FOR THE WAR. COLT'S PATTERNS. SELF-ACTING REVOLVERS! NAVY AND BELT REVOLVERS. Swords at Cost Prices. Groceries (Groceries!) Groceries Establishment. THE NEW ADDITIONS TO MY STOCK OF GROCERIES...

NOW IS THE TIME TO SUBSCRIBE! The Sentinel for 1863! THE governmental and political questions of the coming year will have an absorbing interest for every citizen. We are engaged in a gigantic civil war, the result of which none can foresee. It threatens a radical change in the institutions and principles upon which the government was founded, and the destruction of the liberty and rights of the citizens, such as the people of no other nation have enjoyed, and to which may be attributed our unequalled progress in national prosperity and greatness. The issue will soon be upon us, whether this free Government shall be preserved and maintained, and the rights of the State under the Constitution maintained, or a powerful central authority be permitted to grow out of this war, obstructing State laws, State institutions, and all those checks upon the Federal Government, rights reserved by the States, which have constituted the excellence and superiority of our nationality—States "one as the sea" for the common rights of the citizens, but "distinct as the billows" in the management of their purely domestic affairs. These questions were involved in the recent elections, and the voice of the people was emphatically expressed for the "Constitution as it is" and the Union as it was. Never was there a time so important as this, when the people should be thoroughly advised as to the progress and condition of public affairs and of passing events. A people are not fit for self-government unless with an intelligent judgment they decide upon the questions which affect alike their own and the public welfare.

CONGRESS. Will soon assemble, and the most important questions will be brought before it for determination. One of the common objects set forth in the Constitution, by the President, will vitally affect the future of the country. All interesting Congressional proceedings will be reported in the Sentinel.

THE WAR. The events of the war as they are developed will be faithfully given, so that the public may be advised as to its progress; the results of battles; the condition of the contending armies, and all that affects the great struggle, at home and abroad, for the overthrow of the Rebellion.
