A CARD OF THANKS

The members of the W. B. Ass'n. wish to thank all who in any way helped to make the dance for the benefit of the Library, a success. Especially do we wish to thank Mr. Geo. Barnes, Miss Francis Wolfe, Claud Melick, Pete Campbell, Roy Savage, Walter Finney and Jay Montgomery, for the excellent music furnished free for the evening; and those ladies of the W. B. A. who so liberally furnished cream, fresh eggs, ice and other ingredients for the ice cream, and the excellent home made cakes. The ladies were disappointed in not being able to furnish the punch as promised, on account of all East and West trains being delayed, and we don't wish to forget the liberal notice of the dance given in the News to one and all thanks.

Mrs. F. E. Orr left for Los Angeles last week and will be gone for several weeks.

SCHOOL NOTES

School opened Monday morning with a large enrollment in each department. The total enrollment is 220.

The High School is now well organized and is an assured success. There are many more boys and girls of high school age in Williams who ought to be in school. It is a poor investment to take a job and fail to get a high school education. The need of Williams is a new high school building, well equipped so that a course in cooking can be offered in the Domestic Science department and a course in machine work in the Manual Training. With a new building a Commercial Course could be offered in typewriting, bookkeeping, commercial arithmetic and short hand. This course alone would bring students from surrounding towns and from the ranches, as there is not a good Business College located in any of the surrounding towns. It would also give every home boy and girl a chance to prepare him or her self to hold a good position. Williams can boast having the only public High School in Coconino County. There are great possibilities for a school system here. The climate is ideal, opportunities for securing living accommodations are ample, and the railroad facilities are very good. A good school system is one of the best advertisements that our little city could have. It will bring the best class of people to our city and this taken with other good things will induce them to make this a permanent home. When people wish to retire from the ranch or move to town to educate their children why not have a system of school that is so efficient that they will without question choose Williams?

The New Phonic method of teaching reading will be used in the Primary Department this year. The teachers wish to express their thanks to Mrs. Robinson for the beautiful sweetpeas presented to them on the first day of school.

Don't forget to be a BOOSTER for the Williams schools. Remember your children are entitled to the best that Arizona can afford.

SALOONS IN A CRISIS

(Kansas City Star)

News of the reported hurricane in Galveston tell of 5,000 men, women and children huddled all night, while the storm was at its height, in the Terminal station. As men entered there for shelter, each was asked if he carried whiskey. If he did he was made to throw it away. None could enter there with whiskey upon his person. The following morning when the storm had begun to subside one of the first acts of the authorities was to close every saloon in Galveston, and they were kept closed until order had come out of the chaos.

Every where in time of public excitement from any cause, one of the first things done is to close the saloons. It was so in Kansas City during the flood of 1903.

The saloon is a breeder of disorder, the friend of anarchy, the breeder of mob violence, of riot, lawlessness and unrestraint. The authorities recognize it so in every community that has been stricken with calamity.

W. M. Nagiller and wife and Dr. A. G. Rounseville and wife motored to Flagstaff in the Nagiller auto Saturday, returning the next day.

NORTHERN ARIZONA FAIR

(Special to News)

Prescott, Arizona— The purses hung up by the Northern Arizona Fair races, which will be held in connection with the Northern Arizona Fair, at Prescott, October 21-22-23, are absolutely the largest prizes offered for any like meet in Arizona or New Mexico for 1915. Races from a quarter of a mile to five-eighths mile will be run daily, thus giving all horses an equal chance at the money. As in all big meets, there is no entrance fee for any of the events, but five per cent will be deducted from the winners. Purses are divided sixty per cent; first, forty per cent, second and fifteen per cent, third. No purse in the running races will be under \$125. Two consolidation races on the last day of the Fair make it possible for every entrant to get under the rope with some money. A good many outside horses will be seen on the track as \$2500 is hung up in purses.

In all Departments the exhibits are coming along nicely. The Live Stock Department will be under the supervision of E. W. Stephens, deputy Assessor of Yavapai county. Mr. Stephens knows practically every stockman in Northern Arizona and will bend all his energy toward securing exhibits that will be of interest to visitors to the Fair and of value to those who have been breeding up their herds by the importation of highgrade animals.

No section of the 1914 Fair aroused more interest last year than the Mining Department. This year's exhibit promises to be far superior in variety and excellence. The exhibit will have a double value. They will help the citizens of Northern Arizona to a realization of what the mines of this vast domain mean and they will serve to impress the many strangers and visitors to our fair with the importance of the mineral wealth of Northern Arizona.

The Agricultural Department bids fair to be larger than that of previous years. Exhibits are assured from the counties of the north and as substantial prizes are offered in all departments, including baled hay, threshed grains and seeds, sheaf grains and grasses, vegetables and root fruits. Exhibitors should bear in mind when making exhibits that ample samples should be furnished, to provide against decay or bruising in transit. Arrangements have been made to take proper care of all perishable fruit and vegetables. Shipments should be marked for cold storage and addressed to the Association. The Poultry exhibit will be the official American Poultry Association show for the state of Arizona for 1915 and a ribbon won in this Department means far more to the breeder of poultry than any other advertising he could receive.

Among the amusement features offered will be thrilling aerial stunts, diving ponies, open air dancing, band concerts, carnivals and a score of other events. Reduced rates will be in effect from all points. Remember the Third Annual Arizona Fair dates, Prescott, Arizona, October 21-22-23. Come and bring the folks.

EYE SIGHT SPECIALIST COMING

Dr. J. E. Ward, the known Eye Sight Specialist will be in Williams for two days only, Sept. 9 and 10. Dr. Ward's skill and reputation as an Eye Sight Specialist is well established in this community, and if your eyes are troubling you, or if you need correctly fitting glasses, do not fail to see him.

RED LAKE VALLEY

Mrs. Jack Moss and children of Big Springs, Texas, returned home last week after a pleasant visit here with relatives.

C. C. Carpenter is at home this week making hay but expects to return to his carpenter work in town later.

Frank Boulin went to Allen Lake the first of the week on business.

J. F. Daggs and family of Williams spent Sunday in the Valley.

Carl Hinds is still contracting in Williams.

Our school began the first of the week with 13 pupils. Mr. Cureton is our teacher again this term and we look forward to an excellent year. Mr. Cureton presented Mary May Thomasson a present the first day of school for being perfect in attendance last year. He promises a present to all who are perfect in attendance this term.

Mr. and Mrs. Serine of Nashville, Michigan, are spending a few weeks with their daughter, Mrs. H. D. Boulin.

Harry Wade bound grain for Tom Moss last week.

Many of the ranchers here in the Valley are having their grain bound this year.

Grace and Joyce McLean who have been visiting in Winslow returned home Monday to attend school.

Mr. Cureton is camping in his tent at the school house, but expects to have his house up by next week.

AT THE SULTANA

The Sultana presents a number of very interesting Motion Picture plays and has been featuring three nights of the week. On Thursday night, Sep. 2nd. there will be presented one of the celebrated William Fox motion pictures, entitled "From the Valley of the Missing", by Grace Miller White. The scene is laid in and about the Hudson and a circus and a county fair were rented especially for the production. The Governor's mansion and the capitol at Washington are also portrayed.

On Sunday night Sept. 5th. there will be presented "The Commanding Officer", with Alice Dovey. "The Commanding Officer", the Famous Players Film Company's stirring photo adaptation of the noted military romance, combines in a thrilling and absorbing manner a novel and varied environment and original plot that often attains an intensity of dramatic power and appeal seldom contained in a screen play.

On Tuesday night Sept. 7th. you should see "The Caprices of Kitty". This is a Bosworth play and if you have the "blues" you should not miss the Tuesday night play.

Next Monday being Labor Day, special services, suitable to the occasion, will be held in the Methodist Church. 8:00 P. M. Sunday.

Subject "The Social Creed of the Churches." A number of pieces of special music is expected.

Wanted—For a client \$1000 at 10 per cent interest, three to five years. Silvernail

THE FLAGSTAFF ATHLETIC CLUB
