The Weather — Business — Freights — The J. M. Sharpe — The Tigress — W. Burton — Louis D'Or — Good News from Red River — Eight Feet on the Falls and Rising — Reduction of Freights — Departures To-Day, etc.

CRESCENT OFFICE, No. 76 CAMP STREET, Friday Morning, Nov. 30, 1860.

The weather yesterday was clear, cool and bracing.

Business on the landing presented an appearance of activity, although had one seen proper to have gone into a close analysis of what was really doing in the sewral trades, the amount done would but have been startling on account of its magnitude.

Freights are scarce in nearly all the trades, especially for St. Louis, with no immediate prospect of becoming any more plentiful.

The Era packet, J. M. Sharpe came over to the landing last evening and commenced receiving for Jefferson, leaving to-morrow evening under command of Capt. John W. White, with Mr. R. Moody, assisted by Mr. R. E. Jones, in charge of the office.

The steamer Tigress arrived yesterday from Cincinnati, with a fair trip. She went to the lower landing and will be receiving this morning for Castleton and intermediate landings on the Ouachita, leaving to-morrow evening.

The W. Burton is at the landing receiving for Red River, with Capt. Sam Lawson in command and James A. Dunbar in the office, and will leave this evening for Grand Ecore.

The magnificent new packet Louis D'Or is receiving and leaves on Tuesday next for Red river.

The new packet Frolic will leave at 9 o'clock this morning for Bend river without fail or postponement.

Advices received here by the arrivals from Red river yesterday are to the effect that old Red is doing its duty and filling its banks at a "2-40" rate. Heavy rains are reported in the entire length of the Red river valley, and the Rapides reports eight feet of water on the falls, with the river rising rapidly. In consequence of the rise in Red river the Red river freight committee have adopted the high-water card rates of freight.

Leaving for Bayou Sara.—The fine passenger packet Iberville, Capt. V. B. Baranco, commander, and Mr. E. E. Mumford, clerk, will leave at 9 o'clock this morning for Bayou Sara and the coast.

W. A. Andrews for Lafourche.—The fine and staunch passenger packet W. A. Andrew, Capt. J. T. Landry, commander, and Mr. J. Jarry, clerk, will leave at 5 o'clock this evening for Lafourche and intermediate landings.

Lizzie Simmons for the Ouachita.—The superb passenger and staunch freight packet, Lizzie Simmons, will leave this evening at 5 o'clock, for Camden and intermediate landings. The Simmons is one of the most complete packets ever constructed, and was built expressly to meet the requirements of the Ouachita trade. She is staunch as adamant, and as elegant as staunch, having a magnificent cabin, and first-class accommodations for a large number of passengers. The speed of the Lizzie has been startling on account of its magnitude.
