THE THEATRE—Miss St. Clair's new prize drama of Cudjoe's Cave, or the Battle Cry of Freedom, achieved a decided triumph last night. It is finely put upon the stage in the way of scenery and mechanism, and will doubtless have a long run. The situations are all strongly dramatic—the language is good, and the sentiment of patriotism well sustained throughout. Of the many fine scenes, the grand conflagration scene of the Burning Mountain—in which Pump represents Virginia—and the Devil's Bridge, spanning the Dead Man's Gulch—were particularly noteworthy as being among the finest ever witnessed here.

AMERICAN PROTESTANT ASSOCIATION—This society, which in this city happens to be composed chiefly of Germans, will celebrate the 4th anniversary of its organization, by a parade, on Wednesday next, commencing at 2 o'clock P. M. Their society is termed Germania Lodge No. 3. The parade will be conducted by Fred Vogt, Esq., Chief Marshal, and its route will be as follows:

From the Hall opposite the Court-house to New Jersey street, thence to New York, east to Noble, south to South, west to Delaware, west to McCarty and Illinois, north to Washington street, and east to their Hall. Hahn's Band has been engaged for the occasion.

This society was organized in Scotland some years ago. There are numerous Lodges in the Eastern States, but we believe this one, which numbers seventy members, is the second one in this State. Warburg No. 9 is located at Lawrenceburg. As its name indicates, this society is established to counteract the influence of the Catholic Church. 10-2

THE THIRD WARD ROLL OF HONOR—The Governor called for 20,000 men to volunteer in the cause of their country. To induce individuals to come forward it was proposed that, under the city charter, those in favor of a special tax for bounties, should, on Saturday last, vote or petition the City Council, therefore, in the Third Ward not one signature or vote was given to pay the poor soldier one cent; and yet in that ward live the following gentlemen, all good Union men, who say they are friends of the soldiers. We repeat, not one of the following named gentlemen went to the polls on that day or voted one cent.

Governor O. P. Morton, Col. Noble, Judge Charles A. Ray, Col. Sturm, Col. James B. Baker, James M. Ray, Alfred Harrison, Major Dr. C. Clinton, W. N. Thompson, Gen. J. H. Vaden, Dr. Meers, J. B. Wilson, Dr. Miller, Isaac Rall, Charles Sturdevant, Principal of McLean's Seminary, Omer Touney, A. J. Crossland, J. H. Baldwin, Squire Squire, Telford, of the Journal, Locke, of the Journal.

New Daguerrean Gallery—Messrs. Treadwell & Pease have just completed, at 16½ East Washington street, the finest Daguerrean gallery in the city. Mr. Pease is well known to our citizens as an accomplished artist. For some time past he was connected with the firm of Messrs. Pease & Pease, of the Cumberland, Nashville, Tennessee. The operating room of Messrs. Treadwell & Pease cannot be surpassed. It has a northern light, the best for the purpose and sufficiently strong to take pictures any time during the day, and even in cloudy weather. The sitting room is elegantly furnished and the walls are decorated with photographic views, taken by Mr. Pease, of some of the most interesting

scenes and places connected with the history of the Army of the Cumberland. The working apparatus of this establishment is the most complete of the kind in the West, and there is every convenience for the rapid execution of their work. Their printing machinery, the invention of Mr. P., will do more work in one hour than any other machine in the West. The pictures they take are perfect counterparts of the originals. We understand that Messrs. Treadwell & Pease sit apart Mondays for children, on which day they will have the preference over any other work.

John B. Scammon tendered his resignation as City Assessor. Tabled.

The report of the Committee on Ordinance, relating to bonds, maintenance and trial of city officers was taken up, and after discussion

The City Engineer was instructed to notify parties building a warehouse east of Union Street to remove the piers from the bed of the creek.

The City Engineer reported that the Canal Company would not increase the size of the culvert where Poughs Run runs under it.

The question of changing the boundaries of the city, dividing Center Township and constituting the city a township, was discussed and referred to the Committee on Streets and Alleys.

On motion, the Street Commissioner was directed to repair the gutter on Maryland street, west of St. Mary's church.

The question relative to the establishment of police districts, and the election of a police force for a year instead of three months, was passed.

Mr. Douglas called up the matter of voting bounties by special tax to one hundred days men.

It seemed from reports that not many taxpayers had petitioned; so few in fact that no action was paid to the reports from the several wards.

Dr. Jameson, Dr. Thompson and Mr. Brown insisted that we must give liberally to soldiers' families. As for bounties, they would be expended upon young bucks. But for the families of one hundred day men they were willing to allow \$1 per day to each adult, and 50 cents for each child.

Mr. Douglas said he was willing to tax the wealthy men in his ward for this purpose.

Finally it was agreed to appropriate \$5,000 to be paid to the families of one hundred day men, at the rate of \$1.50 per week for female adults, and 75 cents for female infants not over 14 years of age.

On motion of Mr. Brown, Councilmen were instructed to canvass their wards and ascertain if they were entitled to money under the resolution just passed.

Mr. Hough said he had not the means to pay this money. Our treasury was already bankrupt. Still he was for doing all he could for the soldiers' families.

On motion of Mr. Brown, a standing committee was agreed upon to be styled the Soldiers' Aid Committee, to be appointed by the Mayor at the next meeting of the Council. The duty of this committee is to attend to the disbursement of all funds voted to soldiers by the city.

Dr. Thompson offered the following:
Resolved, That an agent in each ward be appointed at \$3 per day, to canvass and obtain, if possible, a sufficient number of the signatures of tax payers to enable this Council to borrow a sufficient amount of money to pay off all the liabilities of this city.
