DR. JOHN BULL'S COMPOUND CEDRON BITTERS,
The Latest and Most Important Discovery of the 19th Century.
NO MAN'S NAME IS MORE INTIMATELY connected with the history of the Materia Medica of the United States, or more favorably known as the pioneer of the West, than that of DR. JOHN BULL, of Louisville, Ky. His introduction of Sassafras, a long stood at the head of the various compounds of that valuable drug. His Compound of Wild Cherry has become a household word throughout the West and South, and his Worm Lozenges, to less than a year after their introduction, attained a reputation as wide spread as the continent of North America. But the crowning glory of his life remains to be attained in his latest discovery, or rather combination, for he does not claim to have been the discoverer of CEDRON, which is the basis of the Bitters now offered to the public. That honor belongs to the native inhabitants of Central America, to whom its virtues have been known for more than two thousand years. Attributed with the Indian belief to the most deadly malaria, and handles without fear the most venereal serpens. It is a balm to them that while there is a breath left in the body the Indian potent to cure, no matter what the disease may be. While Dr. Bull is not prepared to endorse the extravagant pretension, he is nevertheless satisfied from a thorough examination of the evidence related to its virtues, that, as a remedy and preventive for all diseases arising from exposure either to changes of weather and climate, or to the miasmatic influences, it stands without a rival, and justly deserves the reputation it has long enjoyed in Central America and the West Indies.
DYSPEPSIA
And its attendant train of symptoms, it acts more like a charm than a medicine. There is nothing in the whole range of materia medica that can for a moment bear a comparison with it in this disease.
A full account of this medicinal plant may be found in the 11th edition of the U. S. Dispensatory, pages 1287 and 1288.
A series of experiments, in which Dr. Bull has been for years engaged, has just been brought to a successful termination, and he is now enabled to offer to the public a combination of Cedron with other approved tonics, the whole prepared in the best quality of copper-distilled Bourbon Whisky, which he is confident has no equal in the world.
He might furnish a volume of certificates, but the public have long since learned to estimate solid things at their true value. The safest plan is for every one to test for himself the virtues of a medicine. Give the
DR. JOHN BULL'S COMPOUND CEDRON BITTERS.
One trial and you will never use any other.
It is not necessary to publish a long list of the diseases for which the Cedron Bitters are adapted. They are adapted to all diseases of the Stomach, Bowels, Liver, & Kidneys.
It is destined to supersede all other remedies. It not only cures all these diseases, but it prevents them.
A wine-glass full of the Bitters taken an hour before each meal will obviate the ill effects of the most unhealthy climate, and screen the person taking it against disease under the most trying exposure.

A DIGEST OF THE DECISIONS OF THE SUPREME COURT OF THE STATE OF INDIANA, comprising the cases reported in the eight volumes of Blackford and the first sixteen volumes of Indiana Reports, together with the Revised Statutes of the State, as embodied in the edition of Owen & Ford. By Edwin A. Davis, L. L. B. 1 vol. 8vo. 50 cts.
The first edition of this valuable work was completely exhausted in less than three months from the time of publication. A new edition, printed on fine white paper, is now ready. This is one of the most complete and best arranged digests ever published, and has received the highest commendations of the legal profession.
"The Digest is as rare in its plan and execution as it is useful in its contents. This is no abridgement of the reports but a genuine digest of them."
THE HON. DAVID McDONALD says:
"It is a small compilation of the work that it is a Digest not only of all our Supreme Court decisions which have been published, but also of all the modern statutes now in force."

From the army hospital—the bloody battle-field—the mansion of the rich and humble abode of the poor—from the office and the sacred desk—from the mountain top, distant valleys and far-off islands of the ocean—from every nook and corner of the civilized world—in proof in the evidence of the astonishing effects of DR. HARRIS'S PLANTATION BITTERS. Thousands upon thousands of letters like the following may be seen at our office.
REPOSEY, Wm., Sept. 16, 1863.
"I have been in the army hospital for fourteen months—speaking and nearly dead. At Allam, Ill., they gave me a bottle of Plantation Bitters. I took Three bottles restored my speech and cured me."
C. A. FLAUTE.
SOUTH WARREN, O., July 28, 1862.
"One young man, who had been sick and out of the house for two years with Scrophula and Erysipelas, after paying the doctors over \$150 without benefit, has been cured by ten bottles of your Bitters."
EDWARD WOODALL.
The following is from the Manager of the Union Home School for the Children of Volunteers:
HAYDEN MANNING, FIFTY-SIXTH ST.,
New York, August, 1863.
"Dr. HARRIS'S Plantation Bitters have been given to some of our little children suffering from weakness and loss of appetite, and with pains in their heads, loss of appetite, daily wasting consumption, on whom all medical skill had been exhausted, has been entirely restored. We commenced with but a teaspoonful of Bitters a day. Her appetite and strength rapidly increased, and she is now well."
Respectfully,
MRS. O. M. DEWEE.
