ILLINOIS DISTILLERIES IN ALABAMA.

WASHINGTON, March 10.—House.—The reconstruction committee reported the following:

Resolved, That the people of Alabama, in pursuance of the provisions of an act of Congress entitled "an act for the more efficient government of the rebel States," passed March 24, 1867, and acts supplementary thereto, have formed a Constitution of State government, which is republican in form, and...

Resolved, That the said state of Alabama shall be recognized and admitted as one of the States of these United States of America, and shall be entitled to representation in Congress as soon as the Legislature of said State, the members of which were elected at the election mentioned in the preamble to this act, shall have duly ratified the amendment to the Constitution of the United States, proposed by the Thirty-ninth Congress, and known as article fourteenth.

Resolved, That the said state of Alabama shall be recognized and admitted as one of the States of these United States of America, and shall be entitled to representation in Congress as soon as the Legislature of said State, the members of which were elected at the election mentioned in the preamble to this act, shall have duly ratified the amendment to the Constitution of the United States, proposed by the Thirty-ninth Congress, and known as article fourteenth.

ORDERED TO BE PRINTED AND MADE THE SPECIAL ORDER FOR MORROW.

An examination of the case of Samuel Strong, arrested on a requisition from the governor of Virginia as a fugitive from justice, was had before Judge Fisher today, before whom he was brought on a writ of habeas corpus. After a short argument, the judge decided to release the prisoner on two grounds:

1. Because Virginia is not a State in the Union; that proclamation of the president, and more particularly Congress, by its legislation, have extended the rights of citizenship to the citizens of the United States shall never be deemed as abridged in said State on account of race or color or previous condition of servitude, and Congress shall have power to repeal any act of said State in violation of or in derogation of the provisions of this act.

2. That there is no affidavit with the requisition showing that Strong is actually a fugitive from justice.

The bill repealing clothing destroyed to prevent contagion passed and goes to the president.

The bill selling lands in the South Carolina Islands passed. It confirms Lincoln's instructions to tax collectors in 1862. Persons who acquired claims under Sherman's order of 1863 must obtain warrants before the 1st of May, 1868. The lands to be sold in small lots at nominal prices to negroes.

The committee on freedmen's affairs introduced a bill continuing the freedmen's bureau one year and authorizing the secretary of war to re-establish it whenever discontinued.

Resolved, That the tax on manufactures was resumed. It involves \$60,000,000 decrease in revenues, and goes into effect the 1st of April. It exempts everything but spirits, liquors, oils, gas, certain kinds of wines and tobacco. Passed, 173 to 2.

Schenck stated that the committee favored the continuance of \$2 per gallon tax on whisky.

A communication from Grant relative to New Orleans removals was referred to the reconstruction committee. Adjourned.

Senate.—A resolution was passed admitting to the galleries by tickets during the impeachment trial.

The consular appropriation bill passed. Adjourned.

There was a full cabinet meeting today, including Thomas as secretary of war.

Internal revenue receipts to date \$329,000.

The revenue agent at Huntsville writes the department that there are fifty illicit distilleries in that district.

THE NEW HAMPSHIRE ELECTION.

Concord, N. H., March 10, 3 p. m.—Returns received indicate the re-election of Harrison by an increased majority.

Washington, March 10.—New Hampshire news unfavorable to the Democrats.

Several dispatches from Concord, from radical and Democratic sources indicate that the republicans have carried the State by a vote of 5000 majority. We have to fight a rebel party.

Lead Dispatch.—Returns from New Hampshire come slowly. No additional figures, but there is no doubt whatever that the Republicans have carried the State by a majority of 5000.

New York, March 10.—A dispatch from Concord, N. H., says 125 votes give Harrison 50,000; Sinclair 43,000. Indications are that the State is going republican, but whether by increased majority or not cannot yet be stated.

Concord, N. H., March 10, 6 p. m.—Twenty-seven votes heard from give Harrison 65,939; Shelton 64,877—Democrat gain 124.

THE RECONSTRUCTION CONVENTIONS.

Jackson, March 10.—A protest was presented by several conservative members against the whole bill of rights, and the bill of rights, and measures were proposed to provide adequate protection for negroes in all civil and religious rights and privileges, and for their education in separate schools. The protest and proposals were tabled.

Consideration of the report on public education was resumed and completed. It provides for a system of free schools, for a school fund and for the establishment of an agricultural college. No distinctions of race or color appear in the report, but the general assembly is not prohibited from making such distinctions.

E. A. Peyton, a radical member of the convention, was arrested today under an indictment for perjury, he having held civil office before the war and afterwards engaged in rebellion. He was held to bail in \$10,000.

Charleston, March 10.—The convention is trying to close its business and adjourn by the end of this week.

Baltimore, March 10.—The convention last night passed a suffrage article through its second reading. No disfranchisement beyond Howard's amendment, so far, but it is understood that an effort will be made on its third reading to incorporate a prescriptive feature.

To-day the judiciary article was finally passed.

THE CRESCENT'S DISPATCHES. FROM ATLANTA.

Georgia Election on the 20th of April—New Bill on the New Constitution—Political Facts.

ATLANTA, March 10.—The 20th of April has been set apart for the election of all civil and municipal officers in the State as well as for the vote on the Constitution.

Ben Hill spoke today to an audience of over 2000 persons. He bitterly opposed the ratification of the Constitution and denounced the convention. There was much enthusiasm.

There is to be a grand demonstration to-night at the City Hall. It is reported that the Bullock and Fiero factions will write on Bullock for governor.

FROM AUGUSTA, GA., AND WILMINGTON, N. C.

AUGUSTA, March 10.—The central executive Democratic committee of the State meets at Augusta on Thursday, for the purpose of organizing for an active campaign against the adoption of the reconstruction Constitution.

WILMINGTON, March 10.—There was an immense gathering of conservatives at the theater last evening, large that many failed to get in. The dress circle was filled with ladies. Hon. Hugh Waddell presided. Speeches were made by Governor Strong, Colonel R. H. Cowan and J. P. McPherson. This was the largest political assembly there has been in Wilmington for many years. The utmost enthusiasm prevailed.
