

"It will go away after a while,"

is what so many say when advised to take something for that cough.

Did you ever notice that the cough that goes away after a while takes the cougher along? *And he never comes back.*

ITEMS OF GENERAL INTEREST

Dr. A. Rounseville has been confined to his home, most of the week, suffering from an attack of lumbago.

Permission has been granted the Central Arizona Railway company a right-of-way through the San Francisco forest reserve.

Mr. Esau Lamb was able to get down town, Thursday, the first time in two weeks. He had been having a siege with the "grip."

F. B. Schwenker, yesterday, presented the NEWS with several luscious California oranges, the product of his father's ranch, near Los Angeles.

Joe Cohen was called to Los Angeles, last week, by the serious illness of his mother. This week the news was received here that a nephew of Mr. Cohen had died there.

Mrs. Ed Lamb, after a week's visit with relatives here, returned to her home at Winslow last Sunday morning. Before her return she ordered the NEWS sent to them there.

It is said that because of the intense cold, Tuesday night, eight engines "died" on the road between Winslow and Seligman. At Bellemont the thermometer registered twenty-four degrees below zero.

Dr. A. Tyroler arrived home, last Monday evening, from Los Angeles, where he had accompanied Thomas Seeger, the fireman wounded here last week. Mrs. Seeger, nee Lida Duffy, went to Los Angeles to attend her husband.

John H. Page has sent us a copy of H. B. No. 12, introduced by Gus Williams, relative to several changes in the game law. The chief change is in the time for killing deer, which as amended would be from the 15th of September to the 1st of November. This makes the season two weeks longer and gives the northern hunters an opportunity before the deer move off the mountains. Its passage would be appreciated here.

Ralph Cameron returned yesterday from Prescott. In the matter of his Bright Angel Trail fight with the Santa Fe, which came up before Judge Sloan, the latter refused to grant an injunction to the company in its attempt to prohibit Mr. Cameron from operating a toll road.

Supervisor Geo. W. Martin, accompanied by his estimable wife and daughter, arrived home last Saturday morning, after an extended visit in the vicinity of Fresno. A number of former residents of Williams are located in that section, and all appear to be doing well.

Notice to Teachers.

An examination of applicants for teachers' territorial certificates will be held at Flagstaff, Coconino county, on Monday and Tuesday, March 2 and 3, 1903. Sessions each day from 9 to 12 a. m. and from 1 to 4 p. m.

County School Sup't.

GRAND CANYON

From the silence concerning affairs along the rim, for the past few weeks, one might think we had sunk out of sight, or some other catastrophe had overtaken us. We are far from it, but several things have contributed to the delay of items to THE NEWS, one of which is that while looking around for material with which to write, we found that all of the good pens had disappeared. Upon investigation it was ascertained that Captain Hance had confiscated most of them with which to stake out some of his numerous claims. The captain has been ill for some weeks past, but stubbornly refuses to yield to any threatening malady.

Mr. Oscar Gardell, who spent several months here last year, returned this week, and is apparently assuming mastership of the household; he is well fitted for the place.

Mr. Buggeln is in Los Angeles for a few days this week.

Mr. Strait has been ill for the past week, but continued at his post of duty, behind the counter, trying to brave it out.

The Bright Angel has assumed the dignity of a toll trail.

Bilious Colic.

H. Seever, a carpenter and builder of Kenton, Tenn., when suffering intensely from an attack of bilious colic, sent to a near-by drug store for something to relieve him. The druggist sent him a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, three doses of which effected a permanent cure. This is the only remedy that can be depended upon in the most severe case of colic and cholera morbus. Most druggists know this and recommend it when such a medicine is called for. For sale by Chas. A. Cover & Co.

Nothing to Complain About.

If you can do better elsewhere in buying meat, we can't ask you to deal here.

But so long as you can do better here than elsewhere, we'll be glad to have your trade.

Give us a trial.

ASH FORK.

BY L. L.

February 5, 1903.

Mr. C. T. Lewis made a business trip to Prescott the first of the week.

Mrs. Charles Smith of Prescott visited Mrs. J. E. Brown two days this week.

Mr. Charles Howard returned Wednesday from an extended visit to Winslow.

Howard Smith, clerk in Salzman's store here, went to Prescott, Thursday evening, to join the Eagles' lodge.

Ash Fork is now a temporary division, crews having been ordered to stop over here on account of a shortage of coal.

About four inches of snow fell on last Saturday and Sunday. Present indications predict a very favorable season for stockmen.

Twenty-eight of Ash Fork's "400" went to hear Ellery's famous Italian band, at Prescott, and report having had a most enjoyable time.

Rev. Oliver preached his second sermon Monday evening last to a very small but appreciative audience, the storm preventing many from attending.
