tone and vigor. We are able to state that the Constitu-tion Water has cured every case of Diabetes in which it has been given.

STONE IN THE BLADDER, CALCULUS, GRAVEL, BRICK DEST DEPOSIT AND MUCOUS OR MILKY DISCHARGES AFTER URINATING.

Diseases occurring from one and the same cause will be entirely cured by the Constitution Water, if taken for any length of time. The dose should vary with the severity of the disease, from twenty drops to a teaspoonful three times a day, in water During the passage of the Calculus, the pain and urgent symptoms should be combatted with the proper remedies, then followed up by the Constitution Water, as above directed.

DYSMENORIGEA, OR PAINFUL MENSTRUATION, AND IN MENORRHAGIA OR PROFUSE FLOWING. Both diseases arising from a faulty secretion of the menstrual fluid in the one case being too little, and accompanied by severe pain; and the other a too profuse secre-

ion, which will be speedily cured by the Constitution That disease known as FALLING OF THE WOMB. which is the result of relaxation of the lingaments of that organ, and is known by a sense of heaviness and dragging pains in the back and sides, and at times accompanied by sharp lancidating or shooting pains through the parts, will, in all cases, be removed by the medicine. There is another class of symptoms arising from IRRI-TATION OF THE WOMB, which Physicians call Nervousness, which word covers up much ignorance, and in nine cases out of ten the doctor does not really know whether the symptoms are the disease, or the di ease the symptoms. We can only enumerate them h re. I speak more particularly of Cold Feet, Palpation of the Heart, impayred Memory, Wakefulness, Flashes of Heat, Languor, Lassitude and Dimness of Vision.

SUPPRESSED MENSTRUATION,

Which in the unmarried female is a constant recurring di-ease, and through neglect the seeds of more grave and dangerous maladies are the result, and as month after month passes without au effort being made to assist nature, the suppression becomes chronic, the patient gradually loses her appetite, the bowels are constipated, night sweats come on, and the consumption finally ends her

LEUCORRHŒA, OR WHITES.

This disease depends upon an inflammation of the mu-cous lining of the vagina or womb. It is in all cases accompanied by severe pains in the back, across the bowels and through the hips. A teaspoonful of the medicine may be taken three times a day, with an injection of a tablespoonful of medicine, mixed with a half pint of soft water morning and evening.

IRRITATION OF THE NECK OF THE BLADDER, IN-FLAMMATION OF THE KIDNEYS AND CATARRH OF THE BLADDER, STRANGUARY AND BURN-ING OF PAINFUL URINATING.

For those diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms. Are you troubled with that distressing pain in the smal of the back and through the hips. A teaspoonful a day of Constitution Water will relieve you like magic.

DANVILLE, PA., June 2, 1862. Dr. WM. H. GREGS-Dear Sir: In February, 1861, 1 at low figures. was afflicted with the sugar diabetes, and for five months I pa sed more than two gallons of water in 24 hours. I was obliged to get up as often as ten or twelve times during the night, and in five months I lost about 50 pounds in weight. During the month of July, '61, I procured two bottles of Constitution Water, and in two days after using it I experienced relief, and after taking two bottles I was entirely cured, soon after regaining my usual good Yours, truly, J. V. L. DE WITT. good health.

BOSTON CORNERS, N Y., Dec. 27th, 1861.

WM. H. GREGO & Co. Gents: I freely give you liberty to make use of the following certificate of the value of Constitution Water, which I can recommend in the highest manner: My wife, who was attacked with pain in the shoulders, whole length of back, and in her limbs, with Palpitation of the Heart, attended with Falling of the Womb, Dysmenorrhora, and irritation of the Bladder. I called a physician, who attended her about three months, when he left her worse than he found her. I then employed one of the best physicians I could find, who attended her for about nine menths, and while she was under his care she did not suffer quite as much pain; he finally gave her up and said, "her case was incurable" For, said he, "she has such a combination of complaints, that medicine given for one operates against some other of her! ities." About this time she commenced the use of Constitution Water, and to our utter astonishment, almo t the first dose seemed to have the desired effect, and she kept on improving rapidly under its treatment, and now superintends entirely her domestic affairs. She has not taken any of the Constitution Water for about four weeks, and we are happy to say that it has produced a permanent cure. WM M. VANBENSCHOTEN.

Millrorp, Coss., November 19th, 1861. Ms. Wu. H. GREGO Dear Sir: I have for several years been afflicted with that troublesome and dangerous disease, Gravel, which resisted all remedies and doctors, until I took Constitution Water, and you may be assured that I was exceedingly pleased with the result. It has entirely cured me, and you may make any use of my nome you may see fit in re-

The Sentinel for 1863!

THE governmental and political questions of the coming year will have an absorbing interest for every citizen. We are engaged in a gigantic civil war, the result of which none can foresee. It threatens a radies change in the institutions and principles upon which the Government was founded, and the destruction of the liberty and rights of the citizen, such as the BROWNING & SLOAN, people of no other nation have enjoyed, and t which may be attributed our unequaled progress in nat snal prosperity and greatness. The issue will soon be upon us, whether this free Government shall be preserved and maintained and the rights of the States under the Constitution perpetuated, or a powerful central authority be permitted to grow out of this war, obliterating State lines, State institutions, and all those checks upon the Federal Government, rights reserved by the States, which have constituted the excellence and supe riority of our nationality-States "one as the sea" for the common objects set forth in the Constitution, but "distinct as the billows" in the management of their purely domestic affairs. These questions were involved in the recent elections, and the voice of the people was most emphatically expressed for the "Constitution as it is and the Union as it was." Never was there a time when it was so important that the people should be thoroughly advised as to the progress and condition of public affairs and of passing events. None but learned, diligent lawyers could have produced such a work. The second volume embraces all the public statutes of Indiana now in force upon the subjects to which it relates, and the first all excepting the acts of the last regular and extra sessions of the Legislature. It is a great excellence of the compilation that all existing statutes on each subject are collected together in the same place in these volumes; so that tie reader can see at a glance all the heap, are excellent. An excellence of these volumes, not to be overlooked is the full and accurate index appended to each. In Indiana, there never has been a good index to any volumes o statutes published by authority. This provoking defect has been completely remedied in the volumes under review; and these indexes will greatly lighten the labor of all who have occasion to look into our statutes. This is the first time that private enterprize has attempted the publication of Indiana statutes. The attempt, I do not doubt, will be successful, and will duly reward the learned editors and enterprizing publish. ers. Every lawyer will, of course, purchase these volumes;
