief prevalent in London, based on hints in dispatches from correspondents, is that her main objective will be found to be the Liao-Tung peninsula, but that nothing of a military nature will be attempted until Russian naval squadrons are effectually disposed of.

LONDON, Feb. 18.—The correspondent at Che-Foo of the Paris edition of the New York Herald in a dispatch in which he reports the arrival of junks bearing Japanese wounded from the Port Arthur engagement of Feb. 14, considers this shows that something more than a torpedo attack took place there.

CHE-FOO, Feb. 18.—The Port Arthur-Che-Foo cable was cut yesterday.

JAPAN NOW OPENLY EMBARKING HER TROOPS

LONDON, Feb. 18.—Dispatches published in London newspapers this morning continue to give alleged descriptions of the unloading of Japanese troops. Instead of this unloading occurring secretly from Ujina, as was the case during the China-Japanese war, the transports, according to dispatches published in the Daily Telegraph and the Daily Mail, are openly embarking troops from Nagasaki, Moji, Kobe and elsewhere.
