several of these between Giroire street and Har-

vey street, and from the former street, in fact, were certainly most dangerous nuisances.

It was most earnestly to be wished that some prompt measures could be adopted to remedy the evil.

The nuisance from the emptying of the out-offices of the St. Charles and City Hotels, and of the St. Francis insurance company, in the gutters, have been abated.

I have to thank Recorder Ahern for response to the resolution of the board, and for his willingness to act promptly in cases brought before them under the health ordinance, and for fixing a convenient time for trying them.

Respectfully, JAMES BURNS, M. D., Health Officer First District, New Orleans.

Dr. Stone said the statement that no cases of cholera had originated in the City of New Orleans since the 1st of August, was entirely erroneous.

Dr. Stone said that he had also ascertained that at the commencement of the disease there had been several instances.

Mr. Greely thought that the health officers ought not to embody in their reports anything but what they knew of their own knowledge.

Mr. McCoard inquired of Dr. Burns if he had discovered the source of the alleged nuisances on Giroire street.

Dr. Burns replied in the negative. He had sought in vain for proofs against the remedies and disinfectants which were being used.

to contain carbonate of lead; and he had himself known cases of poisoning by it—such as wrist-drops, colic, &c.

Dr. Foster said Mr. Waterman had stated that the soda water pipes and apparatus were lined with copper. It was what Dr. Tebbaut had stated, it must be injurious.

On motion of Mr. Greely, the communication was referred to the health committee with power to act.

A brief discussion on the subject of clean bills of health from this port, and cognate matters, the consideration of which was postponed. The board adjourned.

DEMONSTRATIONS IN RADICAL DISTRICTS.

Enthusiastic Reception in Cleveland.

The President Subdues a Tumultuous Demonstration at Illinois.

ARRIVAL AT DETROIT—IMMENSE CONCOURSE.

FORMAL RECEPTION AND WELCOME.

SPEECHES—MILITARY DISPLAYS.

DETROIT, Sept. 4.—To-day may well be termed the most extraordinary of the tour.

The demonstrations in the most thoroughly radical districts were as unexpected as gratifying.

The President and party left the Kennard House, Cleveland, about nine o'clock this morning, and drove in open carriages along the principal streets.

Enfilade avenue, on which are situated the residences of the most wealthy of the inhabitants, presented a dazzling moving panorama.

A general turnout of the ladies added an extremely brilliant phase to the scene.

From Cleveland to Toledo the trip was varied by different kinds of demonstrations.

At Illinois, a violently radical district, a black flag was raised, and the crowd became rather tumultuous, but were finally fully subdued by the power of the President's remarks.

At Toledo, where the party descended, and then mounted our feet from in front of the island hotel, the President briefly addressed a very large assemblage.

General Steedman afterwards spoke.

The President and party subsequently sat down to a splendid collation, at which they were joined by a Detroit delegation of 150 members.

At Tremont, Monroe, Comwards and other towns, the country people had collected, salutes were fired, platforms and decorations were found prepared.

The President descended several times on the coast and made short speeches.

At 1 o'clock this evening the President and party arrived at Detroit, where they were received by the municipal authorities with the usual ceremonies.

They rode in carriages from the station to the Bible House, where a crowd rivalling that at Cleveland, had gathered and the calls were so voluble that the President was obliged to appear and address the people.

Grant rejoined the party here, and again the hotels are thronged and filled with visitors.

This Democratic district only exceeds the Republican district in unanimous enthusiasm.

There was a large turnout of regular and volunteer soldiers.</
