EXERCISES IN DETAIL

Special to the Indianapolis Journal. LAFAYETTE, Ind., May 20.—Students and faculty of Purdue University are preparing for the annual commencement exercises, in which there is unusual interest this year on account of the activity and participation of the students in general, who, in addition to the official exercises of the university, have arranged a series of informal social and athletic features of more than ordinary attractiveness for the undergraduates and their friends.

BABY WITH TWO BODIES BORN IN JASPER COUNTY

The Remarkable Offspring of Mr. and Mrs. Henry Boone Has but One Head.

BORN FRIDAY, MAY 13

Special to the Indianapolis Journal. RENNELLAER, Ind., May 20.—News has been received here of a wonderful double baby born in the remote and marshy region of Milhay township, Jasper county, known as South America. The parents are Mr. and Mrs. Henry Boone, and the birth occurred appropriately enough on Friday, the 13th of the month. The babe, it is said, has only one head, but two trunks and four complete legs and feet. There are only three mouths, the mouth stems to communicate with only one stomach. All parts of both bodies, however, are complete and both are male. The babe takes nourishment with its one mouth, and is strong and healthy. It has signified its intention to learn to walk, and has faint chances of reaching maturity.

"HARMONY SINGERS" TO MEET TO-MORROW

Special to the Indianapolis Journal. SHELBYVILLE, Ind., May 20.—The "Old Missouri Harmony Singers" will meet their annual meeting in the Methodist Church at Morristown Sunday afternoon, beginning at 2 o'clock. Along in the latter thirties this class was organized with a membership of forty-five. Now there are only nine surviving members—Mary J. Wolf, of Indianapolis; Catharine H. Jackson, of Nashville; Joseph Spurrier, who was the secretary of the association, and Mrs. Kane, president's wife.

Young Woman Took Poison

Special to the Indianapolis Journal. MARION, Ind., May 20.—A mysterious letter which Miss Marie Bowser received last evening is said to have caused her to take her life to-day. At 8 o'clock this morning Miss Bowser swallowed a quantity of carbolic acid and died within a few minutes. When found by her friends she was unconscious, and it is known, however, that she received a letter last evening, and that she seemed to be brooding over something that the note contained. The letter cannot be found to-day.

Suicide of a Farmer

Special to the Indianapolis Journal. BEDFORD, Ind., May 20.—Edward Steele, a farmer, aged about thirty-five, committed suicide at his home between this city and Owensburg, by hanging, his body being found in a well in the cause for the act can be learned. Steele was married and left a widow and two children.

REPORT OF TRACTION MERGER IS NOT TRUE

Special to the Indianapolis Journal. KOKOMO, Ind., May 20.—Word given out from Marion, Thursday, stating that the Kokomo, Marion & Western traction line had been sold to the Indiana Union Traction Company is an error. No such deal has been made, and there have been no recent negotiations between the companies looking toward an absorption of the Kokomo, Marion & Western Company by the Union Traction people. Several months ago a proposition was made by the latter corporation to purchase the line, but nothing came of it.

WE PAID \$100,000 FOR LIQUOZONE; AND WE PAID MORE TO BUY A MILLION BOTTLES AND GIVE THEM TO A MILLION SICK.

We paid \$100,000 for the American rights to Liquozone. And we have spent \$500,000 in the past four months to buy a million bottles and give them to a million sick ones. Don't you realize that this product must be of wonderful worth to humanity? Won't you see what it means to you?

Acts Like Oxygen

Liquozone is not made by compounding drugs, nor is there any alcohol in it. Its virtues are derived solely from gas—large oxygen gas—by a process which requires immense apparatus and 14 days' time. Each cubic inch of Liquozone represents the virtues of 1,250 cubic inches of the gas. The process by which these virtues are concentrated into liquid, stable form, has been the constant subject of scientific and chemical research for more than 20 years.

Kills Inside Germs

But the great value of Liquozone lies in the fact that it kills germs in the body. These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquozone kills the germs wherever they are, and the results are inevitable. By destroying the cause of the trouble, it invariably ends the disease, and forever.

LEUT. WILLIAM RHOADES IS DEAD AT RENNELLAER

He Was Member of First Company Raised for Civil War and Saw First Soldier Killed.

SERVED UNDER MILROY

Special to the Indianapolis Journal. RENNELLAER, Ind., May 20.—Leut. William H. Rhoades, aged sixty-six, a veteran of the civil war, died here to-day of paralysis, after a long sickness. His death occurred ten years to an hour after that of his mother, and her birthday was also the same as his. He was a member of the first company organized in the United States for the civil war, which was organized and drilled in Rensselaer months before Lincoln issued his first call for troops, by Robert N. Milroy, afterwards a major general.

SILVER LAKE BANK TO BE REORGANIZED

Special to the Indianapolis Journal. WABASH, Ind., May 20.—Not only will the depositors of the Commercial Bank of Silver Lake, which failed on Tuesday, receive their claims in full, but it is found that the capital stock of the bank is unimpaired, the suspension being due to the steady withdrawal of funds and the inability of Adam Stout, the president, to meet promptly on the bank paper, which is all gold.

TERRE HAUTE MAN KILLED BY TETANUS

Special to the Indianapolis Journal. TERRE HAUTE, Ind., May 20.—J. W. He stopped on a rusty nail a week ago and remained at home until yesterday on account of the injury, but yesterday he started to work, when the pain suddenly became agonizing and he returned home, where he died last night. The man was James Bain, a miner of Linton, was brought to a Terre Haute hospital suffering from tetanus, and died last night, the result of a slight scratch of his hand.
