WILLIAMS, COCONINO COUNTY, ARIZONA, THURSDAY, SEPT. 28, 1916

J. O. HARRINGTON HAS GOOD RECORD

John O. Harrington, republican candidate for sheriff of Coconino county, is a resident of Flagstaff. He has lived in Flagstaff many years and in that time has established a record for honorable dealing as a business man, for square dealing as a public official and for irreproachable conduct as a citizen.

No one who knows John Harrington, and very many of Coconino county's voters do know him, will doubt for a moment that he is competent to fill the office of sheriff.

Some may want to know how Mr. Harrington would stand as sheriff on the enforcement of Arizona's laws and especially her prohibition laws. To this question the reply may be safely made that he stands for law enforcement to the very letter in general and in particular, as to the enforcement of Arizona's prohibition legislation, he knows no reason why the violators of such laws should have immunity from the punishment imposed by statute and he would use his power as sheriff to bring violators of such laws to speedy punishment.

Many sheriffs are lukewarm in the performance of their duty with respect to violators of our prohibition laws because of their own intemperate habits. Mr. Harrington is a man of temperate habits and there would be no bond of sympathy between him and the boozier or the booze seller to influence him in the performance of his duty.

While it is true that John O. Harrington is a party candidate, and he could not well be a candidate otherwise, voters of all parties may safely support him with the expectation that he will know no party in the performance of his duties of the sheriff's office.

Mrs. Mary Kay Powell of Mesa, but formerly of Garland Prairie, is in town this week looking after legal business.

Did Not Organize, Meet Again Friday

The meeting of Williams parents and teachers in the school house Tuesday was fruitless as to organization the helpful discussion was participated in. The sentiment of the meeting was very favorable to the organization of a parent teachers association but it was that best to give a little more time to a consideration of the matter and the motion to organize the association was tabled to be taken up at an adjourned meeting to be held Friday p. m. at 4 o'clock.

Franchise Asked For

The Coconino Water Development and Stock Company which claims to have spent \$50,000 in developing a water supply in the San Francisco mountains is circulating a petition in Williams asking the Town Council to call an election to vote on a franchise for the company. The proposition of the company is to supply Williams with water equal to that of Flagstaff which is better than 99 per cent pure. The company proposes to sell water to Williams at \$1.50 for the first 1000 gallons and 50 cents per 1000 gallons after the first 1000.

Mining Engineers in Williams

The eastern mining engineers who have been visiting mining points in Arizona for several days were in Williams Tuesday on their way back from the Canyon where they spent some time sight-seeing and examining the geological formations exposed in the Canyon walls. The party of about fifty was held in Williams for several hours waiting for the track to be cleared at Seligman where a freight had jumped the tracks.

RABBIT CLUB'S ANNUAL HUNT

The Williams Rabbit Club had its annual hunt out at Howard Lake last Sunday. There were 14 hunters on the job and they killed 80 rabbits with No. 2 $\frac{1}{2}$ rifles. Willard Day and Geo. J. Barnes were high men each killing 12 rabbits. W. D. Finney was low man, getting one rabbit. The low man is honored with the presidency of the club for the coming year and the honor fell to Mr. Finney.

The club had chosen sides and it is a rule of the club that the losers shall cook the dinner. Messrs. Nickerson, Melick, Miller, W. M. Hughes, Yoder, Nordyke and Ed. Johnson handled the skillets and prepared the dinner. The victors required the dinner to be prepared in the sun while they sat in the shady autos. The protests of the vanquished availed nothing. They begged to be permitted to prepare the dinner under the trees not far distant, but the victors were inexorable.

WORK FOR THE WOMAN'S CLUB

For real social work commend us to a Woman's club. Men's clubs do some work but with them it is about 90 per cent pleasure. With woman's clubs it is at least 90 per cent work. And for that reason the News wishes to suggest some work to the Woman's Club of Williams.

It would be a real advantage to Williams to have her streets marked by having their names posted at street intersections. The expense would not be great. The News knows that the Woman's club of one city of considerable size took up this work and by collecting money for part of the expense and inducing the city government to bear a part of the expense, got the matter attended to to the great convenience of people of the city and the even greater convenience of strangers in the city.

The Woman's Club of Williams can easily get the streets of Williams marked, as suggested above if the club thinks the work worth while. The News asks that the matter be considered.

If you want to either sell or buy, consult the Williams Realty Co.

NORTHERN ARIZ. FAIR TO BE BEST YET

Prescott, Ariz. Sept. 28—The Fourth Annual Northern Arizona Fair, which is to be held at Prescott, Thursday, Friday and Saturday, October 19, 20, 21, 1916, will prove to be one of the most interesting expositions ever staged by the five Northern Counties of Arizona. Elaborate plans are well underway and a rare treat is assured those who will attend this year's Fair, both from an educational and entertainment standpoint. The exhibits this year from Apache, Coconino, Mohave, Navajo and Yavapai counties will be more comprehensive and beautiful than those of previous years.

Over \$2,000 in cash prizes will be awarded exhibitors in the Mineral, Livestock, Agricultural, Poultry, Educational and Home Economics departments, besides beautiful premium ribbons and many special prizes. The high cash awards offered in the various sections give assurance that the exhibits will be of the highest quality possible. Expert judges from the University of Arizona will have charge of examination and comparison of the exhibits and the value of their advice will be of great assistance to each exhibitor.

Particular care has been given in arranging the racing program and entertainment features at the Fair grounds. Approximately \$2,500 will be hung up in the three days' programs. A brass band of thirty pieces will furnish concerts both at the Fair grounds and on the Plaza in the evening. Dances under the auspices of the Fair Association will be given each evening and besides these attractions a first-class carnival company will play during the three days fiesta.

Keen interest is again centering around the Better Babies Contest and this year no doubt the rivalry will prove as exciting as that of last year. Mothers desiring to enter their babies should make it a point to communicate early with this department. From all points in Northern Arizona, a one-fare railroad rate has been granted for the round-trip and this alone insures one of the largest crowds ever attendant upon the Fair. Copies of the prize lists and programs can be procured by addressing the Northern Arizona Fair Association, Prescott.
