SPECIAL NOTICES.

13 IMPORTANT TO LADIES - DR HARVEY'S FEMALE PILLS have never yet failed in removing difficulties arising from obstruction, or stoppage of nature, or in restoring the system to perfect health when suffering from Spinal affections, Prolapsus, Uteri, the Whites, or other weakness of the Uterine Organs. The Pills are perfectly harmless on the constitution, and may be taken by the most delicate female without causing distress-the same time they act like a charm by strengthening, invigorating and restoring the system to a healthy condition, and by bringing on the monthly period with regularity, no matter from what causes the obstruction may arise. They should, however, NOT be taken during the first three or four months of pregnancy, though safe at any other time, as miscarriage would be the result.

Each box contains 60 p'ils. Price \$1.
