DR. DAVIS'S SYRUP OF WILD CHERRY AND TAR.—In offering to the public this new and valuable remedy for CONSUMPTION, BRONCHITIS, ASTHMA, COUGHS, COLDS, etc., we appeal to the opinions of the people—to the virtues of the medicine. Numerous testimonials may be seen in a pamphlet for distribution at the agency, which sufferers are invited to obtain. It may be proper to say that Dr. D. has been a practicing physician of twenty years' standing, a graduate of the University of Pennsylvania.

FROM Mrs. JOHN D. MORGAN, Druggist,

PITTSBURG, PENN., February 15, 1847.

The Syrup of Wild Cherry and Tar has given great satisfaction to those who have used it. It is one of the instance of a permanent cure of Asthma on a gentleman of Ohio, to whom I sold the medicine. I have also sold it to several other persons, who have found it to be a valuable remedy for Coughs and Colds, as a most excellent remedy.

Yours respectfully, W. W. PHILLIPS.

FROM Mr. EDWARD ROBBINS, Druggist,

SOMERSWORTH, N. H. Jan. 9, 1847.

We have taken some trouble to introduce Dr. Davis's Syrup of Wild Cherry and Tar here, and have sold all we received from Mr. Hook. He has used it in his practice; he thinks highly of the Medicine.

Dr. Dr. Cook is one of the most extensive druggists in the United States, and was the attending physician of Joseph Bonaparte on his visit of Spain, during all his sensitivities in this country.

When we first offered this article to the public, it was with the expressed intention of publishing no certificate without good authority for its truth. To that end we have spent a large sum in certificates for the authenticity of which we have not had the most trifling question.

The following was forwarded us by a respectable Druggist, Mr. Howells, of Dayton, Ohio:

Extract from a letter from S. W. Wilson, Merchant of Woodtown, Bucks county, Pennsylvania:

"Woodtown, 9th month 30, 1846.

A young man of my acquaintance has taken a year Syrup and has been perfectly cured. He labored under the consumption for more than three years, and had almost given up all hopes of recovery, when the combined testimonial of three of the most eminent physicians in the country, but received no benefit until he took Dr. Davis's Syrup of Wild Cherry and Tar, which in a considerably short time restored him to health and hearty. This statement I received from himself; his name is Henry T. Godfrey, he resides in Woodtown township, Bucks county, Pa. He is known all over the country—is a good laboring man, and it cannot be denied that the Syrup saved his life.

ANOTHER CURE.

Palpitation of the Heart and Consumption of the Lungs relieved by Dr. Davis's Compound Syrup of Wild Cherry and Tar.

PHILADELPHIA, April 9, 1846.

For four or five weeks of last winter I was troubled with a severe cough, accompanied with great palpitation of the breast, and frequent violent palpitation of the heart. The cough was so severe that it would not let me sleep at night, and weakened me to that degree that I was obliged frequently during the day to leave off work to rest myself. My physician pronounced my lungs affected, and I began to entertain serious apprehensions that I could not get well again. At this time, Dr. Davis's Syrup of Wild Cherry and Tar was recommended to me. In two or three days' use of it, the oppression and pain in the breast was entirely relieved, and by the use of a few bottles the cough was entirely cured, and my general health and strength restored. The palpitation of the heart, with which I had been severely troubled for ten years, is entirely cured. I feel it a duty I owe to the afflicted over-exertion. The relief of the palpitation has been so great that I am confident one or two bottles more of the Syrup would have entirely removed it. HENRY NICKERSON, 136 John street.

WEAKNESS AND PAIN IN THE BREAST.

PHILADELPHIA, June 23, 1846.

I can highly recommend Dr. Davis's Syrup of Wild Cherry and Tar from my knowledge of its virtues. My wife had been afflicted for a long time with weakness and pain in the breast; the use of this medicine in a short time entirely relieved her. The strength, health, and flesh it has recent, and on all occasions the relief was speedy as in the first place. It is now near six months since she left off using the medicine, and is as well as ever. I consider it and recommend it as a most valuable medicine. Its strengthening effects has been very great in addition to relieving the breast.

S. HADDOCK, 72 Water street.

PHILADELPHIA, June 23, 1846.

I feel free to recommend Dr. Davis's Syrup of Wild Cherry and Tar from my experience of its beneficial effects. Both myself and wife have been for some weeks past subject to attacks of spitting blood, attended with soreness of the breast and on many occasions at the stomach, accompanied with dyspeptic symptoms. Having seen Dr. Davis's advertisement of it, I was recommended by his acquaintance, who had been cured by Dr. Davis's Syrup, to try it. I procured a bottle of it, and by its use became entirely cured of the above complaints. My wife also found relief in a few doses, and after using a bottle and a half was entirely relieved. I have taken pleasure in recommending it to my friends, and will continue to do so.

JOHN P. ORAM, Ladies' Shoemaker, 70 Race st.

Merchants from different parts of the country will find the above statements of the universal popularity and efficacy of Dr. Davis's Syrup, worthy their notice. A number of them, witnessing its virtues, gave a orderly sold it on condition that if it did not give satisfaction the price should be returned, and no one of them has had any application to return the money. This speaks volumes for the medicine. We append a few extracts from orders, as samples of those which are daily received, as well as of verbal accounts we frequently hear:

FROM Dea. VAUGHAN and RUHL,

Both Practical Physicians of Philadelphia.

BLOOMFIELD, Ind., June 1, 1847.

Dr. Davis's Syrup of Wild Cherry and Tar gives the best of satisfaction, and we think that if you choose to give us a Wholesale Agency for that medicine, we can dispose of almost any amount in Northern Indiana.

FROM HANNEGAN & BRO.

LOGANSPORT, Ind., July 23, 1846.

Your Wild Cherry and Tar Syrup gives general satisfaction. We have been out of it for some time, and thought we would not order it, but it is almost daily inquired for, and we thought, perhaps, it would be best to order some.

FROM Dr. W. S. MACKINTOSH.

WARSAW, Ohio, January 6, 1847.

The article of Wild Cherry and Tar I find to be a very good article, and can use it considerably in my practice. I have sold and used nearly all you have forwarded, and I would like to have you send me another supply as soon as the means of transportation will be open.

FORT GIBSON, February 21, 1847.

Messrs. ROBINSON, COLLINS & Co.—I am happy to inform you that I think Dr. Davis's Syrup of Wild Cherry and Tar will take the lead of all in our part of the country. I am out of it, and have a half dozen bottles engaged. I had Agent Davis's Horse Liniment, that I have taken the liberty of selling for an agency for the above articles, if agreeable to you. If 20 pieces will be sent, and more as we can dispose of them, we shall be satisfied.

Respectfully yours, SAML. H. KEMPTON.

DAVIS'S SYRUP OF WILD CHERRY AND TAR.—We would call attention to the advertisement of this valuable preparation. We have known several cases of its salutary effects have come under our personal observation, and we therefore confidently recommend it to the afflicted. [Ed. N. J. Weekly Visitor and Temperance Sentinel, Newark, N. J.

FROM MR. S. C. HAYES, of the Firm of Brower, Hayes & Co., Booksellers and Stationers, No. 193 Market street, Philadelphia.

PHILADELPHIA, March 9, 1847.

Your Syrup of Wild Cherry and Tar is an invaluable remedy: one of the worst of colds with me. If you want a certificate I will cheerfully give one. B. C. HAYES.

FROM S. S. GIVENS.

My stock of Cherry and Tar syrup is now reduced to six bottles, and a popularity is truly interesting. You would do well to send me six dozen supply.

MILTON, Penn county, Pa., October 1, 1846.

Messrs. ROBINSON, COLLINS & Co.—Gents: I am informed you that I was afflicted for twenty years with a violent cough, my breast pained so that I could hardly eat or rest at night. Cough strained, I observed, sometimes, and also vomited a quantity of phlegm. I have taken a number of several eminent physicians, and took a great deal of medicine, without relief whatever. I was advised to try Dr. Davis's Compound Syrup of Wild Cherry and Tar, of which I took a few bottles, and found it relieved me of my complaints. Therefore I can, with confidence, recommend it to all who are in the manner afflicted, as a valuable medicine.

JOHN YOUNG.

The authenticity of the above statement is vouched for by Mr. Joseph Murphy, a merchant of Milton, Pa., who says that Young was in consumption to all care. Sir, I is very old man, and has been for years.

Dr. DAVIS'S SYRUP OF WILD CHERRY AND TAR.—The following statement is sent for insertion from the Rose of Sharon
