FORM OF GOVERNMENT. A REPUBLICAN FORM OF GOVERNMENT. Mr. Sumner's bill, lately introduced into the United States Senate, the object of which, according to the title, is to guarantee a republican form of government to every State of the Union.

Mr. Sumner were not absolutely clear—if it were not impossible for him to have a clear and correct idea upon any subject—he might perhaps see that the power given to the United States in that clause of the Constitution which requires that a republican form of government be guaranteed to each State was obviously inserted as a security to the States against any violent change in their form of government by outside interference.

It is well known to the citizens of New Orleans that during my absence my Church, St. Luke's, was totally destroyed by fire. It is earnestly hoped that our generous community will liberally and promptly respond to the appeal of this noble object. Subscriptions for this purpose will be taken by the undersigned, or may be left at the Savings Bank, on Canal Street, C. R. HERBERS, Rector St. Luke's Church, N. O.
