

The New Orleans Crescent

OFFICIAL JOURNAL OF THE STATE OF LOUISIANA. SATURDAY MORNING, FEBRUARY 29, 1896.

Conclusion of the President's Message in Relation to the Memorial of Stanton.

I have been aware that there were doubts as to the construction of the law, and from the first deemed it desirable that at the earliest possible moment the question should be settled.

I repeat that my own convictions as to the true construction of the law and as to its constitutionality were well settled, and I remained very firm in my cabinet, holding the view that the construction of the act fixed by the decision of the Supreme Court of the United States.

The section of the act of the 7th of August, 1872, made a provision for a vacancy in the very case of a removal of an officer by the department and in such a vacancy gives the change and custody of the records, books and papers to the clerk, but by the act of the 6th of May, 1873, section 8, it is provided that in case of a vacancy occasioned by death or absence of an officer, the government, or the sickness of the head of the department, the president may authorize a person to perform the duties of the office until a successor is appointed.
