GENUINE PREPARATIONS. And knowing that the intelligent refrain from using anything pertaining to Quackery, or the Patent Medicine order—most of which are prepared by self-styled Doctors, who are too ignorant to read a physician's simplest prescription, much less competent to prepare Pharmacological preparations. These parties resort to various means of effecting sales, such as copying parts of advertisements of popular remedies and slandering with certificates.

COLORED VOTERS AGAINST THE CONSTITUTION. ITS PROBABLE DEFEAT IN EAST BATON ROUGE. Democratic City Ticket Elected. Special to the New Orleans Crescent.] BATON ROUGE, April 18.—Hundreds of colored voters have voted against the Constitution. We have little doubt of its defeat in East Baton Rouge.

SECOND DISPATCH. A Political Incendiary Arrested. ESTIMATED MAJORITY AGAINST THE CONSTITUTION. Special to the New Orleans Crescent.] BATON ROUGE, April 18.—The election has passed off very quietly. This morning a whitewashed aspirant for judge tried to excite the negroes, but he was arrested immediately. I expect this parish will give five hundred against the Constitution.

FROM WASHINGTON. THE IMPEACHMENT TRIAL. INTERESTING AND EXCITING PROCEEDINGS. Cabinet Proceedings Ruled Out as Evidence.

A POOR CASE AGAINST THE PRESIDENT. Gen. Hartuff Assigned to Duty in Washington. WASHINGTON, April 18.—House—Coffay took the chair in the morning, and the members of the committee on the question of the admission of cabinet proceedings, Wilson reading the report. The evidence was admissible, and a vote being taken resulted in its being excluded; the vote stood 20 to 28.

FROM GALVESTON. Murder and Attempted Murder—Mobbing of a Judge. GALVESTON, April 18.—Three desperadoes attempted to murder Boer, master machinist of the New Orleans and Opelousas Railroad, at Houston, on Tuesday night, in his office. Boer was murdered and robbed, near Rockwell, on the 6th instant.

FROM MONTGOMERY. Imprisonment Without Bail of an Editor. MONTGOMERY, April 18.—Mr. Ryland Randolph, editor of the Tuscaloosa Monitor, lately had a difficulty with a negro in Tuscaloosa county, in which he cut the negro with a knife. Mr. Randolph, learning that the negro was in the city, called on the sheriff, and on the 11th inst. arrested him, and reaching this city at 9 o'clock last night, reported at once to Gen. Shepley. He was told to report this morning at 10 o'clock, which he did promptly.

FROM NEW YORK. Decisions Reserved. NEW YORK, April 18.—The Supreme Court of this State has reserved its decision in the case for the directors of the express company of which Gen. Joe Johnston was president, from contracting debts or collecting assessments.

FROM WILMINGTON, N. C. Exciting Close of the Political Campaign. WILMINGTON, N. C., April 18.—The political campaign is closing amid unparalleled excitement, both parties making desperate efforts. Business will be almost suspended during the election (commencing Tuesday) in the cities and the large towns. The negroes will vote the radical ticket almost en masse. The radicals say that the ratification of the Constitution will bring peace and prosperity; but the conservatives, consisting of four-fifths of the white men of the State, think the welfare of the race and State demand its rejection. The feeling between the white and black races is more bitter than at any previous period.

FROM EUROPE. The Prince of Wales a Knight of St. Patrick—Paragragt Gone to Lisbon. DUBLIN, April 18.—The Prince of Wales was installed a knight of St. Patrick today. Scarborough, Jerome Meyer, John McCreary, James McElaney, N. R. Heniken, and many other citizens.

RICHMOND, April 18.—The convention adjourned at midnight last night subject to the call of a committee. Only the president and secretary signed the adjournment speeches were made. Curtis, a leading Republican, predicted the adoption by a large majority of the Constitution; Sneed and Allen, two leading Democrats, predicted the defeat of the Constitution, and said it would be deserved. Sneed opposed the State officers, and the fraudulent character of the home-stated exemption; and Allen because it placed white men under the negro.

FROM RICHMOND. General Schofield to-day suspended J. S. Colver, State treasurer, on charges preferred by the governor, and appointed George Rice, secretary of the convention, treasurer ad interim. John L. Pendleton, superintendent of the State Prison, was removed, and Barrham Wardwell appointed in his place. T. W. Savage, mayor, with a new set of officers, were to-day appointed for Charlottesville. Letter from A. Head. CITY HOTEL, April 18, 1868. To the People of Louisiana: "Owing to the pressure on our columns," and owing to the pressure on the people, and owing to several other folks whom I can't pay just now, I submit the following lines:

Who has not heard of Moody? We can imagine no one so lamentably ignorant unless he be a stranger in New Orleans, and it is in this class, therefore, that we now address ourselves. Would you obtain shirts as neat, as comfortable, as those of our friend Moody's? Would you have gloves as irreplaceable in their fit and color as those of our friend Moody's? Would you have a cravat and collar that you can be sure are of the latest cut and style? Go to Moody's. Would you have the women admire and the men envy you? Place yourself in Moody's and you will be fitted out. But one word more—Moody's is at the corner of Canal and Royal streets. This is meant for strangers; as to others, such a piece of information would be laughably superfluous.

EMIGRATION TO BRAZIL.—Charles Nathan's Contract, as announced, the Tartar, the first steamer under Mr. Nathan's contract with the Brazilian government. Mr. E. L. Hart, his agent, now announces that the second steamer, a large iron vessel, will be ready to start for Rio de Janeiro on the 20th of May next. For further information we refer to Mr. Hart's advertisement in another column.

DO NOT PRETEND TO BE AN ART CRITIC, BUT WE DO PRETEND TO KNOW WHAT PLEASES US, AND HIGH AMONG THESE THINGS WE PLACE THE PRODUCTIONS OF MR. WASHBURN'S ART. His photographs are unimpeachable, as they can be recognized at once by their graphic merit. Mr. Washburn's studio is at 113 Canal street. A perusal of his card in another column will amply repay those intending to call upon him for the services of a sun-stair.

IN ANOTHER COLUMN, MR. JOHN H. CLARK, long and favorably known here in the sunny and balmy days, invites his friends and former patrons to visit his photographic studio, No. 101 Canal street, where he will be glad to personally attend to the requirements of his patrons. Mr. Clark's work is superlative; his best and highest praise is to be found in the specimens which he exhibits. He is prepared to take colored pictures as well as plain, and in no branch of the art will he be found wanting. Turn to our card in another column.

A SEVERE TEST.—In the recent fire which destroyed nearly half of the town of Jefferson, Texas, the store of Messrs. Russell & Co. was burned to the ground. Their safe, which contained all their books, valuable papers, etc., was in the second story of the building, and the floor beneath it being burned away, fell thence into the cellar. The heat to which it had been exposed was so intense that three days had to elapse before it could be sufficiently to be opened. At the end of that time to the surprise of all present, it was unlocked without the slightest difficulty, and, on investigation, its contents proved completely unharmed. A severe ordeal, but one which could not be asked by the mercantile public. The safe which thus demonstrated the triumph of human contrivance over the destroying element was from the factory of Messrs. Diebold, Bahman & Co., of (we believe) Cincinnati. Volume could not speak more in praise of these safes than this instance of their efficacy. When we add that they are burglar proof, we have said enough to convince every merchant and business man of their indispensableness to a counting room or office. It will be interesting to read Messrs. Russell & Co.'s letter, which will be found on the fourth page.

SPRING MEETING AT THE METAIRIE. SIXTH DAY. The closing races of the spring meeting at the Metairie Course yesterday afternoon, which, in view of the condition of affairs in the city, may be considered as having been a very large one. There was a larger attendance of ladies, too, than there had been on any day since the first of the meeting, an evidence that the attractions offered by the Jockey Club are fully appreciated by those of the gentler sex whose good fortune it is to receive invitations to the Course. The track was in a bad condition, the frequent rains of the week having softened it, so that there were at least two inches of mud. And at intervals a drizzling rain fell, clothing the adjacent woods and landscape in a dreary mist, and causing a general hoisting of umbrellas. Still the sport went on, and the races were well attended.

Eagerly looked for, went off with an eclat such as has marked few races during the meeting. It was a heat of four miles for the grand Turf Congress stake of \$2000, with challenge whip and spurs, the Club adding \$1000, for which Capt. Moore's bay colt Zerkow had been entered by Mr. Metairie, Jockey Alab, and Mr. Brady's bay filly Agnes Doucane entered by the Memphis Racing Association. Privately had been largely the favorite beforehand, a preference which the result fully justified. Agnes led from the start, passing the quarter pole a length ahead in 30 seconds. The half mile was made in one minute precisely, and both competitors came dashing down the home stretch together, passing under the string on the first mile neck and neck. Zerkow, who took the lead again on the back stretch, and kept ahead throughout the second mile, passing the stand half a neck ahead in 4:07. During the first half of the third mile there was no perceptible change in the relative positions of the contestants, but at the half-mile pole Privateer began to show himself, taking position a length in advance of Agnes, and passing under the string in 6:18. And now the excitement of the contest began. Zerkow's backers, who during the first two miles had been silent and anxious, now grew bolder, and offered heavy odds against his opponent. But there were no takers, for Agnes began to show signs of falling off after reaching the quarter pole, and he kept on constantly, while the colt stepped out as fresh apparently as ever. The gap so constantly widened between the two, that when Privateer came handsomely down the home stretch, and completed the race in 8:20, Agnes was distanced.

THE SECOND RACE. Mile heats, three in five, for a purse of \$250, was competed for by Joe Johnston, Bismarck and Veto. The former was the favorite, although both the others had backers who were willing to invest reasonably. At the top of the drum for the first heat—a good start was made, Veto taking the lead, but being passed by Joe Johnston, who made the quarter in 28 seconds. Here, in turn, Bismarck went ahead, leading down the back stretch, with Joe Johnston a length behind him. He made the half mile in 56 seconds, and kept the lead until the next turn, when Joe crept up and passed him closely, both coming down the back stretch as far as the gates together. Then Veto shot ahead, and made the quarter in 1:57, at that advantage passed under the string in 1:57.

Second Heat.—Bismarck got ahead at the start, but Veto passed him on the first turn. At the quarter, which was made in 29 seconds, Joe took the lead, with Bismarck a length behind him. He made the half mile in 57 seconds, and came down the home stretch side by side with Joe, his driver plying the whip actively. But spite of this, Joe won the heat by a neck in 1:58.

Third Heat.—Bismarck again led off, with Veto second, reaching the quarter in exactly half a minute, and the half mile in 58. At the third quarter Johnston, hitherto third in line, came up side by side with Veto, and the horses and all three, as they came dashing home, appeared to have an equal chance for the heat. But after coming inside the gates, Bismarck got the advantage by only half a neck, and kept it, coming in ahead in 1:59.

Fourth Heat.—The result of the last heat caused a commotion among betters. Bismarck's backers were jubilant and hopeful, but Johnston's friends were still confident of their favorite's success. As in the three previous heats, Bismarck passed him, making the quarter in 58 seconds. On the back stretch Johnston took the second place, and after the half mile pole had been passed (57 seconds) went even further and took the lead.
