 AND THE
Only Known Remedy
 FOR
DIABETES,
 DISEASES OF THE
Kidney and Bladder.
These Dangerous and Troublesome Diseases, which have thus far resisted the best directed Treatment, can be Completely Controlled by the REMEDY now before us.
THE CURATIVE
 properties of the medicine direct themselves to the organs of excretion, and by so altering the condition of the stomach and liver that the starch principle of the food is not converted into sugar so long as the system is under the influence of the medicine.
 which gives these organs time to recover their healthy tone and vigor. We are able to state that the Constitution Water has cured every case of Diabetes in which it has been given.
STONE IN THE BLADDER, CALCULUS, GRAVEL, BRICK DUST DETON AND MUCOUS OR MILKY DISCHARGES AFTER URINATING.
 Diseases occurring from one and the same cause will be entirely cured by the Constitution Water, if taken for any length of time. The dose should vary with the severity of the disease, from twenty drops to a teaspoonful three times a day, in water. During the passage of the Calculus, the pain and urgent symptoms should be controlled with the proper remedies, then followed by the Constitution Water, as above directed.
DISMENORRHEA, OR PAINFUL MENSTRUATION, AND IN MEMORABILIA OR PROFUSE FLOWING.
 Both diseases arising from a faulty secretion of the menstrual fluid, in the one case being too little, and accompanied by severe pain and the other a too profuse secretion, which will be speedily cured by the Constitution Water.
 That disease known as FALLING OF THE UTERUS, which is the result of relaxation of the ligaments of that organ, and is known by a sense of heaviness and dragging pains in the back and sides, and at times accompanied by very lancinating or shooting pains through the parts, will, in all cases, be removed by the medicine.
 There is another class of symptoms arising from IRREGULARITY OF THE UTERUS, which is known as Leucorrhoea, which covers up much ignorance, and in many cases is known by a sense of heaviness and dragging pains in the back and sides, and at times accompanied by very lancinating or shooting pains through the parts, will, in all cases, be removed by the medicine.
 Which in the unmarried female is a constant recurring disease, and through neglect the seeds of more grave and dangerous maladies are the result, and as month after month passes without an effort being made to assist nature, the suppression becomes chronic, the patient gradually loses her appetite, the bowels are constipated, and all sweeten come out, and the consumption finally ends her career.
LEUCORRHEA, OR WHITES.
 This disease depends upon an inflammation of the mucous lining of the vagina or womb. It is in all cases accompanied by severe pains in the back, across the loins and through the hips, and is held at the office of the physician. It is taken three times a day, with an injection of a tablespoonful of medicine, mixed with a half pint of a table-spoonful of water, and the consumption finally ends her career.
IRRIGATION OF THE NECK OF THE BLADDER, INFLAMMATION OF THE KIDNEYS AND CATARRH OF THE BLADDER, STRANGURY AND URINARY DISCHARGES.
 For those diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms.
 Are you troubled with the distressing pain of a small stone in the back and through the hips. A teaspoonful of Constitution Water will relieve you like magic.
FOR DYSPEPSIA
 It has no equal in relieving the most distressing symptoms. Headache, Heartburn, Acid Stomach, Vomiting, Indigestion, Flatulence, and all the ailments of the stomach in all cases may be increased if desired, but it should be done gradually.
PHYSICIANS
 Have long since given up the use of such crude and injurious in the treatment of these diseases, and only use them for the want of a better remedy.
CONSTITUTION WATER
 Has proved itself equal to the task that has devolved upon it.
DIURETICS.
 Irritate and drain the kidneys, and by constant use soon induce chronic degeneration and confirmed disease.

 There is no class of disease that produces such exhausting effects upon the human constitution as Diabetes and Diseases of the Kidneys, Bladder and Urinary Passages, and through a false modesty they are neglected until they are so advanced as to be beyond the control of ordinary remedies, and no physician can be expected to cure them.
 To the public with the conviction that we have no equal in relieving the class of diseases with which we have been so long and so successfully engaged, and we trust that we shall be rewarded for our efforts in placing so valuable a remedy in a form to meet the requirements of patient and physician.
