——**Mrs. Winslow's Mystic Pills** are prepared only for a legitimate purpose, and are the only safe and effective medicine for females extant.

Do not trifle with your health, and use cheap and dangerous medicine which druggists have bought, and will recommend, being ignorant of their properties.

They are a certain cure for all those painful and dangerous disorders to which the female constitution is subject. They moderate all excess, and remove all obstructions; they invigorate the debilitated and delicate, and, by regulating and strengthening the system, the hue of health is restored to the cheeks, weakness of the spine and limbs relieved, and all the indications of nervous debility removed. A maiden, wife or mother should be without them.

Try them—use according to direction, and be convinced that they are the Lady's Friend.

Ask for MRS. WINSLOW'S MYSTIC PILLS. Take none other. Price $2 per box, or three boxes for $5.

UNCLE BILLY WILL STAND THE SEASON (1866) at the Fair Grounds, at $20 the season, to insure, and $1 to the groom. The season will commence on the 12th of May and terminate on the 31st of July, 1866.

UNCLE BILLY is a dark brown old, is a beautiful bay color, and stands 15¾ hands in height. He is well made throughout, and his form is most perfect in all its proportions; and but for an accident, Uncle Billy would doubtless have occupied the high position on the turf his thorough good blood and fine form warrant.

Uncle Billy was got by Mahomed, out of Maggie Mitchell; she by imp. Yorkshire, out of Charmer, one known on the Southern turf to fame in the palmiest days by imp. Glencoe; she out of the invincible Betsey Malone, she lost but one race, failing when in the last heat, and was beaten by Plano, whom she had beaten previously and did beat afterwards, by Stockbold, out of a Potomac mare. Mahomed was got by imp. Sovereign, out of Flight, (the dam of Hegira and Meeta,) by Sir Charles.

For further particulars apply to

WM. BRUNTEN, 65 St. Charles street.

No liabilities for accidents or escapes.

ROMAN LOAN.....ROMAN LOAN.
AMERICAN ISSUE—FOUR MILLION DOLLARS

To insure the Treasury of the Statue of the Holy See complete independence during the negotiations pending between the Governments of France and Italy for the liquidation of the Papal States debt, His Holiness, Pope Pius IX., by Pontifical Act of the 11th April, 1866, decreed the emission by sovereignties of the Loan now offered to the public.

Although former loans have commanded nearly par, His Holiness, in view of the present condition of monetary matters, not wishing to impose a sacrifice upon those willing to assist him in surmounting his present temporary embarrassments, as well as to present of numerous investors, has decided to issue this loan at the rate of 82 3-4 (82 dollars, 75 cents) for the hundred dollar gold bond.

The Bonds, payable to bearer, are of 500 francs, or one hundred dollars gold each bearing 6 per cent. interest per annum in gold, the coupons payable semi-annually, on the 1st of April and 1st of October, in Paris or in New York, Philadelphia and New Orleans, at the current rate of exchange. The issue being at sixty-six dollars (gold) will give more than 7½ per cent. income on the investment.

From 1870 $12,000 will be annually appropriated for the purchase of the Bonds; the amount of interest of those cancelled will be applied to the further reduction of the debt.

It is believed that this loan will commend itself to capitalists generally, and undoubtedly will to all good Catholics having at heart the interests of the Holy See, whose power redounds to honor of them in vain.

No investments can present greater security than one guaranteed, as this is, by the pledged faith of a State which has always punctually fulfilled every engagement of its Pontifical Head.

Subscriptions received and Coupons paid at the following Banking Houses:

Messrs. RAYMOND BLOUNT & CO., Paris, France.
Messrs. DUNCAN, SHERMAN & CO., Nassau street, corner Pine, New York.
Messrs. DENNIS & CO., 34 South Third street, Philadelphia.
THOMAS LAYTON, Esq., President Southern Bank, New Orleans.

The venerable Catholic Clergy throughout the United States and the Canadas—to expedite this good work—will please receive subscriptions and transmit interest and forward the Bonds by Draft or Express, to the Central Office, at the Banking House of Messrs. Duncan, Sherman & Co., marked on the cars "Pontifical Loan," on receipt of which the Bonds will be immediately transmitted to them.

FASSMAN'S COTTON TIE.

FASSMAN'S PATENT IRON TIES
FOR COTTON BALES.

My Button Tie was the first offered for sale to any extent in the South, and has been used by thousands of planters with universal approval. I have made a slight improvement in the shape of the button since it was first introduced, and have also procured a patent for a Buckle Tie which, for simplicity, facility and expedition of adjustment to bales of any or of uneoual size, and for security in holding, is, I think, superior to any offered to the public.

The advantages of iron over rope for baling cotton are now universally acknowledged. It holds the bale to a much smaller size, and is not affected with the moisture which makes rope, both in the country pressing and the re-compressing at the seaports; lessens immensely the risk from fire; is stronger and its strength is not impaired by time and exposure as that of rope. This last advantage has been strikingly manifested during the war. Thousands of bales of cotton have been lost, by the rotting and breaking of rope, which could have been preserved if iron hoops had been used. In addition to this, it can be purchased nearly fifty per cent. cheaper than rope. The enormous cost of labor in the hemp growing States has reduced the supply of hemp to such an extent as to cause prices to rule unprecedentedly high. Indeed, a sufficiency for baling a moderate cotton crop cannot be relied on at any price.

I have arranged for the importation of a large quantity of the best English iron, and have made arrangements with Messrs. Chambers & Latting for the sale and delivery of my Ties.

SHIP EXPRESS, New Orleans, July 7, 1869.

H. FASSMAN, Esq.:

SIR—In January last I received from your press 1069 sales of cotton, of which about 1000 were compressed and bound with your new Iron Tie. I can safely inform that the cotton so bound was received in better order than it generally comes from the Presses, that it showed better, and enabled the ship to carry more than on any previous voyage.

The cotton when discharged from the ship in Liverpool was in better order than the rope bound cotton. It is hardly perceivable for a grand tier, as the damp arising from the ballast has no effect upon it. Ist it is well known by practical men that dampness will rot the rope bound. I can confidently recommend your Iron Tie, as I took the 1st for an experiment, and carefully watched it, both in loading and discharging.

I am, sir, yours respectfully,

JOHN HOWARD, Master,

The undersigned, Fire Warden and Fire Inspector of the New Orleans Insurance Companies, are of opinion that the Iron Tie affords greater protection against loss in case of fire than the old style of baling with rope.

J. TUCKNES, Fire Warden.
JOHN ADAMS, Fire Inspector.

ALFRED BELANGER,
Ex-Chief Engineer, Fire Department.
